OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, MAY 25, 1935.

No. 21

MAYOR MANSFIELD WANTS NEW ENGLAND RAILROADS FREED FROM PENNSYLVANIA LINES — TRUNK LINES HAVE NO PLAN, PRESENT OR FUTURE, FOR THE DEVELOPMENT OF THE PORT OF BOSTON — MAYOR DENOUNCES SCHEME FOR DOMINATION AND RUINATION OF PORT AND ANNOUNCES DETERMINATION TO FIGHT WITH EVERY AVAILABLE RESOURCE DESIGNS AIMED AT UPBUILDING OF OTHER PORTS AT BOSTON'S EXPENSE.

The following is the broadcast of Mayor Mansfield from Station WNAC on Thursday evening, May 23, on the subject: "As Boston Sees It — A Review of the New England Railroad Situation as it Affects the City and Port of Boston."

A cardinal policy of my administration is the development of the Port of Boston. Various factors contribute to the successful operation of a port, but eventually its greatness is determined by the volume of cargo that passes over its piers. To enjoy the greatest measure of success a port must have competent and aggressive railroad support, and unless it shall have such support it becomes little more than a local distributing point. To the life of our community, therefore — and the well-being of the port is a major contributing element to that life — the ability of the New England railroads to serve without dictation from interests whose chief concern is in other ports and localities is of paramount importance.

The public has, from time to time, been regaled with a series of suggested panaceas for the salvation of the New England railroads. The inspiration for some of these does not originate wholly within New England. I think the time has come to penetrate the smoke screen, to stop having outsiders tell us what to do and how to do it, and, having established our own course, to pursue it without fear or favor.

The Federal Coordinator of Transportation, the Hon. Joseph B. Eastman, in an address in Hartford, Connecticut, as recently as March 8 made these significant remarks: "I have always been hopeful that New England could at least continue to control and manage its own railroads. You should be able to do it better than any one else. There are no fairy godmothers in the railroad world who can free your railroads from their tribulations by any process which is not equally open to you, who do not have plenty of tribulations of their own, or who can give you any better access to the outside world than you can obtain for yourselves. I hope that you may have the courage and ability to work out your own railroad salvation."

New England Situation.

And now in plain terms, What is the New England railroad situation as it involves the three carriers serving Boston? The Boston and Albany Railroad is a part of the New York Central System — a system largely committed to and based on New York City. The New Haven Road and the Boston and Maine, as a practical matter, are controlled by the Pennsylvania Railroad and the Pennroad Corporation, its affiliate. The Pennsylvania, with huge investments in its own ports of New York, Philadelphia and Baltimore, is in no position to supply essential cargo business to Boston, because to do so would be to cut into its revenue at the ports where its chief interests lie. Why should the Pennsylvania Railroad want to haul overseas freight to and from Boston when in so operating it would have to pass right by some or all of its own ports? The facts are that the Pennsylvania Railroad does not intend to develop Boston, but that it proposes to continue the exercise of its present control to the end that our own community may be stopped from working out arrangements with an *independent* New Haven and an *independent* Boston and Maine, which would build up the trade of the port with resulting large revenues to our city and the railroads so situated as to make real use of its geographical and physical advantages.

Let us go into this control situation a little deeper, first as to the New York Central and the Boston and Albany. Thirty-five years ago, by an act of the Massachusetts General Court, the Boston and Albany was leased for ninety-nine years to the New York Central. The proposed transfer of control aroused strong opposition, but it was strongly contended by the New York Central, as it is by those urging Pennsylvania control today, that Trunk Line penetration and control would produce a greater volume of traffic for the port. What has actually happened? The New York Central has furnished as little cargo as possible to the Boston and Albany to be handled through the Port of Boston, a fact which is a contributing reason for the decline in the export traffic of our port from one million tons in 1905 to one hundred and sixty-six thousand tons in 1933. Furthermore, in New York Harbor the New York Central has put into effect, and continues in effect, a series of special operating and handling arrangements of financial advantage to shippers, which it has steadfastly declined to put in at Boston. All this is an example of what so-called "trunk line penetration" has done for us, and yet there are those who prescribe such penetration and control as the cure for our ills and as the medium by which port prosperity can be regained.

(Continued on page 761.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, May 27, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, June 12, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, May 23:

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital during the week ending Thursday, May 16:
Temporary—Samuel Odiorne, male nurse, \$32 a week; Margaret Eisnerhauser, anaesthetist, \$2,000 a year; Josephine Sullivan, Rose Walker, Mary Grant, Mary Flynn, Edie Twilley, Agnes Donohue, Catherine Dyre, special nurses, \$4.50 a day.

South Department.

Jemima Mahan, Sally Quirek, special nurses, \$4.50 a day; Thomas Birmingham, John Fife, ambulance drivers, \$34.50 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, May 16:

John Farragamo, dishwasher, \$17.50 a week; John J. Gallagher, dishwasher, transferred to choreman, \$17.50 a week; John Daly, Glenn Ladd, Mary Horgan, Catherine Fowler, Louis Hurwitz, Louis Flavio, Joseph Prilogosky, maids (patients) (temporary), \$240 a year; George Hodge, male nurse (patient) (temporary), \$480 a year.

The following persons have ceased to be employed: Elinor Murray, ward maid, \$10.50 a week; Henry Glazebrook, maid (patient), \$240 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: Marie J. Ward, institution employee, waitress, \$316 a year, to fill vacancy; Amelia Sulka, institution employee, waitress, \$316 a year, to fill vacancy; Mary E. Sheridan, institution employee, waitress, \$316 a year, to fill vacancy; John Hickey, institution employee, helper in butcher shop, \$500 a year, to fill vacancy; Mary C. McHugh, staff nurse, \$960 a year, temporary; Natalie Conroy, institution employee, housemaid, \$500 a year, to fill vacancy; Helen Bowe, institution employee, waitress, \$316 a year, to fill vacancy; Thomas E. Dalton, institution employee, porter, \$526 a year, to fill vacancy; Katherine R. Sheridan, institution employee, waitress, \$316 a year, to fill vacancy; James W. O'Brien, institution employee, porter, \$526 a year, temporary; Joseph L. McLean, institution employee, carpenter, \$1,100 a year, to succeed Cornelius Kel-leher.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given to the continued provisional temporary employment of Harry F. Cook as supervisor of employment for a period of three months from May 5, at \$40 a week.

Approval has been given for the provisional temporary appointment of Mathias O'Malley, Harry Jacobson and Byron Goodenough as assistants to social workers for a period of three months beginning May 20, at \$1,000 a year. These appointments will complete the quota of 200 cases to each visitor and consequently all vacancies are now filled.

Approval has been given to the continued provisional temporary employment of the following persons as aid and settlement agents for one month from May 1, at \$1,000 a year:

Mary Breen, Marie Curran, Helen F. Dooley, Thomas Doyle, Edna M. Driscoll, Mary R. Feeney, Anna E. Foley, Edith Fontaine, Helen E. Ford, Angeline Georgione, Jeanette Ginsburg, Della Hatton, Mary R. Holmes, Elenore T. Hurley, Esther N. Jackson, Muriel A. Jordan, Katherine H. Keane, Mary J. Kennedy, Amelia Killion, Katherine Krohn, David F. Leahy, Helen F. Lenehan, Gertrude Mansfield, Florence Martineau, Frederick Mattern, John A. Mo-

lineaux, Florence M. Muldoon, Catherine F. Mullen, Katherine G. McAdams, Marion E. McAuley, Dorothy R. MacDonald, Kathryn McGrath, Mary L. MacDonald, Florence Norton, Elenore J. Nowell, Anna G. O'Hare, Margaret M. O'Reilly, John E. Powers, Elizabeth Ratican, Joseph Reardon, Gladys M. Shepard, Mary R. Smith, Katherine V. Sullivan, Mary E. Sullivan, Katherine T. Toomey, Mary T. Townsend, Grace L. Rogers, Margaret M. Warren, Albert Beck, Katherine E. Gordon, John J. Piscitelli, Austin J. McCarthy, Walter F. Sullivan, Marie J. Brooks, Mary Hurley.

Approval has been given for the provisional temporary appointment of Mary G. Coughlin as assistant to a social worker for a period of three months beginning April 22, at \$1,000 a year.

Transfers: Helen Conway, institution employee, laundress, temporary, at \$720 a year, to serving room at \$720 a year; William F. Graham, institution employee, cook at \$600 a year, to porter at \$526 a year; Hazel M. Hayes, institution employee, wardmaid at \$526 a year, to waitress at \$316 a year; George H. Reynolds, institution employee, helper in dining room, at \$600 a year, to cook at \$600 a year; Alice T. Waters, institution employee, housemaid at \$500 a year, to waitress at \$316 a year; Katherine V. Murphy, institution employee, housemaid at \$500 a year, to waitress at \$316 a year; Eva Zlabis, institution employee, helper in serving room, temporary, \$526 a year, to waitress at \$316 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Morrissey, watchman, \$1,400 a year, temporary.

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made:

House of Correction.

George H. Donovan, officer, shoe supervisor, \$1,800 a year and maintenance, provisional, temporary.

PRINTING DEPARTMENT.

Approval has been given for a continuance of the employment of Katherine M. Roche, a keyboard operator at \$42.25 a week for thirty days.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to change the employment of John J. Sheehy from chauffeur-laborer to chauffeur-mechanic at \$6 a day, effective May 17.

Approval has been given to change the employment of Charles W. Fagan from temporary rodman to temporary transitman at \$1,800 a year, effective May 24, for a period of three months.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to reinstate James McGregor as repairer at \$6 a day, effective May 18.

FIRE DEPARTMENT ORDERS.*General Order No. 25.***I. BUNDLE DAY.**

Bundle Day, in aid of the Near East Relief, will be observed on Monday, May 20, 1935. In accordance with the annual custom the fire stations of the department will be open on that date as receiving stations for bundles of clothing.

Posters, designating fire stations as bundle stations, are being issued to the department today. Company commanders will place the posters in prominent positions on the stations.

Members of the department are requested to receive courteously any bundles that are brought into the stations any time prior to Monday, May 27, 1935. No bundles for the Near East Relief are to be received after that date.

II. HOUSE JOURNALS.

Company commanders will forward to Headquarters requests for the annual supply of house journals required from June 1, 1935. These requests are to be forwarded to Headquarters not later than May 22, 1935.

The commissioner requests company commanders to give this matter their personal attention and not to order more journals than are absolutely necessary for the needs of the company for the coming year.

III. CHANGE IN FIRE REPORT FORMS.

Attention of company commanders is called to the change in Form 13, which is the fire report for engine companies. On the back of the form company commanders will hereafter give the names of members responding to an alarm in the space provided instead of the names of those absent when the apparatus left quarters. This information need be given only on the new forms as they are issued.

Fire reports for other companies will be changed in the same manner as soon as the present supply is exhausted.

IV. COMMENDATION.

Aide to Deputy Chief Daniel J. Denehy of Ladder Company 8 is hereby commended for responding to and working at fire, still alarm, 189 Main street, Charlestown, May 13, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE.)

SCHOOL TEACHER (MALE), STATE PRISON COLONY, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

The minimum salary, with maintenance, is \$900 a year; the maximum salary, with maintenance, is \$1,320 a year.

Duties: To act as assistant to head teacher in administering such duties as: Interviewing inmates relative to educational needs; giving vocational guidance and encouraging inmates in planning a career; cooperating in coordination of academic and vocational studies; supervising institution library and correspondence course studies of inmates; promoting such avocational interests as wood-working, leather and metal crafts and gardening.

PROGRESS MADE ON UNSETTLED CASES.

Abstracts sent in.....	2,794
Names and addresses secured (average three names to a case).....	5,832
Tax lists obtained.....	2,944
Letters sent out (average three names to a case).....	5,232
Arrangements made for payment.....	1,652
Petitions filed.....	408

In order that a clearer picture may be had of the work involved, the various stages of procedure which one tax deed necessitates are outlined below:

1. Deed is filed and indexed.
2. Tax list and assessment is obtained.
3. Form is sent to abstractor for report (names of equity owner, mortgagee, attaching creditor, thus determined).
4. Investigation is made in order to secure addresses of all parties in interest.
5. Letters are sent to all interested parties, giving them a chance to come in and redeem before proceedings to foreclose are brought.
6. Personal contact is made and negotiations are carried on with the equity owner, mortgagee, etc., in regard to payment.
7. Redemption is sometimes made at this point. If so a receipt is made out and the deed returned to the collector, a letter at the same time being sent to the treasurer so that his records may be cleared.
8. If after a reasonable time no contact has been made, then a petition is drawn, a draft requested and the case is brought into the Land Court.
9. A docket is maintained of every case before the court, thus enabling us to ascertain the status of a petition at any time.
10. A daily check-up of the docket is made and necessary motions are drawn in order to route the case through the court. In every instance notices of such motions must be sent to each respondent of record or his attorney.
11. At this stage there are usually further interviews with parties in interest who, when they see the city intends to exercise its legal prerogative, decide to redeem.
12. A notice of final disposition issues from the Land Court. Notation is made on file and case is marked off and returned to the inactive drawer.
13. If case has been foreclosed, letter is written to Treasurer's Office and deed and notice of decree are sent him. Collector is notified and also the city auctioneer.
14. Check is received from Land Court, being balance of deposit in case. Form is made out and check sent to the City Collector.
15. If a piece of registered land has been foreclosed, then a petition for a new certificate of title must be drawn.

Greater detail might be secured by elaborating on the many books of record which are kept, our card index system, etc., but since these phases of the work may be assumed, the foregoing is considered a sufficiently circumspect statement of our daily routine.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 17 the Mayor approved a contract with James L. Pierce for resurfacing or repairing with bituminous materials the pavement in any street upon which there is no maintenance guaranty in District No. 1. The following bids were received May 6:

James L. Pierce, \$36,400; M. F. Gaddis, \$43,120; S. J. Tomasello Corporation, \$49,112; John McCourt Company, \$49,796; Warren Brothers Roads

Company, \$53,875; Vulcan Construction Company, \$56,087; A. R. Doyle, Incorporated, \$59,390; Martino DeMatteo, \$69,435; Central Construction Company, \$66,157.

Upon May 17 the Mayor approved a contract with James L. Pierce for resurfacing or repairing with bituminous materials the pavement in any street upon which there is no maintenance guaranty in District No. 2. The following bids were received May 6:

James L. Pierce, \$38,300; M. F. Gaddis, \$45,950; S. J. Tomasello Corporation, \$52,340; John McCourt Company, \$52,530; Warren Brothers Roads Company, \$57,610; Simpson Brothers Corporation, \$58,435; Central Construction Company, \$70,510.

Following is comparison of prices for 1934 and 1935:

Item 1, 10,300 square yards, 1935, depth, 1½-inch top, 1½-inch binder, unit price, 1934, \$1.25, unit price, 1935, \$1; Item 2, 18,000 square yards, 1935, depth, 2 inches, unit price, 1934, \$1.25, unit price, 1935, 75 cents; Item 3, 19,000 square yards, 1935, depth, 1 inch or less, unit price, 1934, surface patching, \$1, unit price, 1935, 50 cents; Item 4, 100 square yards, 1935, depth, measured in place, unit price, 1934, \$12, unit price, 1935, \$10; Item 5, 2,100 square yards, 1935, concrete base 6 inches in depth, unit price, 1934, \$4, unit price, 1935, \$1.

SUPPLY DEPARTMENT.

Upon May 17 the Mayor approved a contract with M. E. Lemery for non-asphaltic road oil for the Park Department. The low bid of 6.25 cents per gallon, filed by M. E. Lemery, of 235 Friend street, Boston, was protested for code violation, but this bidder has since been declared in full compliance with the code by Grover Joyce, National Code Authority for the Bituminous Road Material Distributing Industry, in a letter received from him, dated at Kansas City, Missouri, on May 9, 1935. In view of the fact that this low bid, which totals net \$5,625, is approximately 30 per cent, or \$2,400 lower than the next highest bidder, approval was given for this award, without further advertising, to M. E. Lemery, 235 Friend street, Boston, Mass. Bids, opened April 23, were as follows:

90,000 Gallons Non-Asphaltic Road Oil, Per Gallon Applied.—Somerset Bituminous Company, 9.22 cents; Socony-Vacuum Oil Company, Incorporated, 9.75 cents; American Bitumule Company, 9.77 cents; Shell Eastern Petroleum Products, Incorporated, 9.25 cents; Eastern Asphalt and Oil Company, 9.4 cents; Mystic Bituminous Products Company, 9.45 cents; M. E. Lemery, 6.25 cents; Trimount Bituminous Products Company, 9.5 cents; New England Asphalt and Tar Company, 9.5 cents; American Oil Products Company, 9.6 cents.

Total.—Somerset Bituminous Company, \$8,296; Socony-Vacuum Oil Company, Incorporated, \$8,775; American Bitumule Company, \$8,793; Shell Eastern Petroleum Products, Incorporated, \$8,325; Eastern Asphalt and Oil Company, \$8,460; Mystic Bituminous Products Company, \$8,505; M. E. Lemery, \$5,625, check not certified; Trimount Bituminous Products Company, \$8,550; New England Asphalt and Tar Company, \$8,550; American Oil Products Company, \$8,640.

Cash Discount, Ten Days.—Somerset Bituminous Company, 3 per cent; Socony-Vacuum Oil Company, Incorporated, 2 per cent; American Bitumule Company, 2 per cent; Shell Eastern Petroleum Products, Incorporated, 2 per cent; Eastern Asphalt and Oil Company, 2 per cent; Mystic Bituminous Products Company, 2 per cent; Trimount Bituminous Products Company, 2 per cent; American Oil Products Company, 2 per cent.

Source of Crude Oil.—Somerset Bituminous Company, Mexican or Venezuelan; Socony-Vacuum Oil Company, Incorporated, Texas crude; American Bitumule Company, Kora River Field, California; Shell Eastern Petroleum Products, Incorporated, Venezuelan crude; American refined; Eastern Asphalt and Oil Company, Colonial-Beacon; Mystic Bituminous Products Company, Colonial-Beacon; Trimount Bituminous Products Company, Mexican Mid-Continent; American Oil Products Company, Texas.

Upon May 20 the Mayor approved a contract with the Pennsylvania Oil Company for furnishing kerosene to the various city departments for a period of one year, from May 12. Bids, opened April 30, were as follows:

Privilege of Purchasing on Same Terms and Conditions Extended to May 11, 1936. Bids on Approximately 75,000 Gallons, More or Less, Kerosene (Commercial Quality).

Price Per Gallon on Day of Opening of Bids.—Colonial-Beacon Oil Company, Incorporated, 7.5 cents; Jenney Manufacturing Company, 7.5 cents; Shell Eastern Petroleum Products, Incorporated, 7.5 cents; N. M. Samya, The Superior Petroleum Products Company, 7.5 cents; Socony-Vacuum Oil Company, Incorporated, 7.5 cents; Cities Service Refining Company, 7.5 cents; Lipson's Oil Company, 6.75 cents, flat price during the life of contract; The Texas Company, 7.5 cents; Tide Water Oil Company, 7.5 cents; Pennsylvania Oil Company, antik car price, 5.25 cents.

Posted Tank Wagon Price, Per Gallon at Time of the Delivery.—Colonial-Beacon Oil Company, Incorporated, tank wagon; Jenney Manufacturing Company, tank wagon; Shell Eastern Petroleum Products, Incorporated, tank wagon; N. M. Samya, The Superior Petroleum Products Company, tank wagon; Socony-Vacuum Oil Company, Incorporated, tank wagon; Lincoln Oil Company, tank wagon on 75,000 gallons, 75,000 gallons or more, less one half per cent per gallon; Cities Service Refining Company, tank wagon; The Texas Company, tank wagon; Tide Water Oil Company, tank wagon; Pennsylvania Oil Company, tank car price posted on day of delivery plus one half per cent a gallon.

Maximum Price Per Gallon During Life of Contract.—Colonial-Beacon Oil Company, Incorporated, 8.5 cents; Jenney Manufacturing Company, 8.5 cents; Socony-Vacuum Oil Company, Incorporated, top price will be 25 per cent above price as posted on date, bid is opened; Lincoln Oil Company, 8.5 cents; Tide Water Oil Company, 8.5 cents.

Cash Discount for Payment in Ten Days.—Colonial-Beacon Oil Company, Incorporated, net by end of month succeeding month of purchase; Jenney Manufacturing Company, 2 per cent; N. M. Samya, The Superior Petroleum Products Company, net 30th proximate; Cities Service Refining Company, 2 per cent; Lipson's Oil Company, 2 per cent; The Texas Company, net, 30 days; Tide Water Oil Company, net, in accordance with Petroleum Industry Code; Pennsylvania Oil Company, 2 per cent, fifteen days.

Remarks.—Colonial-Beacon Oil Company, Incorporated, Essoheat Light; Socony-Vacuum Oil Company, Incorporated, deliveries must in any event commence not later than sixty days after the bid is opened; Cities Service Refining Company, in the event a more favorable purchasing basis is inaugurated by seller during term of this contract, buyer will receive benefit of same; The Texas Company, Texaco crystalite.

Upon May 21 the Mayor approved contracts with lowest bidders for furnishing hay, grain and straw to the various city departments during June. The approximate totals of awards were as follows:

John J. White Company, \$1,754.20; The Whittemore Company, \$1,112.60; William Culkeen and Sons Company, \$89.15; B. & F. Coal Company, \$20.05—\$2,976.

Bids, opened May 20, were as follows:
Approximate Amounts on All Items.
Per One Hundred Pounds.

90,000 Pounds Hay, Large Bales.—B. & F. Coal Company, \$1.208; William Culkeen & Sons Company, \$1.245; John J. White Company, \$1.19.*

30,000 Pounds Hay, Small Bales.—B. & F. Coal Company, \$1.182; William Culkeen & Sons Company, \$1.20; John J. White Company, \$1.17.*

55,000 Pounds Oats, No. 2 White, 36 Pounds to Bushel.—B. & F. Coal Company, 61 cents; The Whittemore Company, \$1.865*; William Culkeen & Sons Company, \$1.94; John J. White Company, \$1.88.

7,000 Pounds Straw.—B. & F. Coal Company, \$1.08; The Whittemore Company, \$1.05; William Culkeen & Sons Company, \$1.05; John J. White Company, \$1.04.*

6,000 Pounds Bran.—The Whittemore Company, \$1.80; William Culkeen & Sons Company, \$1.90; John J. White Company, \$1.75.*

2,000 Pounds Cottonseed Meal.—The Whittemore Company, \$2.28; William Culkeen & Sons Company, \$2.30; John J. White Company, \$2.20.*

2,000 Pounds Linseed Meal.—The Whittemore Company, \$2.10; William Culkeen & Sons Company, \$2.05*; John J. White Company, \$2.05.

2,000 Pounds Gluten Meal.—The Whittemore Company, \$1.96; William Culkeen & Sons Company, \$1.95*; John J. White Company, \$2.

2,000 Pounds Corn Meal.—B. & F. Coal Company, \$2.15; The Whittemore Company, \$2.07; William Culkeen & Sons Company, \$2.09; John J. White Company, \$2.05.*

1,500 Pounds Cracked Corn.—B. & F. Coal Company, \$2.15; The Whittemore Company, \$2.12; William Culkeen & Sons Company, \$2.09; John J. White Company, \$2.05.*

500 Pounds Whole Corn.—B. & F. Coal Company, \$2.15; The Whittemore Company, \$2.12; William Culkeen & Sons Company, \$2.09; John J. White Company, \$2.05.*

500 Pounds Kaffir Corn.—B. & F. Coal Company, \$2.85; The Whittemore Company, \$3.15; William Culkeen & Sons Company, \$3.10; John J. White Company, \$2.83.*

500 Pounds Wheat.—B. & F. Coal Company, \$2; The Whittemore Company, \$1.88; William Culkeen & Sons Company, \$1.83*; John J. White Company, \$1.87.

500 Pounds Buckwheat.—B. & F. Coal Company, \$1.82; The Whittemore Company, \$1.85; William Culkeen & Sons Company, \$1.80; John J. White Company, \$1.72.*

300 Pounds Sunflower Seed.—B. & F. Coal Company, \$4.75*; The Whittemore Company, \$5.25; William Culkeen & Sons Company, \$5.10; John J. White Company, \$5.10.

100 Pounds White French Millet.—The Whittemore Company, \$9.25*; William Culkeen & Sons Company, \$9.90; John J. White Company, \$9.25.

200 Pounds Hempseed.—B. & F. Coal Company, \$2.90*; The Whittemore Company, \$3.35; William Culkeen & Sons Company, \$3.25; John J. White Company, \$3.20.

4,000 Pounds Crushed Oats.—B. & F. Coal Company, \$2.15; The Whittemore Company, \$1.94*; William Culkeen & Sons Company, \$2.01; John J. White Company, \$1.99.

100 Pounds Canary Seed.—The Whittemore Company, \$5.75; William Culkeen & Sons Company, \$5.75; John J. White Company, \$5.65.*

Cash Discount, Ten Days.—The Whittemore Company, one half of 1 per cent; William Culkeen & Sons Company, one half of 1 per cent; John J. White Company, one half of 1 per cent.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms for supplies, etc. Communications from the heads of the several departments concerned were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, May 16, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—This commission has voted, subject to your approval to award a contract without advertising to the Edison Electric Illuminating Company of Boston, to construct underground conduit and supply cable for service to automatic traffic signals at the intersection of Cross street and Hanover street and on Hanover street and Union street at a cost not to exceed two thousand and twenty-eight (2,028) dollars.

Since the Edison Electric Illuminating Company of Boston is the only person having facilities available for supplying electrical energy no benefit would accrue from publicly advertising.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 3, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—The condition of the piles in the ferry pier on both the Boston and East Boston sides of the South Ferry is very poor, and extensive repairs must be made in order to prevent accidents to either ferryboats or the passengers on said boats.

The last sizeable expenditure for repairs to the East Boston Ferry was in 1930. The yearly repairs is as follows:

South Ferry, 1929, \$6,217; 1930, \$9,120; 1931, \$1,000; 1932, \$1,500; 1933, \$4,889; 1934, \$2,698. Total, \$25,424.

A recent survey of the conditions of the piles and the pier to ascertain necessary work to be done to place the slips in first-class condition will call for the expenditure of approximately \$39,000. There is an unexpended balance of approximately \$15,000, in a loan entitled East Boston Ferry, 2, Additional Boats and other Permanent Improvements, to which a contract could be charged.

I respectfully request permission to advertise for bids for the repairing of the ferry slips, Boston and East Boston sides of the South Ferry.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, May 14, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Cinders, Park Department,
E. R. A. Project No. 2235-B11-6355.

DEAR SIR,—In order that E. R. A. projects may be carried on with as little

delay as possible I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without advertising for bids, to Dooley Brothers, Boston, Mass., covering approximately 1,200 cubic yards of cinders at \$1.05 cubic yard, total net amount of contract approximately \$1,260, which is the second lowest bid of those received, as follows:

Edward J. McHugh, \$1.10 per cubic yard; net total, \$1,320; Dooley Brothers, \$1.05 per cubic yard; net total, \$1,260; M. Doyle & Co., \$1.15 per cubic yard; net total, \$1,380; Joseph McCabe, \$1.08 per cubic yard; net total, \$1,296; D. B. Raymond, \$1.05 per cubic yard; discount, 2 per cent; net total, \$1,234.80.

The lowest bid of \$1,234.80, which is \$25.20 lower than the bid made by Dooley Brothers, was filed by D. B. Raymond of Watertown. With such a slight difference in cost I believe the award should be made to the Boston contractor.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been allowed to add to the contract for the Shurtleff School the following:

Change fire protection covering of oil storage tank in basement of building from 12-inch sand cover, as shown on plans, to 4-inch sand cover, with a 4-inch concrete slab on top. This change required by last revision of laws relating to installation of oil storage tanks inside of buildings. $2\frac{1}{2}$ cubic yards of 1-2 $\frac{1}{2}$ -5 concrete at \$13, \$32.50, and the amount of \$32.50 will be added therefor, making the account as follows: Contract Price, \$636,800; total additions, \$1,685.15; amount of contract, \$638,485.15.

Corilli Construction Company has been allowed to add to the contract for the Beethoven School the following:

For furnishing and installing 2-inch by $\frac{3}{4}$ -inch brown ash vertical battens two feet on centers over all plywood dadoses, for substituting reinforced concrete in place of unreinforced concrete in the driveway to coal pocket and ash hoist, 20 cubic yards reinforced concrete at \$17, \$340; 20 cubic yards unreinforced concrete at \$13, \$260—\$80; for furnishing and installing, complete, brown ash stop beads, headers and stools for all windows on third floor, \$210.60; for applying two coats of granolithic paint in two colors on the floor of the playroom, \$33—\$476.90; for furnishing and erecting in place under the basement stairs, terra cotta partitions and covering the same with travertine, deduct, 72 square feet of travertine at 90 cents, \$64.80; add, 197 square feet of 4-inch terra cotta partitions at 26 cents, \$51.22—\$13.58; this addition, \$463.32, and the amount of \$463.32, will be added therefor, making the account as follows: Contract price, \$142,268; total additions, \$4,032.47; total deductions, \$333.70; amount of contract, \$145,966.77.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 28, 1934, as amended March 28, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Peak Hill road, be, and the same hereby is, amended, by adding to said order the amount \$75 as an award to Thomas H. Marshall and Helen T. Marshall; that the amount \$75 be, and the same hereby is, awarded to Thomas H. Marshall and Helen T. Marshall for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 19, 1933, determining damages caused by the making of the public improvement, consisting of the laying out of Clare, formerly Huntington avenue, be, and the same hereby is, amended, by striking from said order the names Frank G. Ratz and Elizabeth Ratz in said order and inserting in place thereof the name Alice L. Ohrenberger, executrix of estate of Frank G. Ratz; that the amount \$110 be, and the same hereby is, awarded to Alice L. Ohrenberger, executrix of the estate of Frank G. Ratz for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 19, 1934, determining that no person sustains damages by the making of the public improvement, consisting of the taking of an easement for sewerage purposes in La Grange street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Alice M. Drohen, \$41.70; that the amount of \$41.70 be, and the same hereby is, awarded to Alice M. Drohen for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of July 17, 1934, as amended March 12, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Greaton road, be, and the same hereby is, amended, by adding to said order the amount \$54 as an award to Michael J. and Nellie N. Fallon; that the amount of \$54 be, and the same hereby is, awarded to Michael J. and Nellie N. Fallon for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 22, 1931, as amended November 22, 1932, determining damages caused by the making of the public improvement consisting of the taking of a sewer easement in Edgemere road, Ware street, Hyde Park and Dedham, be, and the same hereby is, amended, by adding to said order the amount \$400 as an award to Conrad W. Myers; that the amount \$400 be, and the same hereby is, awarded to Conrad W. Myers for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 28, 1934, as amended March 28, 1935, determining damages caused by the making of the public improvement consisting of the laying out of Peak Hill road, be, and the same hereby is, amended, by adding

to said order the amount \$85 as an award to Elizabeth V. Brooks; that the amount \$85 be, and the same hereby is, awarded to Elizabeth V. Brooks for the damages so sustained.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 3.
Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,
PAYSON SMITH,
STEPHEN C. GARRITY,

State Examiners of Electricians.

CONTRACT AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

John Bowen Company has been allowed to amend the contract for an addition and alterations to the Joseph H. Barnes School, by striking out the words "three hundred and ten calendar days," on page 9, Article 2, and substituting therefor the word and figures "March 6, 1935," so that said Article 2, on page 9, shall read: "The Contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before March 6, 1935, and shall be liable in damages for any failure to do so, all as defined in the specifications."

REVISION OF ASSESSMENTS.

The Mayor has approved the following orders of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works,

December 26, 1930, Vermont street, West Roxbury, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, *Order*, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1933, be, and the same is hereby, abated.

Charles D. P. and Jennie F. Desmond, lot 14, Plan 1930-16, amount, \$11.84.

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, June 4, 1932, Berwick street, West Roxbury, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, *Order*, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1933, be, and the same is hereby, abated.

Katherine E. Geary, lot 1, Plan 1932-1, amount, \$13.96.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Furnival road, West Roxbury district, as a highway, from Pond street northwesterly, bounded and described as follows:

A highway named Furnival road is hereby laid out, from Pond street northwesterly for a distance of approximately three hundred and thirteen feet and ordered constructed; the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Pond street, by two measurements, sixteen and 67-100 feet and sixteen feet; southwesterly by the southwesterly line of said Furnival road as hereby laid out, three hundred seven-teen and 12-100 feet; northwesterly by the northwesterly line of said Furnival road as hereby laid out, thirty and 40-100 feet; and northeasterly by the northeasterly line of said Furnival road as hereby laid out, three hundred nine and 15-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Furnival road, West Roxbury district, as a highway, from Pond street northwesterly for a distance of approximately three hundred and thirteen feet, under the order of the Board of May 15, 1935, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

Notice Change in Age Limit.

ASSISTANT TO THE SUPERINTENDENT OF SUPPLIES, BOSTON SUPPLY DEPARTMENT, JUNE 29, 1935.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 18-22 Norwich street, Ward 3.

The building at 312 Bunker Hill street, rear, Ward 2.

The building at 43 Weston street, Ward 9. The windows smashed, premises open to trespass and generally dilapidated; unsafe and dangerous. The owner, Dr. William H. Emery of 109 Warwick street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 27 Field street, Ward 4. The windows and doors smashed, open to trespass and generally dilapidated; unsafe and dangerous. The owner, Dr. William H. Emery of 109 Warwick street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 25 Field street, Ward 4. The windows and doors smashed, open to trespass and generally dilapidated; unsafe and dangerous. The owner, Dr. William H. Emery of 109 Warwick street, Roxbury, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 16 Mill street, Ward 2. Fire in building; permit granted to repair fire damage and exterior of building, back porch etc., work not completed; first fire, February 28, 1934; Fire Department reported another fire on December 3, 1934; building dilapidated and dangerous. The owner, Pasquale Reale of 1 Dell street, Somerville, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 14 Sawyer street, Ward 9. The front wall cracked and bulged, unsafe and dangerous. The owner, Gertrude B. Inniss of 14 Sawyer street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 4 Decatur street, Ward 2. The building open to trespass and in a dilapidated and dangerous condition, fire menace. The owner, Mary G. Biffin of 552 Tremont street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 939 Harrison avenue, Ward 8, is in an unsafe and dangerous condition. The owner, Clarence L. Myette of 50 State street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 314A Bunker Hill street, rear, Ward 2, is dilapidated, dangerous and a fire menace. The owners, Thomas W. Mullen and Alexander J. Douglas of 1 Monument avenue, Charlestown, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

The building at 314 Bunker Hill street, rear, Ward 2, is dilapidated, dangerous and a fire menace. The owners, Thomas W. Mullen and Alexander J. Douglas of 1 Monument avenue, Charlestown, have been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

PROCEEDINGS OF CITY COUNCIL.

Monday, May 13, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER calling the meeting to order. Absent, Coun. Wilson.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Weigher of Goods: James W. Shilton, 40 Hancock street, Melrose, Mass.

Weighers of Coal: Thomas R. McPherson, 105 Worcester street, Boston; John R. Killam, 43 Linden street, Brookline, Mass.; Frederick B. Walker, 215 Tappan street, Brookline, Mass. Severally laid over a week under the law.

APPROPRIATION FOR ASSESSING DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, May 13, 1935.

To the City Council.

Gentlemen,—Under the provisions of chapter 151 of the Acts of 1935, city departments are authorized to expend, prior to the passage of the budget, "one half the entire amount appropriated for the department for the previous year." Under normal conditions this authorization would assure ample funds for the conduct of departmental activities until on or about the end of June. In the Assessing Department, however, due to extraordinary conditions resulting from the advancing of the start of the tax year from April 1 to January 1, it has become evident that the one half limit of expenditures will be reached with the payment of this week's pay roll. The fact that the tax year has been advanced from April 1 to January 1 has made it necessary for the department to expend for the salaries of first assistant assessors, stenographic services and supplies, sums which in previous years were not expended until the months of May, June and July. Naturally, the necessity for these early expenditures has advanced the time when the one half limit of expenditures would be reached.

Unless action is taken by the City Council on or before Monday of next week, it will be impossible to meet any further pay rolls, or pay any bills of the department, until after the passage of the budget. No interruption in the payment of pay rolls and departmental bills will be necessary if the City Council on or before its meeting of next Monday will consider and adopt the budget of the Assessing Department which is being submitted today. I respectfully recommend that your Honorable Body give prompt consideration to the Assessing Department budget and in the event it is impossible to report the budget as a whole on next Monday, to at least pass an order providing for the adoption of the departmental budget in question.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Coun. DOWD—Mr. President, in order that there may be no misunderstanding in this matter and in order that the city employees and the public may be aware of the situation as it really is and that the blame may be directed where it properly belongs, let me say that the City Council of Boston have no right to immediately pass a budget without getting together the department heads and looking into the matter thoroughly. The Legislature have had about four months, and up to the present time have not acted on the budget or the tax limit of the City of Boston. The city is not to blame for nonpayment of any city employee. The blame must and should be

placed squarely on the shoulders of the Legislature, who are entirely to blame. If the Legislature had passed the bill relating to the taxes of the City of Boston, we today would be able to pass that part of the budget which concerns the assessors' office, so that no employee would have to go without a week's salary. But under the present status I see nothing that the City Council can do until the Legislature acts. The Legislature of Massachusetts is entirely to blame, and not any member of the City Council or the Mayor.

Coun. SHATTUCK—Mr. President, I agree with what the gentleman has said. I have been opposed for many years to the fixing of the tax limit or the tax levy of the City of Boston by the Legislature. It has seemed to me that that was a proper function of this city government and one that should be exercised in City Hall and not at the State House. I appreciate, however, that that is a debatable question upon which many persons differ, but I think no one can differ upon this question, that if the Legislature insist on keeping control of the tax levy or the tax limit, they should act properly and within a reasonable time, that they should not keep the measure for nearly six months and then hand it over when nearly half the money has been spent, and when in some instances the amount which can be spent by a department under the law has been exhausted. It seems to me a shocking thing that the Legislature should have taken such a long time upon this matter without action.

Coun. MURRAY—Mr. President, I agree with what the two previous speakers have said, but I do feel that if the funds of any particular department are running out, so that employees cannot be paid, we should as soon as possible give them the necessary money.

The message was referred to the Committee on Appropriations.

BUDGET FOR 1935.

The following was received:

City of Boston,

Office of the Mayor, May 13, 1935.

To the City Council.

Gentlemen,—Despite the fact that legislation has not as yet been enacted relative to appropriations which may be made by the City Council for the maintenance of city departments during 1935, I am submitting in full segregated form for consideration by your Honorable Body recommendations providing allowances for the maintenance

of city, county and revenue departments, as well as the debt requirements for these three divisions. I am taking this unprecedented action because of the fact that in recent years it has been customary for the City Council to devote three weeks to consideration of the budget recommendation of the Mayor. Assuming that this same period of time will be devoted by the Council this year to its consideration of the budget, it follows that its adoption will take place at the June third meeting of your Honorable Body. In order to comply with the provisions of chapter 264 of the Acts of 1933, it is imperative that the City Council adopt the budget not later than that date.

Under the provisions of section 42 of this Act, it is mandatory that the tax bills "shall be sent out not later than June 14 of each year." For the Board of Assessors to comply with this provision it will be necessary to declare the tax rate not later than June 5, since to enter, after the declaration of the rate, all the necessary details on approximately 110,000 tax bills will require at least eight or nine working days. Of course, the Board of Assessors cannot declare a tax rate for the current year until the budget is finally adopted and approved.

In all probability legislation establishing the appropriating power of the city for the current year will not be enacted for at least another week. To defer the submission of budget recommendations until this legislation is passed would result in curtailing the time which the Council could devote to the budget. I therefore deem it necessary to submit budget recommendations in advance of the enactment of the necessary legislation. The recommendations herewith submitted will not have any force until they have received the sanction of your Honorable Body and my final approval. I assume that before this sanction and approval are given, legislation will have been enacted establishing the appropriating power of the city for the current year.

The recommendations herewith submitted total \$37,097,903.59. It is proposed that this total shall be financed in the following manner: Approximately \$7,500,000 will be secured through departmental income and revenues; \$3,000,000 will be secured by borrowing against tax titles; \$6,000,000 will be secured by borrowing under the provisions of chapter 188 of the Acts of 1935; and the balance, approximately \$41,500,000, will be raised through the medium of the tax levy. The details of the proposed financing, together with a comparison for 1934, are shown in the following table:

	Amounts Recommended.	METHOD OF FINANCING.		
		Departmental Revenue.	Loans.	Tax Levy.
City Requirements:				
Maintenance.....	\$40,296,169 34	\$5,352,000 00	\$8,000,000 00	\$26,944,169 34
Debt	11,259,753 32			11,259,753 32
County Requirements:				
Maintenance.....	3,608,758 86	400,000 00		3,208,758 86
Debt	150,850 33			150,850 33
Revenue Requirements:				
Maintenance.....	1,678,051 74	1,678,051 74		
Debt.....	104,320 00	104,320 00		
Totals for 1935.....	\$57,097,903 59	\$7,534,371 74	\$8,000,000 00	\$41,563,531 85
Totals for 1934.....	\$56,568,570 71	\$6,642,329 78	\$3,800,000 00	\$46,126,240 93

It is possible that before the end of the year I will be necessary to borrow an additional \$1,000,000 for the requirements of the Public Welfare Department. As explained in a subsequent section of this message, it is problematical whether the allowances recommended for this particular department will be enough to cover the actual relief disbursements during the year. Because of the uncertainty which at present surrounds the Federal Work Relief program, I deem it expedient to wait until later in the year before recommending any additional allowance in the Public Welfare Department.

As I have explained in previous messages to your Honorable Body, I do not take pleasure in recommending that large sums of money be borrowed for ordinary maintenance requirements. It has been my sincere wish and hope that the Legislature might afford relief to the taxpayers of the city by adopting legislation which would in effect increase materially the number of direct contributors to the support of governmental activities. Instead of taking this action, the Legislature has seen fit to authorize municipalities to borrow for the relief of the tax rate. In order to avoid the necessity for the declaration of a confiscatory tax rate, and in the absence of any

other alternative, I am forced to include in the financial program of the city for the current year provisions for the borrowing of at least eight and possibly nine millions of dollars. Fortunately, the borrowing of this large sum will not result in any material increase in the net debt of the city, owing to the fact that during the course of the current year \$8,000,000 in Serial Bonds, and \$5,000,000 in Sinking Funds Bonds will be redeemed or paid off.

I present the following brief summary of the important changes reflected in my recommendations in the several divisions under which allowances have been made:

CITY MAINTENANCE REQUIREMENTS.

Departmental allowances recommended from all sources total \$10,296,169.34. This total represents a reduction of \$447,240.00 from the total requests submitted by departments for 1935, and is \$442,106.04 in excess of the appropriations from all sources made in 1934 to cover maintenance requirements. The following table compares the budget groups a comparison between the appropriations of 1934 and the amounts recommended for the current year.

TWO-YEAR SUMMARY OF CITY ALLOWANCES BY BUDGET GROUPS.

GROUPS.	1934.	1935.	Increase.
Personal Service.....	\$17,154,454 99	\$20,189,241 31	\$3,034,786 32
Contractual Services.....	3,491,222 00	3,530,607 14	39,385 14
Equipment.....	765,260 25	809,477 30	44,217 05
Supplies.....	2,083,986 50	2,348,748 90	264,762 40
Materials.....	351,520 00	373,700 00	22,190 00
Special Items.....	14,165,789 56	* 10,671,492 19	† 3,494,297 37
Incidentals.....	54,405 00	27,715 00	† 26,690 00
Emergency Relief Projects.....	388,050 00	612,687 50	224,637 50
Special Appropriation.....	1,399,375 00	1,732,500 00	333,125 00
	\$39,854,063 30	* \$40,296,169 34	* \$442,106 04

* Exclusive of \$1,000,000 further anticipated borrowing.

† Decrease.

It is evident from an examination of the foregoing table that the major cause for this year's increase in the city budget is increased personal service requirements. This increase totaling over \$3,000,000 is due principally to the fact that on January 1 of the current year salaries and wages of city employees were restored to basic levels. Such action was made necessary by the fact that the Legislature in 1934 refused to grant the necessary authority to continue in effect during 1935 the schedule of salary reductions which had prevailed since April 21, 1933. It is estimated that the restoration of basic salaries represents an additional cost in this year's budget over that of last of \$3,600,000. In addition to this item, there has been provided in this year's budget \$95,000 for the granting of sliding scale increases to those employees who are receiving less than the maximum salary of the group in which they are employed; \$655,000 for the elimination of furloughs and suspensions which were in effect during 1934; and an allowance of approximately \$200,000 to provide for adequate personnel in the Public Welfare Department. As partial offsets to these increases, approximately \$480,000 has been secured by allowing vacancies occurring in departmental personnel to remain unfilled wherever possible, and \$70,000 has been secured as a result of a decrease in the number of election functions to be held this year as against 1934.

At the present time expenditures by the Public Welfare Department for relief are running \$50,000 a week under similar expenditures in 1934. On an annual basis this would mean a reduction for a full year of approximately \$3,500,000. The Executive Director of the Public Welfare Department is confident that with the aid of the Federal Work Relief program it will be possible to show a greater reduction for the balance of 1935. I have taken this belief and opinion into consideration in making my allowances for relief disbursements of the Public Welfare Department. My recommendations for this purpose total \$9,000,000, as against an actual expenditure for relief in 1934 of approximately \$12,300,000. It seems almost too much to expect that the difference between these two amounts may actually be saved during the current year. I therefore feel it may be necessary before the end of the year to borrow possibly another \$1,000,000 to meet the actual needs of the Public Welfare Department. In the event that the operation of the Federal Work Relief program should result in the removal from welfare rolls of all employables, it may not be necessary to borrow this additional amount. In view of the uncertainty of the situation, I prefer to wait until the latter part of the year before making a definite recommendation in this respect.

The changes reflected in the other budget groups may be explained briefly as follows:

In the Contractual Services group the extension of street lighting facilities in various sections of

the city, and a reduction in the contribution received from the Emergency Relief fund for the maintenance of clinics in health units have necessitated increases of approximately \$40,000. In the Equipment group the granting for the first time in three years of a limited allowance for the purchase of fire apparatus, and the necessity for making available necessary amounts to equip the various district offices established by the Public Welfare Department under its policy of decentralization of investigational activities, have made necessary increased appropriations in excess of \$44,000. In the Supplies and Materials groups increases of approximately \$287,000 are directly attributable to increased prices for food stuffs, fuel and medicinal supplies. For Emergency Relief projects there is included in the budget appropriations covering the purchase of materials and supplies and the rental of necessary equipment totaling \$613,687.50, or an increase of approximately \$225,000 over similar appropriations in 1934. The increase reflected under Special Appropriations is due almost entirely to the heavy expense of clearing the streets of the city during the winter months of snow and ice. Whereas last year the budget contained an appropriation of \$750,000 for this item of expense, this year's budget contains an appropriation of \$1,150,000, or an increase of \$400,000.

CITY DEBT REQUIREMENTS.

For the redemption of Serial and Sinking Fund loans, and the payment of interest on outstanding debt, it is recommended that \$11,259,753.32 be appropriated, or a reduction of \$430,483.92 from similar requirements in 1934. This reduction marks the first downward movement in the debt requirements of the city since 1928, and is directly attributable to the fact that during 1934 actual borrowings by the city were limited to only absolutely necessary and essential objects and purposes. As a result of this limited borrowing policy, the city was able to effect during 1934 a reduction of \$2,500,000 in its net funded debt. As a corollary to this accomplishment we have the reduction reflected in this year's debt requirements.

COUNTY OF SUFFOLK APPROPRIATIONS.

The allowances recommended for the maintenance of county departments and for the financing of county debt requirements total \$3,759,609.19. This total represents a reduction of \$299,119.80 in the departmental estimates as originally submitted by county officials, and is \$367,268.80 in excess of the total appropriations made for county purposes in 1934. The following table indicates in comparative form the main points of difference between last year's appropriations and the allowances recommended for the current year.

TWO-YEAR SUMMARY OF COUNTY ALLOWANCES BY BUDGET GROUPS.

GROUPS.	1934.	1935.	Increase.
Personal Service.....	\$1,969,651 21	\$2,380,989 04	\$411,337 83
Contractual Services.....	770,174 80	668,375 50	* 101,799 30
Equipment.....	76,420 70	78,014 00	1,593 30
Supplies.....	385,161 08	319,014 80	33,853 72
Materials.....	43,160 00	39,085 00	* 4,075 00
Special Items.....	81,524 52	77,080 52	* 4,444 00
Emergency Relief Projects.....	12,872 91	40,000 00	27,127 09
Special Appropriations.....	1,000 00	6,200 00	5,200 00
Debt Requirements.....	152,375 17	150,850 33	* 1,524 84
	\$3,392,340 39	\$3,759,609 19	\$367,268 80

* Decrease.

As it is evident from the foregoing table, the fact that county allowances are in excess of those of the previous year is due almost wholly to increased pay roll requirements. The allowances recommended for the compensation of county officials and employees in 1935 are \$411,337.83 in excess of actual pay roll appropriations in 1934. The bulk of this increase is due to the restoration of basic salaries which took place on January 1 of the current year. This restoration which was mandatory upon the city, in the absence of any statutory authority to continue the reductions which had prevailed throughout 1934, made necessary increased appropriations of approximately \$320,000. There are also reflected in the pay roll allowances for 1935, \$74,187.27, representing the cost of granting sliding scale increases throughout county departments to those employees who have not reached the maximum compensation levels fixed under the County Compensation Plan, and \$17,150.56, representing the cost of new positions established in eight county departments.

The allowances for services rendered to the county by firms and individuals not connected with the regular departmental personnel reflects a decrease of \$101,799.30 from actual appropriations in 1934. Over 50 percent of this decrease has resulted from the change in method of drawing jurors in the Superior Court. Instead of drawing jurors for every session of the court, the practice is now followed of assembling jurors in one room and assigning them as the occasion arises to the several sessions. The adoption of this practice has resulted in a reduction in the number of jurors in service at any particular time, and has made possible an anticipated budget saving of approximately \$55,000. Allowances for repairs to buildings and equipment have been reduced by approximately \$22,000 from actual appropriations in 1934, largely because of work performed under E. R. A. projects. Reductions in allowances for the services of masters and auditors, totaling approximately \$24,000, are reflected in my recommendations.

Because of increased commodity prices, the allowances for foodstuffs and fuel consumed in county institutions are approximately \$33,000 in excess of actual appropriations of the previous year. This amount represents an increase slightly in excess of 10 per cent over appropriations in 1934. Allowances for Emergency Relief projects reflect an increase of \$27,127.09 over actual appropriations in 1934. Under the provisions of chapter 424 of the Acts of 1924, a Board will convene during the current year to apportion Suffolk County into representative districts. The expenses of this Board, as fixed by law, necessitate an additional allowance in the county budget of the current year of \$5,200. County Debt Requirements show a slight reduction over those of the previous year, due to the fact that no debt for county purposes was issued during 1934.

INCOME DEPARTMENTS.

Allowances for the maintenance of departments which are supported wholly by departmental income or revenue total \$1,782,371.74. This total represents a decrease of \$100,636.39 from the estimates submitted by departmental officials, and is \$150,441.96 in excess of appropriations made in 1934. This excess is due to the restoration of basic salaries and the necessity for appropriating for a full year's operation of the Summer Traffic Tunnel. In 1934 this tunnel was in operation for only six months. No allowances for the Printing Department or for debt requirements of the Traffic Tunnel have been made in the accompanying recommendations. It is my intention to submit recommendations covering these divisions at the next meeting of the Council. As these allowances will be made from revenue they will not affect the tax rate.

CONCLUSION.

Since the beginning of the present fiscal year I have stated publicly on a number of occasions that it was my firm intention to keep the 1935 tax rate at a figure which, at least, would not be in excess of the rate declared in 1934. Unless material increases occur in the estimated requirements to be included in the tax levy for School Maintenance and the State Tax, I have good reason to believe that adoption of the budget recommendations herewith submitted will permit the assessors to fix a tax rate for 1935 at or about \$37 on every \$1,000 of taxable valuation.

I suggest that your Honorable Body consider these recommendations during the time that legislation establishing the appropriating power of the city for the current year is under consideration. I recommend adoption of the accompanying tax and appropriation orders as soon as possible after the Legislature has taken final action.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1935.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, for performing the duties and exercising the powers developed by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, and to meet their respective obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State under the provisions of chapter 483 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for City Record be met by the income of said publication and any excess over income from taxes; and the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1934, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and by the income of the financial year beginning January 1, 1935, and taxes to the amount of \$41,563,531.85, and that said amount be raised by taxation on the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of the State tax for the year 1935, or for any other taxes or assessments payable to the Commonwealth, shall be payable in two equal instalments, on July first and on October first of 1935; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1935, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended by chapter 254, section 42, of the Acts of 1933, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1935, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item and except as aforesaid no salaries or wages shall be paid in excess of the rates specified in said tables and schedules.

Referred to the Committee on Appropriations.

GAMES AND READING ROOM, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1935.

To the City Council.

Gentlemen, — I herewith transmit a letter from the Superintendent of Public Buildings, relative to your order of April 22, 1935, concerning provisions for a games and reading room project in the South Boston Municipal Building.

Respectfully,

FREDERICK W. MANSTFIELD, Mayor.

City of Boston,
Public Buildings Department,
May 2, 1935.

Hon. Frederick W. Manstfield,
Mayor of Boston.

Dear Sir, — Reference to the enclosed order of the City Council in which the "Superintendent of Public Buildings be requested, that he cause the Mayor, to provide for a games and reading room project in the South Boston Municipal Building." I have to inform you that the plans and features of this project have been submitted to the factory and determined to be the best for the city.

Two years ago the city of Boston was established in several of our buildings, one in the South Boston Municipal Building. The result was the city was able to severely from the city's financial condition. This purpose and it is the duty of the department to see that the city is able to money to repair the damage done by the acts of war and destruction.

For the above reason and in view of the fact that there is a branch library and reading room in the South Boston Municipal Building, I feel it inadvisable to establish a project of this nature in said building.

Respectfully yours,

ROSSELL G. HALL,
Superintendent of Public Buildings.

Placed on file.

President FITZGERALD in the chair.

INCREASE IN BUS SERVICE.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of April 22, 1935, concerning a proposed increase in the bus service between Central square and Commonwealth avenue from 7 to 8.30 a. m. and 5 to 6.30 p. m.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,

Boston, May 6, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—In reply to your reference of April 26, I am attaching figures of traffic on the line in question, which indicate that present tables provide all the service that can be justified with due consideration for the Elevated deficit.

Very truly yours,

EDWARD DANA,
Executive Vice President
and General Manager.

EXPENDITURES FOR SPECIAL NURSES.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Trustees, Boston City Hospital, relative to your order of April 22, 1935, concerning expenditures for special nurses at the hospital.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Hospital Department, May 8, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—In accordance with an order of the City Council passed April 22, 1935, whereby the trustees of the Boston City Hospital are requested to inform the City Council concerning expenditures for special nurses at the hospital, I am submitting herewith the following information:

1. Funds expended during the last fiscal year for special nurses provided at the hospital without charge to the patient: The amount of money which was expended last year was \$2,701.90 from the Special Nursing Fund, and \$5,573.92 from the hospital budget (charged to temporary employees).

2. The budget for the current fiscal year for such special nurses: There is no money allocated in the hospital budget for the employment of special nurses. When special nurses are employed in an emergency and placed on the city pay roll, it is necessary to charge them as temporary employees.

3. The amount of money still unexpended in the current budget for such special nurses: The trustees possess monies which they hold in trust, the income of which is available for special nurses, for patients who are dangerously ill and are unable to pay for nurses. This money was all given to the hospital by private individuals. The income of this money during the year 1935 will in all probability amount to \$2,714.43. This money is not all available at one time, so that there are periods during the year when we are without funds. The approximate anticipated available amount for the remainder of the year is \$1,600.

Yours sincerely,

JOSEPH P. MANNING,
President, Board of Trustees.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Vincent Buonopane, for compensation for damage to car by dump cart.

Mrs. Mary T. Cameron, for compensation for damage to coat, etc., by grease on elevator, City Hall Annex.

Gaspar Deeran, for refund on refuse tickets.

Teresa DeVizia, for compensation for damage to car by city cart.

Joseph E. Hayes, for compensation for damage to car by an alleged defect in Embankment road.

Fred D. Knight, for compensation for damage to car by city truck.

Edward F. Lynch, for compensation for damage to truck caused by an alleged defect at 9 Haymarket square.

Henry McFadden, to be reimbursed for execution issued against him on account of his acts as operator of car of Sanitary Division.

Henry McFadden, to be reimbursed for execution issued against him on account of his acts as operator of car of Sanitary Division.

Placed on file.

SIDEWALK ASSESSMENTS.

Notices were received from the Commissioner of Public Works, together with orders assessing half cost of constructing sidewalks in front of estates bordering thereon, viz.:

Half Cost.
Duncan street, Ward 15..... \$115 90
Danube street, Ward 13..... 339 65
Brookford street, Ward 13..... 17 38

The orders were severally passed under suspension of the rule.

INSURANCE ADJUSTMENT.

Communication was received from John C. L. Dowling, Executive Director, Overseers of Public Welfare, inclosing copy of recent newspaper release entitled "Saving the People's Money by Insurance Adjustment."

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The bonds of the following named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

William A. Amsie, Carl Birger Berg, Joseph L. Bennett, David Belson, Alfred Blaustein, Abram Bornstein, George A. Borofski, Thomas F. Brett, George W. Brooker, Francis E. Brown, Daniel B. Carmody, Thomas Cannizzaro, Thomas C. Carr, William K. Coburn, Sydney Cohen, Charles M. Daley, Joseph O. DeSantis, John J. Dillon, Ashod Donabedin, Walter A. Donlan, Paul R. Gast, Albert G. Gilbert, Maurice J. Glick, Meyer Goldstein, Samuel Gordon, Louis Gorfinkle, Solomon Gorfinkle, Edmund C. Grady, Sears H. Grant, Salvatore Grassa, George W. Green, William C. Gregory, John F. Halligan, Joseph Herman, John H. Howard, Jacob Isgur, Max Jacobs, Harry Kahn, George Katz, Thomas H. King, Charles C. Knibbs, Bronis Kontrim, Mark H. Krafur, Nathan Kravitsky, Abraham Krinsky, Abraham Landfield, Frank E. Lane, Maurice Levine, Salvatore Maffei, Isie Martin, John A. May, John T. McGovern, Harry Meltzer, William P. Miles, Nathan Neitlich, Louis H. Oppenheim, Philip S. Phillips, George N. Pierce, Leonard M. Pike, Max Rabinovitz, David I. Rattet, Benjamin Rosengarten, William T. Rosengarten, Albert M. Sachs, Alfred N. Sarno, Samuel Shain, Frank Shaw, Isaac Shulman, Joseph Simansky, Michael F. Simmons, Henry J. D. Small, Israel Spector, Jerome Suvalle, Benjamin J. Tackeff, Philip Tepper, William Tepper, David Tobey, Joseph M. Torr, Roman J. Vasil, Harry A. Webber, Abraham I. Weiss, John A. Wragg, Louis Yacker, Maurice Zeeman.

Severally approved by the Council.

FINANCE COMMITTEE REPORT.

Coun. GREEN, for the Committee on Finance, submitted report on message of Mayor and order (referred May 6) appropriating \$6,000,000 for Public Welfare—recommending that same ought to pass.

Coun. GREEN—Mr. President, I might say for the information of the members that I have talked with Commissioner Fox and that this \$6,000,000 is a budget item, included in the budget.

Coun. SHATTUCK—Mr. President, I am glad to learn that this item is included in the budget, so that it can be considered with the budget. I think it should be considered with the budget. It is a part of the expenditure and revenue program of the city for the current year, and I don't believe we can properly consider such an important item as this \$6,000,000 borrowing, which is part and parcel of the whole program, without also considering at the same time the entire program, to determine whether in our opinion a larger or smaller amount should be raised by borrowing, — whether more should be raised through the tax rate in some other way, or whether there should be further economy. I think it must be obvious that we cannot go on year after year borrowing millions of dollars for current expenses. We will have to get down to earth on our expenses at some time. Otherwise, we will have to face bankruptcy. I certainly am not prepared to vote for this measure at this time. If it came up for vote now, I should vote "No." If it is to be postponed until the budget is considered, that will be satisfactory to me.

President FITZGERALD—Of course, this would only take its first reading today, in any event, and must lie over under the rule for fourteen days.

Coun. DOWD—Mr. President, I do not believe that this is a matter that is going to appear in the budget. My understanding is that this is a part of the \$9,000,000 which the Legislature has authorized us to borrow in order that the tax rate of Boston might be kept down. In other words, if the \$9,000,000 were included in the budget, which it is not, Boston's tax rate would be \$42. As I understand the \$6,000,000, it is under the authorization of the Legislature, which the City Council must approve. I don't think a member of the Council is going to vote against this today. Otherwise, there will be a shortage of money for welfare and mothers' aid. This is a matter which must be settled at once, and I certainly feel that the City Council will not take action which will cripple the expenditures for mothers' aid or for the Welfare Department.

Coun. GREEN—Mr. President, I do not intend as a member of the committee to mislead any member of the Council, nor to be misled by any department head. Therefore, I am going to ask the President to refer this to Executive Committee, and to have Mr. Fox brought before the committee in executive session.

The matter was referred to the Executive Committee.

CONFIRMATION OF CONSTABLES.

Coun. BRACKMAN, for the Committee on Constables, called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 29, 1935, of Constables authorized to serve civil process, viz.: Chester A. Bailey, John B. Blotto, David Bashitsky, Morris W. Danberg, Henry G. Dahlquist, Andrew B. DeCoursey, Jacob Demask, Stephen J. Dunleavy, Thomas Freedman, Louis Goldberg, Samuel Goldstein, Abner Goulston, John S. Grady, Richard Hegarty, Benjamin Jacobson, William H. Kenney, Louis Levine, Max Rabinovitz, Walter W. Regan, Florian S. Small, Leon Small, Samuel Tarle, Anthony J. Testa, Francis J. Tobin, Frederick J. Wright.

Coun. BRACKMAN—Mr. President, speaking for the Committee on Constables, I move that the names, as set forth in No. 1 on the calendar, of Louis Goldberg, Richard Hegarty and Leon Small be now taken up and confirmed.

The question came on confirmation. Committee, Coun. Gallagher and Selviteella. Whole number of ballots 16, yeas 15, nays 1, and the appointments referred to were confirmed.

Coun. BRACKMAN—I also move, Mr. President, speaking for the Committee on Constables, that the appointments in No. 2 and No. 3 on the calendar be taken up and confirmed.

Nos. 2 and 3, in unfinished business on the calendar, are as follows:

2. Action on appointments submitted by the Mayor May 6, 1935, of Constables without authority to serve civil process and to serve without bond, viz.: William G. Cass, 20 Atherton street, Ward 11; Henry J. Gurl, 20 Scotia street, Ward 4; Harry W. McNamara, 11 Priscilla road, Ward 21; Morris Titlebaum, 33 Glenam street, Ward 14; James I. Green, 11 Baldwin street, Ward 2.

3. Action on appointments submitted by the Mayor May 6, 1935, of Joseph P. Gearin and John W. Weber, to be Weighers of Goods; and Samuel Rosenbaum, Ronald C. Anderson and James Giblin, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Agnew and Green. Whole number of ballots 16, yeas 14, nays 2, and the appointments were confirmed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, in the absence of Chairman Goldman, for the Committee on Claims, submitted the following:

1. Report on petition of Michael Kaczka (referred April 15) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to the

City of Boston, Public Works Department, Sanitary Division—recommending passage of accompanying order, viz.:

Ordered, That the sum of five hundred sixty eight dollars and sixty-three cents (\$568.63) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Public Works Department, Sanitary Division, said sum to be charged to the Reserve Fund, when made.

2. Report on petition of Michael Kaczka (referred April 15) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to City of Boston, Public Works Department, Sanitary Division—recommending passage of accompanying order, viz.:

Ordered, That the sum of four hundred fifty-one dollars and seventy-two cents (\$451.72) be allowed and paid to Michael Kaczka in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Public Works Department, Sanitary Division, said sum to be charged to the Reserve Fund, when made.

Reports accepted; orders passed.

REPLACING OF GAS LIGHTS, WARD 1.

Coun. SELVITELLA offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present gas street lights with electric lights in Ward 1.

Passed under suspension of the rule.

HOT WATER FOR SHOWER BATHS, WARD 1.

Coun. SELVITELLA offered the following:

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to furnish hot water for all shower baths in places under the control of the Park Department in Ward 1.

Passed under suspension of the rule.

REPLACING OF FOOTBRIDGE, WARD 1.

Coun. SELVITELLA offered the following:

Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to replace the footbridge recently burned between the Boston Airport and the World War Memorial Park, Ward 1.

Passed under suspension of the rule.

INDORSEMENT OF PATMAN BONUS BILL.

Coun. SELVITELLA offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of the so-called Patman Bonus Bill for veterans of the World War, which is now pending in the United States Senate; and further

Resolved, That copies of this resolution be forwarded to both Senators in Congress from Massachusetts and also to the President of the United States.

The order was passed under suspension of the rule.

REFUNDING OF PAY, CITY HOSPITAL.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor be requested to instruct the trustees of the Boston City Hospital to make arrangements to refund, under the classified labor service, the one week's pay which was deducted last year against the provisions of chapter 60 of the Acts of 1915.

Coun. DOWD—Mr. President, last year the trustees of the Boston City Hospital, under the plea of economy, decided to take a week's pay from those in the classified labor service in the City Hospital,—such people as the waiters, cleaners, orderlies and others coming under the classified labor service. This is the third order I have introduced in relation to this matter. The trustees and everybody in authority know that that action was entirely against the provisions of chapter 60 of the Acts of 1915. It amounts to about \$13,000. The "buck" has been passed from the Budget Commissioner to the Auditor, the Mayor and the Trustees, and finally to the Corporation Counsel. I understand that the Corporation Counsel in his wisdom has advised that this money should be paid; otherwise, Mr. Pay of the Department of Labor will take the city authorities into court and compel them to pay it. This is a case where there has been a violation of law, but it seems that the "holer-than-thou" trustees of certain departments feel that they can violate any law and get away with it. In this case, I believe it is not only a violation of our ordinances, but as a violation of chapter 60 of the Acts of 1915, as the City Auditor and the Corporation Counsel have admitted. If that is so, I ask that his Honor the Mayor demand that the trustees immediately act in the way suggested in this order, refunding the amount

of the unpaid salaries illegally taken from these employees. I believe that this amount should be immediately restored to them.

The order was passed under suspension of the rule.

FREE DENTAL SERVICE FOR DORCHESTER CHILDREN.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the E. R. A. authorities with reference to obtaining free dental services in private dental offices in Dorchester for children residing in Dorchester under the E. R. A. program.

Coun. TOBIN—Mr. President, in various sections of the city the E. R. A. authorities have dentists and hygienists working under an E. R. A. program for the health of the communities. These people, paid by the Federal government, have been performing good service for children in such sections as Charlestown, the West End, East Boston and other sections, where there is a municipal building or a White Fund unit. In Dorchester we have no suitable public building or health unit which can be used for this work. We have, however, in various squares of the different sections of Dorchester some five or six private offices run by private dentists, which could be used by the E. R. A. authorities, and the dentists of Dorchester would be given some of this work, and the residents and children of Dorchester would receive some consideration. At the present time children in Dorchester can receive no free dental service in the way of care of their teeth, because of the fact that there is no building available in that section. The only remedy we have is through the extraction of teeth in the City Hospital. This program which I would like to have adopted has been in force in many cities throughout the country under the E. R. A. authorities. I feel, therefore, that this is a reasonable request and one very important and very essential to that large Dorchester area, so that the people may receive proper treatment through an E. R. A. program such as is now available in other sections of the city, and the dentists of that section may then receive their share of any money expended along this line by the Federal Government.

The order was passed under suspension of the rule.

OBSOLETE BLINKER LIGHTS.

Coun. MURRAY offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to replace the present obsolete blinker lights at the intersection of South Huntington avenue, Moraine, Boylston and Centre streets, with modern "Stop" and "Go" lights.

Coun. MURRAY—Mr. President, in the latter part of his term the late Traffic Commissioner, Mr. Conry, put a blinker light system into effect in the district referred to in this order. These blinker lights which I request be replaced are at the intersection of South Huntington avenue, Moraine, Boylston and Centre streets, in the neighborhood of the Mary E. Curley School, the Cheverus School, and other places from which young people are continually coming and going. Like flashlights they are obsolete and should have been replaced years ago with the "Stop" and "Go" lights. I trust that the present Traffic Commissioner will see fit to replace that blinker system with "Stop" and "Go" lights, taking out the Conry obsolete blinker lights.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 2:52 p. m., on motion of Coun. GREEN, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 3:21 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order referred May 6 for \$6,000,000 for Public Welfare—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. SHATTUCK—Mr. President, I propose to vote against this order. I have no objection as to what the result is going to be. I should vote against this as a protest against the fact that the issue with respect to the financial responsibilities of the City of Boston. In my opinion, among us we and the gentlemen at the State House take a large part of the responsibility and have adopted a program for the raising of additional revenue. I think also that we should have adopted further retrenchment in the budget. I think also that we should have come nearer to meeting our current expenses with current revenue, and not be in a position of borrowing this huge sum that current expenses, a thing that we cannot possibly repay.

year in and year out without getting into very serious financial trouble. This \$6,000,000 will absorb a large part of the emergency borrowing by the city authorized by the Legislature. The emergency borrowing authorized amounts to one half per cent of the valuation of taxable property. That figures a total borrowing capacity of \$8,500,000. We are using or proposing to use \$6,000,000 out of \$8,500,000 for this loan, which will leave only—assuming that we adopt a similar program next year—\$2,500,000 for next year; and next year while our expenditures for welfare may be somewhat less, the chances are that we will still, unless we face this issue, be far from balancing our budget and providing by taxation the necessary revenue to meet current expenses. As a matter of protest, I shall vote against this order.

Coun. BRACKMAN—Mr. President, may I ask the councilor through the Chair what other alternative he would suggest, in view of the fact that the Legislature fixed the tax rate this year?

Coun. SHATTUCK—The Legislature has not yet fixed the tax rate. That matter is still pending before the Legislature. Possibly the Legislature might change its mind and adopt some other procedure, or do—what it has not done so far and what, in my opinion, it should have done,—provide some revenue that the City of Boston can collect to meet in part this bill.

Coun. McGRATH—Mr. President, there is another phase of this matter that I would like to touch on briefly, and that is this. Yesterday I received two telephone calls from men in my district who work for the City of Boston, who were rather caustic in their remarks as to why this Council had so long delayed the budget as to bring about the chance of payless pay days. That notion on the part of many seems peculiar, but it exists. We find it not alone among the laborers of the city, but among police and firemen and in some instances among the school teachers who believe that for a long period of time the budget of the City of Boston has been before some committee of the City Council and that their delay in handling it has caused a situation in this city whereby many men and women may go for several weeks without salaries or wages. I am going to say, right here and now, that it is the fault of the Legislature, who have purposely delayed action upon the budget until they can trade for patronage with the man in the corner office, going along to the danger point. During all this time heads of departments are brought into the Mayor's office, the Good Government Association and the Finance Commission send representatives there, our good friend Loeffler, from far off Cincinnati, goes to the Mayor's office, and members of the Legislature go there, and go into detail on this matter. Every such organization in this city, self-appointed or otherwise, gets a chance to familiarize himself with the budget, except the City Council, that board elected by the people of Boston as a city government to go over each of the items in the budget. Then all of a sudden we read through the press that there is grave fear of payless pay days, and a budget totaling millions is rushed in here and we are told that unless we pass it immediately, without even asking those questions that we were elected to ask and are in duty bound to ask, it will mean hardship on rent payers, taxpayers and city employees of Boston. Sir, with all this threatened hardship, as a result of which we are told that we must act without a moment's consideration upon this matter, I would suggest to the Mayor of Boston that it is nothing but proper that the City Council should be given some opportunity at least to consider and deliberate upon this budget, that we should at least have a couple of weeks, particularly in view of the fact that the Municipal Research Bureau, the Good Government Association and every other self-appointed organization in our city knows all about it, and we have not been taken at all into the Mayor's confidence. Next November, Mr. President, the people of your district and the people of my district, and the people of every other district of this city, will not be saying, "We hold the Municipal Research Bureau or the Good Government Association responsible for those items which were allowed to go through and which should have been stopped," but they will be issuing proclamations saying that we were responsible for the passage of a budget containing 65 per cent of waste, graft and corruption. There are those who will say, "Why harp on that?" I harp on it for this reason, sir, that the present Mayor of Boston is sitting in that office because he convinced enough people in this city to vote for him by reason of the fact that he stated to them on the public platform and in the newspapers during his campaign that the previous Mayor of Boston and the City Council, as directors of this city, had voted for a budget containing 65 per cent of waste, graft and corruption, and that the taxes of homes in this city would be greatly reduced and the rentals of people's homes would be greatly decreased if he were elected Mayor of this city. What a different situation is presented to us today, when, after an opportunity for full and deliberate consideration of the affairs of this city, we find a much larger budget presented to us by the Mayor, and we then find the hallway here crowded, sir, with city employees who are saying, "Don't take a minute on the budget, but pass it at once without consideration," despite the fact that these self-appointed organizations have been allowed to pry into every item. It is now thrown in here and we are told, "Don't look into it,

although it means taking this immensely increased amount out of the pockets of our taxpayers, but pass it instantly." And that is what we are told when we are no more responsible for the delay that has taken place than any of the citizens walking the streets of this city. I will vote for this welfare item, yes; I will vote for any vital items, hospital items, or others taking care of important necessities. But do give the members of this body a fair chance to do what they were elected for, to sit down and have as much chance to look at the budget as has been accorded these self-appointed organizations, who know all about it, and who now simply hold themselves in readiness to criticize a City Council who never got an opportunity to look at it, except under duress and threat. Let us have an opportunity this year to see how true are the statements that the budget is filled with items representing waste, graft and corruption. Give us a chance to go over these items with the heads of departments and with the Budget Commissioner, and then when we do vote we will at least know what we are voting for.

Coun. DOWD—Mr. President, I would like to ask through the Chair one question of the gentleman from Ward 5 (Coun. Shattuck).

Chairman GALLAGHER—If the gentleman wishes to answer.

Coun. DOWD—I would like to ask the gentleman whether or not in his judgment we should pass this loan order, or should be saddled with a \$41 or \$42 tax rate?

Chairman GALLAGHER—Does the gentleman desire to answer?

Coun. SHATTUCK—Mr. President, I don't know exactly what the result of failure to pass this order will be. You never can tell until you face the issue. If the order were rejected, undoubtedly some other proposal would be made or some other means would be suggested for balancing the budget. What I object to is this—the policy of drifting, continually drifting. We must come to a point at some time, and probably very soon, where we will face the problem and have to decide what we are going to spend and how we are going to raise the money, other than by borrowing, making the expenditure on one side and the money raised on the other side balance each other. The order was given its first reading and passage, yeas 18, nays 2:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Gallagher, Gleason, Goldman, Green, Kerrigan, McGrath, Murray, Roberts, Selvitella, Tobin—18.

Nays—Coun. Norton, Shattuck—2.
2. Report on petition of Marie L. A. Murphy (referred March 25) to be paid annuity on account of death of her husband, Walter P. Murphy, late member of the Boston Police Department, reports no action necessary, petition having been disapproved by Medical Board.

Report accepted.
3. Report on petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Gertrude Goodman, Repertory Hall, May 21; Mildred C. Sacco, East Boston High School, June 3; Edna V. Sheehan, Huntington Chambers, June 7.—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

MEETINGS ON THE BUDGET.

Chairman GALLAGHER—The Chair would state that there will be a meeting of the Committee on Appropriations here in the Council Chamber on Wednesday next, at one o'clock p. m.

Coun. SHATTUCK—Mr. President, I would like to further state that it is planned to continue those meetings on Thursday and Friday at one o'clock. The members of the committee other than myself are Councilors Norton, Agnew, Roberts, Gallagher, Tobin and Selvitella. I hope that all who can will be present at each of the meetings; and, of course, other members of the Council will be welcome. We expect to take up some of the smaller departments first, including the Assessing Department and the county departments, this week. Some of the largest departments may be postponed until the complete document has been printed, depending on how long it will take to print the document.

Coun. GREEN—Mr. President, I am going to ask the chairman of the Committee on Appropriations to see to it, if he will, that the different department heads appear before the committee rather than subordinate officials.

Coun. SHATTUCK—I think, Mr. President, that that is perhaps desirable if it can be done. I remember that last year we had some difficulty in that connection. I think, so far as the county departments are concerned, that some, who are elected officers, claim that they are beyond our jurisdiction. I think that possibly through the messengers we can procure their presence.

HEARING ON GAS CONTRACT.

Coun. DOWD—I would also, Mr. President, like to call the attention of the members of the Council to the fact that tomorrow night at 7.30 there will be a public hearing on the municipal gas contract, and I feel, in view of the fact that it involves a lot of money, every member of the Council should be at the public hearing.

INTERSECTIONS, WARD 7.

Coun. KERRIGAN offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to paint the crossing lines at all intersections in Ward 7.
Passed under suspension of the rule.

INHALATOR, CARNEY HOSPITAL.

Coun. KERRIGAN offered the following:
Ordered, That his Honor the Mayor be requested to consider the advisability of furnishing an inhalator to the Carney Hospital, same to be used in an attempt to revive victims of drowning accidents at the South Boston beaches.
Passed under suspension of the rule.

INDOOR GYMNASIUM, COLUMBUS PARK.

Coun. KERRIGAN offered the following:
Ordered, That his Honor the Mayor be requested to include in his P. W. A. program a sum sufficient to provide for the erection of an indoor gymnasium at Columbus Park, Ward 7.
Passed under suspension of the rule.

TREES ON BUCKLEY PLAYGROUND.

Coun. DONOVAN offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to plant trees on the Reverend Thomas W. Buckley Playground, Ward 6.
Passed under suspension of the rule.

GYMNASIUM, WARD 10.

Coun. DOHERTY offered the following:
Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to include in the P. W. A. projects a sum sufficient to provide for the erection of a gymnasium in Ward 10.
Passed under suspension of the rule.

CONSTRUCTION OF GRAMPIAN WAY.

Coun. McGRATH offered the following:
Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to include part of Grampan way as a street, in the program of streets to be constructed under the P. W. A.

Passed under suspension of the rule.

ANNUITY TO BLANCHE T. O'LEARY.

Coun. MURRAY offered the following:
Ordered, That under the provisions of chapter 340 of the Acts of 1933, an annuity of twelve hundred dollars be allowed and paid to Blanche T. O'Leary, widow of Daniel W. O'Leary, a member of the Fire Department, who died on November 28, 1933, from injuries received in the performance of his duty, said annuity being made up of allowances as follows:

For the widow, Blanche T. O'Leary, so long as she remains unmarried, \$1,000 per annum;

For Daniel J. O'Leary, born July 9, 1928, during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$200 per annum; the payments to date from November 29, 1933, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Referred to Executive Committee.

AUTOMOBILE HIGHWAY VIADUCT.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of having the Atlantic avenue branch of the Elevated Railroad made into an automobile highway viaduct, only, provided the rightful idea of tearing down the whole Elevated upper structure from the streets of Boston is definitely decided against. This to be done with E. R. A. money.

Coun. NORTON—Mr. President, I understand that there are very few Elevated trains that run on the Atlantic avenue branch of the Elevated structure, and that if any part of that Elevated structure is to be taken down, that would naturally be the first part to be considered. That route along Atlantic avenue where the structure is one which would naturally take traffic from other sections of the city, particularly that going to Charlestown, and the removal of the structure on Atlantic avenue would be of wonderful assistance in relieving the traffic jams that we now see on Atlantic avenue. I might say in this connection that New York City has such a viaduct running alongside of its docks. As long as we are having this general talk about the removal of Elevated structures, and while the removal of the

whole main Elevated structure is being considered, I would suggest that the Mayor look with all seriousness into the idea of first removing the Elevated structure on Atlantic avenue.

The order was passed under suspension of the rule.

WADING POOLS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the proper officials relative to considering the matter of installing wading pools, at low cost, in congested areas of the city.

Passed under suspension of the rule.

NAMING OF STREET FOR MADAME CURIE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of naming a suitable building or street in Boston after the late Madame Curie, or considering the advisability of requesting the Boston School Committee to consider the matter of naming an appropriate school after this famous woman.

Coun. NORTON—Mr. President, Madame is the only woman ever honored by twice being presented with the Nobel prize, and she is said to have done as much as any individual in the last few years to relieve human suffering through her research into the use of radium for cancer victims. She was the first woman professor at the University of the Sorbonne. The memory of great people should be venerated. This woman was perhaps the greatest woman scientist in history, and Boston would do well to consider honoring her name.

Coun. SELVITELLA—Mr. President, was this woman an American citizen? (Laughter.)

Coun. NORTON—Mr. President, greatness, self-sacrifice, work for the race, for humanity, helpfulness towards all mankind, knows no American or other citizenship, Councilor! (Laughter.)

The order was passed under suspension of the rule.

STRAIGHTENING OF RIVER STREET.

Coun. NORTON offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to consider as an E. R. A. or other project the straightening out of River street, at the dangerous Mill Pond area in the Readville section of Ward 18.

Passed under suspension of the rule.

PUBLIC WELFARE BRANCH, WARD 15.

Coun. TOBIN offered the following:

Ordered, That his Honor the Mayor be requested to inform the City Council as to what progress, if any, has been made in the matter of erecting a Public Welfare branch in Ward 15 out of E. R. A. funds.

Coun. TOBIN—Mr. President, this order is introduced for the purpose of trying to find out just why there has been a delay of six months in the matter of securing a welfare office in the Dorchester district. I see a lot of acrobatic performances, jiu-jitsu and otherwise, in connection with this matter of the distribution of welfare funds in Dorchester, a lot of juggling and balancing going on, but we find as an upshot that nothing is done. The recipients of aid in our section have to go to South Boston, to make application, have to go to South Boston, have to go to this point and that point outside of Dorchester in a regular merry-go-round, but nothing is done in the way of furnishing a branch in Dorchester to which they can apply and where their welfare wants will be taken care of. It has been over six months since the order for the building was passed, and the money was allowed for materials; but the people of Dorchester who are on welfare still have to wait for action at 1 Beacon street or 49 Federal street, and there seems to be some confusion in the minds of many of them as to just where they should go. When the matter was first decided upon, they wanted to give us a barn in Dorchester for the use of the welfare recipients out there, and after protest it was agreed that we were to have a three-story new building. But there has since been a good deal of delay in the carrying out of that idea. We are told that something will develop "next week." Six months ago the plan was to be ready "next week," and later on I suppose we will still hear the story that it will be "next week." It does seem as though, with 200 draftsman available at 1 Beacon street, some preparations should have been made and something carried through before this. But people are still going to 1 Beacon street and to 49 Federal street, and nothing has been done to provide a local headquarters in Dorchester for the people of that section who are on welfare. I feel that they should not only have a place out there to file their applications, but that they should be taken care of locally, instead of having to chase all over the City of Boston as they do at the present time.

Coun. McGRATH—Mr. President, I might say to the councilor from the neighboring ward that—although innocently, sir—I may be to blame in this matter. It seemed from an announcement in the newspapers some months ago that Ward 15 was going to have a building which would take care of the welfare needs of Dorchester, and that it was going to be located on Hancock street, where there is now a yard of the Paving Department. The Mayor made quite a speech, saying what he owed to Ward 15, and that he was going to give to the people of that ward a building which would stand as a monument to the loyalty of those in that district. I, probably unfortunately, said that it was a very funny thing, but that the location proposed was in Ward 13, my ward. Of course, the Mayor does not know one ward from another. But he got a group together and said that another mistake had been made by McGrath, who thought the proposed location was in Ward 13, when it was really in Ward 15. But then somebody said that it really was in Ward 13. So that ended that project. The result is that those on welfare from Dorchester still have to go to 1 Beacon street, to 49 Federal street and to other places in this city, instead of being taken care of in Dorchester. My good friend from Ward 15 (Coun. Tobin) had told the Mayor just in time where the Hancock street yards were located. But I suppose we cannot expect the Mayor to know about locations out there or in other parts of Boston. When we had a flag raising on Dorchester Day it took place in South Boston, Ward 7—a ward to which I certainly have no objection; but it does seem as though on a day peculiar to Dorchester the flag raising might be held in Dorchester, which was undoubtedly the intention, but apparently the Mayor did not know the difference. Of course, we all realize that South Boston very properly has its day, March 17, the real South Boston holiday. I took up with the councilor from Ward 16 (Coun. Fish) the question of why they should go over to Ward 7, South Boston, for a Dorchester Day flag raising. But it seems that nobody told the Mayor that Ward 7 was in South Boston. And it was in just the same way that he got mixed up between Ward 13 and Ward 15, in the matter of a welfare building. He wanted to reward the faithful of Ward 15, where he received 3,500 votes to 2,800 for Foley and 2,400 for Nichols, and in rewarding them he was going to put the building in my ward, Ward 13! So there you have the mix-up in the mind of the Mayor, celebrating Dorchester Day in South Boston and erecting a building that was intended for Ward 15 in Ward 13.

Coun. TOBIN—Mr. President, this involves more than ward boundaries and more than ward politics. It involves the welfare administration of Dorchester. I am very happy to bestow upon the councilor from Ward 13 (Coun. McGrath) whatever credit there may be in this matter. I would not care if the building were put in Ward 13. I don't care who gets the credit, as far as the building is concerned, of whether it is placed in Ward 15 or somewhere else in Dorchester. As a matter of fact, when they were first looking into the matter, the building was going to be built in Ward 16, but there was not land then available. We have had more or less local troubles and perhaps jealousies in our section for a number of years. Whenever a local improvement has been proposed, a school or a public building, the councilors have been more or less disposed to fight among themselves for their own particular localities and for their own distinction. Now, I don't care where this building is built, in what part of Dorchester, as long as we get such a building. I would like to see placed somewhere in Dorchester a municipal building, a welfare building or a health unit, which would serve as a center for this welfare work. If it is placed in Ward 15, very well; if in Ward 13, I personally will be very happy to have it there.

Coun. FISH—Mr. President, going back to the Dorchester Day flagpole incident, I am inclined to think that the gentleman from Ward 13 (Coun. McGrath) does not know the Dorchester ward lines. As a matter of fact, the flagpole is located in North Dorchester, not in South Boston.

The order was passed under suspension of the rule.

PREFERENCE TO FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of placing back on the pay roll all city employees who were let go during the first few weeks of his administration, at least give them the preference over new employees.

Coun. NORTON—Mr. President, I have left out for the first time the order in regard to the woman employee in the Health Department, the one who, when taken down with tuberculosis, was simply given nineteen days' leave of absence, because I understand that she has finally got back her job again. This covers the other employees who were dropped and who had spent thirty-five years, twenty-five years and other long terms in the service of the City of Boston.

The order was passed under suspension of the rule.

PATCH-PAVING CONTRACTS.

The following was received:

City of Boston,
Finance Commission, May 13, 1935.
To the Honorable the City Council.
Gentlemen,—A short time ago your Honorable Body adopted an order offered by Councilor Norton requesting the Finance Commission "to look into the so-called 'patch-paving' contracts in the City of Boston."

In the statement accompanying the order the councilor explained that what he desired was information in regard to the prices paid for patch paving in Boston, stating that at a hearing before the Department of Public Utilities it was claimed one public utilities company paid \$6 per square yard for something that was done by private contractors at 50 cents-odd per square yard.

Answering the order as it was adopted specifically, the Finance Commission desires to say that part of its continuous routine work is the investigation of the patch paving. Answering the order in the light of the explanation made subsequently by the councilor who introduced it, the commission desires to make the following statement:

Annually the city advertises for prices for the patching of asphalt pavement for which the city must pay the bill. Annually also the city designates the contractors or individuals by districts who must make the patches for the public utilities corporations and private individuals.

In 1934 the Pierce Company was the successful bidder for the city's contract for asphalt top patches on a bid of \$1.25 per square yard for 3-inch and 2-inch asphalt and \$1 per square yard for 1-inch or less.

In an effort to obtain low prices the city informed bidders that the lowest bidder would be designated to do the patching for the public utilities companies and private individuals. Accordingly, the Pierce Company was designated to make all the asphalt patches. Inasmuch as the bulk of the patching usually is the corporation or private individual patching, it is presumed that the Pierce Company took into consideration, when arriving at the price offered to the city, the opportunity to make a profit on the corporation patches.

The city fixed the price to be paid by the corporations for asphalt patching at \$6.50 per square yard. This price, however, is not to be compared with the \$1.25 bid by the Pierce Company for top patching because the price fixed by the public utilities corporations covers base and top. In the majority of city patches, it is not necessary to put in a base. In a majority of the corporation patches, it is necessary to put in a base.

On the city patches, according to the contract made with the Pierce Company, the city paid \$4 per square yard for such base. This, added to the \$1.25 for the top, made \$5.25 for top and base, and compares with the \$6.50 price fixed by the Public Works Commissioner for corporation patching.

For granite block patching the city is divided into six districts and the Public Works Commissioner designates a contractor in each district. He also fixes the price to be paid. The prices fixed by the Public Works Commissioner are paid by the city, or the public utilities contractor or private individual, depending on which is responsible for the patching.

The total amount paid by the city in 1934 to the Pierce Company for asphalt patching was \$65,529.78. The total amount paid by the city for the block patching was \$45,125.56 to various contractors. The amount paid by the public utilities corporations or by private individuals can only be obtained from the corporations or the private individuals who paid. The Finance Commission believes the Council can obtain this information from those interests.

The contractors designated by the Public Works Commissioner for the block paving in 1934 were as follows:

District No. 1, B. Hanrahan.
District No. 2, J. W. O'Connell.
District No. 3, Atlas Construction Company.
District No. 4, M. H. Loane.
District No. 5, Codman Hill Construction Company.

District No. 6, Edward J. Byrne.

The prices fixed by the Public Works Commissioner for this type of work follows:

	Per Square Yard
Areas 1-10 square yards	\$10.00
Areas 10-20 square yards	8.00
Areas 20-50 square yards	7.00
Areas over 50 square yards	6.00
Granite blocks, any areas	6.00
Reinforced concrete, any areas	1.25
Granite block on gravel base, any areas	1.25
Minimum charge for operations on any one street	25.00

Respectfully submitted,
LEE FINANCE COMMISSION
L. MARKS, Chairman.

Placed on file

Adjourned, on motion of COUN. AGNEW, at 3.55 p. m., to meet on Monday, May 20, 1935, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

May 6, 1935

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:46 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Lyons, Mackey, Sullivan and Tobin.

AMENDMENT AND APPROVAL OF MINUTES

On motion, the minutes of previous meetings were amended as follows:

Feb. 18, 1935, on page 25, to provide that the leave of absence granted Ellen G. Hayden, assistant, Girls' High School, on Jan. 28, 1935, because of court summons, shall read "without loss of pay."

Apr. 15, 1935, on page 47, to provide that the date of death of Mary A. Gove, assistant, special class, John Marshall District, shall read "Apr. 6, 1935."

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed, as amended.

APPOINTMENTS OF TEACHERS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

ACCEPTANCE OF NEW SCHOOL

A communication was received from the Superintendent of Construction, Department of School Buildings, under date of Apr. 26, 1935, reporting that he has accepted as completed, the Joseph H. Barnes Addition in East Boston, as of Mar. 6, 1935.

Placed on file

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Washington Irving Intermediate District—Helen L. Murphy, assistant, intermediate, May 3, 1935.

Wendell Phillips District—Margaret M. Burton, master's assistant, Apr. 27, 1935.

Placed on file.

A communication was received from the Superintendent, under date of May 6, 1935, reporting the death of the following-named teacher who had been retired on pension under the provisions of the Boston Retirement System:

Dudley District—L. Adelaide Coligan, assistant, April 28, 1935.

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Shurtleff District—Marion W. Rundlett, Apr. 7, 1935.

Placed on file.

RESIGNATIONS

The following resignations reported by the Superintendent to take effect on the dates stated, were presented:

Chapman District—Elizabeth K. Sullivan, assistant, elementary, Apr. 12, 1935.

Franklin District—Margaret M. Regan, assistant, elementary, Apr. 25, 1935.

Lewis Intermediate District—Elizabeth M. O'Keefe, assistant, intermediate, March 29, 1935.

Mather District—Margaret O. Lien, assistant, elementary, Apr. 30, 1935.

Quincy District—Doris G. Mason, assistant, elementary, Apr. 5, 1935. Accepted.

The following resignation reported by the Superintendent to take effect on the date stated, was presented:

Dearborn District—Margaret A. Johnson, assistant, elementary, Mar. 29, 1935.

The resignation of Margaret A. Johnson was accepted conditional on her refunding that proportion of the amount paid to her while on leave of absence for study and travel, which shall be determined under the provisions of Section 322, paragraph 3 of the regulations.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies caused by increase in numbers)

Dorchester High School for Girls—Elizabeth K. Cussen, assistant, May 27, 1935.

Girls' High School—Louise M. Mulhern, assistant, May 27, 1935.

Jeremiah E. Burke High School for Girls—Louise R. Leen, assistant (from assistant, intermediate, Solomon Lewenberg Intermediate District), May 27, 1935.

John Marshall District—Agnes M. Doyle, assistant, special class, May 27, 1935.

Ulysses S. Grant District—Beatrice V. Needel, assistant, special class, May 27, 1935.

Laid over.

(Replacement)

High School of Commerce—James M. Nagle, junior master, May 27, 1935.

Laid over.

(SPEECH IMPROVEMENT CLASSES)

Speech Improvement Classes—Alice H. Kelley, assistant (from assistant, elementary, Shurtleff District), Apr. 23, 1935.

Laid over.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of section 265 paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day Intermediate Schools—Marie T. MacNeil, Pauline A. Thompson.

Day Elementary Schools—Sybil Edgren.

Kindergartens—Margaret M. Casey, Sylvia Ginns.

Continuation School—Bessie Ginsburg, James H. Good.

Classes for Conservation of Eyesight—Margaret R. King.

Approved.

TEMPORARY TEACHERS

Mechanic Arts High School—Forrest L. Regan, instructor in mechanic arts, Apr. 12, 1935.

Department of Manual Arts—John J. Malone, shop instructor, Apr. 12, 1935; John J. Malone, instructor, manual training, elementary, Apr. 30, 1935.

Approved.

On motion of the Superintendent, it was

ORDERED, That the emergency employment of John J. Malone as temporary shop instructor in the Boston Trade School on Apr. 22, 23, and 24, 1935, is hereby authorized, compensation to be at the established rate of six dollars (\$6) per day.

TRANSFER

A communication was received from the Superintendent, under date of May 6, 1935, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Ellen L. Harris, assistant, elementary, Henry Grew District, to the same position in the Chapman District, May 13, 1935.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence was granted the following-named teacher for the term specified:

Charlestown High School—Mary F. Toland, assistant, Apr. 22, 1935, one day, court summons.

On the report of the Superintendent, leave of absence without pay was granted the following-named teacher for the term specified:

High School of Commerce—Francis J. DeCelles, junior master, Apr. 23 to Aug. 31, 1935, inclusive, without pay.

ASSIGNMENT

A communication was received from the Superintendent, under date of May 6, 1935, reporting that subject to the approval of the School Committee, he has assigned the following-named teacher to a class attended exclusively by boys in a grade above the third in the district herein stated:

Sherwin District—Edna D. Strachan, assistant, elementary, Apr. 3, 1935.

Placed on file and the assignment approved, to take effect on the date stated.

DESIGNATIONS

A communication was received from the Superintendent, under

date of May 6, 1935, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1935:

Charles Sumner District—Pauline F. Shea, assistant, kindergarten, as acting first assistant, kindergarten (vice Marion L. Weston, absent on leave), Apr. 22, 1935.

Edmund P. Tileston District—Audrea Bishop, assistant, kindergarten, as acting first assistant, kindergarten (vice Gertrude M. Glynn, absent on leave), Apr. 1, 1935.

Edward Everett District—Catherine J. Sullivan, assistant, elementary, as acting master's assistant (vice Katherine M. Sullivan, absent on leave), Mar. 4, 1935.

Eliot District—Marion A. Cotter, assistant, elementary, as acting master's assistant (vice Mary E. Hartnett, absent on leave), Apr. 2, 1935.

Shurtleff District—Olga H. Pavlick, assistant, elementary, as acting master's assistant (vice Esther M. Cannon, absent on leave), Apr. 12, 1935.

Placed on file.

GARDENING, SEASON OF 1935

The Superintendent offered the following five orders:

ORDERED, That the Superintendent is hereby authorized to conduct instruction in gardening during the season 1935 from April 22 to December 31, the summer term of which shall coincide with the summer vacation period.

ORDERED, That the Superintendent is hereby authorized to appoint teachers of gardening to the following ranks for service during the season of 1935:

Supervisor of gardening

Garden teacher

Garden assistant

Assistant in school gardens

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in gardens during the season 1935.

ORDERED, That any teacher of gardening appointed for the season 1935 may be transferred by the Superintendent from one position to another for which said teacher holds the required license, and said teacher shall be paid according to the schedule established for the position actually filled during any session certified to by the Associate Director of Manual Arts.

ORDERED, That the hours of service of teachers and custodians employed in gardening during the season 1935, unless otherwise specified, shall be such portion of the time between 8 o'clock A. M. and 8 o'clock P. M. as the Superintendent may direct.

The five orders passed.

APPLICATION FOR ESTABLISHMENT OF ADDITIONAL COURSES IN STATE-AIDED SCHOOLS

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to make application to the Commonwealth of Massachusetts, Department of Education, for its approval of general vocational departments in the Continuation School, the Boston Trade School, the Trade School for Girls, and in the Brighton, Charlestown, Dorchester (Boys), East Boston, Hyde Park, Roxbury Memorial (Boys), and South Boston High Schools, to the end that one-half of the cost of said general vocational departments shall be assumed by the State.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to make application to the Commonwealth of Massachusetts, Department of Education, for its approval of the introduction in the Trade School for Girls of (a) a course in the scientific care of skin and scalp and (b) a course in laundering, cleansing, and mending, to the end that one-half of the cost of said courses shall be assumed by the State.

ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of May 6, 1935, reporting the amendment of School Document No. 5, 1934—Candidates Eligible for Appointment as Teachers—as follows:

Page 27. Intermediate certificate (Clerical Practice), 813. Mary E. Hickey. Name removed by request.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 6, 1935, recommending that Andrew D. O'Leary, custodian, Julia Ward Howe School-house, be granted leave of absence on one-half net compensation for the period Apr. 21 to May 25, 1935, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of May 6, 1935, recommending that Francis L. Butler, custodian, Frank V. Thompson School-house, be granted leave of absence on one-half net compensation for the period Apr. 22 to May 25, 1935, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of May 6, 1935, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Albert J. Callaghan, custodian, Randall G. Morris School-house, Apr. 12, to May 2, 1935, inclusive.

William A. Kinsley, custodian, Frothingham School-house, Apr. 22 to May 2, 1935, inclusive.

Joseph J. Mulhern, custodian, Damon School-house, Apr. 24 to 28, 1935, inclusive.

Charles F. Sullivan, custodian, Lowell Mason School-house, Apr. 22 to 25, 1935, inclusive.

James J. Walsh, custodian, Thomas J. Kenney School-house, Apr. 11 and 12, 1935.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 6, 1935, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect on the dates stated:

Clarence L. Baxter, from the Skinner to the George Frisbie Hoar School-house, May 5, 1935.

George W. Brennan, from the Thomas N. Hart to the Clarence R. Edwards School-house, May 5, 1935.

James J. Clark, from the Norcross to the Mayhew School-house, May 12, 1935.

Walter F. Conley, from the Commins to the William Bacon School-house, May 12, 1935.

John J. Crahan, from the Paul Jones to the Plummer School-house, May 5, 1935.

John J. Downey, from the Asa Gray to the Skinner School-house, May 5, 1935.

William D. Fox, from the George Putnam to the Martin School-house, May 12, 1935.

William J. Mahoney, from the Mayhew to the Robert Treat Paine Schoolhouse, May 5, 1935.

James V. Manning, from the Parkman to the Ira Allen School-house, May 5, 1935.

William A. McCarthy, from the Samuel W. Mason to the Dillaway Schoolhouse, May 5, 1935.

Francis L. McDonough, from the Martin to the Charles H. Taylor Schoolhouse, May 5, 1935.

James S. Reardon, from the Dillaway to the William Bradford Schoolhouse, May 5, 1935.

Thomas A. Riordan, from the William Bacon to the Christopher Columbus School-house, May 5, 1935.

Edward C. Sheehan, from the Roger Clap to the Quincy E. Dickerman School-house, May 5, 1935.

Placed on file and the transfer approved, to take effect on the dates stated.

UNFINISHED BUSINESS

The order laid over at the meeting of Mar. 18, 1935 (see p. 37) making changes in the authorized list of text books was taken up and passed unanimously.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

POLICE DEPARTMENT ORDERS.

General Order No. 46.

In accordance with the provisions of General Order No. 518, dated July 5, 1934, the Trial Board, consisting of Captains Campbell, Casey and Daley, reconvened on Thursday, May 9, 1935, at 9.30 o'clock, a. m., for the purpose of reopening for consideration and disposition the case of the complaint of Thomas S. J. Kavanagh, captain, Division 9, against Frank A. White, patrolman, Division 9, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge: Neglecting to pay a just debt.

Specification 1: In that for several years Patrolman Frank A. White of Division 9 lived at 26 Fremont place, Mattapan, as a tenant of one Mrs. Timothy F. Desmond, and that in January, 1933, the said Patrolman White moved from this address owing Mrs. Desmond three hundred and twenty-two dollars for back rent. From that time until March 21, 1934, Patrolman White has paid but three dollars of this amount notwithstanding the fact that in September, 1933, he made a written agreement with Mrs. Desmond to pay three dollars each week. On March 21, 1934, he made a payment of one dollar and since that time has paid nothing whatsoever.

Specification 2: In that for several years Patrolman Frank A. White of Division 9 has owed money to one Edward J. Quigley of 643 River street, Mattapan, for groceries purchased from his store. At the present time the said Patrolman White owes Mr. Quigley a balance of eighty-four dollars and has not made any payment to Mr. Quigley for the past three months, notwithstanding the fact that about one year ago he promised to pay two dollars each week on this bill. Whereas it appears that both of these debts were justly contracted by the said Patrolman Frank A. White and that he has unreasonably neglected to pay them,—

and has submitted the following finding and recommendation:

"Captain Thomas S. J. Kavanagh stated to the Trial Board that he had investigated and has found that Patrolman Frank A. White has been doing his utmost to clear up these debts, having paid in full the Quigley bill referred to in Specification 2; and Patrolman White is continuing to make monthly payments to the satisfaction of Mrs. Timothy F. Desmond whose bill is referred to in Specification 1, reducing said debt substantially. Therefore, the Board respectfully recommends that the case against the said Patrolman Frank A. White be placed on file, with the understanding that it can be removed from the files and reopened if the said Patrolman White at any time in the future does not comply with the terms of payment."

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the complaint against the said Patrolman Frank A. White be placed on file, subject to removal from the files and reopening for further action if the said Patrolman White at any time in the future does not comply with the terms of payment.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, May 14, 1935.

Meeting of the City Council in the Council Chamber, City Hall, at 7.30 p. m., for the purpose of giving a hearing on the proposed contracts with the Boston Consolidated Gas Company for furnishing gas for street lights and for the equipment and lighting of gas lamps.

Coun. GALLAGHER presided in the absence of President Fitzgerald, and there was a quorum present.

The call for the meeting was read by the City Clerk, as follows:

Notice of Hearing.

City of Boston,
Office of City Clerk, May 4, 1935.

In accordance with the provisions of section 6 of chapter 486 of the Acts of 1909, a public hearing will be given by the City Council in the City Council Chamber, City Hall, on Tuesday, May 14, 1935, at 7.30 o'clock p. m., on the proposed contracts with the Boston Consolidated Gas Company for furnishing gas for street lights and for the equipment and lighting of gas lamps.

By order of the City Council.

W. J. DOYLE, City Clerk.

The notice was placed on file.
In response to request by Chairman GALLAGHER it appeared that there was nobody present who was opposed to the contracts.

Commissioner of Public Works, Christopher J. Carven, when called upon, explained the contract to the Council; and President Dana D. Barnum, President of the Boston Consolidated Gas Company, explained the company's position and how it proposed to carry out the contract.

The hearing closed at 9.15 p. m., and the Council adjourned, to meet on Monday, May 20, 1935, at 2 p. m.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING ABOUT 1,000 FEET OF 8-INCH WATER PIPE IN PROVIDENCE TURNPIKE CUT-OFF, SPRING STREET CONNECTION, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,000 feet of 8-inch water pipe in Providence Turnpike Cut-off, Spring Street Connection, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipe in Providence Turnpike Cut-off," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, May 31, 1935, with a certified check for one hundred (100) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(May 25.) Commissioner of Public Works.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECONSTRUCTING AND IMPROVING FERRY PIERS, SOUTH FERRY, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for reconstructing and improving ferry piers, South Ferry, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Reconstructing and Improving Ferry Piers, South Ferry, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 6, 1935, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (\$2) dollars for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(May 25.) Commissioner of Public Works.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING TOILET PAPER IN ROLLS, FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing toilet paper in rolls for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Toilet Paper in Rolls." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock p. m. on Tuesday, June 4, 1935. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock p. m. of the day named. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to award such bid as may be deemed best, as may be deemed best for the convenience of the city. The price of toilet paper will be required to furnish a bond for the sum of \$50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,

Business Manager of the School Committee.
(May 25.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up new sewing rooms, 316 and 317, in the Joseph H. Barnes School, Marion street, East Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, June 3, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, June 10, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(May 25.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR COKE.

The Supply Department of the City of Boston invites proposals for furnishing 150 tons of coke to the Penal Institutions Department, Deer Island, to be delivered alongside Deer Island, and 100 tons to Long Island delivered in bins. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and furnish a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bidder must state the price per ton of 2,000 pounds, and leave his proposal at the office of the Supply Department on or before Tuesday, June 4, 1935, at 12 m., at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,

(May 25.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up new cooking room in the Charlestown High School, Monument square, Charlestown, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, June 3, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, June 10, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(May 25.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up new classrooms in the Brighton High School, Warren street, near Cambridge street, Brighton, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, June 7, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Friday, June 14, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(May 25.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and setting up new lunch tables, etc., in the English High School, Montgomery street, South End, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, June 3, 1935, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Monday, June 10, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(May 25.) Superintendent of Construction.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING KITCHEN EQUIPMENT AT THE LONG ISLAND HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing and installing at the Long Island Hospital, kitchen equipment, as per specifications dated May 11, 1935, and plan dated May 11, 1935, to be obtained at the office of the Supply Department, 801 City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$400, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Wednesday, June 12, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

WARREN W. LOOMIS,

(May 25.) Superintendent of Supplies.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22

towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (*i. e.*, 10.3 per cent) over 1920. Of said total, 2,940,335 (*i. e.*, 69.19 per cent) were in the cities and 1,309,279 (*i. e.*, 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called

urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JUNE 1, 1935.

No. 22

WELFARE DEPARTMENT MAKES SPECIAL FIELD OF WORK OF TAKING CARE OF CITY'S BOYS AND GIRLS AS ONE OF BOSTON'S MOST VALUED INVESTMENTS, MAYOR MANSFIELD TELLS CITIZENS IN REGULAR WEEKLY BROADCAST FROM CITY HALL STATION—POINTS OUT HOW CARE OF ALL THESE IS WORKED OUT BY THOSE IN CHARGE OF WORK THROUGH "MOTHERS' AID" AND OTHER BRANCHES.

The following is the radio address of Mayor Mansfield, over Station WNAC, Tuesday, May 28, on "What the Welfare Does for Boys and Girls—Money Invested in Boys and Girls."

Money invested in boys and girls! An unusual form of investment, but a standard security for which the City of Boston yearly sets aside a certain amount of its capital. Those who follow the curve of this market assure us that returns are large, in proportion to the outlay, and that the investment is sound in every particular.

The city not only invests its money in boys and girls, but it enters into partnership with their mothers, and acts as foster father to thousands of children under the age of sixteen, who make up the families cared for under the provisions of the Mothers' Aid law. The city's investment is in homes as well as in children, for the law insists that the boys and girls be brought up in their own homes, under the guardianship of their own mothers.

The ideal combination for any youngster is a good mother, a good father and a good home; but if the father is dead or incapacitated by illness or accident, if he is confined to an institution, or if he has deserted his family for more than a year, then the law holds that the next best thing is a good mother and a good home, with the city acting as foster father.

Mothers' Aid Law.

Before the passage of the Massachusetts Mothers' Aid law in 1913, in many cases there was no alternative for the dependent mother but to break up her home. The children were scattered among relatives and friends, or placed under the care of the Child Welfare Department. The family entity was destroyed.

But now the dependent mother, if she comes within the requirements of the law, which are very definite, and very strict as to qualifications, can keep her children with her, and give them the care enjoyed by those who have not lost their fathers. The intention of the law is to make up to fatherless children for their loss, while keeping them in their natural environment—the home. But it must be a certain kind of home—one in which the surroundings are clean, wholesome and normal; in which care is given that extends to mind and spirit as well as to body; and in which good example sets a mark for the youngster. It must be a home that fosters education and high ideals, for the city's aim is to build men and women who will be a credit to it. The division never loses sight of the fact that the investment is in the minds and character as well as the bodies of its future citizens.

How are mothers accepted for this form of assistance? What are the requirements? What is the test of need and fitness that they must meet in order to receive a grant under the Mothers' Aid law? The person best qualified to answer these questions is the official who has been in charge of the Mothers' Aid Division of the Department of Public Welfare in the City of Boston for the past eight years, and from 1913 to 1927 connected with the Supervisory Department of the Mothers' Aid Division of the State, thus sharing in the administration of the law since its adoption.

Dependent Mothers.

The histories of the hundreds of families that have passed in and out of her care—their struggles and success, their plans and problems, joys and disappointments—are like the succeeding chapters of a well-read book. Each chapter opens when a dependent mother, with the majority of her children under sixteen years of age, is accepted; and it closes when the last child has celebrated its sixteenth birthday. The plots and incidents are all real, human happenings, woven out of the varying events of life. Some chapters are long and some are short; for some families are large and some are small. But the mother of one child, if she is eligible, is given the same individual consideration that is given to the mother of ten.

(Continued on page 787.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 3, 1935, at 2 p. m.

A regular meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, June 3, 1935, at 7.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR MANSFIELD PLANS MANY IMPROVEMENTS AT DEER ISLAND AIMED AT BETTERING MORALE OF INMATES AS WELL AS REFLECTING CREDIT ON CITY—WILL ADDRESS GUARDS AND OFFICERS.

The Mayor held a conference on May 27 with Penal Institutions Commissioner John J. Douglass and the Master of the House of Correction, Major George F. A. Mulcahy, relative to conditions at the Island. The Mayor stated that in his inspection of the Island made recently he saw many things that he thought needed to be corrected, such as a large number of inmates anxious and willing to work to occupy the time and nothing to do; an apparent untidiness and lack of discipline among the officers of the Island although there were, of course, many exceptions; an apparent disregard of and disrespect for the officers on the part of some of the inmates; the great familiarity between officers and guards and inmates. Other things were mentioned over which the Commissioner and the Master had no control, such as the sanitary conditions of obsolete buildings, the lack of a proper library and the apparent absence of any means of keeping the inmates' minds occupied after they are locked up for the night at about 4.30 until lights are out at 9.30.

The Mayor told the Master that many of the conditions existing on the

Island have apparently been going on for a long time, covering many years and that the entire institution must be brought up to a higher plane, which would be a benefit to the inmates themselves as well as reflecting credit on the City of Boston instead of discredit. The Mayor assured the Master that he would be warmly supported by Commissioner Douglass and the Mayor in every measure which the Master desired to enforce and which was for the best interests of the institution and the inmates. The Master was assured by the Mayor that political interference with proper discipline would not be tolerated and that he need have no fear that he would not be backed up in instituting necessary reforms.

The Mayor will be at the Island next Tuesday at 5 o'clock and all the officers will be called together and will be told in no uncertain terms by the Master exactly what they must do in the future if they hope to hold their jobs. The Commissioner will also address the officers along the same lines and the Mayor will back up both the Commissioner and the Master.

BROADCAST BY MAYOR.

(Continued from page 785.)

MOTHERS MUST BE DEPENDENT!

"Eligibility to Mothers' Aid," is very clearly defined and limited by law. Mothers must be "dependent,"—that is, they must be needy widows, or mothers whose husbands have deserted a year or more, or are serving a sentence of a year or more; they may have husbands who are totally incapacitated by reason of chronic illness, such as tuberculosis, heart disease or insanity; or they may be legally separated or divorced.

"They must meet all character requirements which constitute a good mother in the opinion of the law, which represents the consensus of opinion of all right-thinking people. They must show that their homes are proper places in which to bring up children. Another requirement is that they must have been residents of Massachusetts for at least three years prior to application.

"If the mother meets the law's demands and is admitted to our rolls, she may feel a sense of security, for she is really able to make plans, and even to formulate, as mothers will, a program for the entire family and for each child. The aid given is adequate for the care of each child, and a carefully prepared family budget is set up. The mother is helped in her plans by a social worker who visits the family regularly and studies its problems with her, and tries to adjust the family life to meet new conditions."

This law is essentially a children's measure. It was written for their protection, and is designed to give them the things that a good father would have provided, had he lived or been able. Among these things are shelter, food, health, education, religious training, opportunity to develop special gifts and

trends, and guidance in choosing an occupation or profession. So the social workers try to help the mother in supplying these things. They encourage the children to keep up with their classes and make progress in school, and to attend regularly whatever church they belong to. They are on the lookout for talent, as well as for behavior problems. As individuality crops up, special effort is made to develop it along its most promising lines.

There Mothers' Aid families are just like other ordinary families, made up of regular children with average tendencies. They respond to stimulus and encouragement; they fall behind and they go forward in school; they are easily managed sometimes, and sometimes they are hard to manage—just like all children. Each family has its ups and downs that money will not alter—just like other families. The boys are real boys, and the girls, real girls.

Some of the children are exceptional. For instance, the boy who got a scholarship from Latin High School, that is paying all his expenses through Harvard, and one of the boys came out with flying colors in the finals of a recent spelling bee. Then there is the tubercular girl, who took up nursing while she was in a sanatorium, and is now supporting her mother and the younger children; the C. C. C. boys who go to camp and send back money to help the family; and other boys and girls who are so generous when they do make a little money, and so happy if they can take their families off our rolls. Some of them have been followed since they were mere infants, and everything that happens to them is important. The social workers in the division assume the airs of big sisters when they make good, and they are just as concerned as big sisters would be if they do anything wrong.

NOT MERE "CASES."

Mothers' Aid families are not mere "cases" to the workers in the division. You can tell that in an instant. There is something very personal in the visitor's interest and concern in the children's studies, in their health problems, their clothes, food, recreation, and plans for vacation. This interest transcends the mere administration of funds, the laying down of a budget and making regular visits to the homes.

Members of the clerical staff as well as the social workers of the division talk about "our families" and "our children" in such a way as to give the impression that the whole division is permeated with the real spirit of the Massachusetts law—a spirit of generosity reflected in its wording, "that aid furnished (the mothers) shall be sufficient to enable them to bring up their children properly." It also seems to be impregnated with the law's deep concern that mothers are "fit" guardians for children, that other members of the household and surroundings "are such as to make for good character."

The Mothers' Aid visitor is supplemented by a special worker, who might be called the guardian of the families' health. This worker arranges for admission to the hospital, if the mother or any member of the family is ill. She is constantly engaged with tonsil and adenoid cases, with special diets, perhaps, for a delicate child or for an invalid father. Many children are what is known as "contact" cases, in families where the father has been tubercular. These children require special feeding, and often must be sent to summer camps and open-air sanatoria to prevent breakdown. If a mother loses her husband just before the birth of a child, and becomes a Mothers' Aid recipient, special care is given to her and to her family during the time she is in the hospital, and after she returns home.

In other cases, if hospital care is necessary for a mother, the children are provided with a caretaker, or placed by the city through the Child Welfare Department, or through a private agency, such as the Catholic Charitable Bureau, Children's Mission, and the New England Home for Little Wanderers. The mother is thus given a real chance to get well, without being oppressed by anxiety about her children. These, and a score of other health problems that confront the families, form the health worker's program for the division.

CONSTRUCTION WORK.

The Mayor has approved the following request for construction work:

A sanitary sewer of 10-inch pipe in Oak street, between 230 feet east of Hyde Park avenue and 150 feet easterly, in the Hyde Park district, at an estimated cost of \$980.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

T. J. O'Connell Company has been granted a further extension of the time of completion of the contract for the building of sewerage works in Ashmont street, between Adanac avenue and Neponset avenue, and Ashmont street, outlet in private land, between Neponset avenue and Ashmont street, Dorchester, from June 1, 1935, to July 31, 1935 (sixty days).

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertisers for proposals for setting up and furnishing new cooking room in the Charlestown High School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 3, at 2 p. m.

Advertisers for proposals for furnishing and setting up sewing rooms in the Joseph H. Barnes School. Surety bond will be required in a sum equivalent to the full amount of the contract price. CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.

Examinations, 1935.

Examinations will be held at the following points and on the following dates:

Boston, Monday, June 3.
Boston, Monday, September 16.
Worcester, Wednesday, September 18.
Springfield, Thursday, October 17.
Pittsfield, Friday, October 18.
Boston, Monday, November 4.
Lowell, Wednesday, November 6.
Boston, Monday, December 2.
New Bedford, Wednesday, December 4.
New Bedford, Thursday, December 5.

RULES FOR EXAMINATIONS.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a Master or Journeyman Certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held, and only those so notified will be examined on that day.

JAMES M. HURLEY,

PAYSON SMITH,

STEPHEN C. GARRITY,

State Examiners of Electricians.

Cash Discount, Ten Days.—Burner Fuel and Ice Company, 2 per cent.

*Contract awarded.

WITHOUT ADVERTISING.

Upon several dates as indicated the Mayor approved contracts with bidders for supplies and materials, etc. Communications from the heads of the several departments were as follows:

SUPPLY DEPARTMENT.

BOSTON, May 21, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Flood Lighting Equipment, East Boston Airport.

DEAR SIR,—The Supply Department has received requisition No. 711, dated May 9, 1935, issued by William P. Long, chairman of the Park Department, covering flood lighting equipment for the East Boston Airport, as follows:

One Sperry AGA-BBT, type SOL, 1,000 mm., 180 degrees, dioptric lens, arc and incandescent landing area floodlight, complete with automatic control panel, variable rheostat and essential spare parts and tools, \$8,056; one motor generator, complete for the above, \$1,021; three 10-kva., 2,300/230-115-v., transformers for above floodlight, less hanger irons, \$344.91; eight Sperry AGA-BBT, type 9-4 floodlights, consisting of four 90 degrees, 500 mm., lens systems each, and mounted on 16-foot standards, \$8,316; six 10-kva., 2,300/32-v., transformers, less hanger irons, \$689.82. Total, \$18,427.73.

The equipment specified has been selected by the Superintendent of the East Boston Airport after careful investigation of equipment available for this purpose and is recommended for purchase by the chairman of the Park Department, in a letter addressed to me, dated April 12, 1935, copy of which is attached.

I believe the interests of the City of Boston will be best served by following the recommendation made by the chairman of the Park Department in this matter and, therefore, respectfully request that you approve an award, without publicly advertising, of a contract to supply this flood lighting equipment, as listed above, to the American Gas Accumulator Company of Elizabeth, New Jersey, who are the manufacturers of this equipment.

The total cost of this equipment, including delivery to the East Boston Airport and supervision of installation, will be \$18,427.73.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

BOSTON, May 22, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

Lead-Covered Cable,
Fire Alarm Department.

DEAR SIR,—Requisition No. 64, issued by the Fire Alarm Department on May 6, 1935, and approved by the Fire Commissioner, calls for 10,000 feet of four-conductor, lead-covered cable, to be furnished according to specifications.

There is no advantage in advertising for bids on this cable, as, under the provisions of the N. R. A., all bids received would be uniform.

Ten bids were received, each for \$108 per 1,000 feet, or a total amount of \$1,080, less one-half of 1 per cent discount for cash ten days.

I respectfully request your approval of an award, without advertising, to the New England Electric Supply Company, Incorporated, of 1249 Tremont street, Boston.

Respectfully yours,

WARREN W. LOOMIS,
Superintendent of Supplies.

ELKS GOOD-WILL TOUR GUESTS AT CITY HALL.

The Good-Will Tour of the Elks, which started from Lowell, Mass., at noontime May 27, was welcomed at City Hall, Boston, by Mayor Frederick W. Mansfield on May 28:

In the group were:

Joe Dowling, Joe Gallagher, Joe Horan, Elks Tour Cars, 842 Mt. Vernon, N. Y.; A. J. Pinel, District Deputy, Quincy Lodge; Edward J. Hayes, E. R., Boston; Dr. Patrick J. Foley, E. R.-Elect, Boston; Joseph A. Crossen, P. E. R., Boston; John J. O'Connor, P. E. R., Boston; Newman Fielding, Treasurer, Boston; Ignatius J. O'Connor, Esq., Boston; John Burke, Boston.

The itinerary of the group coming to Boston on what they call Route No. 1 includes Lowell, Lawrence, Boston, Providence, Worcester, Springfield, New York and New Jersey. From other parts of United States, Florida and California, other good-will tours are starting. All will meet at Columbus, Ohio, on July 15, 1935, and their arrival will signal the opening of the Grand Lodge Convention.

On June 8, 9 and 10 the State Convention of Elks will be held at Adams, Mass.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Englewood street, Dorchester district, as a highway, from Hillsdale street to Richview street, over and including the private way known as Parkview street, with the name of Rockne road or some other distinctive name, bounded and described as follows:

An extension of the highway named Richview street is hereby laid out to Hillsdale street, over and including the private ways known as Parkview street and Englewood street, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Richview street (highway), forty-one and 84-100 feet; easterly by the easterly line of said extension of said Richview street as hereby laid out, two hundred nine and 18 100 feet; northerly by the northerly line of said extension of said Richview street as hereby laid out, four hundred thirty and 42 100 feet; easterly by Hillsdale street, forty feet; southerly by the southerly line of said extension of said Richview street as hereby laid out, four hundred and sixty feet, and westerly by the westerly line of said extension of said Richview street as hereby laid out, two hundred fifty-one and 2 100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of an extension of Richview street to Hillsdale street, over and including the private ways known as Parkview street and Englewood street, under the order of the Board of May 21, 1935, and awards no damages therefor.

FIELD DAY AT FENWAY PARK
PLANNED BY MAYOR TO AID
PUBLIC WELFARE RELIEF.

On May 26 Mayor Mansfield issued the following:

For the purpose of raising additional sums for special work in the Welfare Department, such as medical appliances, dental services, eyeglasses, etc., which are outside of the usual allowances, the Overseers of the Public Welfare will arrange a monster Field Day, to be held at Fenway Park on July 9. Although the Red Sox are at home during that period they have an open date on that day and Tom Yawkey and Eddie Collins have very generously donated the use of the park and all its facilities, including any players that we may need to use in the athletic events.

Plans have not yet been perfected, but certain arrangements have been definitely made as follows: There will be music by a massed E. R. A. chorus; instrumental music by massed E. R. A. bands; a ball game between employees of the City of New York and employees of the City of Boston. It is the intention of the Overseers to obtain the services of Babe Ruth to umpire these games and undoubtedly that will be arranged. There will also be athletic games, competitions in all field events between various city departments, and a wrestling program. For this last event the managers are quite sure that they can secure the services of Dan O'Mahoney, the Irish champion, who will be pitted against a worthy opponent. They also expect to obtain the services of Jack Dempsey to referee some of the boxing bouts which are to be arranged. Of these, Tony Shucco, heavyweight champion of New England, has agreed to participate. It is also hoped to obtain the services of Ed Don George, world's heavyweight wrestling champion, who will also be matched against some worthy opponent. The city of New York is also sending its municipal band and the intention is to have a gala day which will be enjoyed by all.

The managers of this event say that a similar gala day in New York realized \$75,000 for the New York Welfare Department. Of course, we don't expect to raise this amount in Boston, but proportionately to its size it ought to realize as well as New York.

All city employees who can be spared on that day will be given leave of absence after 12 o'clock noon. The tickets will be \$1.

ASSESSMENT ABATED.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, August 7, 1929, Centre street, West Roxbury, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, *Order*, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1933, be, and the same is hereby, abated.

Albert A. Wilson, lot 8, Plan 1928-37, \$11.36.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 20, 1935.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Agnew, Dowd and Gleason.

ACCEPTANCE OF FURNIVAL ROAD.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Board of Street Commissioners, relative to your order of March 25, 1935, concerning the acceptance and laying out of Furnival road, Ward 19, as a public highway.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Street Laying-Out Department,
May 16, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Your Honor,—In reply to the request for a report on Furnival road, Ward 19, I wish to state that this matter was heard on Wednesday, May 15, 1935, and has been accepted for construction under the E. R. A. by a vote of the Board. This order will be sent for approval within a few days.

Respectfully yours,

OWEN A. GALLAGHER, Chairman.

Placed on file.

TREES ON CUMMINS HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Commission, relative to your order of May 6, 1935, concerning the planting of trees on Cummins Highway, Ward 19.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, May 15, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 14, with inclosure, order from the City Council that the Park Commission be requested to plant trees on Cummins Highway.

The E. R. A. workers are now preparing pits and planting trees on Cummins Highway.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SEWERAGE SYSTEM, WARD 12.

The following was received:

City of Boston,
Office of the Mayor, May 13, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of February 11, 1935, concerning a plan to improve the present sewerage system in Ward 12, for submission as an E. R. A. project.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 10, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of the order of the City Council, requesting a plan to improve the present sewerage system of Ward 12, Roxbury, for submission as an E. R. A. project and to state that there are no plans of proposed sewerage works suitable as an E. R. A. project in Ward 12.

This department has, however, started a section of Maywoods Brook sewer, now in progress in Ottawa street, from Laurel street to Sherman street, Roxbury, under contract by J. J. Coughlan & Sons Company, Inc., at an estimated cost of \$41,000.

We are about to begin construction on another section of Maywoods Brook sewer in Circuit street, private land, Cathedral court and Regent street, from Washington street to Dale street, Roxbury. This is a P. W. A. project, the contract being awarded to John Williams, and the work will be started within a few days at an estimated cost of \$92,000.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

PURCHASE OF LAND, TENEAN BEACH.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Park Department, relative to your order of May 6, 1935, concerning the purchase of land in the Tenean Beach section of Dorchester, now owned by Edward and George P. Hamlin to be further developed for the beach and park systems in the City of Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, May 15, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 14, with inclosure, order from the City Council that the Park Commission purchase real estate adjacent to Tenean Beach section, etc.

I regret exceedingly to inform you the Park Department has no funds available for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

ROPING OFF CLAYBOURNE STREET.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission, relative to your order of April 29, 1935, concerning the roping off of part of Claybourne street, Dorchester, on June 1, incident to the annual celebration of Dorchester Day.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, May 14, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated April 29, 1935, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to provide for the temporary roping off of Claybourne street, Dorchester, adjacent to the property of the Thomas J. Roberts Post, on June first, incident to the annual celebration of Dorchester Day."

This commission will officially close the street by the adoption of a temporary regulation and will furnish the necessary signs.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

RESTORATION OF POLICE DIVISION 12.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Police Commissioner, relative to your order of April 29, 1935, concerning the proposed restoration of Police Division 12, South Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Police Department, May 14, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I have your communication of May 10 inclosing copy of City Council order requesting that the Police Commissioner, through his Honor the Mayor, take such steps as may be necessary to provide for the immediate restoration of Police Division 12, South Boston.

I would advise you that I am having a survey made of conditions surrounding police administration in South Boston, and as soon as this survey is completed I shall be in a better position to make a decision as to the necessity of restoring a police station in the section formerly known as Division 12, South Boston.

Very truly yours,
E. M. MCSWEENEY,
Police Commissioner.

Placed on file.

PLAYGROUND AND PARK IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1935.
To the City Council.

Gentlemen,—I herewith transmit four letters from the Boston Park Department, relative to your orders of April 29, 1935, concerning subject matters respectively as follows:

1. Installation of a flagpole at Gleason Circle, South Boston.
2. Erection of benches at the John H. L. Noyes Playground.
3. Expediting work on the tennis courts at World War Memorial Park.

4. Leasing of a portion of the land adjoining the John H. L. Noyes Playground to the Orient Heights Post, No. 54, American Legion, in order that a building may be erected for use as headquarters by the Post.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 10, with inclosure, order from the City Council that the Park Commission be requested to install a flagpole at Gleason Circle, South Boston.

I regret exceedingly to inform you that the department has no funds available for this purpose.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 10, with inclosure, order from the City Council that the Park Commission be requested to erect benches at the John H. L. Noyes Playground.

Careful consideration will be given to this request and if it is possible to do so, it will be attended to.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 10, with inclosure, order from the City Council that the Park Commission be requested to expedite the work on the tennis courts at World War Memorial Park.

Please be assured that the E. R. A. workers will try to accede to the request of the councilor.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 10, with inclosure, order from the City Council that the Park Commission be requested to consider the advisability of leasing to the Orient Heights Post, No. 54, American Legion, a portion of the land adjoining the John H. L. Noyes Playground on Saratoga street, East Boston, in order that a building may be erected for use as a headquarters by said Post.

This department has no authority to lease any land that has been taken for park and playground purposes for any such reason as given in the Council order.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PREFERENCE TO BOSTON CITIZENS.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the E. R. A. Administrator for Boston, relative to your order of April 29, 1935, concerning preference being given to citizens of Boston in employment under the E. R. A.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Federal Emergency Relief Administration,
Local Administrator's Office,
1 Beacon Street,
Boston, May 14, 1935.

John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I return herewith order of the City Council dated April 29, 1935, as follows:

"Ordered, That his Honor the Mayor request the Local Administrator of the E. R. A. that when selections of men or women are made for employment under the E. R. A. the citizens of Boston be given the entire preference."

In reply thereto, I beg to advise that under the regulations promulgated by the President of the United States, no preference is permitted because of citizenship.

Very truly yours,
THOMAS F. SULLIVAN,
Local Administrator.

Placed on file.

MARRIED WOMEN EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Overseers at the F. R. A. We are sorry to hear of your order of April 1, 1935, and a letter N. 10000, setting forth the following:

Resolved,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In reply to your letter of April 15 directing this department to furnish information requested by the City Council regarding married women, the attached complete report is submitted.

Very truly yours,
JOHN C. L. DOWLING,
Executive Director.

(Appended was the report referred to.)

Placed on file.

ORDINANCE CONCERNING TAX TITLE PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, May 15, 1935.
To the City Council.

Gentlemen,—The city has acquired so many tax titles to property and is rapidly acquiring so many more that it has become necessary to amend the City Ordinances to provide a simpler and more satisfactory method of leasing, selling or maintaining property or, if the property is not sold or leased, to maintain it. The Corporation Counsel, who has had this matter under consideration for some time, recommends an ordinance in the form of that hereto attached.

I also submit herewith the opinion of the Corporation Counsel which accompanied the proposed draft.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, May 13, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—You have asked me to prepare for submission to the City Council forms of changes in the present Ordinances which will enable the city to administer more effectively property acquired by the city through foreclosure of Tax Titles.

While the city has no desire to acquire Tax Titles or to foreclose them merely for the sake of acquiring property, it is under a duty to collect taxes, and sales for nonpayment are frequently an essential step in collection. Moreover, section 50 of chapter 60 of the General Laws, as amended by section 6 of chapter 325 of the Acts of 1933, imposes upon the City Treasurer the duty of instituting proceedings for foreclosure as soon as such proceedings are authorized by sections 62 and 65 of said chapter 60 (generally speaking, two years from the date of sale) and authorizes the Commissioner of Corporations and Taxation to institute such proceedings in the treasurer's name, if the treasurer disregards the statutory mandate, and to assess against the city the expenses incurred by him in such proceedings.

Section 77 of said chapter 60 provides in part that:

"After foreclosure by a town of the rights of redemption under a tax title or taking, as hereinbefore provided, the land shall thereafter be held and disposed of like any land belonging to it and held for municipal purposes.

Section 52 of said chapter 60 provides that: "Cities and towns may make regulations for the possession, management and sale of such land and for the assignment of tax titles, not inconsistent with law or with the right of redemption.

I have prepared and inclose herewith, in the form of amendments to the Revised Ordinances of 1925, certain suggested changes in the present City Ordinances which will, in my opinion, enable the city to administer more effectively property acquired through foreclosure of Tax Titles.

The following is a brief description of the purpose and scope of the proposed changes:

(1) Section 1 of the form inclosed.
Section 50 of chapter 60 of the General Laws provides in part as follows:

"... every such deed (Tax Title deed) and every instrument of taking described in section fifty-four shall be in the custody of the town treasurer.

In view of this legislative mandate, the provisions of section 1 of chapter 13 of the Revised Ordinances of 1925 to the effect that the City Collector shall have the custody of all tax deeds of lands held by the city should be eliminated.

Section 1 of the form inclosed provides merely for such elimination. (See also in this connection section 4 of the form inclosed.)

(2) Section 2 of the form inclosed:

Section 2 of chapter 13 of the Revised Ordinances of 1925 directs the City Collector to sell, pursuant to applicable provisions of law, all real estate taken or purchased and held by the city for non-payment of taxes or assessments.

There is no provision in the present ordinances authorizing the collector to lease land so held or to care for and manage the same.

The power to lease, care for, manage and sell such property should be in the same city official and the city department best adapted to handle these matters would seem to be the Public Buildings Department in view of its general experience in real estate matters. Certainly there is no requirement of law or logic for placing these powers in the Collecting Department. The City

Collector has under the statutes of the Commonwealth no duties with reference to such property.

Section 2 of the form inclosed provides for the elimination of section 2 of chapter 13 of the present Revised Ordinances. (See also in this connection section 3 of the form inclosed.)

(3) Section 3 of the form inclosed:

This section provides for the possession and management by the Superintendent of Public Buildings of all real estate sold to or taken by the city for nonpayment of taxes or assessments the right to redeem which has been foreclosed and for the sale and leasing of such real estate by said officer.

The desirability of vesting the responsibility in these matters in one department and the reason for selecting the Public Buildings Department has already been discussed. (See (2) above.)

(4) Section 4 of the form inclosed:

This section provides (a) that the City Treasurer shall have the custody of all tax deeds and instruments of taking of lands for nonpayments of taxes and assessments as required by section 50 of chapter 60 of the General Laws, and (b) that the City Treasurer may assign tax titles to any party in interest upon payment to the city of the amount secured thereby.

The first provision would make no change in the treasurer's duties. It would merely make the ordinances conform to the statutory law in this respect.

With reference to the second provision, we have seen that the city may, under section 52 of chapter 60, above quoted, make regulations for the assignment of Tax Titles held by it (i. e., for the assignment of titles which the city has acquired by tax sale and the right to redeem which has not been foreclosed).

Under the proposed ordinance a party in interest could pay the taxes or assessments and obtain an assignment. Both the city and the person making payment would be protected, and others interested in the property would not be prejudiced, as their right of redemption would be preserved. The limitation of assignments to parties in interest will avoid speculative buying by outsiders.

The proposed change vests the power to make such assignments in the treasurer as he now has custody of tax deeds and is the officer to execute the assignment.

(5) Section 5 of the form inclosed:

This section is inserted to indicate definitely that the Street Laying-Out Department shall not have the care and maintenance of such property and thus to avoid any ambiguity in this respect.

Respectfully submitted,

HENRY E. FOLEY,
Corporation Counsel.

Proposed Amendments to the Ordinances of the City of Boston.

Be it Ordained by the City Council as follows:

Section 1. Section one of chapter thirteen of the Revised Ordinances of nineteen hundred and twenty-five is hereby amended by striking out in the fourth and fifth lines thereof the words, "and of all tax deeds of lands held by," so as to read as follows:

Section 1. The collecting department shall be under the charge of the city collector, who shall exercise the powers and perform the duties of collectors of taxes of towns; shall have the custody of all leases from the city; shall collect and receive all money to be paid to, or for the use of, the city of Boston or the county of Suffolk, except where other provision is made; shall, within twenty-four hours after receiving any money for the city, pay the same over to the city treasurer, with a statement of the different accounts on, or purposes for, which the same were received, taking a receipt for the same; and shall require from his subordinates, for the faithful performance of their respective duties, and for the safe custody of the money and other property intrusted to them, bonds to himself as obligee, with sureties satisfactory to the mayor, as follows: from the cashier a bond in the penal sum of not less than twenty thousand dollars, and from the deputy collectors bonds in the penal sum of not less than five thousand dollars each.

Section 2. Chapter thirteen of the Revised Ordinances of nineteen hundred and twenty-five is hereby amended by striking out section two of said chapter.

Section 3. Chapter twenty-five of the Revised Ordinances of nineteen hundred and twenty-five is hereby amended by adding thereto the following section:

Section 7. The superintendent shall have possession and management of all real estate sold to or taken by the city for non-payment of taxes or assessments, the right to redeem which has been foreclosed, and shall cause to be sold if a sale is in his opinion practicable, when authorized by the City Council and with the approval of the Mayor, and if a sale is not practicable, shall cause to be leased if a lease is in his opinion practicable, upon such terms and conditions as may be approved by the Mayor and pursuant to the provisions of law applicable thereto, any and all such real estate.

Section 4. Chapter thirty-six of the Revised Ordinances of nineteen hundred and twenty-five is hereby amended by adding thereto the following sections:

Section 9. The Treasurer shall have the custody of all tax deeds and every instrument of taking of lands for the non-payment of taxes or assessments, held by the city.

Sect. 10. The Treasurer, pursuant to the provisions of law applicable thereto, upon payment to the city of the amount secured thereby, may assign and transfer to any party in interest any tax title held by the city and may execute and deliver on behalf of the city any instrument necessary therefor.

Sect. 5. Chapter thirty-three of the Revised Ordinances of nineteen hundred and twenty-five is hereby amended by adding thereto the following section:

Sect. 2. Nothing contained in section one of this chapter shall apply to any real estate sold to or taken by the city for non-payment of taxes or assessments, the right to redeem which has been foreclosed.

Referred to the Committee on Ordinances.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weights of Goods: Elinor D. Welch, 10 Grove street, West Roxbury; John I. Peckham, 57 Davis avenue, Norwood, Mass.; Herbert F. Nelson, 18 Guernsey street, Roslindale.

Weights of Coal: Elizabeth C. Kirley, 208 Florence street, Roslindale; James J. Kelley, Jr., 24 Conant street, Roxbury.

Severally laid over a week under the law.

PASSAGEWAY FROM CENTRE STREET.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of March 25, 1935, concerning the proposed construction of a passageway with steps from Centre street to Fort avenue.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 20, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of March 30, with attached City Council order dated March 25 and reading as follows:

"Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to construct a passageway with steps from Centre street to Fort avenue."

and to state that the cost of artificial stone steps from Centre street to Fort avenue is approximately \$32,000.

The construction of these steps will necessitate the taking of land, the function of the Board of Street Commissioners, and at the present time there are no funds available for this purpose.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

REPAVING OF STREETS, WARDS 6 AND 7.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your orders of April 22, 1935, concerning the proposed repaving of the following streets:

1. G, H, I, K and East Sixth streets.
2. Bolton street.
3. Silver street.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 20, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note dated April 26, with attached City Council order dated April 22, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Wards 6 and 7:

"G street, H street, I street, K street, East Sixth street, Bolton street and Silver street."

and to state that G street, from East Third street to Columbia road, is 2,100 linear feet in length. A smooth pavement on a six-inch concrete base with artificial stone sidewalks and regulating will cost approximately \$25,200. H street, from East First street to Columbia road, has a length of 2,600 linear feet and a smooth pavement on a six-inch concrete base, artificial stone sidewalks and regulating will cost approximately \$38,300. I street, from East First street to Columbia road, has a length of 2,600 linear feet. A smooth pavement on a six-inch concrete base, artificial stone sidewalks and regulating will cost approximately \$38,200.

K street, from East First street to Columbia road, has a length of 3,000 linear feet. A smooth pavement on a six-inch concrete base, artificial stone sidewalks and regulating will cost approximately \$43,400. East Sixth street, from G street to Farragut road, has a length of 5,000 linear feet. A smooth pavement on a six-inch concrete base, artificial stone sidewalks and regulating will cost approximately \$58,000.

Bolton street, from West Second street to Dorchester street, has a length of 3,500 linear feet. A smooth pavement on a six-inch concrete base with artificial stone sidewalks and regulating will cost approximately \$21,000.

Silver street, from Dorchester avenue to G street, has a length of 4,200 linear feet. A smooth pavement on a six-inch concrete base with artificial stone sidewalks and regulating will cost approximately \$26,700.

There are no funds available in the 1935 budget for this purpose, but these streets can be included in a prospective P. W. A. project.

Very truly yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

BUSES ON WASHINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—Some weeks ago the merchants on Washington street, above Stuart street, were much interested in changing the traffic regulations on that thoroughfare so that it might be made a two-way street, and at the same time a "White Way" was established by the installation of a number of boulevard street lights. The result has been a marked increase in business for the merchants in that part of the city.

As a result of studies made at that time these merchants desired that the Elevated bus regulations be changed so that the buses could move both ways on Washington street, south of Stuart street, and could be allowed to stop at appropriate points between Stuart street and Broadway. The Elevated trustees were opposed to this change but at my earnest solicitation agreed to try the two-way system for buses for a period of thirty days, and, to obtain the necessary permission, filed a petition with your Honorable Body asking authority to comply with the request of the merchants.

I am informed by Mr. Dana that no action has been taken upon the petition and it is now under consideration by your Honorable Body. In the meantime the merchants are pressing for action in order that their trade may be benefited. May I suggest, with all respect, that this matter be brought to the attention of the Council and disposed of in such manner as may commend itself to your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Coun. GOLDMAN—Mr. President, I move reference to the Executive Committee, if there is no objection.

Coun. MURRAY—Mr. President, I move that it go to the regular committee, the Committee on Jitneys, that has this matter under consideration and that passes upon such matters.

Coun. GOLDMAN—Mr. President, I press my motion.

Coun. FISH—Mr. President, I think this is a matter for the Executive Committee. I think that is where it belongs.

Coun. GOLDMAN—Mr. President, I move that the matter now in the hands of the Jitney Committee be taken from the committee. I think this is a matter that should either go to the Executive Committee or that should be taken from the hands of the Jitney Committee, so that it may not be delayed indefinitely.

Coun. GALLAGHER—Mr. President, if in order I would like to amend that this matter be referred to the Jitney Committee and that they meet immediately and report to this body after we have our executive session.

Coun. MURRAY—I believe that this matter should be handled by the Jitney Committee, Mr. President. We would have met last week on Thursday, if it had not been for the Byrd Antarctic celebration.

Coun. GOLDMAN—Mr. President, I don't believe this is a matter that should remain indefinitely in the hands of the Jitney Committee. Something should be done, either today in executive session or now.

The Mayor's message was referred to the Executive Committee.

ADDITIONAL BUDGET RECOMMENDATIONS.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—I submit herewith budget recommendations covering maintenance requirements of the Printing Department and Debt Requirements on the \$16,000,000 of bonds issued for the construction of the Sumner Traffic Tunnel.

The appropriations recommended in this supplementary budget are to be met by the revenue of the Printing Department and Sumner Tunnel, and therefore will not affect the tax rate of the current year.

I recommend that after consideration of the attached recommendations the allowances finally determined by your Honorable Body be incorporated as a part of the entire budget now under consideration.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first of January, 1935, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, and to meet the obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking funds, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for the Printing Department be met by the department income and any excess over income from taxes, and that the appropriations for Traffic Tunnel interest and sinking funds requirements be met by the income from tolls and any excess over income from taxes in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935.

Ordered, That all orders hereafter passed by the City Council relating to appropriations, taxes and the interest thereon apply to the appropriations herein provided for.

INCOME DEPARTMENTS.

Referred to the Committee on Appropriations.

ELECTRIC LIGHT RATES.

The following was received:

City of Boston,
Office of the Mayor, May 20, 1935.
To the City Council.

Gentlemen,—For some time past the Law Department has had under consideration and study the rates charged by the Edison Electric Illuminating Company of Boston for electricity for residential and general commercial use, and has had the services of a nationally known utility rate expert.

Today I am in receipt of a letter from Corporation Counsel Foley, which is submitted herewith, and which indicates clearly his opinion that the rates charged in Boston are not only as a general rule higher than in other comparable cities but are higher than can be justified by any local circumstances.

I think a thorough investigation of the rates charged for electricity ought to be undertaken at once and a sufficient sum appropriated to defray the necessary consequent expenses. To that end I am submitting herewith, in addition to the opinion of the Corporation Counsel, an order for the appropriation of a sum of \$15,000 for the purpose of meeting the expenses that may be incurred in such an investigation. I beg to add that the appropriation of this sum, since according to the order it is to be charged to the Reserve Fund when established, will not affect the budget or tax rate.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Law Department, May 20, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor, This office has been concerned for some time in making a preliminary study of rates charged by the Edison Electric Illuminating Company of Boston, particularly rates for residential and general commercial use. In this connection the services of Dr. John Bauer, nationally known utility rate expert, have been employed.

Preliminary investigation indicates that the general level of rates is high considered from the standpoint of present attainable costs and that a substantial reduction in rates is probably attainable without impairment of the constitutional rights of the company.

The Preliminary Report on Domestic and Residential Rates in effect January 1, 1935, in cities of 50,000 population and over, recently submitted to the Senate and House of Representatives of the United States by the Federal Power Commission, presents a comparative statement of monthly bills and average kilowatt hour charges in such cities. Using Table No. 2 of said report, entitled "Rank of Communities Based on Typical Residential Bills, Cities of 100,000 Population and Over in United States, Rank of Communities from Low to High Based on Typical Bills," and adjusting said table to include the last Edison Company reduction, it appears that out of 32 ranks for 15 kilowatt hours usage a month, Boston ranks twelfth; that out of 38 ranks for 25 kilowatt hours usage per month, Boston ranks twentieth; that out of 49 ranks for 40 kilowatt hours usage per month, Boston ranks twenty-sixth; that out of 64 ranks for 100 kilowatt hours per month, Boston ranks forty-sixth; and that out of 76 ranks for 250 kilowatt hours per month Boston ranks sixtieth.

A comparison of residential rates in cities of over 400,000 population indicates that Boston's rate is substantially above the average.

These relationships alone are not conclusive of an excessive rate in Boston and no analysis of underlying costs is furnished in the report. But there is definite indication in these figures that Boston's rate is excessive, especially when it is realized that more favorable rates in other communities may well be substantially higher than the reasonable costs under present attainable efficiency.

The report of the New York Power Authority, dated November 10, 1934, entitled "Report on Cost of Distribution of Electricity," submitted to the President of the United States, the Governor of New York and the Chairman of the Federal Power Commission, based on a broad survey of electric companies in the northeastern sections of this country, indicates that an average charge of 1 cent per kilowatt hour is necessary and sufficient for generation and transmission of power and 2.5 cents for distribution to residential consumers using 50 kilowatt hours per month average, this charge including, however, all operating costs and return on investment.

The survey covered various types of communities in the northeastern section of this country and while there are substantial differences in costs between different communities the studies show greater equality than had generally been assumed.

Boston residential consumers use an average of approximately 50 kilowatt hours per month and therefore pay an average of approximately \$2.80 a month, or 5.6 cents per kilowatt hour as compared with the Power Authority standard of \$1.75 per month or 3.5 cents per kilowatt hour.

While the Power Authority standard may not be wholly applicable in Boston, it furnishes a rough yardstick of a fair rate and the great disparity indicates the likelihood of an excessive residential rate in Boston.

Doctor Bauer expressed the following conclusion, after completion of a preliminary study of the company's investment, earnings, expenses and rates:

"My recommendation is to press for revision of electric rates. . . . An electric case could be organized, prepared and presented at moderate cost, and the outcome is almost certain to be highly favorable. The city itself would benefit directly much more than the cost from lower charges for street lighting and other municipal purposes. In addition, there would be the tremendous gain to householders and to most commercial users of electricity."

In view of the foregoing, it is my intention, subject to your approval and subject to a sufficient appropriation therefor to have made a thorough study of the rate structure of the Edison Electric Illuminating Company of Boston; to prepare at once for a proceeding before the Department of Public Utilities for a reduction of said rates and thereafter to commence promptly such proceedings. The study here proposed would also prepare the way for more effective public utility regulation such as that possible under the so-called Washington plan and would place the city in a better position to protect the interests of Boston consumers in the event of a state-wide study of utility regulation by the Legislature or the state-wide adoption of a new technique in utility regulation.

Inclosed you will find a form of appropriation order which, if it meets with your approval, I recommend be submitted to the City Council.

The Department of Public Utilities is now conducting an investigation of rates of the Boston Consolidated Gas Company with which the city's case has been consolidated. We have succeeded in convincing the department to undertake an analysis of the cost of gas sold by Massachusetts gas companies to its wholly owned subsidiary, the Boston Consolidated Gas Company, and our experts are in consultation with the department's engineers. As the greater part of the engineering expense of this analysis is being borne by the department, I do not foresee that a substantial appropriation is at this time necessary. It is deemed appear that expenses for engineering services are likely to exceed the amount now anticipated. I shall advise you.

Preliminary study of telephone rates indicates that they are excessive and I therefore recommend that they be reduced. I have no recommendation to make at this time regarding the subject of your proposed taking action with regard thereto.

However, in view of the pending gas investigation and of the proposed electric rate proceeding, I recommend that action with respect to telephone rates to be temporarily deferred.

Very truly yours,
HENRY E. FOLEY,
Corporation Counsel.

Ordered, That the sum of \$15,000 be appropriated, to be expended under the direction of the Corporation Counsel, for the purpose of meeting expenses for expert services and other necessary and proper expenditures which may be incurred in conducting an investigation of rates charged by the Edison Electric Illuminating Company of Boston and in the preparation for and in the conduct of a proceeding to secure a reduction in such rates before the Department of Public Utilities, said sum to be charged to Reserve Fund, when established.

Coun. NORTON—Mr. President, I am very glad to see that the Mayor has acquiesced in the request of this Council two months ago, asking that pressure be brought upon the proper authorities for the lowering of electric rates in Boston. I am glad that the Corporation Counsel feels that the electric light rates are too high. New York City has just been allowed a 35 per cent cut on its electric bill, and, if you have no objection, I would like to insert in our records at this point a letter from that great old Roman and leader in all movements for human rights, Senator George W. Norris of Nebraska. He has something to say that is quite germane to the question of the cost of electricity in this country.

(The letter referred to is as follows:

United States Senate,
Washington, D. C.,

April 27, 1935.

Hon. Clement A. Norton, Boston City Council,
City Hall, Boston, Mass.

My dear Mr. Norton,—I have your letter of April fourth and have read it together with your speech before the City Council with a great deal of appreciation and interest. You and I may not live to see the day, but it is certainly coming, when the people are going to lose the scales that are now before their eyes and see how they have been flimflammed in years past by the Power Trust.

A peculiar thing about this monopoly is that when their dirty work is exposed by official investigation they immediately set about to try to prevent by all manner of means the enactment of any legislation which would bring relief to the people. Holding companies are now raising their bloody hands and crying aloud for regulation. The truth is that 90 per cent of the electric holding companies have no earthly excuse and can give no excuse for their existence. They are parasites. They perform no public service whatever. They are doing nothing but lining their own pockets from contributions made by the people all over the country in the payment of exorbitant rates for electricity.

I hope that the speech you made before the City Council will bear fruit. It certainly should at no distant day.

Thanking you for your letter and the copy of your remarks, I am,

Sincerely yours,
G. W. NORRIS.)

Coun. ROBERTS—Mr. President, I would just like to correct Councilor Norton when he speaks as if the only order introduced in regard to this matter was introduced here within two or three months. Since I have been in the Council orders have been passed every year upon this subject, and in 1932 I introduced an order for the purpose of having the Corporation Counsel appear before our Department of Public Utilities in support of a petition pending before that body looking to the reduction in these rates. Of course, I recognize the fact that the councilor from Hyde Park (Coun. Norton) has also been active in the matter, and I am glad he has taken the position he has at this time.

The communication and order were referred to the Committee on Appropriations.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Marie L. Cunningham, for compensation for damage to property at 72 Alleghany street, caused by water being turned on.

Joseph DiSilva, for compensation for damage to car caused by an alleged defect in Meridian street, East Boston.

Charles Droz, for refund on refuse tickets.

Rev. Patrick J. Durcan, for compensation for damage to lawn at St. Andrew's Church caused by change of grade of banking.

Bessie Joyce, for compensation for damage to fence at 670 Massachusetts avenue, caused by ash team.

Donato Larato, for compensation for damage to truck by city truck.

Harry Levenson, for refund on refuse tickets.

New England Laundries, Inc., for compensation for damage to property at 48 Geneva avenue, caused by city neglecting to close valves.

Olive Pentz, for compensation for injuries caused by an alleged defect in Torrey street.

Frank S. Price, for compensation for injuries caused by city car.

Patrick J. Sullivan, for compensation for damage to property at 16 Rosemary street, Jamaica Plain, caused by backing up of sewage.

John P. Goudy, for refund on ash tickets.

Saul A. Stein, for compensation for damage to car caused by fire apparatus.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between junction of Broad street and Atlantic avenue and junction of Summer and Arch street over Atlantic avenue, Pearl street, Franklin street and Arch street; return over Summer street, Purchase street and Broad street.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Josephine Leonard, Repertory Hall, June 1.

Freyda Franksy, Repertory Hall, June 18.

Petition of Charles E. Hardy for retirement from labor service of city.

RESIGNATION OF JOHN J. WALSH.

Notice was received from John J. Walsh of resignation as constable of City of Boston.

Placed on file.

INTEREST OF J. FREDERICK McNEIL IN CONTRACT.

Notice was received from J. Frederick McNeil, member of Board of Examiners, of interest in contract with city to do repair work at C. E. Edwards and Roger Clap schools.

Placed on file.

APPOINTMENT OF DANIEL G. SLATTERY.

Notice was received from the Mayor of reappointment of Daniel G. Slattery of 31 Roslin street, Dorchester, as member of Board of Appeal for five-year term ending April 30, 1940.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

Charles A. Bancroft, Eugene B. Blinderman, Charles B. Broad, Warren A. Brown, Louis Budd, James A. Canton, John J. Daunt, St. Clair E. Hale, Albert A. Levine, Leslie F. Mann, Edward Ober, Emil Ober, Michael W. Ober, Bert Oppenheim, Maurice Rosenberg, Sydney J. Sheinfeld.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending payment of aid to soldiers and sailors and their families in the City of Boston for the month of May, 1935.

Report accepted; order passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Coun. BRACKMAN, for the Committee on Constables, called up under unfinished business Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 29, 1935, of Constables authorized to serve civil process, viz.: Chester A. Bailey, John B. Blotto, David Bashitsky, Morris W. Danberg, Henry G. Dahlquist, Andrew B. DeCoursey, Jacob Demask, Stephen J. Dunleavy, Thomas Freedman, Samuel Goldstein, Abner Goulston, John S. Grady, Benjamin Jacobson, William H. Kenney, Louis Levine, Max Rabinovitz, Walter W. Regan, Florian S. Small, Samuel Tarle, Anthony J. Testa, Francis J. Tobin, Frederick J. Wright.

2. Action on appointments submitted by the Mayor May 13, 1935, of James W. Shirton, to be a Weigher of Goods; and Thomas R. McPherson, John R. Killam and Frederick B. Walker, to be Weighers of Coal.

Coun. BRACKMAN—Mr. President, I move that the following names in No. 1 on the calendar be confirmed,—Henry D. Dahlquist, Thomas Freedman and Francis J. Tobin.

The question came on the confirmation of the names in No. 1 on the calendar of Henry G. Dahlquist, Thomas Freedman and Francis J. Tobin, and also of the names in No. 2 on the calendar. Committee, Coun. Gallagher and Selvitella. Whole number of ballots 14, yeas 4, and the appointments of Dahlquist, Freedman and Tobin, and of the names in No. 2 on the calendar were confirmed, yeas 14, nays 0.

Coun. BRACKMAN—Mr. President, I now move that the following names be rejected, because of resignation or death,—John S. Grady, Max Rabinovitz, Florian S. Small.

It was voted that action on the names of John S. Grady, Max Rabinovitz and Florian S. Small be indefinitely postponed.

PAYMENT TO FATHER OF MARY MARGARET KEANE.

Coun. MURRAY offered the following:
Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the City of Boston to pay a sum of money to the father of Mary Margaret Keane, a minor, provided, that said legislation includes a referendum to the Mayor and City Council.
Passed under suspension of the rule.

INVESTIGATION OF DEER ISLAND, ETC.

Coun. BRACKMAN offered the following:
Ordered, That the President of the Boston City Council appoint a committee of seven members of the Council to investigate Long Island Hospital, Deer Island House of Correction, Suffolk County Jail, Wayfarers' Lodge, and the Temporary Home affiliated with the Welfare Department.

The order was passed under suspension of the rule.

Coun. FISH—Mr. President, in regard to that last order by Councilor Brackman—

President FITZGERALD—The order has been passed.

Coun. FISH—I wish to say, Mr. President, that I still have my doubts in regard to conditions at Deer Island.

President FITZGERALD—The order has been passed.

APPROPRIATIONS FOR ASSESSING AND BUILDING DEPARTMENTS.

Coun. SHATTUCK, for the Committee on Appropriations, submitted the following:

The Committee on Appropriations having considered the appropriation recommendations submitted by the Mayor on May 13, 1935, for the Assessing and Building Departments respectfully recommends, through a majority of its members, the passage of the accompanying orders.

Messrs. Roberts and Shattuck reserving their rights.

For the Committee,
HENRY L. SHATTUCK, Chairman.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year on the City of Boston or County of Suffolk, or the departments or offices thereof, the respective sums of money specified in the tables hereinafter set forth, be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriations hereinafter specified be met by taxes to the amount of \$542,064.25, said amount to be raised by taxation on the polls and estates in the City of Boston, and that all orders hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

ASSESSING DEPARTMENT.

A. Personal Service as per Schedule A.....	\$279,875 97
B. Contractual Services.....	22,304 25
C. Equipment.....	1,200 00
D. Supplies.....	12,349 90
H. Emergency Relief Projects.....	2,000 00
	<u>\$317,730 02</u>

BUILDING DEPARTMENT.

A. Personal Service as per Schedule A.....	\$212,251 73
B. Contractual Services.....	2,612 50
C. Equipment.....	125 00
D. Supplies.....	1,825 00
E. Materials.....	20 00
H. Emergency Relief Projects.....	7,500 00
	<u>\$224,334 23</u>

Coun. SHATTUCK—Mr. President, we have reported these two departments in advance of the budget as a whole, because both of them are short of funds and will require an appropriation in order to meet their pay roll on Monday. The Building Department was not mentioned, I think, at the last meeting. We learned later, however, through Commissioner Fox, that that department was short of funds, I understand by reason of the fact that last year there were a number of furloughs in the department so that they spent less than they would in the ordinary year. The result is that they will exceed this year half of their appropriation before the end of the six months, the appropriation being limited to half of what was spent last year. In reporting on these two departments, Councilor Roberts and myself reserve our rights. I desire to make a brief statement with respect to each department, as to why I reserve my rights and as to why I shall vote against the appropriation. First, as to the Assessing Department. The total appropriation recommended by the Mayor for

the Assessing Department is \$317,730.02. This compares with \$271,442.43 last year. Most of the increase is by reason of the restoration of salary cuts and of step-rate increases. There are now 132 employees, and provision is made for 3 more. As compared with 1932, which was the last year before the salary cuts took effect, the salary list has been decreased, in round figures, from \$301,000 to \$279,000. This is a creditable showing as far as it goes. If I thought that the department was performing its duty of assessing the property in the City of Boston at its fair value in accordance with law, I should have no quarrel with the amounts recommended by the Mayor for this department. But I know, and every one knows who follows real estate values, that assessments were never more out of line with true values than they have been in the last few years. Many, and probably most, properties are over-assessed; and some are under-assessed. There are men in the department, such as Mr. Kelly, who know values, but partly through orders from above and partly through lack of capable business administration, the main job for which the Assessing Department exists, namely, that of assessing property at its true value, has been neglected for years. Large sums of money have been spent for the installation of the so-called Block System, but progress toward completion has been lamentably slow. For such service as we are getting, I am convinced that we are paying too much. I shall, therefore, vote against the appropriation. I have not attempted specific amendments of sub-items of the appropriation because, without an examination of the department in far more detail than we have opportunity or facilities for, it is very difficult to say that any reduction should be made in certain specified particulars or with reference to a certain number of persons in a certain classification. That is something that can only be done after very careful examination and through expert agency which has examined carefully, into the question and then being able to report to the Council just what the various people do and that in such and such a classification there is gross inefficiency or an over-supply of help, considering what is being done. Therefore, I have made no specific suggestions in the line of specific amendments. But if a vote to reject the appropriation should prevail, I would expect the Mayor, who has through the Budget Commissioner and in other ways facilities for such examination, to review the situation and bring back another recommendation. So far as the Building Department is concerned the total appropriation recommended by the Mayor for the Building Department is \$224,334.23. This compares with \$150,466.75 last year, and \$240,810 in 1932, the last year before the salary cuts were made. All but about \$12,000 of the total appropriation is for the salaries and wages of the eighty-five persons in the department. Construction contracts are running at the rate of about ten million a year, or about one-sixth of the volume ten years ago, and nearly as many persons are employed in the department as were employed there ten years ago. Obviously the department is over-staffed. In these days, when our current revenue is falling eight to ten million dollars below our current receipts, when salaries and wages have been restored to the highest level ever attained, and when step-rate increases have been resumed, there is no excuse for keeping on the pay roll a single person whose services are not needed. As I believe there are a number of persons on the pay roll whose services are not needed I shall vote against the appropriation. While I am on my feet I might also say that the committee on the balance of the budget will continue their meetings this week, beginning at one o'clock tomorrow, Tuesday, afternoon, and continuing at that hour on Wednesday, Thursday and Friday of this week. We hope to close the hearings on Friday afternoon, but if we are to leave any time for discussing the matter, it will be impossible for us to report before Monday, June 3.

Coun. McGRATH—Mr. President, I was interested in listening to the report of your chairman of the Committee on Appropriations, because I realize his ability in going over a budget such as ours, based on his past experience, and I know that he will report to you the findings of the committee in an honest, straightforward manner. This brings me back to the criticism that was leveled at this Council and at the last administration by the Municipal Research Bureau and the Good Government Association. I wonder if you ever heard before, Mr. President, of 65 cents in every dollar of our appropriations going for waste, graft and corruption? I wonder if you are tired of listening to me say that on the floor of this Council? I wonder if the time has not arrived when the man who successfully won the majority of Boston on that basis should admit that he was absolutely misinformed and was hopelessly wrong when he made that statement in his campaign throughout this city. No one has come forward since the beginning of this administration to justify the claim that you, Mr. President, myself and every other member of the body who served here under the last administration were guilty of absolute fraud and corruption in condoning and putting through a budget that represents 65 per cent of waste, graft and corruption; and no suggestion has been made since the starting of this administration showing how the budget can be reduced in

a way that does not involve the discharge of help and the cutting of salaries. It does not take college graduates or great financiers to see that savings can be made by throwing men out of work or by reducing their salaries. That is probably true except in the case of constables. The more constables you discharge the more you have to hire in their places! But, aside from that, sir, there are thousands of home owners and rent payers in Boston who now find that they were grossly misinformed by the Municipal Research Bureau and the Good Government Association when they were told that, aside from salaries, 65 cents of every dollar that you voted for, Mr. President, and that every member of the Council voted for, went for waste, graft and corruption. There is certainly no man in this state, Mr. President, with wider experience or better qualified to go over the items of the budget than the man whom you yourself selected this year as chairman of the Committee on Appropriations, and I say to you that you are to be congratulated upon selecting a man who can look over item after item, who can bring to his work the advantage of outside information as well as knowledge obtained inside this city government, and who can question the heads of departments on each individual item in this most highly segregated budget of any state or city in this country. And yet, sir, with all this opportunity for close and intelligent study, and with all this volume of information, no suggestion has been made up to date for reducing the budget except by reducing help or cutting the salaries of those now employed. And so I say to you, sir, that whenever people in your district come to you, or when people in other districts come to other members of this Council, and say, "You must enjoy your service in the Council under the present Mayor and the present administration far more than you enjoyed it under past administrations, because you are serving under a reform administration and the 65 per cent that used to be spent for waste, graft and corruption is eliminated from the budget, the benefit of the reduction going to the home owner and the rent payer," perhaps you may be unkind enough, Mr. President, and perhaps other members of the Council may be unkind enough to say, "Well, the budget has been increased this year as compared with the budget under the former administration, the Good Government headquarters have been closed, and the men are away, and Loeffler has gone back to Cincinnati." But I would like, sir, to see this reform administration under the man who has been selected as a reform Mayor, retract the statements that were made in that last campaign. The Mayor of this city has never retracted to date what he then said, has never admitted that he was wrong when he claimed that 65 per cent of the budget represented public waste, graft and corruption. I wish, Mr. President, that these budget hearings might be extended over a period long enough so that every item might be gone over with a fine tooth comb, so that when we go back to our wards we will be honest when we say that perhaps there is a large amount in there for waste, graft and corruption, but that the reform candidate and Mayor, Mr. Mansfield, has not been able to find it, the Auditor and Budget Commissioner has not been able to find it, and one of the most able men on budgets in this state, sitting in this Council from Ward 5 and chairman of the Committee on Appropriations, has not been able to find it; that Loeffler has not been able to find it, nor the Good Government Association—now defunct, existing only in their imagination. But it must be a proud day for you, Mr. President, having appointed the man who is now sitting as chairman of that committee, a man who, if he saw anything wrong, would be honest and sincere in bringing it out on the floor of this Council, to now have it openly appear that the only way to save money in the city administration is to cut salaries or to discharge help, sir.

Coun. ROBERTS—Mr. President, I agree with my colleague from Ward 5 (Coun. Shattuck) in a number of things he has said about these two departments. I, too, have the honor of serving on the Committee on Appropriations and one year of acting as chairman of the committee, and I remember that that year we came to a similar conclusion, that the problem not only in these two departments, but throughout the city, was essentially an administrative problem. This budget was received by the Council only last week, and we have conducted hearings during the past week, and on these two departments, and the pay roll might be continued we have been obliged to report here a partial budget. In regard to the Assessing Department, I feel that it is not exactly over-manned, I feel that in these trying times there might be room for a few extra experts who might aid on the problem of adjusting valuations where there is over or under valuation. I think it is sufficiently manifest at this time, so far as we have gone into the department, at least, it is my opinion, that the department might stand a little reorganization, particularly in view of the immense amount of work before it at the present time. In regard to the Building Department, I feel that a few of the employees might conceivably be employed elsewhere in the city for the time being. Perhaps they might be properly used in the Welfare or some other department. I do not advocate the discharge of men from departments in times like these, but I think the question might well be considered of taking men from certain

departments temporarily and placing them in others where their services might be more valuable just at this time. Then, later, in the case of the Building Department, when building comes back, they can go back to their old jobs where they have seen service for a great length of time. I would also remind the Council that there is a good deal of supervision of E. R. A. work by men in this department, and that that is very necessary work. So, while I reserved my rights on this matter in committee, I simply take advantage of that fact at the present time to give my views in regard to the two departments, rather than voting against them. I certainly feel that it would be a wrong thing for a majority of the Council to hold up these departments, and that it would be a great injustice to them.

The report was accepted, and the Council voted to pass the Assessing and Building Department budgets as reported, yeas 15, nays 3:

Yeas—Coun. Brackman, Dolbert, Donovan, Englert, Finley, Fish, Fitzgerald, Gallagher, Green, Kerrigan, McGrath, Murray, Roberts, Selvitella, Tobin—15.

Nays—Coun. Norton, Shattuck, Wilson—3.

President FITZGERALD—The budget, in so far as the Assessing and Building Departments are concerned, has been passed.

PAVING OF WOODLAWN STREET.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth paving Woodlawn street, Ward 11.

Passed under suspension of the rule.

APPOINTMENT OF ADDITIONAL POLICE AND FIREMEN.

Coun. FISH offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to appoint 300 policemen to the Police Department.

Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to appoint 300 firemen to the Fire Department.

Coun. WILSON—Mr. President, I would suggest that the order with reference to the Police Department go to Executive, because I assume that we are going to shortly have the requested report which will give us a result of the stock taking in that department. That will probably show whether an order of this kind is justified in whole or in part, although I think it is.

The order referring to increase in the Police Department was referred to the Executive Committee.

The order relating to increases in Fire Department was passed under suspension of the rule.

PARK DEPARTMENT PROJECT.

Coun. DONOVAN and Coun. KERRIGAN submitted the following:

Ordered, That his Honor the Mayor be requested to submit the following Boston Park Department project to the Federal Emergency Relief Administration for approval.

Boston Park Department Project.

For the administration of public baths and beaches under the auspices of the Federal Emergency Relief Administration, from June 15 to September 15, 1935.

Scope of the Work.

1. To undertake the care and conduct of the following Park Department beaches and the houses situated thereon:

Dorchester District—Tenean Beach, Freepoint Street Beach, Savin Hill Beach.

South Boston District—Columbus Park Beach, Marine Park Beach, Head House, M and N streets.

North District—North End Park, Dewey Beach, World War Memorial Beach.

Character of the Work.

1. To remove all debris and rubbish from the beaches and keep them clean and safe, so that the public may use them.

2. To carry on the business of running the public in the bath houses and keep them clean, in order and sanitary condition.

3. To police the beaches and bath houses, enforcing compliance with the City and State Park Department regulations.

4. To police the beaches and bath houses for the purpose of seeing that no one is injured or killed, and to furnish first aid to women and children.

5. To maintain the beaches and bath houses in a safe and sanitary condition, and to see that the system of bathing is properly maintained.

6. To provide for the care of the children, and to see that they are properly supervised by 20 men, with assistance from the Federal Emergency Relief Administration, for the purpose of maintaining the beaches and bath houses in a safe and sanitary condition.

for supplying hot water for tea, cleansing nursing bottles and similar conveniences, to be in charge of a trained nurse.

7. To give instruction in the handling of boats and other small craft in order to satisfy the general demand for such training to boys and girls, and to promote contests of skill in these exercises.

8. To carry on a system of competition on all beach activities, winding up the season on August 15 with a grand carnival for children at Columbus Park.

Coun. MURRAY—Mr. President, I would like to have that order amended, inasmuch as we have a beach out in West Roxbury, at Spring street.

The amendment was accepted.

Coun. FISH—I think the order is a very good order, Mr. President. Owing to the fact that we have two beaches in my section, I would ask that my name be added to the joint order.

The order was passed under suspension of the rule.

FIVE-CENT BUS SERVICE FOR CHILDREN.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor and the trustees of the Boston Elevated Railway Company at once consider the early possibility of summer five-cent bus service for children, from Morton street, through Peabody square to Freeport street and Tenen Beach, also from Peabody square along Dorchester avenue to Carson Beach.

Passed under suspension of the rule.

CLOSING OF SUMMER SCHOOLS.

Coun. WILSON offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to reconsider any proposed action with reference to the 1935 School Department budget which would result in the closing of the summer schools of Boston during the current year or discontinuance of playground supervision work.

Coun. WILSON—Mr. President, I urge upon the School Committee reconsideration of any thought they may have in mind of taking this proposed action, and I also urge it having in mind the fact that in borrowing money last year, and apparently this year, to the sum of millions of dollars for the purpose of paying the bills of today, we are leaving as a legacy to the children of today and the children of tomorrow this burden, and that the least duty we owe them is not to deprive them of health opportunity on the playgrounds of this city nor to cause some of them to lose a year of their lives because of postponement of their graduation from school. Since we are leaving to them the legacy of our bills to pay in the future, let us at least do something for them in these other ways.

Coun. SELVITELLA—Mr. President, the continuation of this summer review school, which has been in existence for the past twenty-one years, is, I think, a very important matter. I think the councilor should be informed in regard to certain conditions that now exist. I subscribe to everything that Councilor Wilson has said in the matter of trying to impress upon the School Committee the importance of keeping in force this summer review school. As a matter of record, the total appropriation for the maintenance of the summer review school in 1934 was, for salaries \$51,309.02 and for supplies \$2,784, or a total of \$54,093.02. The number of teachers employed in 1934 was 325; the number of pupils who enjoyed the benefits of this summer review school totaled 10,468; and that number of delinquent pupils who had to attend the summer review school to make up on their studies, over 80 per cent so enrolled were either promoted or permitted to graduate. We find that the per capita cost of maintaining the summer school for high school children is \$8; for intermediate and elementary students \$6. For purposes of comparison, the per capita cost of maintaining the regular elementary schools is \$85.34, of the high schools \$132.21 and of the intermediate schools \$110.27. It is apparent, therefore, even from the standpoint of economy, that it is wise to give these delinquent students the benefit of the summer review school at its comparatively small cost, in order that they may be advanced and may save this higher cost, if they are kept over, in the regular schools. Of course, we all desire certain retrenchments in school policies as well as in the expenditure of school funds, but it would be indeed unwise to have this retrenchment at the cost of the school children of Boston, upon whom it will be necessary to expend a much larger amount for their additional year if they do not get the benefit of this summer review school which enables them to catch up and to graduate at the usual time. That is, based on the 1934 figures, 2,652 high school pupils at a per capita cost of \$132.21 would cost the city in the regular school per year \$350,620.92; the 3,680 elementary pupils in the regular schools at a per capita cost of \$85.34 would cost in a year \$315,051.20—or a total of \$665,672.12. The appropriation for the summer review school for 1934 was \$54,193.02, so that this would represent a saving through this summer school of \$611,579.10. That, Mr. President, represents an important saving to the taxpayers through not abolishing this summer review school. That is, put in simple terms, we are either going to continue the summer review school and give these

opportunities of either graduating or getting promoted to these pupils at a cost of \$54,093, or we are going to pay \$665,672 because of the fact that they have been held back for another year. If there must be a curtailment of expense, let the School Committee find it elsewhere. Don't sacrifice one year of the children's lives through a false economy.

Coun. GREEN—Mr. President, I would like to ask the gentleman who has just taken his seat how much of this money goes for salaries?

Coun. SELVITELLA—For salaries of teachers \$51,309.02 in 1934.

Coun. GREEN—I would also like to ask how many permanent teachers are teaching in these schools.

Coun. SELVITELLA—325 teachers.

Coun. NORTON—Mr. President, I am for economy, but not for a false economy. I want to congratulate the gentleman from Ward 1 (Coun. Selvittella) upon his splendid presentation of facts and figures. It is very clear that the city will save hundreds of thousands by continuing this summer review school, and to do otherwise would seem to me to be grossly unfair to the children in our Boston schools, keeping them there for an extra year, which will really mean a year out of their lives in the world.

Coun. FISH—Mr. President, I am heartily in favor of this order. I think it is a very good order. I cannot imagine cultured Boston doing anything which would injure the results to be obtainable in its schools. Boston is known all over the world for its high school standards, and I am certainly in favor of this order and that it will help in the continuance of our summer review schools.

Coun. KERRIGAN—I am heartily in accord with Councilor Wilson's order. If the summer review schools are closed it will be a calamity, so I hope the Mayor and the School Committee will do all in their power to keep the schools open in the summer months.

Coun. TOBIN—Mr. President, I feel sure that every member of the Council feels strongly on this matter, and I believe personally that we should express our views even more strongly. I would like to make the order more drastic. While, therefore, I am in favor of this resolution, I believe it should be amended so that our Committee on Appropriations may confer with the School Committee in an attempt to bring about the purpose of the order.

Coun. GALLAGHER—Mr. President, having in mind the remarks of the last speaker, as well as of the previous speakers, let me say that, as I understand it, this matter is to be taken up at the meeting of the School Committee tonight. Therefore, whatever is done must be done quickly.

I have already done some work on the matter with the school authorities, and am told that it has been discussed by the members of the body and that there is a strong probability that it will be passed at tonight's meeting. So I suggest that members of the Council, individually and collectively, get in touch with the School Committee and try to prevail on them not to make such a drastic change as would be brought about by the discontinuance of the summer review schools.

Coun. FINLEY—Mr. President, I simply wish to register myself as in favor of the order introduced by Councilor Wilson for the reasons that have been expressed by the other members of the body.

Coun. GREEN—Mr. President, I would suggest that we might refer the matter to the Executive Committee and bring Superintendent Campbell down here, and we can then find out how the thing stands. I would make that as a motion.

President FITZGERALD—The motion is out of order. We have no authority over the School Committee or its officials.

Coun. TOBIN—Mr. President, I press my motion that the order be amended so that, in addition to its language as introduced, it reads that a committee of the Council confer with the School Committee to impress upon them the importance of the action suggested in the order.

President FITZGERALD—Does Councilor Wilson accept the amendment?

Coun. WILSON—Mr. President, I understand the motion to be that through a committee of this body we get in touch with the School Committee on the matter. I have no objection to the amendment in addition to what the order already expresses, although having in view the suggestion of the President that we have no authority to call in Superintendent Campbell, as his duties lie entirely outside of the scope of this body. I suppose, as a matter of courtesy, that we might invite him to appear before the Executive Committee, and if it were possible, he undoubtedly would do it. I understand that they will probably vote upon this matter tonight.

Coun. MURRAY—Mr. President, I am in favor of all that has been said about the importance of these summer review schools, although I think the man to bring down here—and if he came it would simply be as a matter of courtesy to us—would be Alexander Sullivan, who knows more about the schools and about the expenditure for them than Mr. Campbell.

The order was referred to the Executive Committee.

OPPOSITION TO AMENDMENT OF BILLBOARD LAW.

Coun. WILSON offered the following:

Resolved, That the Boston City Council hereby opposes the provisions of the proposed act of the Legislature amending the present State law regulating billboards, especially having in mind that the provisions of the bill in question may take from the various cities and towns any right of control over the locating of billboards along the line of any public way, and also in view of the fact that provisions of the bill leave entirely in the hands of a single state official the interpretation of all rules and the granting of permits throughout the Commonwealth of Massachusetts.

Coun. WILSON—Mr. President, I would have no objection to this going to the Executive Committee, inasmuch as I would not expect any member of the Council to go on record for or against any order or resolution introduced here without having at least a chance to read it. But it may be that Mr. McMahon or some of the other attaches here may have copies of the bill dealing with this matter. I understand that there is before the Legislature a bill, supposedly a compromise bill, between those who delight in rural scenes and those who have simply the commercial interest in signs. But I believe, as the thing stands now, that the average city or town will have nothing to say about the location of billboards in their business communities, directly or indirectly. The matter will be entirely out of their hands. The question of whether there shall be billboards along the highways, the question of whether there shall be setbacks, and so on, will not even be matters of local option but will be left entirely in the hands of a so-called director who, under any administration, present or future, will be a single individual appointed by the political leader then in power. It seems to me entirely contrary to leave what should be a matter of local option in the hands of any political appointee who shall determine where a sign shall be located, how large it shall be, and where it shall be placed on the highway, inside or outside the city limits in this Commonwealth. I suggest that this be referred to the Executive Committee.

The resolution was referred to the Executive Committee.

PASSAGE MONEY FOR ALIENS.

Coun. NORTON offered the following:

Ordered, That the Board of Trustees of Public Welfare, through his Honor the Mayor, be requested to consider the advisability of furnishing passage money home for those aliens now on the city welfare rolls who desire to go home.

Coun. NORTON—Mr. President, I understand that we have 3,000 or more aliens in Boston on the Welfare Department rolls. The suggestion has been made that it might be well to consider the advisability of furnishing passage to some of the aliens who may desire to go home to their native countries. I should think it might mean a saving of money to the city, as well as acquiescing in the desire of these unfortunate people.

Referred to the Executive Committee.

TEMPORARY TEACHERS IN SUMMER SCHOOLS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the School Committee to the effect that if the Boston schools are opened this summer that temporary teachers, those who draw no pay now from the city, be given the teaching assignments.

Coun. NORTON—Mr. President, under the summer program for the Boston schools about three hundred and twenty-five teachers will receive positions. The teachers regularly assigned for the school year get their pay, anyway, during the vacation period. It does seem, with the number of teachers on the list who are unemployed in the city, that some attention should be given to the possibility of employing them in the summer months. It is, at least, a matter that seems to me worthy of consideration.

The order was referred to the Executive Committee.

QUICK ACTION ON JITNEY LICENSES.

Coun. MURRAY—Mr. President, I would like to ask the City Clerk, through the Chair, whether, if a jitney license report comes in today from the committee, it can be acted upon today under suspension of the rules.

President FITZGERALD—The rule can be suspended; yes.

Coun. MURRAY—That is what I thought. I know on occasions we have suspended the rules for City Hospital.

President FITZGERALD—Yes.

INSPECTION STAFF TO CHECK GOODS.

Coun. NORTON offered the following:

Ordered, That the Superintendent of Supplies, through his Honor the Mayor, be requested to

consider the advisability of providing in his department for a suitable inspection staff to check up on all deliveries of goods where merchandise is not now adequately checked as for quantity and quality.

Coun. NORTON—Mr. President, I understand that in our Supply Department, which spends over \$3,000,000, there are but two inspectors. I think they should have a staff that will insure proper inspection both as to quantity and quality. As we know, this question has come up recently, in connection with the cost of raw food supplies for the City Hospital. It is interesting to note that the Boston City Hospital last year, with a total average of 1,277 bed patients per day, paid out \$479,576.64 for raw food while Bellevue Hospital in New York City, handling almost double the number of patients, paid out for raw food only \$446,667.61. To my mind there should be very careful inspection by our Supply Department, and that implies a proper inspecting staff, to examine the food both as to quantity, quality and prices. Inspection seems to be the vital point of attack.

The order was passed under suspension of the rule.

EQUIPMENT OF POLICE CARS WITH FIRE EXTINGUISHERS.

Coun. NORTON offered the following:
Ordered, That the Police Commissioner of Boston, through his Honor the Mayor, be requested to consider the advisability of equipping police cars with adequate chemical fire extinguishers to handle gasoline and other small fires.

Coun. NORTON—Mr. President, the Boston Police prowl cars throughout the city often reach homes where a fire starts before the firemen get there, and will be found waiting outside. It seems to me that those cars should be equipped with some form of chemical extinguisher, so as to be able perhaps to put out small fires that have started before they get under way and without any delay.

Coun. FISH—Mr. President, I have already introduced an order for the appointment of 300 more firemen, who would be added to our fire-fighting force. It seems to me that the fighting of fires is not a police duty. Let us increase our Fire Department, so that they will be better equipped to handle fires.

The order was passed under suspension of the rule.

EXTRA AMBULANCE.

Coun. NORTON offered the following:
Ordered, That the trustees of the Boston City Hospital, through his Honor the Mayor, be requested to consider the advisability of furnishing another ambulance for service between the hours of 1 a. m. and 8 a. m.

Coun. NORTON—Mr. President, in the event of a large fire it sometimes happens that our present ambulance equipment is tied up for hours. It does seem as though there should be at least two ambulances on duty during these morning hours.

The order was passed under suspension of the rule.

LOWER ELECTRIC RATES.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to inform the Council regarding just what he has done to date in reference to lower electric light rates for Boston.

Coun. NORTON—Mr. President, I think the Mayor has today given us some light on his position through his communication asking for \$15,000 to fight for lower electric light rates in Boston. I had no information in regard to that communication at the time when I prepared this order.

The order was referred to the Executive Committee.

WASHINGTON HEADQUARTERS FOR CITY.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to confer with the Mayors of other Massachusetts cities relative to having a Washington headquarters that will vigorously present applications for Federal money and keep Boston and other cities informed daily regarding the status of the various requests for aid.

Coun. NORTON—Mr. President, one of our Boston newspapers this morning referred to the fact that our local officials were lying down, although not exactly in those words. Boston is not receiving what she should from Washington today. Cleveland last year received \$14,803,285 in an outright E. R. A. grant, while Pittsburgh, with a less population than Boston, received \$22,000,000 and Boston received but \$7,685,941. It does seem as though some of our cities should have in Washington some sort of headquarters through which they can keep in touch with the Federal situation, knowing just how matters stand—for example, on our request for funds to tear down the Elevated structure, and on various projects where we have asked for action. I don't want to add to the cost of running the city, but I do think through concerted action we should keep in better touch with

the situation in Washington, so that we may know just how we stand. I understand that Boston is one of the few large cities that does not have such contact at the present time. As one Boston paper asks editorially this morning, "Are our local officials 'lying down'?"

The order was passed under suspension of the rule.

CANNING PLANT.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of conferring with the Board of Directors of the Boston Fish Pier relative to working out a plan whereby a canning plant for fish products, operated with E. R. A. funds under the direction of the Boston Welfare Department, can be located in the Fish Pier area of Boston.

Coun. NORTON—Mr. President, during the past week officials of our Welfare Department have been trying to find some place near the Fish Pier, in that area of Boston, where a couple of hundred E. R. A. workers might be employed in canning fish, which would furnish a very important food supply for many of the people of our city. I think such a project would be a very worthy one. We see many times an extra supply of fish that cannot be sold in the market and that could be utilized in this way. It does seem as if it were a very worth-while proposition. Boston is one of the largest fish-handling and distributing centers in the world, and fish, of course, is a very important article of diet. As I say, they have been trying recently to find some place where such a plan could be put into effect. We understand that the city does not want at times like these to spend any more money than it can help, and rightly so. But here is a chance to carry out an extremely valuable work, adding to the food supply and helping out our people. I know of nothing more important than trying to feed our people this past winter, and the situation will probably be the same next winter and in succeeding winters. I believe the Mayor should wait on the Directors of the Boston Fish Corporation and impress upon them the importance of the project. I believe that the Federal Government will readily see the necessity for some such action and will see the importance of supplying the foodstuffs in this way to our needy population. We all know the position that is being taken by Harry Hopkins in regard to the furnishing of foodstuffs. We have here the finest fish in the world and the greatest Fish Pier to be found anywhere in the universe. The surplus supply at one time and another can be canned and preserved in other ways and given to people who need it in Boston. So, as I say, the Mayor should get in touch with the Directors of the Fish Corporation and put it up to them as a patriotic duty, along with the City and the Federal Government, to find a place where such a project can be put in effect, in the neighborhood of the Fish Pier, in the public interest. Fish could be readily bought at a fair price and a couple of hundred people could be placed at work preserving and canning it. This would be merely the start of an important project, and you will see a lot of things of this sort in the next five years in Boston. We do need the prestige of the Mayor to impress the importance of the thing on the officials involved, and also the importance of the work. It is something that should be properly done, of course, in the Fish Pier area.

Coun. SELVITELLA—Mr. President, this is like feeding the inmates of institutions here with frankfurts and beans four times or five times a week! I hope I will not live to see the day when they are feeding welfare recipients of this city fish day in and day out. I would like to have this referred to the Executive Committee.

Coun. FISH—Mr. President, I would like to ask the councilor from Ward 1 what he has against Fish! (Laughter.)

The order was referred to the Executive Committee.

PREFERENCE TO FORMER EMPLOYEES.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in employment at least to those old city employees, with good service records, let go during the first part of his administration.

Coun. NORTON—Mr. President, men who had been in the employ of the city for thirty-five years were let go, and something should be done about it.

The order was passed under suspension of the rule.

LICENSE FOR READVILLE AUTOMOBILE RACES.

Coun. NORTON offered the following:
Ordered, That the Chief of the Licensing Division, City of Boston, be requested to look into the matter of granting a license for automobile races at the Readville track, particularly in view of the fact that several persons were killed there last year.

Coun. NORTON—Mr. President, I understand that we are to have automobile races on the Readville track again on May 30. In the last race we

had three persons were killed because of automobiles going over the fence. I am merely asking whoever is the proper official in the City of Boston in this licensing matter to take action to protect the general public if these races are to be licensed this year.

The order was passed under suspension of the rule.

IMPROVEMENTS AT THOMAS PARK.

Coun. KERRIGAN offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to make the necessary improvements at Thomas Park, Ward 7, such as grading, loaming, etc., at the earliest possible date.

Passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 4.

Coun. ROBERTS offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Columbus avenue and Dartmouth street, Ward 4.

Passed under suspension of the rule.

REPLACEMENT OF GAS LAMPS WITH ELECTRICITY.

Coun. GALLAGHER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the gas lamps used for street lighting in Ward 22 with electric lights wherever practicable.

Passed under suspension of the rule.

PLAYGROUND AND MOTHERS' REST, WEST ROXBURY.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to include in his P. W. A. program a project for a playground and mothers' rest on the grounds of the West Department, City Hospital, in West Roxbury.

Coun. FINLEY—Mr. President, I introduce this order at this time merely as a practical suggestion for the use of this property formerly occupied by the Veterans' Hospital in West Roxbury. I have in the past introduced orders looking to use of this site in some way that would be of benefit to that community, but the trustees of the City Hospital have not always been favorable to the idea. I feel now that they will be glad to have the city take it off their hands. There is considerable agitation through the district against the establishment of a welfare camp on these grounds, and there is at the same time a petition now being circulated looking to additional playground facilities for the people of the West Roxbury district. I believe that this would make a splendid P. W. A. project. No money would be involved and no expense incurred for the land-taking, and I believe it could be made one of the finest recreational spots in the City of Boston. I hope that due consideration will be given to the matter, as I believe this can be made one of the finest spots for this sort of thing in our city.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 3:49 p. m., on motion of Coun. SELVITELLA, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President FITZGERALD at 4:51 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions referred today for children under fifteen years of age to appear at places of public amusement, viz:

Josephine Leonard, Repertory Hall, June 1; Freya Pransky, Repertory Hall, June 18, recommending that leave be granted on usual conditions. Report accepted; leave granted on usual conditions.

2. Report on order referred today regarding the employment of temporary teachers in the summer schools, recommending that order be not to pass.

Report accepted; said order reported.

3. Report on petition of Charles F. Husky referred today for retirement from other service of city, recommending passage of retirement order, viz:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of Chapter 76B of the Acts of 1914, as amended by Chapter 10 of the Special Acts of 1915, Charles F. Husky, employed in the labor service of the City of Boston in the Library Department.

Report accepted; order passed.

4. Report on order (referred today) concerning proposed closing of summer schools, recommending passage of accompanying new draft, viz.:

Resolved, That the City Council of Boston respectfully desires to register protest with the School Committee against closing the summer schools in Boston during the current year or any discontinuance of playground supervision work; and be it further

Resolved, That a copy of this resolution, as unanimously adopted by the City Council, be delivered to the School Committee forthwith.

Report accepted; said order passed in new draft.

PREFERENCE IN SUMMER SCHOOL TEACHING.

Coun. GREEN offered the following:

Ordered, That the School Committee of the City of Boston be respectfully requested, through his Honor the Mayor, to consider the advisability of giving preference in summer school work to teachers now on the temporary list.

Coun. GREEN—Mr. President, I move a suspension of the rule for the passage of the order.

Coun. SHATTUCK—Mr. President, if I understand the order correctly, it is that the School Committee consider the appointment of certain teachers for this work. It seems to me that is a matter entirely outside of our jurisdiction or responsibility. I am, therefore, opposed to the order, and I ask that when the vote is taken it be by roll call.

The rule was suspended and the order was declared passed.

Coun. SHATTUCK—Mr. President, I doubt the vote and ask for the yeas and nays.

Coun. DONOVAN—Mr. President, I believe we should give the girls on the temporary list this work in the summer period. I do not believe those teachers who are ordinarily employed should be not only given day and night schools, but also given this summer school work. So I shall vote for Councilor Green's order.

Coun. FISH—Mr. President, I doubt the presence of a quorum.

President FITZGERALD—The passage of the order has been doubted, and a roll call is in order.

The clerk called the roll on the passage of the order, with the following result:

Yeas—Coun. Doherty, Englert, Finley, Fish, Fitzgerald, Gallagher, Green, Murray, Selvitella, Tobin—10.

Nays—Coun. Shattuck—1.

President FITZGERALD—A quorum not being present, the Council stands adjourned.

The Council stood adjourned at 4.57 p. m., to meet on Monday, May 27, 1935, at 2 p. m.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT (Bridge and Ferry Division).

P. W. A. Docket 9177, Northern Avenue Bridge, extra work order No. 4.

M. F. Gaddis has been directed to perform the following extra work under the contract for repairing Northern Avenue Bridge, over Fort Point Channel. Items ordered: Straighten draw gates on both approaches, waterproof where new rails were placed, renew swinging gates at railway crossing, cutting eight top chords on drawspan for field connection. Estimated cost of extra work, \$2,500. Although this is in addition to the work contemplated in the original contract, it is incidental thereto.

POLICE DEPARTMENT ORDERS.

General Order No. 47.

A trial board consisting of Captains Gleavy, O'Connell and Mulrey, having heard by reference a complaint made by Perley S. Skillings, captain, Division 16, against Joseph P. Maloney, patrolman, Division 16, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Conduct unbecoming an officer.

Specification: In that on the 3d day of March, 1935, Patrolman Joseph P. Maloney did commit an assault and battery on one Duncan Livingston by striking said Livingston twice on the nose, drawing blood.

Charge 2: Violation of the automobile laws.

Specification: In that on the 3d day of March, 1935, Patrolman Joseph P. Maloney did operate an automobile in Beacon street, Division 14, while under the influence of intoxicating liquor,—

has submitted the following finding and recommendation:

"The Board, after carefully considering the evidence as presented by witnesses, finds the said Patrolman Joseph P. Maloney guilty on Charge 1 and specification thereunder and not guilty on Charge 2 and specification thereunder. The Board respectfully recommends that the said Patrolman Joseph P. Maloney be suspended from duty for a period of sixty days, from April 6, 1935, at 7.45 o'clock a. m., and that at the expiration of such period of suspension he be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Joseph P. Maloney be suspended from duty for a period of sixty days from April 6, 1935, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Joseph P. Maloney perform 210 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

Notice Change in Age Limit.

ASSISTANT TO THE SUPERINTENDENT OF SUPPLIES, BOSTON SUPPLY DEPARTMENT, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

Salary: \$2,400 a year.

Duties: Supervision of miscellaneous smaller purchases, except chemicals, drugs, food supplies, hospital supplies and child welfare needs. To handle numerous miscellaneous requisitions, many of which are rush orders. To obtain prices from proper sources of supply and supervise the obtaining of such prices by other members of the department assigned to assist in this work.

Entrance Requirements: Applications must be not over forty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

ASSISTANT DIETITIAN, DEPARTMENT OF MENTAL DISEASES, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

The minimum salary, with maintenance, is \$840 a year; the maximum salary, with maintenance, is \$1,080 a year. At the present time, there are two vacancies,—one at the Boston State Hospital, and one at the Danvers State Hospital.

Duties: To plan meals for an institution with an approximate population of twenty-five hundred. To requisition and conserve supplies. To supervise the preparation of special diets prescribed by physicians. To supervise the preparation, cooking and serving of food. To direct employees. To instruct pupils in the Nurses' Training School on the theory and practice of dietetics. To assume charge in the absence of the head dietitian.

Entrance Requirements: Applicants must have at least one year's experience as a dietitian in a hospital, cafeteria, dormitory, lunchroom, hotel or similar field, or graduation from a full-time three years' course of dietetics of a recognized school.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, vehicles are excluded from Somerset street, between Beacon street and Pemberton square, from 1 p. m. May 25, 1935, to 7 a. m. May 27, 1935.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEN'S CLOTHING.

The Supply Department of the City of Boston invites proposals for furnishing men's clothing to the Long Island Hospital, Institutions Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, June 11, 1935, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,
(June 1.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT,
P. W. A., DOCKET NO. 4193-L.

NOTICE TO CONTRACTORS.

Sealed proposals, addressed to the Commissioner of Public Works of the City of Boston, and indorsed "Sewerage Works in Tenean Creek, from Pope's Hill Street, 1019 Feet Northerly to Culvert under New York, New Haven and Hartford Railroad, Dorchester," will be received at Room 508, 5th floor, City Hall Annex, Boston, Mass., before 12 o'clock noon (D. S. T.), on the 18th day of June, 1935, and at that time and place will be publicly opened and read. Bids must be made upon the prescribed proposal form. Plans, specifications and contract form may be obtained at Room 508, 5th floor, City Hall Annex, Boston, Mass., upon deposit of the sum of two dollars (\$2). The project is to be financed and constructed under the terms of the National Industrial Recovery Act and chapter 366, Massachusetts Acts of 1933, and attention is called to the Construction Regulations prescribed by the P. W. A.: "Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project." No bid will be considered which does not include a Certificate of Compliance (P. W. A. Form 61) or language identical thereto. Bids must be accompanied by a properly certified check on, or a certificate of deposit issued by, a responsible bank in the sum of twenty-five hundred dollars (\$2,500), payable to the City of Boston. Checks will be returned after execution of the contract, upon demand. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any or all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the State Engineer, P. W. A. The name and address of the local registration office of the National Re-employment Service, from which employee lists for this contract shall be obtained, is as follows: State Public Employment Office (Everett L. Hanna, Manager), 100 Nashua Street, Boston, Mass.

by C. J. CARVEN,

(June 1-8.) *Commissioner of Public Works.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations in the Roxbury Memorial High School, Warren, Townsend and Deakard streets, Grove Hall, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors June 4, 1935. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, June 14, 1935, at said office, with a certified check for \$5,000, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Friday, June 21, 1935, said deposit for specifications shall be forfeited. Mutilation of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(June 1.) *Superintendent of Construction.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING ABOUT
1,000 FEET OF 8-INCH WATER PIPE IN
PROVIDENCE TURNPIKE CUT-OFF, SPRING
STREET CONNECTION, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying about 1,000 feet of 8-inch water pipe in Providence Turnpike Cut-off, Spring Street Connection, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipe in Providence Turnpike Cut-off," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, June 5, 1935, with a certified check for one hundred (100) dollars payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(June 1.) *Commissioner of Public Works.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN TENNIS
ROAD, FROM 750 FEET NORTHWEST OF BLUE
HILL AVENUE, 150 FEET NORTHWESTERLY,
DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Tennis road, from 750 feet northwest of Blue Hill avenue, 150 feet northwesterly, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Tennis Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, June 10, 1935, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

(June 1.) *Commissioner of Public Works.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GRANITE
EDGESTONES.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, as required, granite edgestones. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty cents (\$0.20) for each proposal taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Monday, June 10, 1935, at 12 m., at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,

(June 1.) *Superintendent of Supplies.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF
FERRYBOAT "CHARLES C. DONOGHUE."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Charles C. Donoghue." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Charles C. Donoghue,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, June 11, 1935, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (\$2) dollars for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,

Unless otherwise noted, "Total Credits" equals budget appropriations for 1934.

1 \$17,795.52 balance from 1933 and \$92,747.86 income received from Commonwealth of Massachusetts.

2 \$981,391.60 balance from 1933.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, \$158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (*viz.*, 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing 4½ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capita are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (*i. e.*, 10.3 per cent) over 1920. Of said total, 2,940,335 (*i. e.*, 69.19 per cent) were in the cities and 1,309,279 (*i. e.*, 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

POPULATION OF UNITED STATES, 1930.

Total inhabitants of continental United States, 122,775,046, or 62,137,080 males and 60,637,966 females. Total native white, 95,497,800 or 48,010,145 males and 47,487,655 females; native white of native parentage 70,136,614 or 35,460,001 males and 34,676,613 females; native whites of foreign parentage, 16,999,221 (8,438,676 males and 8,560,545 females); native whites of mixed parentage, 8,361,965 (4,111,468 males and 4,250,497 females); foreign-born whites, 13,366,407, or 7,153,709 males and 6,212,698 females; total foreign white stock, 38,727,593, or 19,703,853 males and 19,023,740 females; Negroes, 11,891,143, or 5,855,669 males and 6,035,474 females; Mexicans, 1,422,533, or 758,674 males and 663,859 females; Indians, 332,397, or 170,350 males and 162,047 females; Japanese, 138,834, or 81,771 males and 57,063 females; Chinese, 74,954, or 59,802 males and 15,152 females; all others, 50,978, or 46,960 males and 4,018 females.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females); total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

AIRPORTS AND LANDING FIELDS IN THE UNITED STATES.

The latest report of the Aeronautics branch of the Department of Commerce, dated January 1, 1934, states that there were 2,188 airports and landing fields in the United States on that date, an increase of 71 since January 1, 1933. These figures do not include new airports which are being established in the various states by the State Civil Works Administration Committees.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JUNE 8, 1935.

No. 23

MAYOR MANSFIELD VETOES ITEMS IN SCHOOL DEPARTMENT BUDGET TOTALING \$343,008 AND CALLS FOR REDUCTIONS TO MEET CUTS — POINTS OUT ECONOMIES THAT CAN BE MADE TO MEET SITUATION AND KEEP TAX RATE FOR THE CITY AT \$37 PER THOUSAND OF VALUATION — LEAVES SCHOOL BUDGET AT \$17,080,092 — TAX RATE WILL THUS BE REDUCED BY 20 CENTS.

The following statement was issued by Mayor Mansfield in calling for reductions in School Department Budget for 1935:

BOSTON, June 4, 1935.

To the Members of the School Committee.

GENTLEMEN,— I beg to acknowledge receipt of four appropriation orders (or school budget) adopted for the fiscal year 1935 by your committee at a meeting held on Monday evening, June 3, 1935. After considering the expenditures proposed therein I notify you, in accordance with the provisions of section 2 of chapter 206 of the Acts of 1919 and section 4 of the City Charter, that I have disapproved, in part, and reduced, certain of the items included in these orders. These items are indicated in the following table:

1. Watchmen in school buildings	\$23,500
2. Vocational guidance	18,500
3. Alteration and repair of school buildings	110,000
4. Extended use of public schools	30,580
5. Directors, supervisors, etc., in certain departments	68,792
6. Physical education (certain items)	57,576
7. School hygiene (certain items)	34,060

\$343,008

I suggest that the above reductions should be made in the school budget of 1935 for the following reasons:

1. Watchmen in School Buildings.

Recently for the first time in the history of the city and of the School Committee twenty-five night watchmen were appointed to guard twenty-five important schools against vandalism, fire, malicious mischief and the like. These men are paid \$35 per week. It seems to me to be a wholly unnecessary expense and one that could well be saved at this time. I am informed that school buildings can be protected by insurance at the rate of \$11.25 per thousand from vandalism and malicious mischief. Thus, for a sum of about \$1,400 yearly, protection in the total sum of \$125,000 for the twenty-five schools would be given, whereas the salaries of the new night watchmen amount yearly to roughly \$43,000. By eliminating these night watchmen as of July 1, a saving of \$23,500 could be effected and I suggest reducing this item by that amount. If \$2,500 would be considered a large enough coverage for each school the yearly premium would be about \$700 and would afford greater protection than any loss that has ever been suffered by vandalism and malicious mischief. In this connection I beg to say, also, that welfare employees might be engaged to watch over these schools at no cost whatever to the citizens of Boston.

2. Vocational Guidance.

I recommend the entire abandonment of this department as of September 1, 1935, which would effect a saving of \$18,500. There are in this division a director, six instructors and nine assistants and apparently they do nothing which cannot be better done by the home room teacher, who really knows the pupils better than the alleged vocational guides. When work is plentiful and there are more jobs than there are applicants, so that the applicant may exercise some choice in the kind of employment he prefers, then a vocational guide might be of assistance to him. But in these times when there are hundreds of applicants for each job and persons who have been intensively trained for one kind of work are only too happy to obtain employment in any other capacity which offers itself, it seems plain that a vocational guide is wholly unnecessary.

(Continued on page 811.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, June 10, 1935, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 1, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; Number of deaths (stillbirths excluded): Residents, 176; nonresidents, 47; total, 223.

Death rate per 1,000 of population. All deaths, 14.52; nonresidents deducted, 11.46.

Death rate per 1,000 population:

Last week, 16.28; corresponding week last year, 14.91.

Deaths by age periods, sex, etc.: Under one year, 24; one year to four years, inclusive, 4; sixty years and over, 106. Total deaths: Male, 116; female, 107; deaths in hospitals and institutions, 147; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

SCHOOL COMMITTEE BUDGET.

(Continued from page 809.)

3. ALTERATIONS AND REPAIRS.

The budget carries appropriations for this item in the amount of \$1,210,000. This is practically the same amount as was appropriated in 1932, when the same salary rates as exist today were in effect. In 1932 no funds were available from outside sources to meet the cost of maintaining the school plant and structures. In the last thirteen months, however, approximately \$825,000 has been dispersed by the Federal Government to meet the wages of mechanics and others employed on E. R. A. projects in the rehabilitation of school property. In the light of this heavy expenditure it would seem that school buildings and property should be in better condition now than ever before. Under the circumstances, therefore, I feel that the disapproval of \$110,000 an amount which is only 13 per cent of the wage distribution previously mentioned, is very moderate.

4. EXTENDED USE OF PUBLIC SCHOOLS.

I respectfully suggest that the allotment for this purpose be reduced by the sum of \$50,580. The very name of this department implies that its work is apart from regular school work and since funds are available only for school necessities the activities of this department could well be curtailed without interfering with the efficiency and service to the public of the school system. I am informed, for example, that such extraneous subjects as dancing, golf and bridge are taught at these school centers. The salaries of school center directors, custodians, director, and various supplies and incidentals used in this department could, and ought to be saved. There are other objections to the use by the public of school halls, chief among which is the complaint of taxpayers who have halls to rent and are unable to do so because school halls are supplied practically free of charge excepting for a nominal sum for janitor service, heat, electric light, etc.

5. MANUAL ARTS DEPARTMENT.

This department seems to me to be overmanned and a saving of \$57,136 could and ought to be effected in this department. It has one director, an associate director, four assistant directors, a shop supervisor, a first assistant, and 156 shop foremen, instructors, etc. I feel that the work of this department has been greatly over-emphasized, that much less supervision is necessary and that the training school for teachers of mechanic arts could be abandoned at least for the present. Extensive savings could easily be made in this department without impairing the efficiency of the school system.

MUSIC DEPARTMENT.

This is another department which seems to me to be overmanned. It has a director, eight assistant directors, twelve other assistants, and five supervisors. In this department I suggest that a total of \$10,000 could be saved by reducing at the beginning of the next school year, the quota of supervisors and directors, and reducing the number of instructors of bands or orchestras.

6. PHYSICAL EDUCATION.

I think there are too many assistants in this department. The Park Department of the City of Boston provides facilities which apparently are duplicated

in this department of the school system. I suggest here a saving of \$57,576 to be secured by reducing the quota of supervisors, physical education teachers, playground teachers and custodians, and supplies and incidentals.

7. SCHOOL HYGIENE.

I feel that a reduction of \$63,716 can be made in this department by reducing the quota of supervisors, school physicians and nurses, eliminating the supervisors of health education and the sanitary inspector. Sanitation in school buildings would appear to be a function of the School Buildings Department and such inspection is also provided by the Health Department. School physicians and nurses work only forty weeks during the year, hence it would not appear unreasonable to require that during the school year a greater number of visits and inspections should be made by each individual. Increasing the number of visits and inspections would permit the reduction in numbers proposed.

There are before me for consideration four appropriation orders or budgets. That which provides for the cost of administration of the Department of School Buildings in connection with the rent of buildings for schools and for rent of hired accommodations is approved, as is also the appropriation to provide for the cost of administration of the Department of School Buildings in connection with alterations and repairs.

The reductions which I have suggested fall within the other two appropriation orders. These suggested reductions amount to \$343,008. If they are accepted by your committee a reduction of 20 cents in the tax rate of the city will result and the declaration of a rate less than \$37 will be possible. The grand total of the four orders, namely, \$17,423,100, is reduced by that sum, which, deducted from the grand total, leaves an approved budget grand total of \$17,080,092. I am returning the two appropriation orders which I have not approved.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

MAYOR MANSFIELD SCORES COUNCILORS FOR REJECTION OF LOAN ORDER.

The following statements were issued by Mayor Mansfield following the action by the City Council in rejecting the loan order for \$6,000,000 sought for welfare relief.

It is just a waste of breath for these councilors to attempt to justify their rejection of the \$6,000,000 loan order. Despite all efforts to avoid the real issue the fact remains that if their will prevails the budget will be reduced by \$6,000,000 and practically every dollar of it must come out of personnel. In other words, city activities would be curtailed and many city employees would be laid off, suspended or discharged.

As for the challenge to debate I am too busy to waste my time bandying words with crackpots.

ON COUNCILOR SHATTUCK.

Councilor Shattuck's defence is the most extraordinary thing I have ever read. He does not attempt to justify his vote to cut the \$6,000,000 out of the budget but instead blames the four members of the Council who did not attend the meeting. He says in effect that if

those members were present there would have been enough members to overcome the effect of his vote and that of the other three members who voted with him. This is fourth dimensional reasoning which the ordinary citizen will find it difficult to follow. To follow this reasoning to its logical conclusion would mean that any man who committed an unlawful or improper act could escape the consequences, by blaming the authorities because there was no officer to prevent him from doing it.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 15-inch pipe in Conley street, between Norwood street and 100 feet easterly, in the Dorchester district, at an estimated cost of \$990.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the orders of the Street Commissioners and Mayor of December 17, 1932, and June 14, 1933, determining damages caused by the making of the public improvement, consisting of the laying out of Royen (Calvin) road under date of December 17, 1932, and Westchester (Winchester) road under date of June 14, 1933, be, and the same hereby is, amended, by striking from said order the amount \$150 awarded to Caroline A. Crooker in said order and inserting in place thereof the amount \$500; that the amount \$500 be, and the same hereby is, awarded to Caroline A. Crooker for the damages so sustained.

CIVIL SERVICE EXAMINATIONS. (STATE.)

ASSISTANT DIETITIAN, DEPARTMENT OF MENTAL DISEASES, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

The minimum salary, with maintenance, is \$840 a year; the maximum salary, with maintenance, is \$1,080 a year. At the present time, there are two vacancies, one at the Boston State Hospital, and one at the Danvers State Hospital.

Duties: To plan meals for an institution with an approximate population of twenty-five hundred. To requisition and conserve supplies. To supervise the preparation of special diets prescribed by physicians. To supervise the preparation, cooking and serving of food. To direct employees. To instruct pupils in the Nurses' Training School on the theory and practice of dietetics. To assume charge in the absence of the head dietitian.

Entrance Requirements: Applicants must have at least one year's experience as a dietitian in a hospital, cafeteria, dormitory, lunchroom, hotel or similar field, or graduation from a full-time three years' course of dietetics of a recognized school.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertisers for proposals for alterations in the Jeremiah E. Burke High School for Girls. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, June 11, at 2 p. m.

TRAFFIC COMMISSION.

Approval has been given to employ Thomas H. Carr, as traffic engineer at \$4,000 a year, from June 7.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon May 31 the Mayor approved a contract with the Samuel J. Tomasello Corporation for laying sheet asphalt pavement in Savin Hill avenue, Ward 13, from bridge over railroad to Evandale terrace and from bridge over railroad to 120 feet south of Denny street, P. W. A. Docket No. 4205-G. The following bids were received May 21:

Sheet Asphalt.—Samuel J. Tomasello Corporation, \$24,992.40; Baker Matz & Co., \$26,533.40; Keystone Engineering and Contracting Company, \$26,695.80; Martino DeMatteo, \$28,709.20.

Bitulithic.—Warren Brothers Roads Company, \$28,709.30.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms as indicated for labor, supplies, etc. Communications from the heads of the several departments were as follows:

PARK DEPARTMENT.

May 31, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully asked to award, without advertising, a contract for the reconstruction and removal of the dangerous road condition at Jamaica way, 600 feet north of Willow Pond road, to the John McCourt Company, 910 Huntington avenue, Boston, for the approximate sum of \$2,950, same to be charged to the special appropriation "Reconstructing and Repairing Parkways and Roadways by Contract."

The dangerous condition at the corner of Jamaica way near Willow Pond road, brought to light especially since the death of the motorcycle officer there a few weeks ago, would warrant radical changes in the contours and profile of the present roadway. It is planned to make this change in this sharp curve by changing the roadway from a crowned roadway to a banked roadway, and the removal of the adjacent ledge so as to make motor conditions safer, and to minimize the danger of any other serious accidents at this dangerous curve.

The reason for this action and the request for the awarding of this contract, without advertising, is that the Board believes that it is for the best interests of the city to make immediate changes at this dangerous curve, and as the John McCourt Company has the contract for asphalt paving in the department, the contract for the removal of the ledge and reconstruction of this roadway should be given to this company.

Under this contract that is to be awarded, without advertising, the John McCourt Company is to make the necessary changes in the grade, contours and lines at this corner. After the changes have been made in the grade, contours and lines, etc., the top surface for the roadway will be laid under the John McCourt Company's regular contract

now in force—for repairing bituminous pavements in the Park System.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

PUBLIC WORKS DEPARTMENT.

May 29, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On December 6, 1934, I transmitted to you copies of contracts between the city and the Boston Consolidated Gas Company for furnishing illuminating gas for street lighting and for equipment and the lighting and extinguishing of gas lamps for street lighting in the city for a term of five years beginning January 1, 1935, for your approval and that of the City Council. I understand that the City Council has not yet acted on said contracts.

In order that there may be no interruption in the service of lighting the city streets, I hereby respectfully request your authority to award the following contracts without inviting proposals therefor by advertisement,

1. Contract for furnishing illuminating gas for street lighting to the Boston Consolidated Gas Company for a term of one month from June 1, 1935, at the present rate of \$8.42 per lamp per year for single burner, 60 candle power lamp.

2. Contract for equipment and the lighting and extinguishing of gas lamps for the City of Boston, excluding Hyde Park, to the Boston Consolidated Gas Company for a term of one month from June 1, 1935, at the present rate of \$14.70 per lamp per year, with the provision in each of said contracts that, in the event that the five-year contracts above mentioned, are given the approval necessary to make them effective, the payments made under the one month contracts shall be credited as payments on the respective five-year contract.

Respectfully,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

May 27, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—In order that F. E. R. A. projects may be carried on with as little delay as possible, I believe that the purchasing of material and equipment for these projects should be handled on an emergency basis.

I therefore respectfully request that you approve an award, without public advertising for bids, to R. E. Cuniff, Incorporated, for approximately 7,000 cubic yards of loam, required by the Park Department, on Requisition No. A-649, Project No. 2235-B15-251. Bids were received as follows:

Price per Cubic Yard.—M. McGinnis, \$1; Coleman Corporation, 99.5 cents; R. E. Cuniff, Incorporated, 98 cents; J. A. Singarella, \$1.23.

Total.—M. McGinnis, \$7,000; Coleman Corporation, \$6,965; R. E. Cuniff, Incorporated, \$6,860; J. A. Singarella, \$8,510.

10 Days' Discount.—M. McGinnis, $\frac{1}{2}$ per cent; Coleman Corporation, 1 per cent; R. E. Cuniff, Incorporated, 2 per cent; J. A. Singarella, 2 per cent.

Total Net.—M. McGinnis, \$6,965; Coleman Corporation, \$6,895; R. E. Cuniff, Incorporated, \$6,722.80; J. A. Singarella, \$8,435.

R. E. Cuniff, Incorporated, is the low bidder at 98 cents per cubic yard, less 2 per cent net, total amount of award, \$6,722.80.

Respectfully,

WARREN W. LOOMIS,
Superintendent of Supplies.

FIRE DEPARTMENT ORDERS.

General Order No. 26.

I. FIREMEN'S MEMORIAL SUNDAY.

Firemen's Memorial Sunday will be held on Sunday morning, June 9, 1935.

A detail, consisting of two men from each district, will act as an escort to the various organizations participating in the memorial exercises. The detail will report to the Chief Marshal, John L. McLaughlin of Engine Company 26, in front of Fire Department Headquarters, 60 Bristol street, at 9.30 a. m.

The detail will include the trustees or members of the Charitable Association, Boston Fire Department, who are on duty that day. The regulation uniform, with sack coat and white gloves, will be worn on this occasion.

Members who are on the night tour of duty Saturday, June 8, 1935, and who are to participate in the services, will be excused from roll call if relieved by members of the oncoming shift prior to 8 o'clock Sunday morning.

Members of the department who are on a day off or who are on the off-tour of duty on Sunday, June 9, 1935, are invited to participate in the memorial exercises, and it is hoped that a large number will avail themselves of the opportunity to honor the memory of the deceased members of the department.

Members of the department who are on the committee on arrangements will be granted sufficient time to attend to their committee duties and those members of the committee who are working on Sunday, June 9, will be excused from duty on that day.

II. CHARLES ELSESSER.

It is with deep regret that the Fire Commissioner announces the death of Engineer Charles F. Elssesser of the High Pressure Division on Tuesday, May 28, 1935. Engineer Elssesser was appointed to the department on April 17, 1896, and was promoted to Engineer on September 9, 1910.

The funeral was held from his late residence, 211 Linden street, Everett, at 8.15 a. m., Friday, May 31, 1935, followed by services at the Church of the Immaculate Conception, Everett, at 9 a. m.

A detail from this department, under command of Supervisor of High Pressure Service Winfred C. Bailey, acted as a funeral escort.

III. NAMES OF CITY EMPLOYEES.

In accordance with chapter 133 of the Acts of 1922, the superintendents of the Wire Division, Fire Alarm Division, Fire Prevention Division, Maintenance Division and company commanders will have the accompanying blanks filled out with the name, residence by street and ward, designation, compensation, date of appointment to present position and date of first entry into the employ of the city of all men under their command, as of June 1, 1935.

These lists must be forwarded to headquarters not later than Friday, June 7, 1935.

The names of deputy and district chiefs are not to be placed on these lists.

The lists must be typewritten. The names of the persons on each sheet should be arranged in their proper order, according to the nature of their employment. If the nature of the employment of two or more persons is the same and they receive the same salary their names should be arranged in alphabetical order.

Enter names thus: "John H. Smith"—not "Smith, John H." Give first names in full and middle initial if any, except in the following cases:

(a) If a person in signing his name customarily uses the initial of his first name and his second name in full (for example, "J. Henry Smith") enter his name in that way.

(b) If a person ordinarily uses both his given names (for example, "John Henry Smith") enter the name in that way.

Give not only the street on which the person resides, but also the number on that street and the ward.

Give Civil Service rating in all cases under "Designation."

If compensation is fixed at annual rate give the compensation per year. If compensation is fixed on the per diem basis enter it that way. Do not, in any case, give the compensation per week.

Under the heading "Date of Election or Appointment" will be placed the date of the last promotion, excepting hosemen, laddermen and assistant engineers, in which case the date of their original appointment as probationers in the department will be entered. If a member has been reinstated in the department or was in the employ of the city in some other department, prior to entering the Fire Department, the date of his last appointment should appear under "Date of Election or Appointment" and the date of his first appointment in the column so designated.

In giving the month, write the month. Do not use figures. The customary abbreviations for the month may be used.

The preparation of these lists is a matter of importance to which officers must give prompt and careful attention. Commanding officers should read carefully the instructions on the back of these lists.

Members of the department who have moved recently and who have not forwarded to this office the change of address are instructed to do so at once.

IV. NEW FIRE ALARM BOXES.

The following new fire alarm boxes will shortly be established:

Box 6252, Waldemar avenue, near Walley street; to be connected into circuit No. 29. Assignments will be the same as for Box 6251.

Box 6253, Waldemar avenue, at entrance to Suffolk Downs; to be connected into circuit No. 6. Assignments will be the same as for Box 6251.

V. COMMENDATIONS.

The Fire Commissioner is in receipt of the following letter from the Rev. J. J. O'Donnell, Pastor of St. Ann's Church, Neponset, which he is pleased to publish for the information of the department.

HON. EDWARD F. McLAUGHLIN,
Fire Commissioner.

MY DEAR MR. COMMISSIONER, As no doubt you already know, we had a fire recently in St. Ann's Convent here. When one has witnessed the speedy response to the call and the efficient and, at the same time, careful way in which

the fire was handled, it is easy to understand just why the Boston Fire Department enjoys and deserves its splendid reputation.

I take this occasion to compliment and thank you and your department for the splendid work done. The fire and the consequent damage were both small due to the speed and efficiency of your department.

Sincerely yours,

J. J. O'DONNELL.

May 29, 1935.

The Fire Commissioner is in receipt of the following letter from Mrs. Henrietta Sutherland, 11 Mt. Pleasant street, Hyde Park, which he is pleased to publish for the information of the department:

May 30, 1935.

HON. EDWARD F. McLAUGHLIN,
Fire Commissioner.

MY DEAR MR. McLAUGHLIN,—My family and I want to extend our hearty thanks to you and your department for the prompt and efficient manner in which your men of the Hyde Park station extinguished the blaze at our residence on Monday afternoon, May 27. It was through their fine efforts that the fire was checked so promptly.

Many thanks for maintaining such a fine department.

HENRIETTA SUTHERLAND,

Hoseman William P. Burke of Engine Company 53 is hereby commended for responding to and working at fire, Box 354, two alarms, May 14, 1935, while off duty.

Apparatus Operator Edward F. Macomber of Engine Company 12 is hereby commended for extinguishing a fire at 112 Emerson street, South Boston, May 16, 1935, while off duty.

Lieut. Daniel Gill of Engine Company 49 is hereby commended for responding to and working at fire, Box 2482, May 20, 1935, while off duty. Lieutenant Gill had practically extinguished the fire before the arrival of the apparatus.

Hoseman Arthur W. Howard of Engine Company 32 is hereby commended for extinguishing a fire in an automobile in Everett on May 26, 1935, while off duty.

Hoseman Thomas P. Brennan of the Maintenance Division is hereby commended for responding to and working at fire, Box 1643, May 28, 1935, while off duty.

Hoseman Everett J. Hassell of Engine Company 48 is hereby commended for responding to and working at fire, Box 3753, May 30, 1935, while off duty.

By order of Fire Commissioner EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

CONTRACT AMENDED.

D'Amore Construction Company has been allowed to amend the contract for additions and alterations to the East Boston High School by striking out the words "within eight months from the date of the contract" on page 8, Article II, and substituting therefor the word and figures "August 15, 1935," so that said Article II on page 8 shall read: "The contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before August 15, 1935, and shall be liable on damages for any failure to do so, all as defined in the specifications."

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to Proprietors of Forest Hills Cemetery, bounded:

Northeasterly by Morton street, ten feet; southeasterly by other land supposed to belong to said Proprietors, by three measurements, thirty-two and 88-100 feet, three hundred seventy-nine and 91-100 feet and twenty-one and 18-100 feet; northeasterly by the same, by six measurements, two hundred six and 16-100 feet, two hundred fifteen and 57-100 feet, two hundred fifteen and 67-100 feet, one hundred ninety-one and 7-100 feet, one hundred ninety-four and 79-100 feet and three hundred ninety-five and 33-100 feet; northwesterly by the same, by two measurements, one hundred thirty-six and 45-100 feet and fourteen and 23-100 feet; again north-easterly by Morton street, eight feet; southeasterly by other land supposed to belong to said Proprietors, by two measurements, twelve and 7-100 feet and one hundred thirty-six and 61-100 feet; again northeasterly by the same, by two measurements, one hundred thirty-six and 15-100 feet and ten and 71-100 feet; southerly by Canterbury street, eight and 2-100 feet; southwesterly by other land supposed to belong to said Proprietors, by eight measurements, nine and 13-100 feet, one hundred thirty-five and 40-100 feet, four hundred and 89-100 feet, one hundred ninety-seven and 22-100 feet, one hundred eighty-nine and 83-100 feet, two hundred fourteen and 33-100 feet, two hundred fourteen and 43-100 feet, and two hundred twenty-three and 58-100 feet; northwesterly by the same, eight feet; northeasterly by the same, ten feet; northwesterly by the same, by three measurements, twenty-two and 79-100 feet, three hundred eighty-four and 13-100 feet and twenty-nine and 48-100 feet, containing seventeen thousand three hundred and eighty-one square feet, more or less.

The sewerage works to be constructed are as follows: 2,170 linear feet of 24-inch pipe surface drain, in the above described premises, being private land between Morton street and Canterbury street.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in private land between Morton and Canterbury streets, West Roxbury district, under the order of the Board of May 28, 1935, and awards no damages therefor.

Proprietors of Forest Hills Cemetery, 17,381 square feet, nothing.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighers of Goods: John Dunn, 8 Belmont street, Newton, Mass.; John J. Mills, 33 Anderson street, Boston.

Weighers of Coal: John Kelley, 15 Newbern avenue, Medford, Mass.; Francis P. Emerson, 490 Columbia road, Dorchester.

Severally laid over a week under the law.

ROSLINDALE TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit two letters from the Boston Traffic Commission, relative to your orders of May 6, 1935, respectively concerning:

1. Proposed installation of traffic signals at the intersection of Washington street and Metropolitan avenue, Roslindale.

2. Proposed installation of traffic signals at the intersection of Washington and Beech streets, Roslindale.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, May 20, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 6, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Washington street and Metropolitan avenue, Roslindale."

There are no funds available at the present time for the installation of the above signals.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, May 20, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 6, 1935, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Washington and Beech streets, Roslindale."

There are no funds available at the present time for the installation of the above signals.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

REPLACEMENT OF GAS WITH ELECTRIC LAMPS.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Commissioner of Public Works, relative to your order of April 29, 1935, concerning the replacement of the present gas street lamps with electric lights.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department, May 21, 1935.
Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of May 10 with attached City Council order dated April 29, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present gas street lamps with electric lights."

and to state that of the 9,537 lamps in service in Boston the Edison Electric Illuminating Company can replace only 4,419 gas lamps, for which the price per lamp per year as established by the Massachusetts Department of Public Utilities, namely, \$20.50, will agree with the Boston Consolidated Gas Company prices as bid of \$20.50.

The cost of replacement of this number of lamps with the necessary pole brackets, wiring, etc., is borne by the Edison Electric Illuminating Company. There are in addition 117 gas lamps for fire alarms which can be replaced with electric lamps at a price of \$24 per year per lamp, an increase of \$3.50 per lamp yearly, or a total increase cost of \$409.50 yearly for changing 117 gas lamps to electric lamps.

In streets where the Edison conduits are underground there are 246 gas lamps which can be replaced with Edison lights at the same price, namely, \$20.50, but for this installation the city will have to pay for the electric lamp-posts at a price of \$54 per post, or an initial cost of \$13,284. The remaining 4,755 gas lamps cannot be changed. The contract under consideration with the Boston Consolidated Gas Company is the cheapest and most expedient for Boston to consider at the present time.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Referred to Committee on Municipal Lighting.

PROPOSED PARK IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit four letters from the Boston Park Commission, relative to your orders of May 6 and 13, 1935, respectively concerning:

1. Orders of May 6, 1935:

(1) Proposed planting of trees on Gloria road and Midvale road, Ward 20.

(2) Proposed raising of dilapidated frame building on the Chestnut Hill Playground.

2. Orders of May 13, 1935:

(1) Proposed planting of trees on the Reverend Thomas W. Buckley Playground.

(2) Furnishing hot water for all shower baths in places under the control of the Park Department in Ward 1.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, May 22, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 14 with inclosure order from the City Council that the Park Department be requested to arrange for the planting of trees on Gloria road and Midvale road.

It will be a pleasure to add these streets to our long lists of areas to be planted providing conditions will warrant same.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 22, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 14, 1935, with inclosure, order from the City Council that the Park Department be requested to raze the dilapidated frame building now standing on the Chestnut Hill Playground.

At the present time this building is being used as an E. R. A. headquarters for the men employed on this project. Serious consideration will be given to the request that said building be razed upon completion of the project.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 24, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 22, with inclosure, order from the City Council that the Park Commission be requested to plant trees on the Reverend Thomas W. Buckley Playground, Ward 6.

This is a small children's playground, the surface of which is granolithic, and experience has shown us that it is inadvisable to place young trees on small playgrounds. I will, however, make a personal investigation and if it is possible to comply with the request, for the best interests of the department, same will be attended to.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, May 24, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 22, with inclosure, order from the City Council that the Park Commission be requested to furnish hot water for shower baths under the control of the Park Department in Ward 1.

Please be assured that the shower baths will be continued in the various properties under our jurisdiction.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

DEBT REQUIREMENTS ON TRAFFIC TUNNEL.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I submit herewith an appropriation order providing for the current year's Debt Require-

ments on Traffic Tunnel, Series B Bonds. These requirements will be met by the revenue from traffic tunnel tolls, and therefore will not affect the tax rate of the current year. I recommend after consideration of the attached recommendations that the allowances finally determined by your Honorable Body be incorporated as a part of the entire budget now under consideration.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the table hereinafter set out be, and the same are hereby, appropriated for the purposes hereinafter stated, that the same be met by income from traffic tunnel tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935, and that all orders hereafter passed by the City Council relating to appropriations apply to the appropriations herein provided for.

Traffic Tunnel, Series B Debt Requirements.

F. Special Items..... \$143,566 00

3. Sinking Fund..... \$36,066 00
5. Interest..... 107,500 00

Referred to Committee on Appropriations.

MEMORIAL TO COL. GEORGE F. H. MURRAY.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Superintendent of Public Buildings, relative to your order of April 22, 1935, concerning the designation of a suitable place in the South Boston Municipal Building for the placing of a bronze tablet in memory of the late Col. George F. H. Murray, 9th Massachusetts Infantry, U. S. V., and Past Commander-in-Chief of the United Spanish War Veterans.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
May 22, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—In accordance with the attached order of the City Council, I have conferred with the chairman of the Art Commission and with John J. Sheehan of the Department of Massachusetts, U. S. W. V., and we have agreed on a suitable space in the South Boston Municipal Building for the placing of the tablet in memory of the late Col. George F. H. Murray, 9th Massachusetts Infantry, U. S. V., and Past Commander-in-Chief of the United Spanish War Veterans.

It is my understanding that the dedicatory exercises are to be held on Sunday, June 2, 1935.

Respectfully yours,

ROSSELL G. HALL,

Superintendent of Public Buildings.

Placed on file.

APPROVAL OF CONSTABLES' BONDS.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

Henry Atwood, Edgar F. Callahan, Louis Goldberg, Samuel Goldkrand, Thomas J. Hayes, Richard Hegarty, Charles H. Jackson, Spiros Kaliris, John Milgroom, Frank J. Staula, John Suulich, Joseph Todisco, Aber Uekerman.

ELECTION OF SECRETARY OF BOARD OF ASSESSORS.

Notice of the election of Timothy W. Murphy as secretary of the Board of Assessors for calendar year was received.

Placed on file.

NUMBER OF POLICE, ETC.

The following was received:

City of Boston,
Office of the Mayor, May 27, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Police Commissioner, relative to your order of April 22, 1935, concerning the number of police officers in the various grades and further particulars as to their assignments.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Police Department, May 24, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,— Complying with the order of the City Council of recent date, forwarded by your office, requesting:

- (1) Information as to numbers in certain ranks of the police personnel;
- (2) Their assignment to duties listed in questionnaire submitted;
- (3) Numbers of motorcycles and "prowl" cars;
(the above information as of March 1 for years 1926 to 1935, inclusive); and
- (4) New men appointed to the department during the years 1926 to 1935, inclusive, I submit the following:

Questions 1 to 5, inclusive, in order of the City Council, officers and men on the Police Force, showing numbers in ranks of captain, lieutenant (including lieutenant-inspector), sergeant and patrolman, answered as follows:

TOTAL FORCE.

Figures as of March 1 of Each Year.

	1926.	1927.	1928.	1929.	1930.	1931.	1932.	1933.	1934.	1935.
	1,982	2,291	2,265	2,282	2,434	2,427	2,341	2,272	2,215	2,172

These figures of Total Force include other superior officers than those listed as follows:

	1926.	1927.	1928.	1929.	1930.	1931.	1932.	1933.	1934.	1935.
Captains.....	30	30	29	30	29	29	28	19	17	21
Lieutenants and lieutenant-inspectors.....	68	67	69	70	71	68	68	72	71	70
Sergeants.....	165	165	171	177	184	186	180	187	177	184
Patrolmen.....	1,714	2,024	1,992	2,001	2,146	2,140	2,061	1,990	1,946	1,892

Questions 6 to 12, inclusive, dealing with assignments to certain duties of the police personnel and the numbers of motorcycles and "prowl" cars.
Harbor service added, and numbered 12 "B."

Letter "S" stands for "Sergeants," and letter "P" stands for "Patrolmen."

Inside workers, accounted for in Question 6 below, include men detailed on signal desks, clerks, officers working on licenses and tag records, garage, hospital, auto maintenance, liquor and ballistics activities.

Figures as of March 1 of Each Year.

	1926.	1927.	1928.	1929.	1930.	1931.*	1932.	1933.	1934.	1935.
6. Sergeants and patrolmen assigned to inside duty at station (or unit).	S. 28 P. 160	S. 28 P. 167	S. 31 P. 167	S. 28 P. 173	S. 29 P. 187	S. 34 P. 200	S. 28 P. 230	S. 22 P. 239	S. 29 P. 249	S. 21 P. 250

12. "B" Sergeants and patrolmen assigned to boats on Harbor patrol.	S. 3 P. 15	S. 3 P. 16	S. 2 P. 13	S. 3 P. 14	S. 3 P. 13	S. 3 P. 11	S. 2 P. 13	S. 1 P. 11	S. 1 P. 9	S. 2 P. 9

* March 1, 1931, fell on a Sunday, a major day for "days off" for policemen; less men covering routes.

† Carried as so designated.

Question 13. New men appointed to the department during the year.
Additions of patrolmen to the force for the years 1926 to 1935, inclusive, is hereinafter shown.

CALENDAR YEARS.

	1926.	1927.	1928.	1929.	1930.	1931.	1932.	1933.	1934.	1935.
Appointments.....	399	149	104	220	50	18	—	—	—	—

The following table shows a list of police divisions which have been abolished, through consolidation with other divisions, within the period from 1926 to 1935, inclusive, covered by the City Council's questionnaire.

POLICE DIVISION.	Station House Was Located Where.	Date Division Was Abolished.
3.....	Joy street, near Cambridge street.....	Aug. 28, 1933.
5.....	East Dedham street.....	Feb. 27, 1933.
8.....	Harbor Service, 521 Commercial street.....	May 8, 1933.
12.....	East Fourth street, near K street, South Boston.....	Aug. 14, 1933.
20.....	Traffic, 229 Milk street.....	Sept. 23, 1932.
21.....	Traffic, Arena Building, 262 St. Botolph street.....	Sept. 23, 1932.

In view of the fact that inquiries of the City Council include one as to the number of "sergeants and patrolmen on street traffic duty and stationed at intersections also controlled by traffic lights," it is thought that the following information as to when the traffic signal units of this city were installed will be of service.

INSTALLATION OF TRAFFIC SIGNAL UNITS.

UNIT No. 1.

LOCATION.	Date of Installation.
(a) Downtown Section of Boston:	
Washington street, from Broadway to Hanover street.	July 20, 1930.
Summer street, from Washington to Arch street.	July 20, 1930.
Tremont street, from Broadway to Scollay square.	July 20, 1930.
Broadway, at Shawmut avenue.	July 20, 1930.
Cambridge street, from Scollay square to Staniford street.	July 20, 1930.
At intersection of Beacon street and Park street.	July 20, 1930.
At intersection of Hanover, Richmond and Parmenter streets.	Sept. 21, 1931.
(b) Boylston street, from Tremont street to Park square.	July 20, 1930.
(c) Charles street, from Pinckney to Beacon streets.	July 23, 1931.

UNIT No. 2.

(a) That part of Commonwealth avenue between Arlington street and Charlesgate West (including an isolated signal taken over from the Boston Police Department at Massachusetts avenue and Commonwealth avenue).	Dec. 4, 1932.
(b) Commonwealth avenue, at Kenmore street.	Jan. 16, 1933.
(c) Commonwealth avenue, at Deerfield and Beacon streets and Brookline avenue.	Jan. 16, 1933.
(d) Massachusetts avenue, from Beacon street to Tremont street.	June 21, 1931.
(e) Massachusetts avenue, from Shawmut avenue to Southampton street.	May 29, 1932.
(f) At intersection of Tremont, Dover and Berkeley streets.	May 29, 1932.
(g) At intersection of Tremont, Dartmouth and West Dedham streets.	May 29, 1932.
(h) At intersection of Tremont and West Newton streets.	May 29, 1932.
(i) At intersection of Boylston and Arlington streets.	July 25, 1930.
(j) At intersection of Beacon and Arlington streets.	July 23, 1931.
(k) At intersection of Embankment road and Beacon street.	July 23, 1931.
(l) At intersection of Columbus avenue, Columbus square and West Newton street.	Aug. 16, 1933.

Very truly yours,
E. M. MCSWEENEY,
Police Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Arthur L. Brayton, for compensation for damage to salesman's bag caused by city truck.

Jeannette S. Buchanan, for compensation for injuries caused by an alleged defect in Sutton street, Roslindale.

George L. Chapman, for refund on refuse tickets. Athina Condell, for compensation for injuries caused by Sanitary cart.

John D'Arcy, for refund on refuse tickets.

Edward J. Dole, for refund on refuse tickets.

Edgar N. Josephson, for compensation for damage to car by Sanitary truck.

H. Leish Supply Company, for compensation for damage to car by bough of tree.

Edward Madsen, for compensation for damage to property at 71 Leonard street, caused by defective water main.

Harry Starnfield, for compensation for injuries caused by an alleged defect at Pauline Agassiz School.

William N. Surrey, for refund on refuse tickets.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Lillian M. Paige, Junior League Hall, May 26.

Anna M. Green, Current Events Hall, May 25.

Orin F. Gallagher, Mechanics Hall, June 5.

Ursula M. Loughran, Hotel Somerset, June 13.

Petition of Mary Mahan to be paid annuity on account of death of her husband, Patrick J. Mahan, late member of Fire Department.

Petition of Mary A. Bailey to be paid annuity on account of death of her husband, Dennis J. Bailey, late member of Fire Department.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate motor vehicles between junction of Gallivan Boulevard and Marsh street at Ashmont Station.

RESIGNATION OF CHESTER A. BAILEY.

Notice was received of resignation of Chester A. Bailey as constable.

Placed on file.

RESIGNATION OF WALTER W. REGAN.

Notice of resignation as constable was received from Walter W. Regan.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notices were received from the Mayor of the following appointments:

George H. Edgell, reappointed as Art Commissioner, for five-year term ending April 30, 1940.

David H. Howie, 2 Berkeley place, Cambridge, member of Boston Port Authority, for term of five years ending June 28, 1940.

Severally placed on file.

CROSSOVER ON HYDE PARK AVENUE.

A copy of the order of the Board of Street Commissioners granting a location to the Boston Elevated Railway for a crossover on Hyde Park avenue, Hyde Park, approximately 500 feet south of Metropolitan avenue (88th location), was received and placed on file.

MINORS' LICENSES.

Applications were received for minors' licenses for thirty-two newsboys and six bootblacks. Licenses granted under usual conditions.

LOAN FOR PUBLIC WELFARE RELIEF.

Coun. GALLAGHER called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On May 13, 1935, the foregoing order was read once and passed, yeas 18, nays 2.

The question came on the second reading and passage of the order, and the clerk called the roll.

The order failed of second reading and passage (fifteen votes being required for passage), yeas 14, nays 3.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Englert, Finley, Fish, Fitzgerald, Gallagher, Kerrigan, Murray, Roberts, Selvitella, Tobin—14.

Nays—Coun. Norton, Shattuck, Wilson—3.

Coun. GALLAGHER moved reconsideration; declared carried.

On motion of Coun. GALLAGHER, the matter was assigned until later in the meeting.

Later in the meeting President FITZGERALD called the order up, when it again failed of passage on roll call, yeas 14, nays 4.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Englert, Finley, Fish, Fitzgerald, Gallagher, Kerrigan, McGrath, Murray, Roberts, Tobin—14.

Nays—Coun. Norton, Selvitella, Shattuck, Wilson—4.

Later in the session Coun. GALLAGHER offered the following:

3. Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On motion of Coun. GALLAGHER, the rule was suspended and the order given its first reading and passage, yeas 16, nays 3.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Englert, Finley, Fish, Fitzgerald, Gallagher, Goldman, Green, Kerrigan, McGrath, Murray, Roberts, Tobin—16.

Nays—Coun. Norton, Shattuck, Wilson—3.

CONFIRMATION OF CONSTABLES.

Coun. BRACKMAN, for the Committee on Constables, called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 29, 1935, of Constables authorized to serve civil process, viz.: Chester A. Bailey, John B. Blotto, David Bashitsky, Morris W. Danberg, Andrew B. DeCoursey, Jacob Demask, Stephen J. Dunleavy, Samuel Goldstein, Abner Gouldston, Benjamin Jacobson, William H. Kenney, Louis Levine, Walter W. Regan, Samuel Tarle, Anthony J. Testa, Frederick J. Wright.

2. Action on appointments submitted by the Mayor May 20, 1935, of Elinor D. Welch, John I. Peckham, Herbert F. Nelson, to be Weighers of Goods; and Elizabeth C. Kirley, James J. Kelley, Jr., to be Weighers of Coal.

Coun. BRACKMAN, for the committee, moved that the names of David Bashitsky and of Benjamin Jacobson be taken from No. 1 on the calendar and confirmed, and also that the names in No. 2 on the calendar be confirmed.

The question came on confirmation. Committee, Coun. Agnew and Roberts. Whole number of ballots 17; yeas 13, nays 4, and the appointments were confirmed.

Coun. BRACKMAN—Mr. President, the remaining constables on the calendar, in No. 1, aside from the two men we have already confirmed, have either refused to accept the office or resigned, and I now move that the remaining names on the calendar under No. 1 be postponed indefinitely.

The Council voted to postpone indefinitely the remaining names under No. 1 on the calendar.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families for month of May.

Report accepted; said order passed.

BOSTON ELEVATED RAILWAY.

On motion of Coun. WILSON, the Council voted to take up the order, No. 3, on the calendar, viz.:

3. Ordered, That under the provisions of chapter 188 of the Acts of 1935 the sum of \$6,000,000 be, and hereby is, appropriated for public welfare, including mothers' aid and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, and Emergency Relief Administration project costs, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the limit of indebtedness.

On motion of Coun. GALLAGHER, the rule was suspended and the order given its first reading and passage, yeas 16, nays 3.

REPORT OF COMMITTEE ON JUNE

LICENSES.

1. Report of the Committee on June Licenses was received and read, and the following appointments were made: George H. Edgell, Art Commissioner, for five-year term ending April 30, 1940.

David H. Howie, 2 Berkeley place, Cambridge, member of Boston Port Authority, for term of five years ending June 28, 1940.

Report accepted; licenses granted.

2. Report on petition of Boston Elevated Railway (referred May 20) to operate motor vehicles between junction of Broad street and Atlantic avenue and junction of Summer and Arch streets—that leave be granted.

Report accepted; license granted under usual conditions.

3. Report on petition of Boston Elevated (referred March 25) to operate motor vehicles between Morton and Norfolk streets and Morton street and Gallivan Boulevard—that leave be granted.

Report accepted; license granted under usual conditions.

4. Report on petition of Boston Elevated Railway (referred April 8) for leave to operate, motor vehicles from Porter street to Haymarket square via Summer Tunnel—that leave be granted.

Report accepted; license granted under usual conditions.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. SHATTUCK, for the Committee on Appropriations, submitted the following:

The Committee on Appropriations having considered the appropriation recommendations submitted by the Mayor on May 13, 1935, for the County Buildings Department respectfully recommends, through a majority of its members, the passage of the accompanying orders.

Messrs. Norton and Shattuck reserving their rights.

For the Committee,
HENRY L. SHATTUCK, Chairman.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year on the City of Boston or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables hereinafter set forth be, and the same are, hereby appropriated for the department and for the objects and purposes hereinafter stated.

Ordered, That the appropriations hereinafter specified be met by taxes to the amount of \$113,476.33, said amount to be raised by taxation on the polls and estates in the City of Boston, and that all orders hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

County Buildings Department.

A. Personal Service as per Schedule A.....	\$69,601 33
B. Contractual Services.....	16,125 00
C. Equipment.....	3,000 00
D. Supplies.....	4,500 00
E. Materials.....	250 00
H. Emergency Relief Projects...	20,000 00
	<u>\$113,476 33</u>

President FITZGERALD—The question comes on accepting the report, Councilors Norton and Shattuck reserving their rights.

Coun. SHATTUCK—Mr. President, we have been advised by the Budget Commissioner that the appropriation which this Department of County Buildings is authorized to spend under the provision of the law whereby expenditures may be made up to 50 per cent of last year's appropriation, has been exceeded, and that unless an appropriation is made today for this activity it will not be possible to meet the pay roll on next Friday. I believe this is the one remaining department or activity of which that is true. We have accordingly reported the County Buildings appropriation and will take up the rest of the budget next Monday. The County Buildings appropriation calls for \$113,476.33, of which \$69,601.33 is for personal service, and this is the exact figure recommended by his Honor the Mayor. On the approval of this appropriation Councilor Norton and myself reserve our rights. I shall not go into any discussion of this particular item. I think it is largely involved in the question of the budget as a whole, which I expect to discuss at some length next Monday. I shall vote against this appropriation.

The report was accepted and the order was passed, yeas 15, nays 3.

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Englert, Finley, Fish, Fitzgerald, Gallagher, Kerrigan, McGrath, Murray, Roberts, Selvella, Tobin—15.

Nays—Coun. Norton, Shattuck, Wilson—3.

POSTPONEMENT OF TAX SALES.

Coun. WILSON offered the following:

Ordered, That the City Collector be respectfully requested, through his Honor the Mayor, to permit an adjournment of the proposed tax sales for unpaid 1933 taxes on June 6, 1935, for a reasonable length of time, so far as unpaid taxes on dwelling houses are concerned.

Coun. WILSON—Mr. President, I realize that, of course, the city has to collect its taxes in order to do business, and I observe on the list of unpaid taxes tax items the \$12,000 owed still by the Bowdoin Square Garage since 1933, as well as

taxes owed by a number of mercantile establishments, money which, of course, I would naturally be glad to see the city get. On the other hand, included in the 210 pages of 1933 taxed properties, on which the whole or some part of the tax has not been paid, there are included not only many dwelling houses in the residential sections of the city, including Ward 17, on which a substantial amount is due, but a large number of cases on which considerable payments have been made, but on which, due to the great efforts that have been made by many of our citizens to meet their obligations in these times of the depression, there is still a small balance due, on moth assessment or whatever it may be. I took the trouble to look over the 210 pages and found no less than 897 cases on which \$10 or less is owed for 1933 taxes. Having in mind, of course, that the city must save its rights by advertising these properties for sale, and that the city must raise money through taxation to carry on its activities, I still feel that in the case of dwelling houses, where so much is at stake, and where the owners are in great danger of losing their homes, a reasonable time and opportunity should be given these home owners to pay the taxes on their properties. I make that suggestion realizing that many of the properties involved are those of mercantile establishments, and I make it also realizing the financial condition of the city. I also realize, however, the hardship that may be caused to the smaller home owner who has still been able to hang on to his home for the last two years, but who still owes a small amount on his 1933 taxes. I feel, also, that if these home properties are sold, as set forth in the City Record list, plus the additional expense that will have to be borne by these people in the way of court costs, additional cost of advertising and costs under the redemption right in two years, many of these home owners, having lost their money and being without a roof over their heads, will inevitably and automatically be driven to our welfare rolls.

Coun. NORTON—Mr. President, I am in hearty accord with this order. In the last four years I have myself on sundry occasions introduced similar orders. There are over four hundred homes in my ward on that tax list, going to be sold for unpaid taxes. I understand that in some of our other larger cities they are being allowed a greater length of time and that particular consideration is being shown to those who in good times paid their taxes regularly, with special consideration being given to those home owners who live in these homes. I understand, through Mayor Hague of Jersey City, that no homes have been sold during this depression where the family in good times paid the taxes. I wish sometimes when we are passing orders for large expenditures of money here, we might give more serious attention to these poor people who have to pay the tax bills and who are in many cases suffering because of expenditures by the city. I wish some of our members realized more clearly what this thing means in the home-owning wards to people who are now struggling in their declining years, in many cases, to hold their homes. I wish some who are willing to vote millions on many things that come before us—millions that might be saved—might go out into some of these home districts so that they could realize what it means to place a bigger load on those people. I wish that they might look over the section of my ward known as "The deserted village." But this order, I believe, is a good one, asking the Mayor of Boston to give particular attention to the home owners, and I believe, personally, that the most serious consideration should be given in cases where the family lives in the home and where it is about to be sold for unpaid taxes.

Coun. BRACKMAN—Mr. President, although I am in hearty accord with the order, I feel that I must take exception to what the gentleman says when he speaks about the millions that might be saved in the budget, and I would like to have him a little more specific in that respect.

Coun. NORTON—That is an easy matter, Mr. President. If the Mayor of Boston will take the initiative, a large reduction is possible. Cut out constables, which represent a large item in our expenditures. Reduce expenses in our schools, and it can be easily done without sacrificing educational advantages. Make cuts in the cost of raw food in your hospital. Your mortgage for the Northern District is unnecessary—there is an expenditure of \$25,000 there that you might just as well throw out the window. Two morgues in Boston! No other large city has them. Chicago and New York get along with one, and why does Boston have to have two? Make cuts in your Police and Fire Departments. There are many ways in which the money of the city is being wasted. I have pointed out many such ways in the past, not only at one meeting but at many meetings, and I think it must be evident to all of us that large savings can be made.

Coun. BRACKMAN—Mr. President, I don't think the councilor has pointed out any possible savings that might aggregate millions. At most, what he has suggested would not amount to more than \$300,000 or \$400,000, even if it were possible to cut as he suggests. He certainly has not pointed out millions, and I would like to know where millions can be saved.

Coun. NORTON—Well, \$300,000 or \$400,000 is worth talking about, and there are numberless ways in which money can be saved. Don't you

realize how the taxpayers in this city are suffering at the present time? Look out the window here and see your "To Let" signs. Look along Atlantic avenue, where you can buy buildings for ten cents on the dollar. But this has been the trouble for ten years, that you point out where money can be saved, we tell the Police Department or the Fire Department where they can cut down, that they don't need these buildings, or they don't need this, that or the other, and they simply say "We know our business! Don't tell us!" That is the answer we get, although the Boston Fire Department is spending almost as much as the Philadelphia department, with three times the number of people and with construction similar to that in Boston. The moment you suggest cutting down on the budget, the department heads say, "It cannot be done." I have recently shown where our City Hospital was spending much more proportionately, twice as much, for raw foods as hospitals in New York, Philadelphia, Chicago and other large cities. But we are told that nothing can be done about it. I have declared that we spent more money in that hospital last year for raw food than has been spent in any city in America, that the cost of the raw food for the hospital is double what it is in other leading hospitals in the country. But nothing can be done about it. Why not? We know why our hospital is expensive to run. We have more help than there are sick patients in the Boston City Hospital. Why should this expense continue? Isn't that a fair question to ask? There is no question that the unnecessary expenditures in the different departments of this city would aggregate millions of dollars. But what can be done about it? I can show you figures. The Boston Finance Commission acting on my statement, has a man in New York now. Oh, there are plenty of them who would like to knock down Norton, and who would be exceedingly pleased if they could find him wrong. But they won't do it. Not that I am infallible, but figures I have presented here have been checked and rechecked, and the Boston City Hospital Trustees are looking into the matter now. And here we peddle out the money week after week, not only for hospitals, but for the Police Department, the Fire Department, the Public Works Department, for buildings, for patch-paving, for all the activities of the city. I might refer to what we have seen in the bonding racket.

The order was passed under suspension of the rule.

FARMER SPECULATORS.

Coun. WILSON offered the following:

Ordered, That the Superintendent of Markets be requested, through his Honor the Mayor, to advise the City Council as to the names and addresses of so-called farmer speculators who have been eliminated from the market section incident to the duties of the superintendent as Superintendent of Markets since January, 1934, and also information as to the nature of the produce being sold by such speculators.

Coun. WILSON—Mr. President, we had a hearing here a few weeks ago under an order which I believe was introduced by Councilor Green, to which were invited a contingent of farmers, in an endeavor to keep them from going from our market district to Cambridge, and in the hope that they would still continue to sell from their wagons in the market district; and in addition to the farmers there were invited supposedly the local marketmen not dealing from wagons in the street, but selling from stalls and paying a rental for doing business in that section. As I remember, another meeting was to be held at a later date by the committee, to which the farmers were to be invited. It would seem that this latter meeting had better be held soon if we do not want to see the farmers leave our market district, as, according to the papers, certain plans of the farmers looking to the establishment of a market in Cambridge are rapidly developing. It developed at the earlier hearing that there seems to be a marked difference of opinion in the market section as to whether the wagon speculators posing as farmers have or have not been driven from North Market street. Therefore, I offer this order at this time and suggest that it be sent to the Executive Committee in order to check the thing up and set a date for a second and final hearing on this matter as it concerns the market section. As I read one of the Boston papers yesterday, plans are practically consummated for the movement of the farmers from North Market street to Alewife brook.

Coun. NORTON—Mr. President, I think the situation in the market district has been pretty well described. In fact, I understand that a number of farmers have already left the market section. It is quite understandable, in view of the endeavors and the offers that have been made to them, to go out to Cambridge; and I also understand that such cities as Somerville will offer them almost anything to go there. Unless we make a place for the farmers down here, I don't know how we can really expect to keep them from going, and even if we do offer them space I don't know that we are going to hold them.

The order was referred to the Executive Committee.

INFORMATION FOR DORCHESTER COURT.

Coun. TOBIN offered the following:
Ordered, That the Clerk of the Dorchester District Court be requested, through his Honor the Mayor, to furnish the City Council with the following information. The following questions apply to the period January 1, 1934, to May 25, 1935:

1. The number of sessions of the court, names of the judges conducting the session and the number of sessions held by said judges.

2. (a.) The number of cases in which the court required surety on continuances and the names of the judges requiring surety.

(b.) The number of cases in which the court required surety on appeals and the names of the judges requiring surety.

(c.) The number of cases in which the court required surety on probation cases and the names of the judges requiring surety.

3. The usual bail set by judges sitting in the Dorchester Court, other than Judge Shulman, for misdemeanor offenses in

(a.) Continued cases.

(b.) Appealed cases.

4. The usual bail set by Judge Shulman for misdemeanor offenses in

(a.) Continued cases.

(b.) Appealed cases.

5. (a.) The number of commitments to jail in default of bail on

1. Continuances.

2. Appeal.

3. Disposition.

(b.) The name of the judge setting the amount of bail or fixing disposition.

6. The number of cases appealed and the name of the judge giving the finding and disposition from which an appeal was taken.

Coun. TOBIN—Mr. President, this order requests information concerning the administration of justice in the Dorchester District Court, and the information is sought from the records of the court itself. There has been widespread criticism during the past year and a half of the administration of the criminal cases in the Dorchester District Court. For that reason I think the matter should be brought to the attention of the proper authorities and the facts ascertained, so that if the criticism that is being made is justified the situation may be remedied. I am satisfied that the criticism that has been directed against this court is justified, and I am satisfied that the records of the Dorchester District Court themselves will prove the contention. Accordingly, I have taken the matter up with the proper authorities, and I have been advised that I must present facts and obtain evidence. For that reason I seek through the City Council to obtain this evidence. We pass on the budget of this court and the City of Boston pays for the running of the court. Therefore, I am interested in obtaining the facts, for two reasons,—first, the running of the court is a part of the administration of the City of Boston; second, the Dorchester District Court is in Ward 15. The principal criticism directed against the court is this: There are four judges, three men and a woman. During the past year and a half most of the criminal sessions have been presided over by a woman judge. The criticism is not one directed against her as a woman judge hearing criminal cases, but because of her attitude and conduct of cases in that court. The further criticism is made of her conduct that on bail cases, where continuances are asked for trial, or cases where appeals are taken, the amount of bail she sets is so exorbitant, so high, that it really means no bail at all. Under the laws of this Commonwealth every defendant, except in a case of murder, is entitled to bail, and reasonable bail, and, therefore, I ask in this order for a comparison of the bail as set by her and by the other judges. I go further, and would point out that there are more commitments to jail in the Dorchester Court because this woman has presided over the court than there ever have been before. We had a representative from the Dorchester Court appearing before the Committee on Appropriations. He was asked this question:

"Q. What do you say as to this transportation item of \$1,300?" A. At the present time I would say it is insufficient. The criminal business is increasing, and they are not making as many bail now.

"There are more commitments to jails than there ever were before in my twenty-three years of experience."

And going along further, as bearing upon the criticism of the action of this judge, we find a further statement with reference to the number of sessions she has presided over:

"Q. During the past six months most of the criminal sessions have been presided over by Judge Shulman, haven't they? A. I would say two thirds."

This woman who is judge in the Dorchester District Court, when appointed some few years ago, was appointed in order to try out the experiment of having women judges in the courts of our Commonwealth. At that time the public sentiment, as expressed by the one who appointed this woman, was that we were trying out the experiment of showing the good effect that utilizing the great tenderness in the heart of a woman might have in the administration of justice in our courts, and that

the woman's viewpoint might help not only in civil but in criminal courts. We have now had that experiment tried for the last year and a half, and we find out how it has apparently worked out in the Dorchester District Court. I hate to criticize any woman. I like to feel that a woman, as judge, or in any other capacity, is possessed of patience, kindness, grace, charm and helpfulness to the men and the children in the community. But we find the opposite in the case of this woman judge. As a judge she is a public official, and her actions are entitled to the same praise or censure as such that would be shown to a man. I believe, therefore, that a fair discussion of her attitude in the last year and a half will be of benefit to those who are in a position to correct this situation. We find this woman, sitting in that court not as a judge trying to help people and trying to help the county in the disposal of cases, but we find her sitting with an arrogant and severe attitude in the matter of continuing a case, on the question of admitting to bail, on the question of taking appeals and on other questions relating to the disposal of matters coming before the court. I wager that if these records are properly sent here you will find that this judge during the time she has been in the court has sent more men and boys to jail than any other judge in the history of the court. We hear talk, too, of married women in lucrative positions, when their husbands are so situated that they can properly support them. Here is a woman earning \$400 a month, and then going to an office where she is in the law business with her husband, a lawyer who is able and qualified to properly support her. Why cannot the other three men judges sit in that court? Why cannot those men with families be given such an opportunity, men who would properly conduct the court? We never had a criticism of that court in sixty years. We have had judges there who played no favorites and asked no favors, and who conducted themselves in a proper manner. I feel that this is an important matter and that the facts should be obtained. And I do feel, I repeat, that when we have men judges there who are perfectly competent to preside, they should at least be given such opportunity as against this woman who is obtaining \$400 a month from the court and whose husband is perfectly capable of supporting the family. I feel that this woman should be removed from the conduct of the business of the Dorchester District Court. I hope that the facts will be brought to us, so that action may be taken upon them, and so we may make sure in the future that this and other courts in this city are run in a fair, impartial and just manner.

President FITZGERALD—The order will be referred to the Committee on County Accounts.

Coun. TOBIN—What objection is there to passing the order?

Coun. NORTON—Mr. President, I don't know anything about the merits of the case, but I like to see somebody with courage get up here and express his mind the way the councilor from Dorchester does on this matter.

Coun. ROBERTS—Mr. President, as a member of the Committee on County Accounts, let me say that I think this might well be sent to our Executive Committee today for discussion.

The order was referred to the Executive Committee.

BATHING SUITS FOR WOMEN.

Coun. FISH offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to consider the advisability of providing for the use of our women bathers, modern up-to-date bathing suits, preferably the 1935 model suits and so designed that the far famed pulchritude and charm of our Boston girls may be unimpeded by a type of bathing suit reminiscent of the gay nineties.

Coun. FISH—Mr. President, I would like to say that the City of Boston is losing thousands of dollars simply because we are furnishing women patrons with bathing suits of the style of 1492. The only way to get revenue from these suits is to make them attractive and popular, to furnish the women bathers with up-to-date modern style bathing suits.

The order was passed under suspension of the rules.

EXAMINATION OF WELFARE RECORDS.

Coun. NORTON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to advise the Council as to whether or not students of Simmons College or any other outside agency in Boston has the legal right to examine into the records of the Boston Welfare Department.

Coun. NORTON—Mr. President, at a meeting of the Committee on Appropriations last week there was considerable discussion with the representatives of the Public Welfare Department who appeared here in regard to the rights of Simmons College students to investigate the records of the Public Welfare Department; and, therefore, in this order I am simply asking the Corporation Counsel to give to the Council a ruling as to whether or not students at Simmons College or any other outside agency have a right under the law to examine into these records.

President FITZGERALD—You don't need any such order. The thing is in the Constitution of the Commonwealth. The anti-aid amendment will take care of that.

Coun. NORTON—Well, Mr. President, I am not a Constitutional lawyer and don't know much about such things, but, as I interpret the anti-aid section of the Massachusetts Constitution, it is not relevant or germane to the question under discussion.

The order was passed under suspension of the rule.

BIRTH CONTROL PROPAGANDA.

Coun. NORTON offered the following:

Ordered, That the President of the Boston City Council be authorized to appoint a committee of the Council to investigate into the rumored statement that one particular employee of the Boston Welfare Department was disseminating birth-control propaganda, said committee to interrogate the individual complained of and any person or persons alleged to have been advised by any official of the Boston Welfare Department on the matter of birth control.

Coun. NORTON—Mr. President, I believe that the three heads of the Boston Welfare Department are three of the finest living people in Boston today. One of them happens to come from my ward, where she is a resident, Miss Mary Cotter. In the hearing the other day on the budget, so far as it concerned the Welfare Department, considerable publicity was given to the fact that somebody connected with the department was guilty of disseminating birth-control propaganda. In the interest of the officials of the department, who, I believe, have been trying very hard to carry out a very onerous and important public duty, I believe a committee should be appointed to look into the question of whether anybody associated with the department has been using any influence in the propagation of this doctrine. I think, for the benefit of all concerned, that we should have a thorough investigation—whether or not by a Council committee, I don't know. Perhaps the Welfare officials themselves should conduct it. But in conference with some of the officials I find that they are very much disturbed, and, in fairness to them and to their reputations, as well as to members of the Council who have raised the question because of information that has come to their ears, I believe we should have a thorough investigation of the whole matter.

The order was passed under suspension of the rule.

REVELATION OF NAME OF FAMILY ON WELFARE.

Coun. NORTON offered the following:

Ordered, That the Directors of Public Welfare, through his Honor the Mayor, be requested to consider the advisability of looking into the story relative to the fact that because a Simmons College student, without authority revealed the name of a family that drew relief in Boston in the past, that a member of that family left the Boston School System.

Coun. NORTON—Mr. President, in the course of a hearing before the Appropriations Committee regarding the Welfare Department appropriation for the coming year, a statement was made to which considerable publicity was given in the newspapers, that a woman's college student who had access to the records of the Welfare Department was later so indiscreet as to divulge the name of a teacher in the Boston schools whose family, it appeared from the records, had some time in the past accepted welfare relief from the city, with such resulting humiliation to that teacher that she left the city employ. It was a serious indictment, and I think it should be looked into. Certainly, I think it is unfair to allow any suspicion to rest on innocent officials in the department, people such as James McMurtry, the chairman of the Overseers of Public Welfare, or Miss Mary Cotter, assistant to Mr. Dowling, who has devoted her lifetime to work of this nature,—and, I might say, free of charge,—acting for years as the head of the Catholic Bureau in Boston dealing with the cases of poor people. Due to the fact that this matter has become public and has cast a stigma on these officials, whose work at this time spending millions of dollars of the people's money, is so important, I am asking in this order that the officials of the Welfare Department look into the matter and report back to the Council. I understand that this will meet with the approval of certain of these officials who feel that the publicity pertaining to this matter has perhaps placed them in a wrongful light before the citizens of Boston. From what I can understand of the story it is more or less apocryphal that it may be placed perhaps in the category of Boston Munchausen's group of dreams. But I do think it should be looked into.

Coun. MURRAY—Mr. President, this is one of the old stories that first came up six or seven years ago in the Executive Council when some of the officials of that department, when Samuel H. H. was chairman and Walter McMurtry was secretary. But neither they nor anybody else says that at any time to consider it worthy of consideration, and the hawk-eyed N. Y. Times took it up, and I thought that he had withdrawn.

Coun. NORTON—Mr. President, Norton withdraws no statement until he is proven wrong, and the statement he alludes to I never withdrew publicly or privately.

The order was passed under suspension of the rule.

INCREASED ASSESSMENTS FOR ALTERATIONS.

Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Board of Assessors not to increase assessed valuations when alterations and repairs are made by home owners.

Coun. BRACKMAN—Mr. President, I understand that this system has been followed in neighboring cities, where assessors have been instructed not to increase assessed valuations where extensive repairs or alterations have been made by home owners. I think to increase valuations in that case would tend to discourage the improvement of homes by home owners, and would take a great deal of work from our mechanics and tradesmen. I do not believe that any home owner should have an increased assessed valuation imposed upon his home where he has made repairs. I believe that system is being followed in other places, and I think we should follow it in Boston.

The order was passed under suspension of the rule.

TRAFFIC SURVEY.

Coun. KERRIGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to establish immediately as a P. W. A. project a traffic survey in the City of Boston, with a view of installing at the dangerous intersections of our city traffic or stop lights, just as soon as may be possible, so that the great increase in summer traffic will not bring a consequent increase in deaths and injuries, which will surely come unless these traffic precautions are taken without delay.

Coun. KERRIGAN—Mr. President, the Registrar of Motor Vehicles in his present drive to reduce accidents has shown that last year there were 921 persons killed and 53,055 persons injured in this state. Boston, the largest city in the state, should take the lead in preventing accidents on our streets because it has been estimated there are 100 dangerous street intersections in the city and the longer the delay in having these conditions remedied the greater the danger to the public. An ounce of prevention is worth a pound of cure. The installation of the traffic signals is clearly a needed and useful project and should give employment to a number of both unskilled and skilled labor. I believe the present is an opportune time to have this matter considered as a P. W. A. project since our present budget for 1935 may not permit this work to be done this year. So I hope that the Traffic Commissioner and his Honor the Mayor will take every step possible to deal with this serious problem.

The order was passed under suspension of the rule.

PAYMENT TO PARENTS OF AUGUSTINE MCCARTHY.

Coun. DONOVAN offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the city to pay a sum of money to the parents of Augustine McCarthy, who died as a result of a fall in the Norcross School, South Boston, in July, 1929, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

SUMMER SCHOOL PREFERENCE TO TEMPORARY TEACHERS.

Coun. NORTON called up, under unfinished business, No. 4 on the calendar, viz.:

4. Ordered, That the School Committee of the City of Boston be respectfully requested, through his Honor the Mayor, to consider the advisability of giving preference in summer school work to teachers now on the temporary list.

Coun. SELVITELLA—Mr. President, the one who offered that order, Councilor Green, has asked me to have it laid over until he comes back to the chamber. I understand that he will be absent for about half an hour, and in deference to him I think we should await his return.

Coun. WILSON—Mr. President, as one of the members of the Council who attended the meeting last week, but who happened to be absent from the Council Chamber when this particular order was presented, being absent on business with regard to my ward and not ducking anything that may come up in the chamber, I certainly feel that when this order comes up, as it does now, it should be put to a vote.

Coun. NORTON—Mr. President, I was not here last week when the matter came up, and I suppose I may be counted as one of those who ducked. This is simply an order, "that the School Committee of the City of Boston be respectfully requested, through his Honor the Mayor, to consider the advisability of giving preference in summer school work to teachers now on the temporary list." Last week I introduced a

similar order, but was forced to leave the Council meeting, and after I left Councilor Green introduced an order along the same line, which was discussed in the executive session. I believe that, with hundreds of school teachers in Boston today most of whom have been educated at the Teachers' College, but who have no work or pay, they should be given preference if possible on this summer work. The regular school teachers collect pay for the summer, no matter whether they do additional summer work and get extra pay for it or not. If one of the regular teachers works in the summer, she collects not only her regular pay but her summer school pay as well. What is the matter with asking that preference be given in summer school work to teachers now on the temporary list, who perhaps have not drawn a dollar of salary from the Boston School Committee during the year? The regular teachers are paid, school or no school. If they work in the summer, they are getting double compensation, one might say. This order merely asks that temporary teachers be given the preference in this summer school work over regular teachers; that there be some consideration given to these teachers on the temporary list who have received no compensation in many instances for a year or more.

Coun. SHATTUCK—Mr. President, I am opposed to this order for the same reasons expressed at the last meeting. In the first place, it is none of our business. It is a School Committee matter. We have plenty to do attending to our own knitting without getting into the jurisdiction of other elected bodies. Furthermore, I should think that the question of opening or continuing these schools is primarily a question concerning the children, whether the children will benefit by it. I think we all believe that the children will benefit by continuing these schools. But as to what teachers they should have, as to what the qualifications and experience of those teachers should be, as to who should be assigned to those duties, is, in the first place, none of our business, and, in the second place, I would again emphasize that the group who are being overlooked are the children. If the order were amended to ask or suggest to the School Committee that such teachers be employed as would best serve the interests of the children, I would have no objection to it. Then if these unemployed teachers were selected, that would be all right.

Coun. McGRATH—Mr. President, I feel very strongly on this matter, and I would follow up the suggestion made by the councilor from the Back Bay (Coun. Shattuck). We are called upon now to pass judgment on the wisdom of that splendid young man from Charlestown, Mr. Sullivan, a member of the School Board, of Doctor Mackey of South Boston, of Doctor Lyons of Dorchester, of Maurice Tobin of Roxbury, and of the other member of that Board, Joseph J. Hurley, representing the West Roxbury section. They sat in committee assembled, they heard evidence brought forth that they as elected officials in their judgment passed upon to the best of their ability. Here we sit in the City Council, a council that fails horribly on so many occasions to properly represent the citizens of this city, a council that would stand up as one man today, if the School Committee, or if the Legislature or if the Congress of the United States said to us, "We now will take your power away." There is no man here who can vote intelligently on this order today unless he questions the wisdom and ability of those five men who were elected to the School Committee by the citizens of the City of Boston. Forget the School Committee, forget the school teachers, if you will, but there is no man who dares to forget the little children whose education is at stake; and when this body, sir, tries to reach into the schools and, on the plea of unemployment, give to those children teachers because they are unemployed, regardless of their ability to teach, then, sir, we are stepping outside of our proper bounds and insulting the intelligence of the mothers and fathers who send those children to school in order that they may be properly educated. I say to you, sir, that I will not insult Maurice Tobin, Doctor Lyons, Doctor Mackey, Mr. Sullivan or Joe Hurley. They are just as smart as I am, just as smart as you are, Mr. President, and just as smart as any member of this body, and any member of the body who votes for this order is insulting their intelligence, assuming that they are not properly attending to their business, and in so doing we are tampering with a very dangerous situation. We see the Legislature this year turn itself inside out to make teachers, representing the backbone of our community, stand up and recognize the American Flag. We see the Legislature calling on teachers to take an oath of office, placing upon them the imputation that they are not good citizens, and making them come forward to prove that they are. They are practically declared guilty and then asked to prove their innocence! Is the City Council of Boston, failing in its own job in so many instances, to have the audacity to say to this other body of men, just as good as we are, "You must appoint good teachers." I remember cases where we have told Congress what it should do, when we have told the Legislature its duty,—we, the twenty-two wise men of the East, telling these other legislative bodies of this state and this country what they should do; and now taking over the employment of the school teachers of Boston on the basis of unemployment or political standing! It is the most dangerous precedent that could be established in any city, let

along in this city of culture; and I say to you, sir, that if we now establish the precedent of instructing the School Committee in the matter of the teachers they shall appoint to educate the children of this city, we have stepped into something for which we shall have to apologize for many years in the future. This is something, sir, that is none of our business. Let us get to the budget of the City of Boston. Let us attend to our own job, mind our own business, instead of minding other men's business. This is a dangerous and foolish step that the members of the Council are attempting to take this afternoon.

Coun. GALLAGHER in the chair.

Coun. FITZGERALD—Mr. President, before I came to the meeting today I had a talk with some of the school authorities, and I find that they are putting a plan into operation whereby these pupils will be allowed to enter in the fall under a probationary system, the same as is allowed in other institutions, for four months. There is one thought that I have in mind, and that is that we should not deprive these boys and girls of an opportunity to have their six weeks' vacation in the summer, an opportunity to get away and enjoy themselves. We often hear a good deal said in this body about protecting the poor and the downtrodden. Unless these poor children are given a chance to have a vacation in the summer, they will be included among the downtrodden. It is not very encouraging to them to subject them to this sort of pressure. You will find them leaving home and getting into all kinds of trouble, trouble which might be easily avoided if a little more attention were given to them in the schools, if some of the teachers were more willing to attend to their duties and give a little extra time to them, perhaps a few minutes after the school session, instead of being so anxious to get away on the minute, as if they were responding to a whistle in a factory. The previous speaker says that we should not be unfair to the School Committee, and we should not; but many of these teachers at the present time are not fair to their pupils.

Coun. WILSON—Mr. President, while I think we should not in any way attempt to determine the advisability of appointing any particular teachers to teach in these summer schools, that being a function which belongs to the School Committee, who know their job better than we do, yet I see no particular objection to passing the order with the wording in which it is phrased. Personally I do not believe the Council, in requesting these very able five members of the School Committee to consider the advisability of employing temporary teachers in this summer school work, is going out of its way one third as much as when it sends a message to Congress on the bonus vote, as we have done. Having in mind the wording of the order, and since the order merely requests our brother board, the School Committee, to consider the advisability of the proposed action in light of the information they have available, I certainly see no harm that could really follow our passage of the order, feeling personally that we have gone a lot more out of our way on many other orders passed after the heat of discussion by this body.

Coun. NORTON—Mr. President, while this order meets with Councilor Shattuck's objection, and he suggests an amendment to which I would have no objection, I think, nevertheless, that the councilor from Dorchester (Coun. Wilson) raised a very good point when he says the language of the order merely leaves it to the wisdom of the School Committee to pass upon the qualifications of the temporary teachers when considering the question of giving preference. If they do not consider it advisable, that will just stop the whole business. I believe the maker of the motion, however, would be willing to accept the suggestion of the councilor from Ward 5 (Coun. Shattuck), providing the officials of the School Department consider the temporary teachers competent to perform the work. That was my understanding of the order from the start, that it would be left wholly to the School Committee. If, in some of the matters considered and acted upon by members of the Council, we were not in disagreement with anybody, there would be very few orders ever introduced here. I have been pained many times, when I felt called upon to introduce certain orders in the Council. I am sorry that I have had to disagree at times with the hospital officials. I know Mr. Joseph Manning. I know other trustees of the City Hospital, men whom I respect highly, but I don't think they took what I felt called upon to say about the City Hospital paying too much for raw food or raising the question whether they got the food that was paid for, as a personal attack upon them. And so I think on this question we have a perfect right to act as is proposed in this order. It is along the same line as we have acted today under an order introduced by one of the councilors from Dorchester (Coun. Tobin) with reference to the judges of the Dorchester District Court. We provide the money for these departments, and I think the councilor who introduced this order was actuated by perfectly proper motives in introducing the order we have before us at this time. We are the appropriating body, and as such I think we have a right to look into such matters.

Coun. SHATTUCK—Mr. President, it does not seem to me that the suggestion just made covers the situation. In the first place, what is proposed here is still an interference with another elected body responsible to the people of Boston, and elected by them, and, in the second place, it overlooks or appears to overlook, the welfare of the children, which to my mind is the primary consideration. Therefore, if we are going to pass such an order, I would move the following amendment—inserting after the word "advisability" the words "so far as consistent in their opinion with the welfare of the children." I make that motion.

Coun. NORTON seconded the amendment, which was adopted, and the order as amended was passed.

President FITZGERALD in the chair.

PARTIAL PAYMENTS ON UNPAID TAX BILLS.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to advise the City Council with reference to any statutory and ordinance provision concerning the right to make partial payments on unpaid tax bills.

Coun. WILSON—Mr. President, perhaps I should have referred to this, although it was not necessary, before the adoption of the previous order concerning the proposed sale of property on June 6 for unpaid taxes for the year 1933. I think the average member of the Council has in his experience met the situation where a taxpayer owing perhaps \$200 or \$300 on back taxes, and who desires to stop the running of interest at 8 per cent, wishes to pay a part of the money due on his taxes before somebody breaks and enters his house and relieves him of the money he has laid by. Perhaps he comes into the Collector's office and wishes to pay \$75, \$100 or \$200 on an old tax bill, and he is met with the invariable statement that the City Collector's office will refuse to accept \$299 on a \$300 bill, if it concerns back taxes, and he is sent away with the money he has, the Collector refusing to accept it until he has the full amount of the bill plus interest and accrued costs. I have before me, for instance, a letter from a constituent of the councilor from East Boston, which is apparently the result of some publicity in regard to the order to hold up the June 6 tax sales, as far as dwelling houses are concerned. This man says:

"I still owe \$197 on my 1933 tax. I have saved \$140 since I went back to work last month, after loafing fifteen months. I went to City Hall last Friday, and they have refused my money. If I had another month I could make it. Will I lose my home because I lack \$60?"

So I ask that this order be sent to the Executive Committee, and we can then send for the Corporation Counsel and the Tax Collector and a representative from the Assessor's office. I think the question should be determined once and for all whether it is a rule of the office or a statute which forbids the City Collector accepting partial payment on tax bills, as seems to have been done last Friday, when this taxpayer from East Boston was unable to have them accept \$140 on \$197 owed to the city.

The order was referred to the Executive Committee.

SALARIES OF STENOGRAPHER-CLERKS IN COUNCIL.

Coun. GREEN offered the following:

An Ordinance Concerning the Salaries of Officers of the City Council.

Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1925, as most recently amended by chapter two of the Ordinances of 1934, is hereby further amended in the clause establishing the salaries of the two stenographer-clerks connected with the city council, by striking out the words "eighteen hundred dollars each" and inserting in place thereof the words "twenty-five hundred dollars each."

Referred to the Executive Committee.

PENSION FOR FRED W. CONNELLY.

Coun. TOBIN offered the following:

Ordered, That the City Council of Boston hereby approves the enactment of legislation to authorize the payment of a pension to Fred W. Connelly, former teacher in the Franklin Union, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

BURIAL OF VETERANS.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the trustees of the Mount Hope Cemetery as to the possibility of abolishing the present charge for opening graves for veterans who die without funds and are buried in the veterans'

lots in the Mount Hope Cemetery, and that evergreen mats and lowering devices be used for the burial of veterans.

Coun. FINLEY—Mr. President, I offer this order at this time because it has been called to my attention that while it is the custom of the City of Boston to provide a grave in the Veterans' Lot in Mount Hope Cemetery and to pay \$100 for funeral expenses, for a veteran who dies without funds, the cemetery authorities make a charge of \$12 for opening that grave on a week day and \$25 for opening the grave if the burial is on a Sunday. Of the \$100 given by the city \$2 goes to the burial agent and from the \$98 which is left comes the charge for opening the grave so if the burial is on a week day \$86 is left for burial expenses and if the burial is on a Sunday \$73 is left. I believe that \$100 is a pretty meagre sum with which to provide a funeral and I cannot believe that the financial condition of our city is so deplorable that we must give with one hand only to take away with the other. If we are to provide the grave and the money for the funeral let us go the whole way and provide the opening of the graves without charge, and further I understand that while the cemetery owns evergreen mats to cover the bare dirt and lowering devices that these devices and mats are not used in the burial of veterans. I contend that the veteran is entitled to honor that can be bestowed upon him when he goes to his final resting place, and I believe that the Superintendent of the Mount Hope Cemetery be required to make sure that every burial of a veteran in the Veterans' Lot in Mount Hope Cemetery be a credit to the City of Boston.

The order was passed under suspension of the rule.

SIGNAL LIGHTS, WARD 22.

Coun. GALLAGHER offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Arlington and Parsons streets, Ward 22.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Cambridge and North Harvard streets, Ward 22.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install signal lights at Faneuil and Parsons streets, Ward 22.

Severally passed under suspension of the rule.

RECESS.

The Council voted at 3.46 p. m., on motion of Coun. GREEN, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 5.16 p. m. by Coun. GALLAGHER.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Lillian M. Paige, Junior League Hall, May 26; Anna M. Green, Current Events Hall, May 25; Orin F. Gallagher, Mechanics Hall, June 5; Ursula M. Loughran, Hotel Somerset, June 13—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on ordinances (referred today) concerning increase of salaries of two stenographer-clerks connected with City Council—recommending reference to Committee on Ordinances.

Report accepted; said reference ordered.

3. Report on message of Mayor (referred May 20) concerning two-way system for buses on Washington street south of Stuart street—that same be placed on file.

Report accepted; said message placed on file.

4. Report on order (referred today) asking information from clerk of Dorchester District Court—that same ought to pass.

Report accepted; said order passed.

5. Report on order (referred today) that Mayor advise Council as to any statutory and ordinance provision concerning right to make partial payments on unpaid tax bills—that same ought to pass.

Coun. McGRATH—Just a brief word, Mr. President, we had a representative of the Law Department, a representative of the Collecting Department and of the Assessing Department, at our executive meeting today, and I brought up the question of cases on large properties in Boston now pending before the Board of Tax Appeals that have been reached on the list. There is one case of delayed payment to the city, to which I referred, where a payment of \$200,000 has been delayed on 1933 and 1934 taxes, and I believe there are a number of such cases where the parties are ready and willing to pay cash into the city treasury, but the delay is caused because no representative of the Assessing Department is ready to come forward with

the case. The city therefore is delaying these cases. The representative of the Law Department admitted that there was another case where \$85,000 could be immediately paid, and another case where there would be \$100,000, these cases alone aggregating \$300,000 or \$400,000 in back taxes, all of which can be paid if the representatives of the city authorities in the matter will give their authorization. But the situation so far as the city is concerned is this, that two representatives of the Assessing Board are very sick. They are two very valuable men, men who after they are well will be able to render the same efficient service that they had in the past. There is another representative of the department, not sick, a very able man, who has been with the board thirty years. But the Mayor of Boston has not given him authority to act on these questions. Therefore, we have the delay in payment to the city of these large amounts from business concerns, who are ready and willing to pay but who are delayed because no representative of the Assessing Department can go there and act in the matter. While Dave Shaw apparently is connected with the Board of Assessors, he is being paid as an Election Commissioner and has no official authority to act for the Board of Assessors in this matter. It is true that he can talk to tentative payers of large amounts of tax money to the city and can make certain suggestions, but when it comes to his going before the Board officially he has no standing. I would like to see the Mayor of Boston take action in this matter of collecting these large sums from business concerns who are willing to pay, not only in order that we might receive those sums into our city treasury, but that incidentally it might relieve some of the small home owners who are now threatened with the loss of their homes and are being forced at this early date to raise the amounts which would enable them to save their little properties. If these large amounts were obtained from concerns ready and willing to pay it might well be that some of these small home owners, your constituents and my constituents, could get an extension until September. We are being pressed because of the great need of additional money in the city treasury, a need that might for the present be met by obtaining this available money which these large concerns are ready and willing to pay, if we can get some representative of the Assessing Department to go up there and represent the city. This is a serious situation. Many homes, representing the savings of a lifetime, are at stake. The owners, through no fault of their own but because of the depleted condition of the city treasury, are facing this immediate threat while other large property owners, who are ready and willing to pay large sums, are not doing so because of the non-action of some representatives of the Assessing Department. You might say that they can pay, anyway, but they are being advised by their lawyers that they would be prejudicing this case if they should do so now, and then, when the money has been spent by the city, should come in and seek an abatement; that their only proper course of action is to withhold any payment until the case is satisfactorily settled in the usual way. This is no reflection whatever on the Board of Assessors. They are doing a good job. I am simply talking about the cases that reach the Board of Tax Appeals and that are held up because there is at the present time nobody in the Assessing Department, in the absence of the two sick members, who can act so far as that Board is concerned. If action is taken, there are these large sums that can be brought in and that will relieve the city treasury, as a result of which it will be possible to save these small homes from being immediately sacrificed. There are these extra large amounts immediately available to the city, which will relieve the strain on the city treasury. The Assessing Board might well, for example, send Mr. Murphy, a very competent man, to represent the city's side, and reach an immediate agreement which will at once bring the money in. The city treasury will then be put in such shape that it will not be necessary to sell some of these small homes at once under the hammer.

The order was passed under suspension of the rule.

SPECIAL COMMITTEE ON INSTITUTIONS.

Chairman GALLAGHER announced the following committee appointment by President FITZGERALD as the Special Committee on Institutions: Coun. Fitzgerald, Brockman, Doberty, Selvittella, Finley, Wilson, Emery.

ABATEMENT OF STREET BETTERMENT ASSESSMENTS.

Coun. WILSON offered the following:

Ordered, That the members of the City Council be unanimously resolved that it be and it is the sense of the City Council that the passage of pending legislation to amend the General Laws, chapter 88, section 8, to allow abatement of street betterment assessments where practicable and proper.

Coun. WILSON—Mr. President, we passed some facts in Executive today that were a little disheartening, concerning the matter of the proposed tax sales on June 6. For example, we

learned that, apparently, under the present procedure, there can be no adjournment of those sales for more than a few days, although certainly it lies in my memory that under previous administrations there were such adjournments and postponements on the classes of property included in the *City Record*, as subject to the tax sales to be held on June 6. So unless some action is taken the only recourse for the average home owner, aside from the few days' postponement that will be allowed, is to wait the period of redemption and to pay 8 per cent on the back taxes in the meantime. I notice that many of the items included in the 1933 tax bills are items for street betterments, as well as the ordinary taxes on property, and I understand that it is the opinion of the Corporation Counsel that the Street Commissioners have no authority under the law to abate taxes of 1933, 1934 or 1935, as far as street betterment assessments are concerned. We do understand, however, that there is this bill before the Legislature to amend chapter 58, section 8 of the General Laws, so as to authorize the abatement by the Street Commissioners or other proper city authority of street abatement assessments, where such abatement is reasonable and proper. I urge, therefore, that the Council go on record immediately in favor of that bill which we understand is pending before the Legislature, to allow of such abatement of street betterment assessments as should be permitted.

The order was passed under suspension of the rule.

WOMEN'S BATHING SUITS.

Coun. FISH offered the following:

Ordered, That a committee comprised of the bachelor members of the Council be appointed to confer with the Park Commissioner as to the correct style of bathing suits that should be supplied to the women patrons of the city bathing beaches.

Referred to the Committee on Rules.

WARD 7 IMPROVEMENTS.

Coun. KERRIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Bellflower street, Ward 7.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Humphreys place, Ward 7, as a public highway.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install an automatic traffic signal at the junction of L and East Eighth streets, Ward 7.

Severally passed under suspension of the rule.

Adjourned, on motion of Coun. McGRATH, at 5.34 p. m., to meet on Monday, June 3, 1935, at 2 p. m.

CIVIL SERVICE (STATE).

SCHOOL TEACHER (MALE), STATE PRISON COLONY, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

The minimum salary, with maintenance, is \$900 a year; the maximum salary, with maintenance, is \$1,320 a year.

Duties: To act as assistant to head teacher in administering such duties as: Interviewing inmates relative to educational needs; giving vocational guidance and encouraging inmates in planning a career; cooperating in coordination of academic and vocational studies; supervising institution library and correspondence course studies of inmates; promoting such avocational interests as wood-working, leather and metal crafts and gardening.

Entrance Requirements: Applicants must have education equivalent to graduation from a standard four-year college, and have two years' teaching experience or three years' experience in industry as a foreman or supervisor.

Subjects and Weights: Training and experience, 4; practical questions, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Wednesday, May 29, 1935.

Special meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Agnew, Dowd, Gleason, Norton and Wilson. The meeting was held pursuant to the following call:

City of Boston,
Office of the Mayor, May 28, 1935.

To the Members of the City Council.

Gentlemen,—You are hereby requested to assemble in the City Council Chamber on Wednesday, May 29, 1935, at two o'clock p. m. for the purpose of considering recommendations as to necessary adjustments in the annual budget.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

BUDGET MESSAGE FROM MAYOR.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1935.

To the City Council.

Gentlemen,—The Budget recommendations submitted by me to the City Council under date of May 13, 1935, contained a provision that the proceeds of a \$6,000,000 loan, authorized under chapter 188 of the Acts of 1935, should be used to meet certain appropriations recommended for Public Welfare (including Mothers' Aid and Old Age Assistance), Soldiers' Relief and Emergency Relief Projects. This provision was included in the general budget program of the city, because the Legislative Committee on Municipal Finance, in fixing a tax rate limit of \$37.20 for 1935, contemplated that it would be necessary for the city, in order to keep within this specific limit, to borrow the amount in question.

On the same date that my budget recommendations were submitted a first reading was given to this loan order by the City Council. As a general rule, the fact that a first reading is given a loan order by the Council is a strong indication that after the lapse of two weeks, as required by the City Charter, a second and final reading will be given to the order. For some inexplicable reason this general rule was not followed by the Council in connection with the loan in question, and at the last regular meeting of your Honorable Body the order was rejected. The fact that subsequent to the rejection another exactly similar order was introduced and given a first reading leads me to believe that eventually approval of this loan order will be given. I confidently expect that the Council will take such action, because failure to approve the \$6,000,000 loan order will necessitate drastic curtailment and reduction in departmental personnel and activities.

Unfortunately, however, the rejection of the original order and the delay which must naturally attend the passage of the second order have disrupted the budget program submitted to the Council on May 13 to such an extent as to make necessary certain adjustments in the budgetary allotments for Public Welfare, Soldiers' Relief and Emergency Relief Projects. Unless these adjustments are made before the budget is finally passed by the Council it will be necessary to abandon these important activities because of lack of sufficient appropriations. In support of this statement, I beg to call your attention to the situation as it now exists with reference to the budgetary item of Mothers' Aid. In the original budget recommendations an appropriation of \$1,000,000 was allotted for this item, \$600,000 to be secured by loan and \$400,000 to be included in the tax levy. The rejection of the loan provision by the City Council automatically reduces the appropriation available under this item to \$400,000. Up to May 18 actual net expenditure against the item totaled \$435,264.51. The average weekly disbursement under this item is \$23,000, and since three weeks will intervene between May 18 and June 10 (when final passage of the loan order is anticipated) it is evident that on this latter date actual expenditures under this item will be slightly in excess of \$500,000, or approximately \$100,000 more than the appropriation which is now available as a result of the rejection by the Council of the loan order. It is imperative, therefore, in order to prevent the stopping of payments of aid to widowed mothers and their dependents, that an adjustment be made which will provide in this item an appropriation which will at least cover the estimated disbursements until the passage of the loan order now pending in the Council.

The condition now existing in the item of Mothers' Aid also prevails in the items for Dependent Aid, Old Age Assistance and Soldiers' Relief. It is also present in several departments where expenditures for Emergency Relief Projects have exceeded the reduced appropriations now available as a result of the rejection of the loan order.

Section 3 of the City Charter provides with reference to the Mayor's budget recommendations that, "The City Council may reduce or reject any item, but without the approval of the Mayor shall not increase any item in, nor the total of the budget, nor add any item thereto, nor shall it originate a budget." I submit herewith a list of adjustments or changes which must be made in my original budget recommendations in order to prevent a termination of Public Welfare, Soldiers' Relief and E. R. A. activities. Since some of these adjustments will result in increasing certain items, I indicate, as contemplated in the charter provision previously mentioned, my willingness to approve such increases. I respectfully recommend that the adjustments herewith submitted be incorporated and made an integral part of the budget as it will be finally adopted by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

LIST OF ADJUSTMENTS RECOMMENDED BY MAYOR IN ORIGINAL BUDGET RECOMMENDATIONS.

1. Substitute for General Items and Schedule A recommendations in the Public Welfare Department originally submitted, the following:

Public Welfare Department (Central Office).

A. Personal Service as per Schedule A.....		\$370,488 81
1. Permanent employees.....	\$240,488 81	
2. Temporary employees.....	130,000 00	
B. Contractual Service.....		33,345 00
1. Printing and binding.....	\$500 00	
4. Transportation of persons.....	5,000 00	
5. Express charges.....	4,000 00	
8. Light, heat and power.....	2,500 00	
10. Rent, taxes and water.....	11,100 00	
12. Bond and insurance premiums.....	3,500 00	
13. Communications.....	3,000 00	
14. Motor vehicles repair and care.....	35 00	
18. Cleaning.....	600 00	
28. Expert.....	700 00	
29. Stenographic and copying.....	200 00	
35. Fees, services of venires, etc.....	10 00	
37. Photographic and blueprinting.....	200 00	
39. General repairs.....	1,975 00	
42. Miscellaneous services.....	25 00	
C. Equipment.....		10,694 00
3. Electrical.....	\$420 00	
4. Motor vehicles.....	439 00	
5. Motorless vehicles.....	25 00	
7. Furniture and furnishings.....	1,000 00	
9. Office.....	8,000 00	
10. Library.....	200 00	
13. Tools and instruments.....	300 00	
15. Tires, tubes and accessories.....	25 00	
16. Wearing apparel.....	50 00	
17. Miscellaneous equipment.....	235 00	
D. Supplies.....		33,225 00
1. Office.....	\$28,000 00	
2. Food and ice.....	50 00	
3. Fuel.....	3,000 00	
5. Medical, surgical, laboratory.....	250 00	
8. Laundry, cleaning, toilet.....	700 00	
11. Gasoline, oil and grease.....	100 00	
13. Chemicals and disinfectants.....	175 00	
16. Miscellaneous supplies.....	950 00	

E. Materials.....	\$500 00
1. Buildings.....	\$150 00
10. Electrical.....	250 00
13. Miscellaneous equipment.....	100 00
F. Special Items.....	4,995,000 00
9. Care of dependents.....	\$3,900,000 00
10. Mothers' aid.....	505,000 00
14. Old age assistance.....	590,000 000
H. Emergency Relief Projects.....	23,000 00
	<u>\$5,466,252 81</u>

Schedule A.

Executive director, 1 at \$6,000 per year.....	\$3,000 00
Director of social service, 1 at \$4,000 per year.....	2,000 00
Auditor (business manager), 1 at \$3,300 (\$3,700) per year.....	1,734 60
Aid and settlement agent (visitor), 1 at \$2,300 per year.....	1,200 00
Aid and settlement agents, 15 at \$1,000 to \$1,300 per year.....	8,000 00
Paymaster (auditor), 1 at \$2,100 (\$2,500) per year.....	1,234 58
Assistant bookkeeper (bookkeeper), 1 at \$1,800 per year.....	900 00

2. On page 27 of the printed document, under the budget of the Hospital Department, increase the allowance under group H by \$25,000, making the revised allowance \$125,000. This adjustment will increase the departmental allowance to \$3,250,859.90.

3. On page 35, under the budget of the Park Department, eliminate the star shown opposite the allowance for group H, and eliminate at the bottom of the page the reference applicable to the star.

4. On page 36, under the budget of the Police Department, reduce the allowance for A-1 by \$1,100,000, thus making the allowance under this item \$3,793,053.95, the allowance for the A group \$3,796,053.95, and the departmental allowance \$4,680,618.95. Change the amount shown in the reference at the bottom of the page from \$2,000,000 to \$900,000.

5. On page 37, under the budget of the Public Buildings Department, eliminate the star opposite the allowance in the H group and the reference at the bottom of the page. Reduce the allowance in the H group from \$55,000 to \$43,000. This will automatically reduce the departmental total to \$522,625.57.

6. On page 43, under the budget of the Paving Service, remove the star opposite the allowance under the H group, and also the reference to this star at the bottom of the page.

7. On page 46, under the Budget of the Soldiers' Relief Department, reduce the allowance under Item F-S, State and military aid, soldiers' relief and burials, from \$800,000 to \$355,000. This will reduce the F group total to \$358,000, and the departmental total to \$442,210.94. Also remove the star opposite the allowance under Item F-S, as well as the reference at the bottom of the page.

8. On page 83, under Police Department, Schedule A, reduce the appropriation for patrolmen from \$3,850,000 to \$2,750,000. This will automatically reduce the A 1 total on Schedule A to \$3,793,053.95. Also at the bottom of page 83 change in the reference the amount from \$2,000,000 to \$900,000.

COUN. SHATTUCK—Mr. President, my position on the subject of loan orders has been repeatedly stated and is well known. When the \$6,000,000 loan order took its first reading on

May 13, I was one of two who voted against it. Notwithstanding this opposition, eighteen votes were recorded in favor and the order passed to its second reading, with three votes to spare over the necessary two thirds, and two members not voting. When the order came up for final reading on May 27, once more I voted against it. This time I was joined by three others, and the loan order failed of the necessary fifteen votes by one vote. The count was fourteen in favor and four against, and four not voting. If two thirds of the members of the Council desired to pass the order they could have done so. Four members, no matter how wilful, could not have prevented it. With all the members present and voting, it would have taken eight votes to defeat the order. When the order first came up, I said that a program of new revenue from sources other than real estate should have been adopted, and I placed the responsibility on the Legislature for failing to pass enabling legislation. I said that in addition to that, there should have been further retrenchment in our expenditures, so as to balance the budget in part from new revenue and in part from savings. I pointed out that the proposed loan of \$6,000,000 would absorb in a single year all but \$2,500,000 of our emergency borrowing power, and would leave us in a hole for next year and the years to come. I condemned the policy of drifting. I demanded that the problem be squarely faced, and that ways and means be found to balance the budget without resort to these huge borrowings, all of which must be paid with interest. That was my position when the order was introduced; that was my position when it came up for final reading on Monday last; and that is my position today. I am not attacking any individual. Every man has a right to his opinion. I am attacking the system. I am attacking the idea which seems to be prevalent that we can live on borrowed money. I am demanding that we face the facts, and set our house in order. If that be wilful, it is, in my opinion, the kind of wilfulness we need in public life. I am opposed to goose-stepping and the regimentation of votes. I was sent here to use my judgment as God gave it to me. If my constituents believe I am mistaken, they can get some one else. That is their privilege. But so long as I am here I shall do my own thinking and vote accordingly. Now I am

not so far apart from his Honor the Mayor as might appear. I agree wholeheartedly with his statement that the situation in which we find ourselves "illustrates better than anything else could the danger and the folly of the fixing of a tax rate limit for the City of Boston by the Legislature." I have fought against this for years. I believe that Boston should have home rule in the matter of taxation. I also agree with his Honor the Mayor when, in his budget message, he expresses disappointment that the Legislature had failed to "afford relief to the taxpayers of the city by adopting legislation which would in effect increase materially the number of direct contributors to the support of governmental activities." The Legislature is still in session, and it is not too late. The fight should go on. Last year, on the floor of the Council, I called attention to the need for a balanced budget, brought about in part through new or additional taxes from sources other than real estate and in part through more thoroughgoing economies in municipal expenditure. I called attention to it again this year. I stand on that platform, and from that platform I shall not retreat.

The Mayor's message and recommendations were referred to the Committee on Appropriations.

President FITZGERALD—The purpose for which the Council met having been accomplished, the Council stands adjourned till next Monday.

Adjourned, at 2.20 p. m., to Monday, June 3, 1935, at 2 p. m.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on May 15 and 22, the retirement from active service of the following-named members of the Retirement System was approved to become effective at the close of business, May 31, 1935:

ASSESSING DEPARTMENT.

Hugh J. Crane, executive clerk, salary at time of retirement, \$3,000 a year.

CITY CLERK DEPARTMENT.

Nellie G. Barnett, clerk, salary at time of retirement, \$1,700 a year.

ELECTION DEPARTMENT.

James J. Ahern, carpenter, salary at time of retirement, \$1,716 a year.

PARK DEPARTMENT.

Thomas F. Dolan, laborer, salary at time of retirement, \$1,560 a year.

Thomas D. Faherty, laborer, salary at time of retirement, \$1,560 a year.

Mary F. McCarthy, matron, salary at time of retirement, \$1,144 a year.

John Quinn, laborer, salary at time of retirement, \$1,560 a year.

PRINTING DEPARTMENT.

John J. Moroney, compositor, salary at time of retirement, \$2,197 a year.

Katherine M. Roche, operator, salary at time of retirement, \$2,197 a year.

PUBLIC WORKS DEPARTMENT.

William J. Burke, stableman, salary at time of retirement, \$1,560 a year.

James E. Crowley, foreman, salary at time of retirement, \$2,300 a year.

John J. Glynn, blacksmith, salary at time of retirement, \$1,872 a year.

Thomas J. Hannon, head chauffeur, salary at time of retirement, \$2,000 a year.

William Mullen, blacksmith, salary at time of retirement, \$1,872 a year.

William C. Tirrell, first assistant draw-tender, salary at time of retirement, \$1,800 a year.

SCHOOL DEPARTMENT.

Samuel A. Dodds, custodian, salary at time of retirement, \$3,120 a year.

Attest:

W. J. DOYLE, Clerk

PROCEEDINGS OF SCHOOL COMMITTEE.

May 20, 1935.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:55 o'clock P. M., the Chairman presiding.

Present: Messrs. Hurley, Lyons, Mackey, Sullivan, and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

DEATH

The Superintendent reported the death of the following-named teacher:

Thomas A. Edison Intermediate District—E. May Hastings, master's assistant, May 7, 1935.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Elihu Greenwood, District—Alberta H. Nickerson, assistant, kindergarten, May 6, 1935.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancy caused by increase in numbers)

Department of Household Science and Arts—Gertrude E. Kelly, Mildred K. Sullivan, teachers of sewing, elementary, June 3, 1935.

The rules were suspended and the appointments approved.

(To fill vacancies caused by resignations)

Dearborn District—Helen C. Appleton, assistant, elementary, June 3, 1935.

Elihu Greenwood District—Frances M. Cronin, assistant, kindergarten, one session, June 3, 1935.

Francis Parkman District—Joanna T. Vaughan, assistant, elementary, June 3, 1935.

Franklin District—Mary L. Harrington, assistant, elementary, June 3, 1935.

Lewis Intermediate District—Charles J. Higgins, assistant, intermediate, June 3, 1935.

Mather District—Sophie Cohen, Margaret M. Tague, assistants, elementary, June 3, 1935.

Quincy District—Grace E. Tracy, assistant, elementary, June 3, 1935.

Thomas N. Hart District—Anna C. Timmerman, assistant, elementary, June 3, 1935.

Department of Physical Education—Josephine A. Cogan, assistant instructor, physical education, June 3, 1935.

The rules were suspended and the appointments approved.

(To fill vacancy caused by transfer.)

Henry Grew District—Cecilia D. Lutkevich, assistant, elementary, June 3, 1935.

The rules were suspended and the appointments approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted under the provisions of section 265 paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Continuation and South End Intermediate Schools—Kathleen A. Deery, Maxwell Goldings, Mary E. Nichols.

Disciplinary Day School—Sara F. Silverman, Esther S. Winn.

Kindergartens—Agnes A. Clancy, Helen M. Collins.

Approved.

TEMPORARY TEACHERS

Mechanic Arts High School—Christopher J. Tosney, junior master, May 1, 1935.

Department of Manual Arts—Fred E. Bradley, assistant, manual training, elementary, Apr. 30, 1935. Harold E. Hyder, shop instructor, May 13, 1935.

Boston Trade School—John J. Malone, shop instructor, May 14, 1935.

Approved.

On motion of the Superintendent, it was

ORDERED, That the emergency employment of George T. Horgan as temporary shop instructor in the Boston Trade School is hereby authorized for May 9, 1935, one day, compensation to be at the established rate of six dollars (\$6) per day.

GARDENING

Season of 1935

Supervisor—Henry G. Wendler. Garden Teachers—Rose M. Fitzgibbon, Edward J. Donaghy, Lloyd A. Hechinger, John McGuckian.

Garden Assistants—Oswald Tippo.

Assistants in School Gardens—Robert McGovern, Mary M. Burke, Joseph Goldrick, Sumner L. Horwitz, Frank M. Stone.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted the following-named secretary and teacher for the periods specified:

Roxbury Memorial High School (Girls)—Margaret C. Morris, secretary, Apr. 1, to June 30, 1935, without pay.

Theodore Lyman District—Thomas F. Luby, sub-master, Apr. 3, to June 30, 1935, without pay.

On the report of the Superintendent, leave of absence for study, or for rest, was granted each of the following-named teachers for the term specified:

Charles Sumner District—Elizabeth V. Mahoney, assistant, elementary, from Sept. 1, 1935, to Aug. 31, 1936, for rest.

Sherwin District—Beatrice U. Bridges, master's assistant, special classes, from Sept. 1, 1935, to Aug. 31, 1936, for rest.

William Lloyd Garrison District—Julia Cluck, assistant, elementary, from Sept. 1, 1935, to Aug. 31, 1936, for study.

Department of Manual Arts—Martha E. Hall, assistant, manual training, intermediate, from Sept. 1, 1935, to Aug. 31, 1936, for rest.

ASSIGNMENTS OF TEACHERS

A communication was received from the Superintendent, under date of May 20, 1935, reporting that, subject to the approval of the School Committee, he has assigned the following-named teachers of sewing, elementary, in the Department of Household Science and Arts, to the high schools indicated, without change of rank or salary, to take effect on the date stated and to continue for the school year ending Aug. 31, 1935, unless earlier terminated by the Superintendent with the approval of the School Committee:

Gertrude E. Kelly, to the Hyde Park High School, June 3, 1935.

Mildred K. Sullivan, to the Jeremiah E. Burke High School for Girls and the South Boston High School, June 3, 1935.

Placed on file and the assignments approved, to take effect on the dates stated.

DESIGNATIONS

A communication was received from the Superintendent, under date of May 20, 1934, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations but not beyond Aug. 31, 1935:

Phillips Brooks District—Helen J. Lyons, assistant, kindergarten, two sessions, as acting first assistant, kindergarten, two sessions (vice Agnes G. Ryan, absent on leave), Apr. 12, 1935.

Wendell Phillips District—Mary F. O'Neil, assistant, elementary, as acting master's assistant, Apr. 29, 1935.

Placed on file.

CONDUCT OF CLASSES IN SEWING IN EMERGENCY RELIEF ADMINISTRATION SEWING UNITS

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1935, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to conduct

classes in sewing in ERA sewing units as a department in the Trade School for Girls on week days, other than Saturdays, between the hours of 8:30 a. m. and 4 p. m., the cost of the teachers' salaries to be covered by federal funds administered by the Commissioner of Education by special distribution to the City of Boston.

On motion of the Superintendent, it was

ORDERED, That the employment of not more than two teachers in the sewing classes in the ERA sewing units as a department in the Trade School for Girls is hereby authorized; compensation to be at the rate of five dollars (\$5) per day.

A communication was received from the Superintendent, under date of May 20, 1935, reporting that subject to the approval of the School Committee and in accordance with the foregoing orders, he has appointed the following-named persons to the classes in sewing in ERA sewing units as a department in the Trade School for Girls, to take effect on the date stated:

Lena M. Vernaglia, Rose E. Riley, temporary teachers, May 13, 1935.

Placed on file and the appointments approved, to take effect on the date stated.

AMENDMENTS TO REGULATIONS

The Superintendent offered the following, to take effect Sept. 1, 1935:

ORDERED, That the Regulations are hereby amended as follows:

Sect. 406, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

Sect. 406. 1. The supervisor of licensed minors shall, under the general supervision and control of the superintendent, be charged with the enforcement of the regulations governing licensed minors, and shall perform such duties as special supervisor of attendance as may from time to time become necessary. He shall keep a record of his doings, especially of all cases of children investigated or in any way acted upon by him, and shall submit a report to the superintendent monthly and at such other times as the latter may require.

Paragraph 2. In the third and fourth lines and in the tenth line, strike out the words "head supervisor of attendance" and substitute in place thereof the word—superintendent—so that the paragraph shall read as follows:

2. He shall devote such time as may be necessary properly to perform the service required of him by the regulations or by the superintendent on all days throughout the year with the exception of Sundays and legal holidays; provided, that he shall not be required to render more than forty-eight hours of service in any one week; and provided, further, that he shall be entitled to eight weeks' vacation to be taken at such time or times as the superintendent may determine.

Paragraph 3. At the close of the paragraph add the following—with the exception that the authority to grant leaves of absence therein conferred upon the head supervisor of attendance shall in the case of the supervisor of licensed minors be exercised by the superintendent—so that the paragraph shall read as follows:

3. The supervisor of licensed minors shall be subject to the provisions of sections 397 and 398 of this chapter with regard to leaves of absence and deductions on account of absence from duty, with the exception that the authority to grant leaves of absence therein conferred upon the head supervisor of attendance shall in the case of the supervisor of licensed minors be exercised by the superintendent.

Sect. 416, paragraph 1. In the first and second lines strike out the words "head supervisor of attendance" and substitute in place thereof the word—superintendent—so that the paragraph shall read as follows:

Sect. 416. 1. The superintendent may suspend a license for a period not exceeding three months, or he may revoke it.

Laid over.

APPROPRIATIONS AND EXPENDITURES TO MAY 1, 1935

A communication was received from the Business Manager, under date of Apr. 30, 1935, submitting, pending the adoption of the maintenance budget, a statement showing the expenditures for maintenance of the public schools for the first four drafts of the current financial year, the expenditures for the first four drafts of the financial year 1934 and the increases and decreases in the several items.

Placed on file.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, reporting the death on May 8, 1935, of Daniel J. Cooney, custodian, Lucetia Crocker Schoolhouse.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, recommending that the leave of absence on one-half compensation granted Francis L. Butler, custodian, Frank V. Thompson Schoolhouse, because of personal illness, be extended for the further period May 26 to June 27, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, recommending that the leave of absence on one-half net compensation granted Andrew D. O'Leary, custodian, Julia Ward Howe Schoolhouse, because of personal illness, be extended for the further period May 26 to June 27, 1935, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, recommending that the following-named custodians be granted leave of absence on one-half net compensation for the periods specified because of personal illness:

Walter F. Conley, custodian, Comins Schoolhouse, May 13 to 31, 1935, inclusive.

Charles C. Fitzgerald, custodian, David A. Ellis Schoolhouse, May 7, 1935.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of May 20, 1935, recommending that the following-named custodians who stand at the head of their respective lists, be appointed as indicated to take effect on the dates stated:

Herbert J. Kine from the Edmund P. Tileston to the William Blackstone Schoolhouse, May 26, 1935.

William M. Lynsky from the Ellis Mendell to the Thomas N. Hart Schoolhouse, May 17, 1935.

Francis J. Morris from the George Bancroft to the Asa Gray Schoolhouse, May 17, 1935.

Placed on file and the transfers approved, to take effect on the dates stated.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. DiPesa and Company, under date of May 7, 1935, submitting report on the audit of the books and accounts of the Business Manager and of the Secretary for the three months ending Mar. 31, 1935.

Placed on file.

A communication was received from Charles E. DiPesa and Company, under date of May 15, 1935, submitting report on the audit of the books and accounts of the principals of the Continuation School, the Boston Trade School, the Trade School for Girls, and the High School of Practical Arts; and of the coordinators of the Brighton High School, Dorchester High School for Boys, the Hyde Park High School, the Roxbury Memorial High School (Boys), and the South Boston High School; for the three months ending Mar. 31, 1935.

Placed on file.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Alley No. 801, Boston Proper district, as a highway, from St. Stephen street to Gainsborough street, bounded and described as follows:

A public alley named Public Alley No. 801 is hereby laid out, from St. Stephen street to Gainsborough street, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said public alley and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for public alley purposes is hereby taken, is bounded and described as follows:

Northwesterly by St. Stephen street, ten feet; northeasterly by the northeasterly line of said Public Alley No. 801 as hereby laid out, one hundred feet; southeasterly by the southeasterly line of said Public Alley No. 801 as hereby laid out, four hundred seventeen and 24-100 feet; southwesterly by Gainsborough street, ten feet; northwesterly by the northwesterly line of said Public Alley No. 801 as hereby laid out, four hundred one and 96-100 feet; westerly by the westerly line of said Public Alley No. 801 as hereby laid out, seven and 29-100 feet, and southwesterly by the southwesterly line of said Public Alley No. 801 as hereby laid out, eighty-four and 91-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Public Alley No. 801, Boston Proper district, from St. Stephen street to Gainsborough street, under the order of the Board of May 24, 1935, and awards no damages therefor.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Boston place, South Boston district, as a highway, from Dorchester street to Old Colony avenue, with the name of Trimount place or some other distinctive name, bounded and described as follows:

A highway named Trimount place is hereby laid out, from Dorchester street to Old Colony avenue, and ordered constructed; the cost thereof to be charged to Federal Funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Dorchester street, thirty feet; northeasterly by the northeasterly line of said Trimount place as hereby laid out, one hundred seventy-nine and 62-100 feet; easterly by Old Colony avenue, sixty-three and 9-100 feet on a curve of sixteen hundred forty-six and 85-100 feet radius; and southwesterly by the southwesterly line of said Trimount place as hereby laid out, two hundred thirty-four and 84-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public im-

provement, consisting of the laying out and construction of Trimount place, (formerly Boston place) South Boston district, as a highway, from Dorchester street to Old Colony avenue, under the order of the Board of June 3, 1935, and awards no damages therefor.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in Boston and Metropolitan districts as follows:

Notice Change in Age Limit.

ASSISTANT TO THE SUPERINTENDENT OF SUPPLIES, BOSTON SUPPLY DEPARTMENT, JUNE 29, 1935.

Last date for filing applications, Saturday, June 15, 1935, at 12 noon.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MAYOR MANSFIELD GETS MESSAGE FROM SENATOR WALSH ON P. W. A. APPROPRIATIONS.

The following is a copy of a telegram received by Mayor Mansfield from Senator David I. Walsh on May 29, 1935: Pleased to inform you National Emergency Council has proved allotments approximating \$1,300,000 for repairs and improvements to Boston Navy Yard. Also \$475,000 for dredging Mystic River Channel. Also \$5,000,000 for dredging Cape Cod Canal and approaches. Also \$221,000 for dredging New Bedford and Fairhaven Harbors.

DAVID I. WALSH,
United States Senator.

POLICE DEPARTMENT ORDERS.**General Order No. 48.**

A trial board, consisting of Captains Gleavy, O'Connell and Mulrey, having heard by reference a complaint made by Joseph McKinnon, captain, Division 4, against Arthur L. Davis, patrolman, Division 4, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on April 14, 1935, about 1.30 o'clock a. m., while he, the said Patrolman Arthur L. Davis was a passenger on a Boston Elevated Railway car he committed an unprovoked and unwarranted assault and battery on one John J. Donovan of 114 Birch street,

Roslindale, who also was a passenger on said Boston Elevated Railway car, which conduct and assault and battery tended to bring into disrepute and criticism his associates in the police force, and the Police Department as a whole,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, finds the said Patrolman Arthur L. Davis guilty as charged and respectfully recommends that the said Patrolman Arthur L. Davis be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Arthur L. Davis perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

1934 PAVING BRICK SHIPMENTS DOUBLE 1933.

According to reports received in December by the National Paving Brick Association, Washington, D. C., the total shipments of paving brick used in 1934 were expected to attain a total of 125,000,000, at least double the quantity used in brick pavements in 1933. O. W. Renkert, of Canton, Ohio, president of the association, accounts for this 100 per cent increase over the previous year by citing several factors responsible for expanding the use of vitrified brick as a street and highway surfacing material. The construction of widened arteries of traffic in and through municipalities has been favorable to the heavy-duty type of pavement, such as brick. Relief to traffic is provided where there is the most congestion, and employment is afforded in populated districts where distress is the greatest.

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO GENERAL CONTRACTORS.**

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for alterations in the Jeremiah E. Burke High School for Girls, Washington street, near Columbia road, Grove Hall, Boston, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Tuesday, June 11, 1935. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, June 21, 1935, at said office, with a certified check for \$1,000, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, and sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of Friday, June 28, 1935, said deposit for specifications shall be forfeited. Modification of the plans and specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEN,
(June 8) *Superintendent of Construction.*

PUBLIC WORKS DEPARTMENT.

NATIONAL INDUSTRIAL RECOVERY PROJECT,
P. W. A., DOCKET No. 4193-L.

NOTICE TO CONTRACTORS.

Sealed proposals, addressed to the Commissioner of Public Works of the City of Boston, and indorsed "Sewerage Works in Tenean Creek, from Pope's Hill Street, 1019 Feet Northerly to Culvert under New York, New Haven and Hartford Railroad, Dorchester," will be received at Room 508, 5th floor, City Hall Annex, Boston, Mass., before 12 o'clock noon (D. S. T.), on the 18th day of June, 1935, and at that time and place will be publicly opened and read. Bids must be made upon the prescribed proposal form. Plans, specifications and contract form may be obtained at Room 508, 5th floor, City Hall Annex, Boston, Mass., upon deposit of the sum of two dollars (\$2). The project is to be financed and constructed under the terms of the National Industrial Recovery Act and chapter 366, Massachusetts Acts of 1933, and attention is called to the Construction Regulations prescribed by the P. W. A.: "Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project." Bids must be accompanied by a properly certified check on, or a certificate of deposit issued by, a responsible bank in the sum of twenty-five hundred dollars (\$2,500), payable to the City of Boston. Checks will be returned after execution of the contract, upon demand. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. A surety bond by an approved surety company will be required from the successful bidder in an amount not less than the full amount of the contract. The right is reserved to reject any or all proposals, or to accept any proposal deemed best for the interest of the City of Boston, and no award can be made without the approval of the State Engineer, P. W. A. The name and address of the local registration office of the National Re-employment Service, from which employee lists for this contract shall be obtained, is as follows: State Public Employment Office (Everett L. Hanna, Manager), 100 Nashua Street, Boston, Mass.

by C. J. CARVEN,

(June 1-8.) Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Tuesday, June 18, 1935, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 2 timothy hay. Hay must be no less than 40 per cent green. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-six pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposals to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations or stipulations submitted by the various bidders will be considered by the Superintendent.

WARREN W. LOOMIS,

(June 8.) Superintendent of Supplies.

No. 24

MAYOR MANSFIELD URGES ABOLITION OF DISCRIMINATIONS PRACTICED AGAINST AMERICAN PORTS — DELIVERS ADDRESS BEFORE GATHERING OF DELEGATES FROM SEAPORT CITIES CALLED BY MAYOR LA GUARDIA, AT NEW YORK, FOR THE DISCUSSION OF MUTUAL PROBLEMS THEY FACE — POINTS OUT INJUSTICES OF THE CANADIAN PREFERENTIAL TARIFF SITUATION AND ITS UNFORTUNATE EFFECT ON UNITED STATES PORTS.

The following is the address by Mayor Frederick W. Mansfield of Boston, Mass., at the Conference of Seaport Cities called by Mayor La Guardia, at New York, June 11, 1935:

At a conference of United States seaport cities such as this, I am very glad to have the opportunity to discuss a topic of common interest to us all, and of particular interest to the North Atlantic ports. This topic is the Canadian preferential tariff situation, with special reference to its unfortunate effect on United States ports.

I wish to call your attention to the decreasing amount of traffic to and from Canada handled through United States ports, and to the increasing amount of traffic handled through Canadian ports for United States destination. For practical purposes, what happens is that goods for Canada, brought in through United States ports, are subject to an extra duty of 10 per cent, while goods for the United States, brought in through Canadian ports, have no such assessment imposed upon them.

So seriously has this situation affected the Port of Boston that for the past several years we have supported bills before Congress for the purpose of equalizing the extra duty assessed by Canada on import merchandise entering that country through United States ports. Also, in connection with the trade agreement negotiations with Canada, hearings on which were held in March before the Committee for Reciprocity Information, we presented oral argument with reference to this Canadian duty and resulting discrimination against United States ports. Naturally, an adjustment of the situation by negotiation is to be hoped for. Should no satisfactory results obtain through that medium, however, it seems to us fair that if Canada is to continue what may be called a penalty charge on goods imported into that country through our ports, it is no more than equitable that we should impose a charge of similar nature upon goods imported into the United States through Canadian ports.

I commend to your attention Senate Bills S. 873 and S. 1151 and House Bill H. R. 3037, now before the present session of Congress. These bills are similar, and read as follows:

A BILL TO PREVENT DISCRIMINATIONS AGAINST AMERICAN SHIPS AND PORTS AND FOR OTHER PURPOSES.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That upon all articles imported into the United States through a country contiguous to the United States, from another country foreign to the United States and trans-shipped from said contiguous country to the United States, there shall be levied, collected, and paid upon the importation of said articles into the United States a special tax or duty of 10 per centum upon the value thereof. If said articles are otherwise subject by law to a duty, the special duty herein authorized shall be in addition thereto.

SECTION 2. In the event that any country contiguous to the United States imposes on articles imported into that country through the United States from a country foreign to the United States and trans-shipped from the United States to said contiguous country, the same duties as would be imposed if the goods arrived directly at one of its own ports, then the provisions of this section, upon proclamation by the President, shall be suspended from time to time as to the contiguous country extending such reciprocal privileges.

Serious Results.

Now the assessment by Canada of the 10 per cent extra duty has had serious results. It has disrupted the natural and economical flow of goods via the United States to Canada. It has been marked by sharp reduction in ocean cargo tonnage from foreign countries for Canada via United States ports. It has decreased freight and liner services to United States ports, and it has increased the exports from and imports into the United States via Canada.

Perhaps we should not be too critical of our Canadian neighbors for putting into effect a policy which was felt to be in the best interests of that country, but when the point is reached that via the ports of Canada a great and increasing amount of United States traffic is handled, it would appear that we cannot be subject to criticism on our own part if we attempt to protect our ports along the very same lines that the Canadians employ to protect theirs.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back-Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 8, 1935:

MAYOR MANSFIELD SEEKS TO AMEND TUNNEL ACT TO TAKE CARE OF EXCESS COST NOT ESTIMATED OR PLANNED FOR IN ORIGINAL ACT—SENDS MESSAGE TO CITY COUNCIL TO SECURE COOPERATION IN OBTAINING NEEDED FINANCES—SUM OF EXCESS COST FIGURED AT \$600,000, WHICH BOSTON IS OBLIGATED TO MEET—LAW DEPARTMENT HAS DRAFTED BILL.

Mayor Mansfield, on June 10, sent the following message to the City Council:

To the City Council.

GENTLEMEN,—The chairman of the Board of Transit Commissioners has advised me that the records in his department indicate that the net cost of construction of the Sumner Traffic Tunnel and its approaches will substantially exceed the \$19,000,000 heretofore authorized by the Legislature to be borrowed for this purpose. His estimate, set forth in a letter, a copy of which I submit herewith, of the excess net cost is \$600,000. As the city is definitely obligated to meet this excess cost the method by which the money shall be raised must be considered.

The City Auditor has recommended that the present Tunnel Acts be amended so as to permit further borrowing thereunder. I submit for your consideration the City Auditor's statement of the reasons for his recommendation. In view of the foregoing I have requested the Corporation Counsel to file with the General Court a petition asking authority for increased borrowing under the Tunnel Acts. Before the Legislature will act upon this petition approval by your Honorable Body is necessary. I am therefore inclosing a copy of the legislation petitioned for and a resolve approving the petition. I respectfully recommend passage of this resolve. As the legislative year is drawing to a close prompt action on the inclosed order is essential, if we are not to be deprived of the benefit of borrowing under the Tunnel Acts.

Respectfully,

FREDERICK W. MANSFIELD, *Mayor.*

CITY OF BOSTON,
AUDITING DEPARTMENT, June 7, 1935.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I have examined the statement submitted by the chairman of the Transit Commission concerning the net cost of construction of the Sumner Traffic Tunnel to date, and containing an estimate of the additional funds required to meet the cost of the completion of the tunnel and its approaches. I have also examined the records of this office in relation to tunnel construction costs, and find that they are in agreement with the figures submitted by the Transit Commission.

The additional funds required to complete the tunnel may be secured in one of two ways,—by securing legislative approval to an increase in the amount of bonds to be issued under the Tunnel Acts to meet the cost of the tunnel, or by borrowing the amount required within the debt incurring power of the city. While the latter method would be the easier of the two, since action would be confined solely to the city government, I believe that to keep the record of the actual cost of the tunnel intact and in one account it would be better to secure legislative approval to an additional issue of bonds under the Tunnel Acts. If bonds within the debt incurring power of the city were issued they would appear in future years among the ordinary debt of the city, and would be liquidated annually out of appropriations included in the budget for regular city debt requirements. All tunnel bonds issued to date have been kept separate from ordinary city debt, and their liquidation, in so far as was possible, has been provided from tunnel receipts. I feel it is desirable to continue this distinction between ordinary city debt and tunnel debt.

Moreover, if the bonds are issued as tunnel bonds they may be redeemed or liquidated from tunnel receipts, whereas, if bonds within the debt limit are issued it will be necessary to provide for their liquidation in the annual debt requirements of the city. I appreciate that tunnel receipts at the present time are not sufficient to provide for the liquidation of this additional issue. No one can tell, however, what developments may take place in the future; consequently, I believe the possibility of the tunnel becoming self-supporting should not be discounted.

The Law Department has submitted to me a form of bill authorizing an increase of \$600,000 in the amount of bonds to be issued under the Tunnel Acts to meet the cost of the tunnel. Since such legislation involves the borrowing of money, it will be necessary to secure the approval of the City Council before introducing the bill in the Legislature. I recommend that such approval be secured at the next meeting of the Council, namely, next Monday.

Respectfully,

CHARLES J. FOX,
City Auditor.

ADDRESS BY MAYOR.

(Continued from page 833.)

In the case of the Port of Boston, a large number of ships from the Far East make it their first United States port of call. Not many years ago, it was no uncommon occurrence for these ships to unload at Boston from five to seven thousand tons of freight, the greater portion of which was through traffic, that is, not for local consumption. For the past seven or eight years, however, these same vessels have unloaded from two to six hundred tons of cargo, and one of the chief reasons for this serious decline is the Canadian duty above referred to. Practically all of the ships in question now stop at Halifax, where they not only discharge their Canadian consignments but also put ashore large cargoes destined for interior United States ports. These cargoes are shipped over Canadian railroads to our own middle west, thereby depriving United States railroads of a large source of revenue. In these times when the cry is that unless our railroads can get more revenue—and at once—they are on the brink of ruin, it is a most startling condition which automatically deprives them of freight earnings which should, in fairness, be theirs, and which might well be a large factor in putting them back on the road to prosperity.

PORTS LOSING BUSINESS.

It seems to me that it is high time our ports and our railroads came to a realization not only of the amount of business which we are losing under the present set-up but also that the longer it continues the more serious such losses will become. I believe that the situation can be solved either through the medium of the proposed reciprocal trade agreement with Canada or, as a last resort, by legislation of the type to which I referred earlier. It is, of course, my hope that on grounds of mutual esteem, progress and success, the present Canadian restriction will be eliminated in the negotiations now taking place. In fact, I feel that no reciprocity agreement with Canada should be entered into without first there being removed the 10 per cent penalty assessed against us in the case of foreign merchandise passing through the United States into Canada.

Should such an arrangement not be worked out, however, there remains, in my opinion, the absolute necessity of protecting ourselves by legislation as effective as that which Canada now employs.

In the meantime, however, American ports and American railroads are every day in the week losing more and more import and export business to the ports and railroads of our neighbor at the North.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

MAYOR LA GUARDIA OF NEW YORK TO ACCOMPANY TEAM FROM CITY TO CLASH WITH BOSTON'S CITY TEAM ON JULY 9 FIELD DAY IN AID OF WELFARE RELIEF.

Word has been received from William W. Cohen, Executive Vice Chairman of New York City's Municipal Baseball Team, that Mayor La Guardia of New York is so much interested in the proposed inter-city game between New York City's Municipal Team and the City of Boston Employees Team that probabilities are that he will come over on July 9th to be present with Mayor Mansfield at the Boston game to be played at Fenway Park.

The interest of Mayor La Guardia is due to the fact that last year the City of New York raised \$75,000 on its own inter-departmental game. He feels that if New York can help in any way to stimulate interest in Boston, and help it to do the same thing for its Welfare Department, it should not only be willing but glad to do so. He believes that a new era of inter-city sports may be inaugurated in this manner, and that the spirit of friendly rivalry between municipal ball teams is something new in sports, and something worth encouraging.

This spirit of rivalry is stimulating the New York players to pick a crack team for the Fenway Park encounter. Eighteen players are being selected from the following Manhattan municipal departments: Police, Fire, Welfare, Sanitary, Tenement House, Water Supply, Gas and Electric, and Health Departments.

In writing to Hugh McNulty, manager of the Boston team, Chairman Cohen of New York stated that at present the Police and Fire bands are fighting it out between themselves in New York for the distinction of accompanying the team for the game in the Hub.

At practice of the Boston players who are competing for positions on the local team, Manager McNulty had the best turnout since the plan was inaugurated. Practice is held every Monday, Wednesday and Friday at 6 o'clock at Franklin Field.

Thousands of flyers, advertising the game, have been printed by the City Printing Department, and posters announcing it will soon be placed in conspicuous spots throughout the city.

Event will pile upon event at the Athletic and Musical Carnival when upwards of 35,000 Hub sports fans are expected to turn out to see the game.

John C. L. Dowling, Executive Director of the Department of Public Welfare, which is sponsoring the carnival for the benefit of its Medical Needs Fund, was in touch with Stanley Howe, secre-

tary to Mayor La Guardia of New York City, regarding the plans for the game. It seems probable now that Babe Ruth will come over from Manhattan with the New York team and their brass band.

Hugh McNulty, manager of the carnival and director of Boston's ball team, and former Boston College pitcher, stated that the full program of events will be announced later, but that, so far, plans include a wrestling exhibition, boxing bouts, and running and athletic events, with leading favorites taking part.

"Many city employees who are strong players are on the local Parks Department team," said McNulty, in reviewing prospects. "The City Hospital has an undefeated team, and the police can be depended on for good material. We feel sure that the Boston public will see a good team made up of its own city employees, one that will arouse enthusiasm, and go a long way in making a big hit of our carnival, which is to be conducted for one of the most appealing charities—medical needs for welfare recipients."

Entire profits from the carnival will go to the Medical Needs Fund of the Department of Public Welfare. This fund was inaugurated by the Director to fill a want that the Welfare Department cannot fill, namely, crutches, glasses, medical appliances, dental attention, and special requirements of the thousands of ill and unfortunate on the city's relief rolls.

"Nobody who does not know the situation from the inside," said Director Dowling, "has any comprehension of the needs of these people. Five years of unemployment have broken down the health of many, and have led to requirements that cannot be provided for otherwise than by special funds. We propose to give the people of Boston a good show, a good field day, musical events, sports, and a good time generally, at the same time giving them an opportunity to help those in distress by the price paid for their admission to Fenway Park on July 9th."

Mayor Mansfield is 100 per cent behind the carnival, and has expressed his approval of the inter-department baseball team, which is already bringing about a keen spirit of friendly rivalry between the city's various departments.

The steering committee in charge of the affair for the Welfare Department includes the following: John C. L. Dowling, Dr. Frank M. Leonardi, John J. Bench, James A. Quinn, John J. Kelley, Lawrence Collins and Arthur L. Rogers.

All candidates wishing to play on the City Employees Baseball Team, which will play the New York City Employees Team on July 9, are requested to report at Franklin Field on Monday, June 10, at 6 o'clock, and to bring their own equipment. This applies to ball players in all city departments.

HUGH McNULTY,
Manager.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for alterations in the Dorchester High School for Boys. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$1,000, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, June 18, at 2 p. m.

Advertises for proposals for regrading, repaving, etc., at the Joshua Bates School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, June 21, at 2 p. m.

Advertises for proposals for regrading, repaving, etc., at the Quincy School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$750, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, June 28, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, ratings and compensation of the city employees have been made during the week ending Thursday, June 13:

ASSESSING DEPARTMENT.

William J. Lynch, clerk in the Overseers of Public Welfare at \$1,100 a year, has been transferred to clerk at \$1,200 a year, effective June 3.

HOSPITAL DEPARTMENT.

The following persons have been employed during the week ending Thursday, June 6:

Temporary.—Joseph Reynolds, helper, \$14.50 a week; Thomas Birmingham, ambulance driver, \$34.50 a week; Samuel Odiorne, male nurse, \$32 a week; Jane Regan, Eileen Buckley, Grace Scott, Mary Pinell, Kathryn Silva, special nurses, \$4.50 a day.

South Department.

Bernard Dowd, John Lockery, John Baumgardner, Kenneth Sheldon, kitchenmen, \$12 a week.

The following changes have occurred:

John Glennon, elevatorman at \$16 to ward porter at \$24 a week; Michael Gallagher, house porter at \$16.50 to house cleaner at \$21 a week; Verna Helliwell, floor nurse at Main at \$1,200 a year to Haymarket at \$1,200 a year; Joseph Hanbury, temporary kitchenman at South at \$17.50 to Main Department at \$17.50 a week; Cecelia Cooney, Margaret Fitzmaurice, Nora Grady, head nurses at \$1,560 a year to \$1,680 a year; Marion Knapp, Doris Feeney, floor nurses at \$1,500 a year to \$1,560 a year.

The following nurses have been employed on the monthly roll of the Boston City Hospital:

Elsie Cunningham, nurse affiliate, \$8 a month; Wilma Gouger, nurse affiliate, \$12 a month; Ruth Small, nurse affiliate, \$8 a month.

South Department.

Margaret Dowd, Geraldine Eaton, Agnes Hackett, Ellen Houvinen, Margaret O'Brien, Audrey Veinotte, nurses affiliate, \$10 a month.

Mildred Prichachi, \$12.50 a month to \$16.67 a month.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, June 6:

Julia Ryan, Frances Mason, nurses (temporary), \$1,020 a year; Thomas H. Thompson, elevator operator (temporary), \$2.50 a day; Elizabeth McCoole, relief telephone operator (temporary), \$3 a day; Joseph Brown, John Kane, choremen (patients), \$240 a year; Martin Malloy, Herbert McGlinchey, George Hodge, male nurses (patients) (temporary), \$480 a year; Catherine Fowler, maid (patient) (temporary), \$240 a year.

The following persons have ceased to be employed:

Charles Corkum, choreman (patient), \$240 a year; Fred Spry, Richard Cripps, male nurses (patients) (temporary), \$480 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, for the period June 1 to June 13, inclusive, at \$1,000 a year:

Frances Boussard, Mary Breen, Jeanette Burke, Marie Curran, Helen Clancy, Katherine Connolly, Walter Dennis, Thomas Doyle, Mary Dowd, Mary Crossen, Edna Driscoll, Mary R. Feeney, Anna E. Foley, Edith Fontaine, Geraldine Fitzgerald, Helen E. Ford, Agatha Francis, Angelina Georgione, Jeannette Ginsburg, Arthur Gold, Allan W. Grant, Della Hatton, Mary R. Holmes, Stephen Hill, Elenore T. Hurley, Esther N. Jackson, Muriel A. Jordan, Katherine M. Keene, Mary J. Kennedy, Amelia Killion, Katherine Krohn, Margaret Lamb, David F. Leahy, Helen F. Lenehan, Harriet Mainser, James Manion, Gertrude Mansfield, Florence Martineau, Frederick Mattern, John A. Molineaux, Florence M. Muldoon, Catherine F. Mullen, Katherine O. McAdams, Marion E. McAuley, Sarah McCaffrey, Dorothy N. Macdonald, Kathryn McGrath, Mary L. Macdonald, James J. McKiernan, Florence Norton, Elenore J. Nowell, Anna G. O'Hare, Margaret M. O'Reilly, John C. Pigott, John E. Powers, Elizabeth Ratigan, Claire T. Reavey, Joseph Reardon, Gladys M. Shepard, Mary R. Smith, Flora G. Sullivan, Katherine V. Sullivan, Mary E. Sullivan, Mary J. Sullivan, Mary Sutton, Katherine T. Toomey, Mary T. Townsend, Grace L. Rogers, Margaret M. Warren, William Walsh, Albert Beck, Katherine E. Gordon, John J. Piscitelli, Austin J. McCarthy, Walter F. Sullivan, Marie J. Brooks, Mary Hurley, Helen F. Dooley, Margaret F. Dooley, Margaret Kiley, Edmund J. McCarthy, Henry G. Mullooney, Joseph W. Murphy, Joseph O'Neil, Joseph W. Scally, Bartholomew M. Sullivan, Charles Weinberg.

PUBLIC WORKS DEPARTMENT.

Approval has been given to continue the temporary employment of Ralph F. Boudreau as junior engineer at \$2,500 a year, for three months from June 7, on highway division construction and P. W. A. paving projects, interchangeably, as his services are required during this period.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Permission has been given to make requisition for nine assistant drawtenders, the employment to be continued until selections are made from civil service certification.

Approval has been given to employ John M. Kenney, now temporary junior engineer at \$2,400 a year, as permanent junior engineer at the same salary, effective June 7.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given for the change in wages of Arthur L. Pumphret, garage attendant in the Albany Street Garage, from \$23 to \$27 a week, effective May 31, 1935.

REGISTRY OF DEEDS.

John A. Long has been appointed temporary clerk under Schedule A-2, at \$1,500 a year. Mr. Long's services will be devoted especially to the indexing of water liens, which have become very voluminous in recent months, and require the services of one clerk continuously. He is well qualified for this work by reason of a college education and training, and as a student of conveyancing. He has also had experience as a clerk in the Assessing Department.

Katherine E. Shay, has been appointed as a clerk-index comparer under Schedule A-1, at \$1,500 a year, to fill a vacancy caused by the resignation of Louise E. O'Connor.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Public Works Department (Sewer Service).

For the week ending Thursday, June 6:

Thomas McLaughlin, oiler, 1 day, \$6.92.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon June 7 the Mayor approved a contract with R. J. Connolly, Incorporated, for fire escapes at the Wait School. Bids, opened May 3, were as follows:

Item No. 1.—R. J. Connolly, Incorporated, \$9,800; P. J. Cantwell & Son, \$9,858; N. Solimando, \$9,686; Carilli Construction Company, \$9,983; M. S. Kelliher Company, \$10,200; Joseph N. Fish, \$10,595; John F. Hynes, Incorporated, \$10,974; Walter Curley & Son, \$11,190.

Alternate.—R. J. Connolly, Incorporated, \$9,343; P. J. Cantwell & Son, \$8,858; N. Solimando, deduct \$487; Carilli Construction Company, \$9,241; M. S. Kelliher Company, \$9,400; Joseph N. Fish, \$9,883; John F. Hynes, Incorporated, \$11,547; Walter Curley & Son, \$10,480.

POLICE DEPARTMENT ORDERS.*General Order No. 49.*

A trial board, consisting of Captains Gleavy, O'Connell and Mulrey, having heard by reference a complaint made by Mathew Killen, captain, Division 15, against Alfred Walton, patrolman, Division 15, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the fourteenth day of April, 1935, the said Patrolman Walton did arrest one John J. Donovan of 114 Birch street, Roslindale, and brought him to Police Division 17, where he preferred a charge against him of drunkenness and creating a disturbance in a street car, whereas, in truth and in fact, the said Donovan was not drunk, and did not create a disturbance, as alleged.

Charge 2: Neglect of duty.

Specification: In that on the fourteenth day of April, 1935, the said Patrolman Walton did arrest one John J. Donovan, of 114 Birch street, Roslindale, and did fail to make a report of the same to his commanding officer or to the officer in charge of Division 15,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, finds the said Patrolman Alfred Walton guilty as charged and respectfully recommends that the said Patrolman Alfred Walton be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Alfred Walton perform 210 hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 50.

A trial board, consisting of Captains McGrath, Gleavy and O'Connell, having heard by reference a complaint made by Joseph McKinnon, captain, Division 4, against John J. Cameron, patrolman, attached to the Bureau of Records and detailed to Division 4, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that while on patrol duty on first half on May 4, 1935, he failed to properly patrol his route.

Specification 2: In that while on patrol duty on first half on May 4, 1935, he entered a building, not on police duty and without asking or receiving permission to do so from the officer in charge of his station, and there remained an unnecessary and unreasonable length of time.

Specification 3: In that while on patrol duty on first half on May 4, 1935, he failed to report by signal from a patrol box within the forty-minute period prescribed by the rules and failed to telephone to his station at the end of his tour of duty,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, accepts the plea of guilty. The Board feels that entering a building and going to sleep while on police duty is a serious

breach of the Rules and Regulations of the Department, and one which would ordinarily warrant drastic punishment. Patrolman Cameron was given an excellent recommendation by the commanding officer of Division 4, and in the past Patrolman Cameron has performed very meritorious police duty. Recently, there has been serious illness in the officer's home and he has been deprived of considerable rest, which, in a large measure, is responsible for his present difficulty. In view of all the circumstances of the case, the Board respectfully recommends that the said Patrolman John J. Cameron be ordered to perform seventy hours of punishment duty."

The commissioner accepts the finding and the recommendation of the trial Board and hereby orders that the said Patrolman John J. Cameron perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 51.

A trial board, consisting of Captains Kavanagh, Mulrey and Daley, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Thomas G. Malone, patrolman, Division 1, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that on the fifteenth day of May, 1935, the said Patrolman Thomas G. Malone, while on duty and in uniform, was under the influence of intoxicating liquor to such an extent that he was unable to perform his duty as a police officer, and in so doing he was guilty of an act contrary to good order and discipline which tended to bring into disrepute his associates on the force and the department as a whole,—

has submitted the following finding and recommendation:

"The Board accepts the plea of guilty by Patrolman Thomas G. Malone, and has taken into consideration the recommendation of his commanding officer that he has been a good police officer in the past, and that he has never previously been before a trial board.

"Therefore, the Board respectfully recommends that the said Patrolman Thomas G. Malone be suspended for a period of forty-five days, effective as of May 16, 1935, at 5.45 p. m., and at the expiration of said suspension he be ordered to perform two hundred and ten (210) hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Thomas G. Malone be suspended for a period of forty-five days, effective as of May 16, 1935, at 5.45 p. m., and at the expiration of said suspension he perform two hundred and ten (210) hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; pro-

vided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 52.

The resignation of Patrolman Edward F. Berigan of the Bureau of Records having been presented while charges against him are pending, it is hereby accepted to take effect on Monday, June 3, 1935, at 7.45 a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 53.

The commissioner is pleased to publish, for the information of the department, the following letter received from his Excellency James M. Curley, Governor of the Commonwealth:

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT,
STATE HOUSE, BOSTON.

HON. EUGENE M. MCSWEENEY,
Boston Police Commissioner.

DEAR COMMISSIONER.—It is with sincere appreciation that I take this opportunity to thank the men of the Boston Police Department, through you as commissioner, for the highly capable handling of arrangements incident to the wedding on Saturday.

It was an unprecedented situation, but the men of the Boston Police Department, under your expert direction, carried out their assignments with meticulous attention to detail and polite consideration for the comforts of all concerned.

I can think of no tribute more justly merited by the department than to say that man for man, from top to bottom, it was one hundred per cent efficient.

Sincerely,

JAMES M. CURLEY.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Commissioner.

General Order No. 54.

A trial board, consisting of Captains Fallon, Kavanagh and Mulrey, having heard by reference a complaint made by Thomas F. Gleavy, captain, Division 17, against Richard T. Dale, patrolman, Division 17, for alleged violation of Rule 41 of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification: In that on the twentieth day of May, 1935, the said Patrolman Richard T. Dale did absent himself from the 5.45 o'clock p. m. roll call without permission from the Police Commissioner, Superintendent or his commanding officer.

Charge 2: Conduct unbecoming an officer.

Specification: In that on the twentieth day of May, 1935, the said Patrolman Richard T. Dale, while not on duty and not in uniform, was under the influence of intoxicating liquor to such an extent that he was unable to perform police duty if called upon so to do,

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty of the said Patrolman Richard T. Dale; and the Board, having taken into consideration the recommendation of Patrolman Dale's commanding officer and the fact that Dale has been previously commended in General Orders for efficient police duty, respectfully recommends that the said Patrolman Richard T. Dale be suspended from duty for a period of thirty days, effective as of May 21, 1935, and that at the expiration of the said period of suspension the said Patrolman Richard T. Dale be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Richard T. Dale be suspended from duty for a period of thirty days, effective as of May 21, 1935, and that at the expiration of the said period of suspension the said Patrolman Richard T. Dale perform 210 hours of punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Commissioner.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 27 Field street, Ward 4.
The building at 43 Weston street, Ward 9.

The building at 25 Field street, Ward 4.
The building at 939 Harrison avenue, Ward 8.

The building at 276 Princeton street, Ward 1, is in an unsafe and dangerous condition. The owner, Edward J. McKendrew of 60 Newburg street, Roslindale, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause of complaint. The owner states that due to his advanced years and lack of finances the order to remove the building places a decided burden upon him, and as a result of an interview the inspector reports that Mr. McKendrew is financially unable to pay for the razing of the building.

CIRCULAR LETTER NO. 25.

CITY OF BOSTON,
MAYOR'S OFFICE, June 6, 1935.
To the Heads of Departments.

The heads of the various city departments are requested to instruct all employees to pay their poll and personal taxes immediately and to require the exhibition of a receipt showing that they have been paid.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted on September 6, 1934, and was effective September 7, 1934, for a trial period of three (3) months, which was extended on December 4, 1934, for a period of three (3) months from December 7, 1934, and which was extended for a period of three (3) months from March 7, 1935, is hereby extended for a further trial period of three (3) months from June 7, 1935:

Vehicles shall be placed at an angle of forty-five (45) degrees to the curb, with right rear wheel to the curb, in Blue Hill avenue, both sides, from Babson street to Mattapan square.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be two (2) weeks, vehicles are excluded from Lenox street, between Shawmut avenue and Washington street, effective June 11, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted December 10, 1934, and was effective December 11, 1934, for a trial period of six (6) months, is hereby extended for a further trial period of thirty (30) days from June 11, 1935:

Parking of vehicles is prohibited in the following street:

Dorchester Avenue.

Both sides, from Congress street to Dorchester Avenue Bridge over Fort Point Channel.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the annual outing of the American Mutual Liability Insurance Company, parking of vehicles is prohibited in Columbus avenue, from Berkeley street to the bridge over the Boston & Albany Railroad, on June 13, 1935, from 8 a. m. to 12.30 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be three (3) weeks, vehicles are excluded from Savin Hill avenue, Dorchester, southerly arm, between the easterly end of the bridge over the New York, New Haven & Hartford Railroad and Grampian way, near Denny street, effective June 14, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted March 7, 1935, and was effective March 13, 1935, for a trial period of three (3) months, is hereby extended for a further trial period of three (3) months from June 13, 1935:

Parking of vehicles is prohibited in the following street:

Camden Street, Roxbury.

Southwest side, from Washington street to Shawmut avenue.

UNITED STATES, GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013.836, of which \$20,476,034.190 was interest-bearing. This is a reduction of \$6,120,667.458 from the peak of \$26,596,701.648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281.492.

CIRCULAR LETTER NO. 24.

CITY OF BOSTON,

MAYOR'S OFFICE, June 5, 1935.

To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are members of the Army Reserve Corps, the Naval Reserve Force, the National Guard, or the United States Citizens' Training Camp, to attend the annual tour of duty or Service School.

Very truly yours,

FREDERICK W. MANSFIELD, Mayor.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

MAYOR MANSFIELD SEEKING PLANS FOR REMOVAL OF EL STRUCTURE.

The Mayor, on June 10, conferred with Joseph P. Manning and James L. Richards as representing the private directors and stockholders of the Boston Elevated Railway Company relative to the removal of the Elevated structure and the substitution thereof of a subway or tunnel from Forest Hills to Sullivan square.

The Mayor explained that the Federal Government would not expend any funds for the purpose of demolishing the old structure and paying for its alleged value to the Railway Company and that he had communicated with Mr. Dana of the Public Trustees on the subject and that the Public Trustees had considered the matter for the consideration of the private directors and stockholders.

The Mayor suggested to Mr. Manning and Mr. Richards today that it might be possible to construct a tunnel or subway and grant a long lease thereof to the Boston Elevated Railway Company as a reimbursement to the company for the demolishing of the Elevated structure.

Mr. Manning and Mr. Richards expressing their own individual opinions, and not in any way attempting to bind the trustees or stockholders, said they thought that the directors and stockholders would be interested in such a proposal and that they, speaking for themselves, were inclined to view the matter favorably. It was suggested that the proposal be put in definite and detailed form by the Mayor for presentation to the private directors and the stockholders at an early date. The Mayor said that he would confer with Mr. Foley about it immediately and would report to Mr. Manning and Mr. Richards at a later time.

FLAG DAY PROCLAMATION.

The following Flag Day proclamation was promulgated by Mayor Mansfield:

On Friday, June 14, the entire nation pauses to take stock of itself, to reflect upon its past and to resolve for its future. On that day 158 years ago a united nation first unfurled to the breezes an emblem symbolic of accomplishments, dedicated to the ideals for which its blood had been shed and its privations endured and consecrated to the purpose of holding the torch of liberty at the forefront of civilization.

Friday will see the commemoration of that event. Boston, having always played a most important part in the advancement of this nation's ideals, is called upon to join in that commemoration. In keeping with that purpose, I, Frederick W. Mansfield, as Mayor of Boston, hereby ask all our citizens to join in the display of the emblem of our nation from every vantage point and to do so with the spirit of loyalty, love and devotion such as has been the inspiration of generations past and will ever be the hope of centuries to come. I ask that the flag be displayed from the staffs of all school and public buildings as a salute to our patriots both dead and living, with the firm resolve to die if need be for the preservation of all that our national emblem stands for and signifies.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 3, 1935.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair. Absent, Coun. Goldman.

JURORS DRAWN.

Jurors were drawn under the law, Coun. ROBERTS presiding at the box in the absence of the Mayor, as follows:

Twenty-two Grand Jurors, Superior Criminal Court, to appear July 1, 1935:

Michael DiFrumolo, Ward 3; John W. Parks, Ward 4; Frank L. Spinney, Ward 5; Wallace C. Winsor, Ward 5; Edward Humphrey, Ward 6; William F. Quinlan, Ward 7; Edward J. Campbell, Ward 8; Patrick F. Mellen, Ward 8; Vivyan Joseph Collier, Ward 9; John J. O'Donnell, Ward 10; Henry M. Batchelder, Ward 12; Maxwell L. Stearns, Ward 12; Simon Robinson, Ward 13; Arthur Beaumont, Ward 14; Arthur J. Whitney, Ward 14; Patrick F. Dorney, Ward 15; Clyde L. Carter, Ward 17; John T. Finn, Ward 17; John M. Jackson, Ward 17; Joseph F. Tierney, Ward 19; Harry L. Moss, Ward 20; Timothy J. O'Brien, Ward 22.

Eighty-eight traverse jurors, Superior Criminal Court, to appear July 1, 1935:

Pasquale A. Barraso, Ward 1; Dennis Connell, Ward 1; John W. Doull, Ward 1; Martin E. Gillen, Jr., Ward 1; Joseph J. Muldoon, Ward 1; George F. Nagle, Ward 1; Daniel F. Shea, Ward 1; John J. Garrity, Ward 2; Louis R. Hickson, Ward 2; Samuel F. Mansell, Ward 2; Erminio Contrado, Ward 3; Jacob P. Livingston, Ward 4; David McNay, Ward 4; Chandler H. Pratt, Ward 4; Robert C. Wilson, Ward 4; William H. Flynn, Ward 5; Harold Howard, Ward 5; Lawrence H. H. Johnson, Jr., Ward 5; Malcolm B. Lang, Ward 5; John Clifford Ross, Ward 5; James M. Rothwell, Ward 5; Michael M. Donovan, Ward 6; Francis Duffey, Ward 6; George A. O'Connor, Ward 6; Manuel Saphir, Ward 6; Thomas F. Healey, Ward 7; Thomas A. Nee, Ward 7; Joseph H. McCarthy, Ward 8; Laurance Trabucco, Ward 8; James A. Callahan, Ward 9; Omer E. Dubois, Ward 9; John J. Halleren, Ward 9; Francis J. Hagan, Ward 10; Charles MacMullen, Ward 10; Hugh L. Rehberg, Ward 10; Daniel H. Daylor, Ward 11; Arthur B. Chartier, Ward 12; Morris Diamond, Ward 12; James Robb, Ward 12; Edward J. Call, Ward 13; Silas A. Caswell, Ward 13; Patrick J. Downey, Ward 13; Charles L. Frank, Ward 13; John A. Malloy, Ward 13; John E. Nagle, Ward 13; Arthur F. Phinney, Ward 13; David Thompson, Ward 13; Edmund Feldman, Ward 14; William Goldstein, Ward 14; Nathaniel S. Hatch, Ward 14; Joseph Rosenberg, Ward 14; Hyman R. Shuman, Ward 14; William P. Dolan, Ward 15; Jeremiah B. McDonnell, Ward 15; Edward Timothy Murphy, Ward 15; Thomas M. Wiley, Ward 15; Daniel J. Connors, Ward 16; Joel W. Johnson, Ward 16; James E. Begley, Ward 17; Nathan Blume, Ward 17; Ralph S. Clarke, Ward 17; Henry A. Farquhar, Ward 17; William L. Glavin, Ward 17; Dugald Macintyre, Ward 17; Rufus L. Briggs, Ward 18; John J. Delaney, Ward 18; Frank A. Dowler, Ward 18; Charles Graumann, Ward 18; Milford L. Hurwitch, Ward 18; Clifford T. Gwynn, Ward 18; Arthur S. Morse, Ward 18; Harold Randall, Ward 18; George L. Murphy, Ward 18; Wallace J. Swale, Ward 18; Raymond J. East, Ward 19; Robert F. Ambrose, Ward 20; John F. Cronin, Ward 20; Francis W. Gibson, Ward 20; Arthur J. O'Keefe, Ward 20; Herbert Single, Ward 20; William C. Crane, Ward 21; Samuel Creedenberg, Ward 21; Frederick Francis Doyle, Ward 21; Wilfred P. Goodnow, Ward 21; Frank A. Burke, Ward 22; William D. Farrell, Ward 22; James H. Forbes, Ward 22; Edward F. Henneberry, Jr., Ward 22.

Eighty-one traverse jurors, Superior Civil Court, to appear July 1, 1935:

Peter Bennett, Ward 1; Michael Cicco, Ward 1; James J. Collins, Ward 1; James H. Mullen, Ward 1; Patrick Burke, Ward 2; Alfred T. Connors, Ward 2; Alexander H. Conner, Ward 3; James L. Fessenden, Ward 3; Nathan Goldman, Ward 3; John W. Riggs, Ward 3; Joseph Todesco, Ward 3; William S. Baxter, Ward 4; Arnold S. Douglas, Ward 4; Leon A. Hershey, Ward 4; Forrest R. Rich, Ward 4; Charles Doughty, Ward 5; Edward F. Coughlin, Ward 6; Harry W. Martin, Ward 6; James Robinson, Ward 6; Louis DePloey, Ward 7; Thomas J. Kiley, Ward 7; John J. McCarron, Ward 7; Arthur O. Murphy, Ward 7; William J. Whitley, Ward 7; Daniel J. Daly, Ward 9; Ernest Kitson, Ward 9; Edgar W. Sabine, Ward 9; Frank W. Harding, Ward 10; William F. Martin, Ward 10; Giuseppe Russo, Ward 10; Frank L. Willworth, Ward 10; Daniel F. Moriarty, Ward 11; Edward R. Perkins, Ward 11; John J. Roche, Ward 11; Cottwill Swanson, Ward 11; Charles W. Dingley, Ward 12; Harold Hicks, Ward 12; Harold A. MacEwen, Ward 12; Augustin J. Goshin, Ward 13; Hilmar Nelson, Ward 13; William C. Nugent, Ward 13; Olaf H. T. Svenson, Ward 13; Augustine H. West, Ward 13; Saul C. Obessier, Ward 14; Franklin

P. Lynds, Ward 14; Carl A. Carlson, Ward 15; John F. Colgan, Ward 16; Andrew W. Garrett, Ward 16; Thomas E. Haddock, Ward 16; Frank A. Reichart, Ward 16; Reuben S. Holloway, Ward 17; Charles M. Murphy, Ward 17; Joseph J. Plummer, Ward 17; Harold L. Briggs, Ward 18; Thomas S. Davie, Ward 18; George J. Floyd, Ward 18; James J. Gallagher, Ward 18; Charles R. Higbee, Jr., Ward 18; Samuel Karp, Ward 18; Eugene Walter, Ward 18; Clarence M. Wildes, Ward 18; William A. Abe, Ward 19; Daniel Bernhard, Ward 19; Alfred L. Daniels, Ward 19; Bernard C. Dwyer, Ward 19; Albert Otto, Ward 19; William Bruns, Ward 20; Frederick B. Christian, Ward 20; Edward A. Kilduff, Ward 20; Arthur W. Lewis, Ward 20; John M. Moran, Ward 20; Charles W. Sheen, Ward 20; William Stahler, Ward 20; Jacob Brown, Ward 21; Frank M. Knott, Ward 21; Charles H. Welt, Ward 21; Joseph H. Diggins, Ward 22; Eugene D. Libbey, Ward 22; Robert McColl, Ward 22; Herman F. McNeil, Ward 22; John A. Peterson, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constables, for the term ending April 20, 1936, authorized to serve civil process upon filing bond, viz.: Clarence L. Baker, 57 Humboldt avenue, Ward 12; Paul Stancato, 185 Endicott street, Ward 3; Frederick J. Galvin, 62 Tower street, Ward 11;

Clifford L. Smith, 87 Thetford avenue, Ward 14, Robert E. Donlan, 55 Penfield street, Ward 20. Severally laid over a week under the law.

RAW FOOD COSTS.

The following was received:

City of Boston,
Office of the Mayor, June 3, 1935.
To the City Council.
Gentlemen,—I herewith transmit a letter from the trustees of the Boston City Hospital, relative to your order of April 29, 1935, concerning raw food costs at the hospital during the fiscal year 1934.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Hospital Department, May 29, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today an order of the City Council was presented, whereby the trustees are requested, through his Honor the Mayor, to inform the Council regarding raw food costs at this hospital during the fiscal year 1934.

I am inclosing herewith the information requested.

Yours sincerely,
JOSEPH P. MANNING,
President, Board of Trustees.

UNCOOKED FOOD SUPPLIES, YEAR 1934.

Placed on file.

GYMNASIUM, WARD 6.

The following was received:

City of Boston,
Office of the Mayor June 3, 1935.
To the City Council.

Gentlemen,—In reference to the order adopted by your Honorable Body on April twenty-second, asking the Mayor to request the Park Commissioner to include in a P. W. A. program a sum sufficient to erect a gymnasium at the corner of G street and West Broadway in Ward 6, I beg to say that this matter has been forwarded to the Work Projects Board to be considered in P. W. A. projects.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

TRAFFIC LIGHTS, ETC.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Traffic Commission, relative to your

order of May 13, 1935, concerning replacement of blinker lights at the intersection of South Huntington avenue, Moraine, Boylston and Centre streets, with modern "stop" and "go" lenses.

I also transmit a letter from the Boston Traffic Commission, relative to your order of May 13, 1935, concerning the proposed replacement of traffic lights at all intersections in Ward 7.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, May 31, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir:—Enclosed herewith is a copy of the report of a study of the traffic lights at the intersection of South Huntington, Moraine, Boylston and Centre streets, all in Ward 7.

The report recommends that the traffic lights at the intersection of South Huntington, Moraine, Boylston and Centre streets, all in Ward 7, be replaced with modern "stop" and "go" lenses.

The report also recommends that the traffic lights at the intersection of South Huntington, Moraine, Boylston and Centre streets, all in Ward 7, be replaced with modern "stop" and "go" lenses.

avenue would cost approximately \$1,800. There are no funds available at this time for such an installation.

The engineers of this commission are of the opinion, however, that when money is procured the change should be made as requested in the above Council order.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

City of Boston,
Traffic Commission, May 31, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated May 13, 1935, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to paint the crossing lines at all intersections in Ward 7."

Orders have been issued to paint the lines in Ward 7 as requested in the above Council order.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

INHALATOR AT CARNEY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Health Commissioner, relative to your order of May 13, 1935, concerning the advisability of furnishing an inhalator to Carney Hospital for use in reviving victims of drowning accidents at South Boston beaches.

Reference of the order was also made to Carney Hospital and any reply received will be also transmitted.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, May 23, 1935.
Mr. John F. Gilmore,
Secretary, Mayor's Office.

Dear Sir,—Your memorandum attached to order from the Boston City Council, regarding advisability of furnishing an inhalator for use in reviving patients at the Carney Hospital, has been received.

I would respectfully suggest that the Carney Hospital be requested to furnish an opinion as to the advisability of being furnished with an inhalator, as in this way, the information might be procured as a result of actual experience.

Yours respectfully,
F. X. MAHONEY, M. D.,
Health Commissioner.

Placed on file.

REPLACEMENT OF FOOTBRIDGE.

The following was received:

City of Boston,
Office of the Mayor, May 25, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the chairman of the Park Department, relative to your order of May 13, 1935, concerning the proposed replacement of the footbridge recently burned, between the Boston Airport and the World War Memorial Park.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, May 27, 1935.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 22, with inclosure, order from the City Council that the Park Commission be requested to replace the footbridge recently burned, between the Boston Airport and World War Memorial Park, and regret exceedingly there are no funds available for the building of a new bridge at this time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FIVE-CENT FARE FROM ARBORWAY.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Boston Elevated Railway, relative to your order of May 6, 1935, concerning the establishment of a five-cent fare, from the Arborway to Massachusetts avenue.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
May 29, 1935.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—Replying to your letter of May 14, the trustees have considered the request of the City Council for a 5-cent fare, between Arborway and Massachusetts avenue, but do not feel that they can consistently grant the request.

At one time such an experiment was tried and the arrangement was unsatisfactory, as proper fares could not be collected, to the detriment of the Elevated deposit.

We now have a local fare zone between Arborway and Brigham Circle and another one between the junction of Clarendon and Boylston streets and Francis street for cars terminating at Francis street.

The trustees do not feel that they can justify further extension of the 5-cent local fare privilege at the present time aside from the difficulty which would be experienced in collecting the proper fares with two local fare zones on the same line.

Very truly yours,
EDWARD DANA,
Executive Vice President
and General Manager.

Placed on file.

PLAYGROUND, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the City of Boston Work Projects Board, relative to your order of May 20, 1935, concerning a project for a playground and mothers' rest on the grounds of the West Department, City Hospital, West Roxbury.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

May 29, 1935.

Mr. John F. Gilmore,

Assistant Secretary, Mayor's Office.

Dear Sir,—I acknowledge receipt of your communication of May 28 in regard to project proposed for playground and mothers' rest at West Department, Boston City Hospital, West Roxbury.

This matter will receive the immediate attention of the Board.

Very truly yours,
WORK PROJECTS BOARD,
by JAMES E. McLAUGHLIN.

Placed on file.

LEASE OF 80 JOY STREET.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1935.
To the City Council.

Gentlemen,—I herewith transmit a letter from the Superintendent of Public Buildings containing notice of the desire of the United States of America to lease space on the first floor of the premises, 80 Joy street, formerly a police station, as a registration office for applicants for relief under the Transient Division of the F. E. R. A. of Massachusetts, for the term beginning May 1, 1935, and ending with June 30, 1936.

Attached is a form of order which, if adopted, will authorize the Mayor to execute a lease of the above tenor, to include heat, water, electricity and janitor service, in consideration of ten dollars to be paid by the Federal Government.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
May 13, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The United States of America is desirous of leasing space on the first floor in rear of the building located at 80 Joy street, Boston, formerly known as the Joy Street Police Station, containing three rooms and one toilet and approximately 1,500 square feet of floor space, for the purpose of using the said premises for a registration office for applicants for relief under the Transient Division of the F. E. R. A. of Massachusetts.

The United States Government desires to occupy said premises for the term beginning with May 1, 1935, and ending with June 30, 1936, and expects the City of Boston to keep said premises in good repair during the term of the said lease and to furnish the United States Government with heat, water, electricity and janitor service during said term.

I am inclosing a form of order which if it meets with your Honor's approval, should be introduced into the City Council. This order authorizes the lease of such space.

Respectfully yours,
ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston is the owner of certain property situate on Joy street and formerly known as Police Station No. 3; and

Whereas, Three rooms and one toilet and approximately 1,500 square feet of floor space upon the first floor of said property are not now needed for public purposes; and

Whereas, The United States of America is desirous of leasing that part of the said first floor which is not now needed for public purposes, to be used exclusively for registration office for applicants for relief under the Transient Division of the Federal Emergency Relief Administration for Massachusetts; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston, by an instrument in writing satisfactory to the United States of America in consideration of ten (10) dollars to it paid by the said United States of America, space on the first floor rear of the said building containing three rooms and one toilet and approximately 1,500 square feet of floor space, for the term beginning with May 1, 1935, and ending with June 30, 1936, and as a covenant for and in behalf of said city, in said written instrument to agree to furnish the said United States of America during the term of said lease, heat, water, electricity and janitor service which are requisite to the maintenance of said leased premises for the purposes set forth in said lease.

Referred to the Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joseph G. Ashman, for refund of salary contributed to Public Welfare Fund.

Chloe Carry's Food Shop, for refund on awning permit.

Rubin Katz, for compensation for injuries caused by being bitten by horse connected to city team.

John F. Kelley, to be reimbursed for judgment issued against him on account of his acts as operator of car of Sewer Division.

John F. Kelley, to be reimbursed for judgment issued against him on account of his acts as operator of car of Sewer Division.

Joseph P. Kolf, to be reimbursed for judgment issued against him on account of his acts as operator of truck of Sanitary Division.

Blanche A. Murch, for compensation for injuries caused by an alleged defect in Bowdoin avenue.

Robert W. O'Brien, for compensation for damage to car caused by an alleged defect at Canterbury street and Hyde Park avenue.

Cosmas Synadinos, for refund on illuminated sign license.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Elizabeth Granger McNamee, Elizabeth Peabody Playhouse, June 7.

Dorothy M. Oliver, Repertory Theatre, June 14.

Mary E. Ring, Brighthelmstone Club, June 14.

Adrienne K. Leeman, Peabody Playhouse, June 12.

Viola K. Breiding, Current Events Hall, June 3.

Rose E. Sidman, Repertory Theatre, June 13.

Kathryn L. Brymer, American Legion Hall, Roslindale, June 21.

Mrs. Lola M. Daly, Jordan Hall, June 7.

APPROVAL OF CONSTABLES' BONDS.

The bonds of the following-named constables, having been duly approved by the City Treasurer, were received and approved, viz.:

George H. Evans, Benjamin Jacobson, David B. Kaplan, Frank J. Macchia, Harold C. Mitchell, Andrew W. Murphy, Frederick Partridge, James G. Peters, Abraham S. Singer, Francis J. Tobin.

APPOINTMENTS BY THE MAYOR.

Notice was received of the following appointments by the Mayor:

Frank O. Whitney, member of Zoning Board, for term ending April 30, 1939.

Everett F. Gray, member of Zoning Board, for term ending April 30, 1937.

Severally placed on file.

LOCATION OF PETROLEUM TANKS.

The following was received:

City of Boston,
Law Department, June 1, 1935.
The Honorable the City Council.

Attention Committee on Ordinances.

Dear Sir,—There has been submitted to me a copy of the following order of the City Council:

"Ordered, That the Corporation Counsel be requested to prepare and submit to the Committee on Ordinances an ordinance to prohibit the future location and construction on the mainland of the City of Boston of any tanks above the capacity of ten thousand gallons for the storage of petroleum or any of its products above or under ground."

Prior to the preparation of such an ordinance as is referred to in said order, I have examined into the question of whether or not it is within the competence of the City Council to enact the same.

Section 9 of chapter 148 of the General Laws (Ter. Ed.), provides in part as follows:

"The department (Department of Public Safety) shall make rules and regulations for the keeping, storage, use, manufacture, sale, handling, transportation or other disposition of . . . crude petroleum or any of its products, . . . and may prescribe the location, materials and construction of buildings to be used for any of the said purposes, except that cities and towns may by ordinances or by-laws prohibit the sale or use of fireworks or firecrackers within the city or town, or may limit the time within which firecrackers and torpedoes may be used. Cities and towns may also make and enforce ordinances and by-laws, not inconsistent with said rules and regulations, relative to the subject matter of this section, in addition to such as it may make as aforesaid relative to fireworks and firecrackers."

Said section vests in the City Council power to make ordinances, not inconsistent with the rules and regulations of the Department of Public Safety of the Commonwealth, relative to the protection of the public against fire hazards connected with the storage of crude petroleum and its products. Such ordinances must, however, be reasonable. (See Austin v. Murray, 16 Pick. 121 (1834), and Commonwealth v. Brooks, 109 Mass. 355 (1872).)

Examination of the rules and regulations of the Department of Public Safety discloses no provision with which such an ordinance as is referred to in the above quoted order would be inconsistent. Such an ordinance, therefore, may, in my opinion, properly be enacted, if it is within the bounds of reasonableness.

It is my opinion, however, that an ordinance which would prohibit the future location and construction, above or under ground, on the mainland of Boston, of all tanks for the storage of crude petroleum or any of its products having a capacity in excess of ten thousand gallons, is beyond the bounds of reasonableness.

I have been informed that, while there are now on the mainland of Boston a large number of tanks having a capacity in excess of ten thousand gallons which are being, and which have been, used for the storage of crude petroleum or its products, the records of the Boston Fire Department for more than ten years disclose no accident attributable to such storage.

Furthermore, I have been advised by Robert S. Moulton, Technical Secretary of the National Fire Protection Association, that, in his opinion, the storage of fifty or seventy-five thousand gallons in one tank is not inherently more dangerous than the storage of ten thousand gallons in one tank, and that past experience does not disclose that accidents have been more severe or frequent in the case of tanks having a capacity of over ten thousand gallons than in the case of tanks having a capacity of less than ten thousand gallons.

In *Manorville Borough v. Flenner*, 286 Pa. St. 103, 107 (1926), the Supreme Court of Pennsylvania stated:

"Summarizing the findings of the trial judge, more fully appearing in the opinion of the Superior Court, and which were not excepted to, it was concluded that the storage of gasoline in unlimited quantities in properly constructed and equipped tanks such as these erected in plaintiff borough is not dangerous to life or property, and it can be and is stored in large quantities in thickly populated districts without danger, that the storage of the amount of gasoline provided for in the tanks in question, 36,000 gallons, is not dangerous within itself, if properly regulated, and, when properly supervised, the use of such appliances for the storage of gasoline as have here been provided does not create a fire hazard to the traveling public or the inhabitants of plaintiff borough. Under these findings, it could not be determined otherwise than that the ordinance in question is unreasonable. It was conclusively shown that not the amount of gasoline stored, but the manner of its storage, determines the question of danger therefrom and that as here stored in modern scientifically constructed tanks it is not dangerous."

The Department of Public Safety of the Commonwealth regulates, in the interests of public safety, pursuant to the provisions of section 37 of chapter 148 of the General Laws, the construction, maintenance and use of above ground tanks having more than ten thousand gallons capacity.

Under the provisions of section 13 of said chapter 148, if a person should construct in Boston, a tank above ground or under ground, having a capacity in excess of ten thousand gallons (or even a smaller capacity) for the storage of crude petroleum or any of its products, before such tank could be used for such purpose, a license would have to be obtained from the Street Commissioner of Boston. Moreover the right to continued use of such tank for such purpose would be conditional upon annual registration and subject to revocation, if unduly hazardous.

In view of the serious restriction which an ordinance of the type referred to in the above order would impose upon persons engaged in the business of keeping and storing crude petroleum or any of its products. I am of the opinion that, in a city such as Boston, it would be unreasonable to prohibit, altogether and without regard to location and other factors, the construction of tanks, having a capacity in excess of ten thousand gallons, for the storage of crude petroleum and its products,

especially in view of the rigorous safeguards now imposed or provided for by the Legislature as a protection against fire hazards from such storage.

I am therefore of the opinion that such an ordinance, being unreasonable, is not within the ordinance making power of the City Council and, as I have interpreted the above referred to order as requesting the preparation and submission of an ordinance, provided that such ordinance be within the competence of the City Council, I am not submitting a draft of the same.

Respectfully submitted,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

ANNUAL BUDGET.

Coun. SHATTUCK submitted the following: The Committee on Appropriations, to which was referred the several budget recommendations of the Mayor for the County of Suffolk and the City of Boston, having considered the subject, respectfully recommends, with Councilors Shattuck and Norton dissenting, that the same ought to pass as submitted.

For the Committee,
HENRY L. SHATTUCK, Chairman.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1935.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1935, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, and to meet their respective obligations for interest on debt, sinking fund requirements and maturing debt not provided for by sinking fund, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for *City Record* be met by the income of said publication and any excess over income from taxes; and the appropriation for the Sumner Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1934, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, by the income of the financial year beginning January 1, 1935, by loans to the amount of \$2,000,000 authorized by chapter 49 of the Acts of 1933, and taxes to the amount of \$40,907,991.27, said amount be raised by taxation on the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of the state tax for the year 1935, or for any other taxes or assessments payable to the Commonwealth, shall be payable in two equal instalments, on July first and on October first of 1935; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1935, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended by chapter 254, section 42, of the Acts of 1933, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1935, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess

of the amount set down as appropriated for such specific purpose or item; and except as aforesaid no salaries or wages shall be paid in excess of the rates specified in said tables and schedules.

The report was accepted, and the question came on the passage of the budget orders.

Coun. SHATTUCK.—Mr. President, owing to the continued procrastination on the part of the Legislature in fixing a tax limit for the city, the budget for the current year, beginning January 1, was not presented to us till Monday, May 13, and the printed budget document was not received till Tuesday, May 21. Final legislative action, fixing a tax limit of \$37.20, did not take place till Friday, May 24. Five-twelfths of the fiscal year has already passed into history. Under a law which took effect this year, tax bills must be issued by June 14, and in order to give time for the necessary clerical work and for the printing of the bills, action by the Council must be taken today. Already it has been necessary, even in advance of this date, to make appropriations for the Assessing and Building Departments and for the care of county buildings, in order to avoid pay suspensions in these departments. Your committee has devoted six afternoons, from one to five o'clock, to hearing the several departments, and has subsequently reviewed the budget as a whole. Obviously, there has been insufficient time for more than a superficial study of this vast subject. The Legislature, by inexcusable delay in taking action, has made it impossible for the Council to perform adequately the duty imposed upon it by the charter. It has also made it impossible for the Finance Commission and for citizens' associations and others to give the Council the benefit of their suggestions. Until the budget document was printed on May 21, neither the Finance Commission nor the public had any opportunity to study it. This year his Honor the Mayor very wisely submitted his budget in advance of legislative action. The precedent having been established, may I suggest that next year the budget be submitted on January 1. It is true that passage will have to be delayed till action is taken by the Legislature, but at least there will be full opportunity for study by the Council and for scrutiny and criticism by the Finance Commission and others. In this suggestion I believe that all members of the committee concur. Another difficulty with which this committee and the Committees on Appropriations of previous years have been confronted is the inadequate manner in which the budget document presents the problem. There are no comparative figures, showing expenditures and appropriations in previous years. There are no figures showing revenue collections in previous years; and the budget is so segregated that, with the exception of a few large items, no reductions can be made without going into the administrative question of whether a particular position or a particular small item of expenditure is needed. It ought to be possible to make cuts in department appropriations which leave to the Mayor the problem (which is his under the charter) of deciding what positions to eliminate and how to reorganize the work of the department so as to live within the appropriation. If the burden of evaluating each position and each activity in all its details is to remain with the Council, it should at least be allowed ample time for study, including a preview of all department estimates and of information furnished in support of the estimates, and should be furnished with a budget officer and assistants to advise it on the many administrative problems involved in making detailed changes in a highly segregated budget. For an example of a workable budget document and budget procedure, I refer to the budget document and procedure of the Commonwealth of Massachusetts. For an informative city budget document, I refer to that in use in Toledo, Ohio. The report which you have just accepted carries the recommendation of a majority of your Committee on Appropriations that the budget be adopted and the appropriation and tax orders be passed in the form and for the amount submitted by his Honor the Mayor, Councilors Roberts and Selvitella reserving their rights, and Councilors Norton and Shattuck dissenting. With your permission, I desire to state in some detail the reasons for my dissent. In the first place, a brief summary of what his Honor the Mayor proposes seems in order. The problem is somewhat complicated by the fact that Budget Document 56, calling for appropriations of \$57,097,903.59, which was submitted on May 13, is incomplete and was therefore supplemented by two additional messages, one dated May 20 and calling for \$394,736.46 for the Printing Department and \$800,461 for the sinking fund and interest requirements on the Series A bonds of the Sumner Tunnel, and the other dated May 27 and calling for \$143,566 for the sinking fund and interest requirements of the Sumner Tunnel, Series B, bonds. It is stated in these supplementary messages that the appropriations referred to are to be met by the revenue of the Printing Department and of the Sumner Tunnel, and therefore will not affect the tax rate of the current year. This is undoubtedly true of the Printing Department, because a sufficient amount to cover its expenses is spread over the printing appropriations for the various city and county departments, but how it can be assumed that the revenue of the Sumner Tunnel will cover these debt service items of \$944,027 and the operating expenses of \$204,078.55 (an appropriation for which is carried in the main budget document of May 13) is more than I can conceive. For the Tunnel fiscal year

ended March 31, 1935, a deficit of \$352,641 was incurred and must be placed in the tax levy. The orders submitted with the messages admit the possibility of a deficit during the current fiscal year, by providing that if the revenue is insufficient any deficiency shall be met from taxes. Another complication is due to the fact that the bond issue of \$6,000,000 allocated to Welfare expenses has not been authorized. This has made necessary a fourth message, temporarily cutting certain items and transferring a part of the tax title loan receipts to Welfare pending the expected passage of the \$6,000,000 loan order, whereupon these cuts will undoubtedly be restored for the most part, at least, and we shall be substantially as we were. The only new features introduced are an addition of \$25,000 to the E. R. A. appropriation of the City Hospital and a decrease of \$12,000 in the E. R. A. appropriation for the Public Buildings Department. By reason of the presumably temporary nature of the changes brought about by this latest message, I shall consider the figures on the basis of the first three messages, and on the assumption that the \$6,000,000 loan order will be passed. The total recommended municipal and county appropriations, exclusive of the appropriations for schools, which do not come before us, are \$58,436,667.05. It is estimated that departmental revenues, such as liquor licenses, miscellaneous fees and state reimbursements and the revenue of the so-called revenue departments, such as Water, Printing and Sumner Tunnel, will bring in \$8,873,135.20, and it is proposed to raise \$8,000,000 through the tax title loan of \$2,000,000 already authorized and the Emergency Loan of \$6,000,000 now pending, and to raise the balance of \$41,563,531.85 through the annual tax on real estate and tangible personal property. In addition, if the Welfare expenses have been underestimated—and it is not unlikely that they have been—a further loan of \$1,000,000, making \$9,000,000 in all from loans, is contemplated. Added to the \$41,563,531.85 to be raised from taxes for city and county purposes will be the appropriations for schools and the city's share of state and metropolitan assessments and the state tax. It is expected that the resultant rate will be about \$37 on the thousand, as compared with \$37.10 last year. This sounds like progress, but a careful examination of the facts will show that instead of emerging from the mire of our troubles we are sinking in deeper. With the restoration of the salary cuts and of step-rate increases and with an increase in the number of persons to be employed, the expense of personal services of city employees has gone up by \$3,034,786.31, or from \$17,154,454.99 to \$20,189,241.30,—an increase of just over 17½ per cent; and the expense of personal services of county employees has gone up from \$1,969,651.21 to \$2,330,989.04,—an increase of \$361,337.83, or over 18 per cent. It is true that this has been offset in large part by a decrease in the cost, as estimated, of the city's contribution for dependent aid in the Welfare Department. Many believe, however, that this estimate is too low, and his Honor the Mayor in his budget contemplates this possibility by suggesting that a further borrowing of \$1,000,000 may be necessary, making \$9,000,000 in all for current expense borrowings. The saving just mentioned is due, not to any material decrease in the number of persons needing assistance, but to the placing of many welfare recipients on the E. R. A., for which the Federal Government provides the funds. Had it not been for the greatly expanded Federal relief expenditures, our Welfare bill would have gone up instead of down. Only by continued large-scale Federal relief allotments can we live even measurably within our dependent aid appropriation. On the other hand, there have been increases in the cost of supplies, equipment, and other items, so that, in total, the budget exceeds that of last year by a substantial amount. But this does not tell the whole story. The unpaid taxes are at their peak; the tax titles are at their peak; and the annual debt service requirements were higher last year than ever before. For this year (excluding the debt service requirements on the Sumner Tunnel bonds) a decrease is estimated, but I believe this will be fully, if not more than, offset by the interest and serial payment requirements on the new borrowings proposed and on the borrowings already authorized but not yet issued. The amount of tax anticipation notes outstanding on May 1 far exceeds the amount outstanding on May 1 in any other year in the history of the city. This is the third successive year we have issued bonded debt to meet current expenses, and the current expense bond issues proposed for this year are larger than ever before. Here are the figures:

(1) Unpaid Taxes on May 1.

1929.....	\$5,241,413 59
1930.....	5,561,869 78
1931.....	6,718,832 41
1932.....	9,284,740 47
1933.....	16,560,295 26
1934.....	17,822,310 57
1935.....	18,503,513 02

(2) Tax Titles Outstanding on May 1.

1929.....	\$175,402 02
1930.....	323,235 71
1931.....	409,953 67
1932.....	858,668 25
1933.....	1,507,594 87
1934.....	1,664,377 11
1935.....	4,915,039 47

(3) Annual Debt Service Requirements (viz., interest on debt, and serial and sinking fund payments on account of principal).

1924	\$6,247,355	32
1925	6,547,270	86
1926	7,184,381	15
1927	7,670,775	21
1928	7,444,208	79
1929	7,737,847	82
1930	7,979,756	39
1931	8,575,498	68
1932	9,120,769	77
1933	9,955,142	85
1934	11,690,237	24
1935	* 11,259,753	32

* Including the Sumner Tunnel, which is only partly self-supporting, the total for 1935 is \$12,203,780.32, an all-time peak. The debt service for 1935 is costing us about \$7 a thousand on the tax levy.

(4) Tax Notes Outstanding on May 1.

1929.....	\$4,500,000
1930.....	5,000,000
1931.....	8,000,000
1932.....	13,000,000
1933.....	22,000,000
1934.....	23,000,000
1935.....	†32,000,000

† Carried forward from 1934 were \$19,000,000 of tax notes of which \$6,000,000 had been paid off as at April 30.

(5) Loans Authorized But Not Issued on April 30, 1935.

Inside debt limit.....	\$6,184,000
Outside debt limit.....	590,663
Total.....	\$6,774,663

In addition, there are the \$2,000,000 tax title loan passed recently, and the pending \$6,000,000 Welfare loan, and in prospect is a loan approaching \$1,000,000 for snow-removal equipment, and there may be others. During the period some of the outstanding loans will mature and be paid off, but, allowing for this, our net debt appears to be heavier than it was in 1962. Under pending legislation we may also be called upon to issue loans to cover our share of the cost of the proposed new Suffolk County Court House.

(6) Tax Rates.

1924.....	\$24 70
1935 (estimated).....	\$37 to \$37 20

These figures, all of which are taken from the official sources, do not present a pretty picture, but they do present a true picture. It is a picture we should have constantly before our minds. It shows that we are sinking deeper and deeper into the mire of operating deficits and debts. From this course there must be a turning if we are to avoid the shame of failing to meet our obligations, whether in the nature of debt or in the nature of payments for wages to necessary employees and for supplies and other contractual obligations. With every year's delay—yes, with every day's delay—it becomes more difficult to set our house in order. No further delay should be tolerated. Two courses are open. They are—new sources of revenue, and retrenchment. For the time being we have been balked by the Legislature in the effort to obtain new sources of revenue, but that is no reason why we should not solve our problem so far as we can by retrenchment. If we fail to do what we can to help ourselves, we are not deserving of help from others. If we do not have the will to practise economy and if we do not in fact practise economy, we have no right to ask the citizens of Boston for larger contributions from their depleted resources. By reason of our failure in this respect we cannot blame the Legislature too much for neglecting to help us on new taxes. We should first take the beam out of our own eyes. What other cities have done and are doing, we can at least take substantial steps toward doing. Why should per capita costs and the tax burden be far greater in Boston than in other comparable cities, including such cities as New York and Pittsburgh which have large suburban areas not included within their municipal limits? Here are the figures:

Expenditures per Capita, 1932.*
Thirteen Largest Cities.

Name of City.	Expenditures Per Capita.
Boston.....	\$81 19
New York.....	67 77
Buffalo.....	67 77
Milwaukee.....	59 89
Los Angeles.....	57 66

(Source, C. E. Richter, Study in "National Municipal Review," December, 1934.)

Without legislative authority, we cannot reduce salaries and wages throughout all city and county departments in a manner which will show no discrimination against any classification or group, but we can increase the efficiency of administration through consolidation and reorganization of departments. There has been much talk of this, but little has been accomplished. This problem remains on the Mayor's doorstep. And we can eliminate all unnecessary employees. The present administration was elected on a pledge to eliminate waste. Some halting and uneven moves were made in this direction, and subsequently for the most part withdrawn. In the meantime, an unnecessary number of constables were appointed, and other additions to the pay roll were made which were wholly inconsistent with a policy of retrenchment and unfair to those affected by it. Furthermore, waste has been evident in many activities, notably in that of snow removal. The budget provides for a net increase in personnel, and even omitting the large increase in the Welfare Department—a part of which I have no doubt was justified—it provides for only a very small decrease in personnel, and this notwithstanding the large number of Welfare recipients and E. R. A. workers who are engaged in work which to no small extent relieves the regular employees from work which would otherwise have to be done by them. Taking this into account, there has been no retrenchment of consequence in any departments except the Police and Fire Departments and in providing for needed equipment. In respect to equipment the budget in some cases, in my opinion, cuts too close, with the result that efficiency is impaired, and a burden of deferred equipment replacements is being built up. If men and women are to work efficiently, they must have the proper tools to work with. The elimination of unnecessary employees is not a pleasant task, but unless our pay rolls are to be considered as welfare rolls it is a task which should be assumed. The citizens of Boston pay the bills. They have suffered in their income. They have been burdened with ever-increasing taxes on their homes, and indirectly on everything they purchase. They have been laid off at times. Some of them have lost their jobs altogether. Many, through the pressure of events, including the direct and indirect tax burdens, have been forced on to the Welfare rolls. During all this time, except for a small pay cut for a brief period and for a few lay-offs soon given up, the city employee has had pay at all-time maximum rates, uninterrupted employment, vacations with pay, pension rights on retirement, and in these and other ways has held a place in the community as a member of a privileged class. I maintain that the city pay roll is not, and should not be treated as, a Welfare roll. If I am right, then no superfluous, inefficient, or lazy and neglectful persons should be carried on the pay rolls of the city. If I am wrong, every citizen who lacks a job should be taken from the Welfare rolls and placed on the pay rolls. I have come to know, as the private citizen can seldom know, many men and women who are giving splendid service to the citizens of Boston, and there are many more with whom I have not had the good fortune to come in contact. Their service too seldom receives the public notice and praise that it deserves. To them I am glad to pay this tribute of respect. But I am also aware that there are others who come late and go early, who are lax and neglectful in the performance of their duties, and who do not appreciate the privilege of serving their fellow-citizens in steady jobs at regular pay. In part through failures from over-manned departments, and in part through elimination of slackers, all reductions in personnel which are in the interest of economy and efficiency can be accomplished. To this end, an effective plan of personal supervision should be put into effect, a reasonable degree of discipline should be enforced, and political favoritism should be laid aside. If this course is pursued, no faithful and efficient city employee need suffer for his or her job. When this problem has been bravely faced and brought toward solution, we should be in a position to push out claim more effectively for such further help as may be needed from new and additional sources of revenue. To sum up: The budget is more out of balance than ever before. Outstanding tax arrearages and tax title loans are at their peak. Debt service charges appear to be heading for a new

peak. The number of employees on the pay roll is once more on the increase. Our expenses are far out of line with those of other cities. The budget as presented fails to face the facts and to deal effectively with the problem of retrenchment. Instead of helping to lift us out of the mire of debt and operating deficits, it leads us farther in, to a point from which there is danger that we cannot extricate ourselves with honor. Tinkering will not do. The system and the philosophy must be changed. I shall therefore vote against the budget as a whole. It should be sent back to the Mayor for revision along the lines indicated. If this done, I should be willing to vote for the revised budget, including such minimum borrowings as may be necessary pending the carrying into effect for a full year's period of the principles enunciated. Let it not be supposed that the present administration is in any large part responsible for these difficulties. They go back to many years of neglect of sound principles of economy and efficiency in government. They go back to extravagance in the years of plenty. They have been accentuated and brought to a head by the years of depression. But let us remember that the present administration was pledged to restore economy and efficiency. That was the platform on which it was elected. For the most part it has failed. This budget is a confession of failure. Through you, Mr. President, I wish to express to each of my associates on your Committee on Appropriations my thanks for their unflinching courtesy and help to me in the difficult task on which we have been working together; and on my own behalf, and on behalf of all the other members of the committee, I wish to extend thanks to Mr. Fox, the Budget Commissioner, and Mr. Sullivan, his assistant, for their helpful and courteous assistance.

Coun. McGRATH—Mr. President, I was pleased, as I know you must have been, sir, to listen to the highly intelligent report submitted to you and to this Council by the man whom your appointed chairman of your Committee on Appropriations. I hope that this report will be widely read, first, because of the ability of the chairman and of the other members of his committee who have submitted the report to this body, and, second, because it is an answer to the criticism which was raised by his Honor the Mayor of you, Mr. President, as a member of the Council, of other members of the Council who served under those administrations, and of myself as one of those members. Two years ago, in every section of this city, in every hall, over the radio and in signed statements to the press that were later denied and blamed onto reporters,—who, it was said, were inefficient in taking down statements, but which were checked up later and found to be statements uttered and signed by the present Mayor of Boston,—we were told that the City Council of Boston, who were expected to sit here and do their duty, condoned a budget submitted by former Mayor Nichols and one later submitted by former Mayor Curley, which represented, to the extent of 65 per cent waste, graft and corruption; and in every section of this city where there were small home and property owners, and in the business sections of Boston where there were people who perhaps lived outside the city but contributed money to our city treasury in payment of their taxes, it was said, "At last we are seeing this City Council shown up, a Council crooked enough to condone a budget representing 65 per cent of waste, graft and corruption." At last we are told the truth by a big man, Frederick W. Mansfield, over six feet tall and weighing over two hundred pounds, and now he gives us an opportunity to place this big man in a big place, where he can take hold and guide the destinies of our city, safely steering our ship which is lumbering at sea because of waste, graft and corruption.

"And it was widely heralded," says that you, I and every member of the Council were guilty because we had not cut a budget representing 65 per cent of waste, graft and corruption."

We all know how the Mayor, when he was conducting his campaign, set that word in motion in Dorchester Hall in the words suburban words that he so artfully phrased and prounged that he would eliminate from 70 per cent of the waste, graft and corruption and would reduce the tax bills of our citizens to that extent. But he now comes in here, in his seat and next to me, with his eyes wide open, and tells us to increase our taxes, increases the appropriations in this budget, but to this hour, to this minute, still has failed to admit that he was actually informed and absconded without admitting that serious crime committed by members of the Council led him to what he calls the Mission of the City of Boston. I am going to say, I am going to tell you, if I ever get back to my old time the Mayor will find out that he never had a vote that even though he may have voted for that expenditure for waste, graft and corruption, he knows full well that no man will enter a work yard or a building or a street or a room before they see the sign posted upon them saying, "Warning! Beware!"

I am going to tell you, too, that I believe I have seen some things since I came to the Council that I think I shall consider very important to the future of the city. I don't want to go into details about them, except to say that I believe I saw something somewhere, I wish I could remember exactly where I saw it, but I believe I did see it, and I believe it was worth looking into. It was something that I thought might be of great importance to the city, and I felt that I ought to bring it to the attention of the Council.

S.

WILLIAM F. CURLEY,

The Honorable William F. Curley,
Mayor of Boston.
City Hall Building,
Boston, Mass., U.S.A.

to prove that that statement issued by the Municipal Research Bureau and through the Good Government Association and spoken from the lips of the present Mayor was wrong, I shall vote for the budget that has been presented because its very presentation at this time, after those former statements made by the Mayor in regard to previous budgets, shows such a budget, a budget of this size for the City of Boston, to be free of waste, graft and corruption. It may not be entirely free of inefficiency, sir, because we must always take into account human weakness, but there is in it no large amount, as certain groups would have you understand, that he goes into the pockets of men who hold political office. What those groups tried to make the ordinary man on the street think and what the Mayor of Boston did make him think, because he received sufficient votes to elect him, was that large sums of money appropriated by this Council later found their way into the pockets of individual members of the Council. That was a bold statement, sir, but that was the basis upon which they worked. That was the gist of what was said at meetings held in our local halls not long ago, when irresponsible people stood up and talked about graft and corruption and pointed the finger at men active in political life. I have never seen such men, and you have never seen them. There is no body of men in Boston today in business or professional life poorer than the men who are holding political office. There is no man today in the State of Massachusetts holding a minor political office who is not holding it at his own financial loss and at the expense of his family. And yet the croaker, the fakir, the undercover man will go into the highways and byways and call you and me, sir, and other such men in public life, grafters, just as Mayor Mansfield called you and me and the other members of the Council and the former Mayor grafters, and said, "When you put me"—this big man—"in the big place I will be the first man to reduce the budget by 65 per cent!" When I vote for this budget, sir, I shall vote for it knowing, as I knew then and as I knew, that those statements were absolutely false, that they wronged every man in this Council and defeated certain men, that they were based on a falsehood and that those who made them knew then, as they know now, that they were false. The Good Government Association were so convinced that they had stood on a false platform that they closed their doors and ran away, to wait two years, when they will have some other name to present for the mayoralty of Boston, and will come back and tell you that the only way to reduce taxes is to elect their reform mayor. And what do we see now, sir? We are serving under a reform Mayor who presents the highest budget that has ever been presented in the City of Boston. We should not allow that fact to remain a secret in this the darkest hour of our city's financial history. We all know now, sir, that those men were wrong, and they realized so thoroughly themselves that they were wrong that they have boarded up their offices and gone into financial hiding until two years from now, when they will come back and again try to gain their ends by a false appeal to those walking in the shadow of despair and losing their jobs, and who may therefore be misled into following the Good Government Association and the Municipal Research Bureau in their claims that they will lower taxes, raise wages and bring about better times. Ah, sir, I hope the time has come when people will not blindly follow them again when they offer such sham proposals as they have offered. The business of a city the size of Boston is big business, and it takes big men—mentally as well as physically—to conduct the affairs of this city properly. This Mayor is a Good Government Mayor. You are now serving under a Good Government Association. Yes, sir, you are serving under that Association's appointee, Mr. Mansfield, who represents that Association with all its promises. You have never had a more intelligent committee report given to your Council than the report that has just been presented to the body. The items are highly segregated and are open to challenge today, sir, by those who would present flimsy arguments but who cannot match with specific figures the arguments presented by the chairman of your Committee on Appropriations. Therefore, sir, even though some would battle to reduce the appropriations, honestly believing that some of them should be reduced, we are then confronted with the importance and necessity of passing the budget itself; and I say to every member of this Council, what I have said in the past under other administrations, that the hospitals of this city, the Police and Fire Departments and the Health Department, the Water, Sewer and other vitally important departments, cannot function unless some budget is passed. I can appreciate an honest effort on the part of members of the Council to defeat certain items, but if those items should fail we are then faced with the harsh and cruel realization that the vital departments of the city cannot continue to function at all unless a budget is passed, the great major part of which is essentially right, even though in certain minor particulars it may not be right. And so, taking the ground of one who believes the hospital doors must be kept open, that the welfare doors must be kept open, that other important and vital functions of this city must be carried on, I shall vote for the budget as a whole. I shall do so having in mind that the only remedy I have ever seen presented by the great engineers of finance to reduce the budget

means a curtailment in money for welfare recipients, means a curtailment in the quota for the City Hospital, with a possible repetition of such an attempt as we saw awhile ago to give up the smallpox hospital, with its separate administration, throwing the patients of that hospital into contact with other patients in our City Hospital. And while that attempt at that time failed it did result in the discharge of a number of employees getting at the most \$15 a week, and most of whom are now on welfare. Further reductions in the budget would also involve such niggardly proposals as taking away ice water fountains from the children, a reduction in the amount appropriated for the beaches, which mean so much to the poor, reducing the facilities of those who cannot afford private hospitals, cutting down on welfare or cutting salaries. There is not one other deduction plan that has ever been devised by the brains and abilities of these economy engineers except through cutting salaries, discharging employees, or taking away those things which contribute so much to the comfort and health of the little ones whose fathers and mothers are unemployed. With that thought in mind, sir, two years ago I challenged Mayor Mansfield, when he, with the backing of the Good Government Association and the Municipal Research Bureau, led over the radio, when he lied on every political platform in Boston, when he accused you, sir, me, and every member of this City Council, as well as the former Mayor, of being thieves, blaming this 65 per cent of waste, graft and corruption which he claimed was represented in the budget upon us, so that every small home owner was opposed to us, and when those lies successfully landed him in the Mayor's chair. And now, when he knows that the things that were then said were lies, and in the second year of his administration, he again introduces a budget, as the head of this reform administration, which is the largest that has ever been presented in the history of this city. For the reasons I have given, realizing that the vital functions of this city must be carried on, I shall today vote for the budget.

Coun. GREEN—Mr. President, I would like to ask the chairman of the Committee on Appropriations a question. I find that under Schedule A, temporary employees, for the Clerk of the Superior Criminal Court, \$11,500 is allowed for temporary employees and \$238,396.16 for permanent employees. I would like to find out if provision has been made for hiring additional temporary or permanent employees. I might say that I think I have the votes here this afternoon, if it were desired to do so, to lay this part of the budget on the table, but I have no intent to cripple this gentleman, much as I despise him. I shall be charitable with him, as he has not been with me. But I will be charitable with him this afternoon. I know that if this were laid on the table it might result in crippling him and his department. We are hearing so much about padded pay rolls and about graft, waste and corruption, so far as the City of Boston is concerned, that I think we should turn our eyes on the Court House and some of the departments there, particularly such departments as are represented by this man. I think we should find out how many men this bloated gentleman has in his office, and how many are really needed. I think we should certainly not give him more than he has now. I think his office is already sufficiently padded, and I don't think there is work enough for the men and women already there.

Coun. SHATTUCK—Mr. President, I am afraid that I cannot answer the gentleman's question very specifically. If we had gone in detail into every item throughout this 104-page document and into every amount set forth, it would have taken until the middle of the summer. But we were given only about ten days to consider it. I do know that in the county departments as a whole there are about twenty more employees than there were last year, although of that twenty additional, about half are engaged in this special work on the apportionment. So I suppose it might be said that there is a net increase of about ten employees in county departments.

President FITZGERALD—Does the gentleman consider that an answer to his question?

Coun. GREEN—No, I don't think so, Mr. President. I think it was very evasive.

Coun. WILSON—Mr. President, even on this most important matter to come before the Council during the year 1935 I shall personally be very brief, because I realize that the administration of the city has the necessary votes to pass this year's budget. I suppose I would hardly be expected to adopt all the sentiments of the able chairman of the Appropriations Committee, but I do agree with the outstanding line in his excellent report, to the effect that this budget sent in by the reform Mayor of Boston in the year 1935 is a confession of failure. Just as a matter of boiled down facts, and speaking as one who has served in this Council for four terms, even with an interruption, as I understand it the budget of this year, even under a reform administration, leaving out the Sumner Tunnel figures and not including the Printing Department figures, is half a million dollars in excess of last year's budget, the figures of which in turn were in excess of the budget figures for the last year of Mayor Curley's administration. On the question of borrowed money, if my figures are correct, as I remember the figures, in these depression times, the highly criticized borrowing in the last year of the Curley administration, amounting to \$7,200,000, which was greatly decry by the incoming

Mayor, who last year reduced the borrowing from \$7,200,000 to \$3,800,000, are to be raised this year by the present Mayor, with the financial condition of the city as it is, to the highest point of all time, \$9,000,000, far in excess of even the Curley top figure. I realize that we are here seeing the usual procedure of dropping the budget at a late hour in the session into the laps of the legislative branch of the city government, and I realize, of course, the cleverness of giving the committee inadequate time by so doing; also realizing the fact that any member of the Council who votes against the budget in any part or as a whole will be accused of closing the doors of the City Hospital and of taking action which will cost the jobs of some city employees, although I also realize that no thinking man believes that any intelligent and honest city employee will lose his job. I realize also that an operation is never pleasant, although it may frequently be necessary for continued life. I realize, further, that unless financial conditions in the country, the state and the city improve, or unless the city government of Boston meanwhile, irrespective of outside conditions, puts its house in order, we will be too late in this city for argument. I realize also the strength of the argument in an election year that if a member of the Council votes against the budget he may jeopardize the City Hospital and some other activities and may jeopardize somebody's job—except, of course, that nobody with an atom of sense believes that. I believe the average city employees, and by far the greater number, are on the level and are able and efficient. Even with the drones that do exist, I feel that the average city employee at the back of his mind knows that if we continue on the financial course we have been following, not only the drone, the hanger-on and the political heel will be without a job, but that the able and efficient employee of the city of year's standing will be in the same position that the employees of the city of Chicago have found themselves in within the past few years. And so I think an operation, if done at this time, will be less painful and more effective than if it is done next year or the year after. And so I say that the criticism that may be made of a member of the Council who hesitates to vote against a single item of the budget reminds me of furnishing a leaky canoe on the shore of a lake to a prospective paddler, and then criticizing him for not stepping in and paddling. I, for one, refuse to be placed in that position. I wish to go on record as agreeing with the chairman of the Committee on Appropriations that the budget as submitted to us is an absolute confession of failure, and that it should be sent back to the Mayor to finish his job.

Coun. NORTON—Mr. President, standing alone here for three years at times has been rather embarrassing, but I am happy this year to find even a hopeless minority standing with the chairman of the Appropriations Committee, perhaps the outstanding expert on state and city finance in this city. This year I am going to vote against the budget, as I have done in past years. This year the budget sent in to us by the chief executive of Boston, following his pledge of economy and reduction in city expenses, is the largest that we have ever seen in the history of this city. It is evident that the Mayor has made a complete turnaround, a complete about-face, and the result is the largest budget in our history. Not only that, but it is the loosest budget I have seen here in many years, the one most characterized by evasion, extravagance and I might say stupidity, in its dealings with the taxpayers of the city. The City of Boston should have had a budget which would not take out of its real estate in one year more than \$30,000,000 at the most. We have here a budget that takes out of our people \$58,000,000. Last year we had a budget that took out over \$57,000,000. The Mayor seeks also to convey the impression that the tax rate is \$37.20, when in reality it is more. The Mayor has claimed that one of the great causes of high taxation in this city was our system of borrowing, and yet we find the Mayor borrowing more money than any of his predecessors have ever borrowed in the past. The Mayor criticizes the four "wifful councilors" for voting against his \$6,000,000 loan. The Mayor could have easily obtained the money in other ways, could have borrowed on tax titles or within the debt limit. He is not going to use the money for some weeks, but in order to blackmail the members who in their independence opposed him, he threw out the charge that they were the enemies of the city employees and of the taxpayers. It must be evident now that we are their friends. If I felt that good times were to come next year or the year after, I would perhaps be a little more lenient in this matter of city finances. But I look for a long, long, slow haul through the years, and I believe that in passing this budget as presented to us we are simply pushing the city one step nearer bankruptcy, driving another nail into the coffin of the City of Boston, bringing about the era when city employees here, like city employees in other large American cities in the past, will experience payless pay days. This, Mr. President, is the death warrant of the City of Boston, bringing in the highest budget that our city has ever experienced, and coming from an individual who was pledged to reduce expenses. Boston has now abandoned the idea of paying 10 per cent down on all loans outside the debt limit; Boston has abandoned the idea of "pay as you go." With the deficit in the treasury at a high point, with \$18,000,000 in unpaid taxes and with 30,000 owners of pieces of property

cutting down here and there, but in the aggregate giving better service. How can I, however, prove to gentlemen representing the Fire Department, as a member of the Appropriations Committee, that they should immediately reduce their budget to correspond with that point of view, which they contest? How could I, as a member of the Appropriations Committee, cut the budget of the Police Department, although I know the Boston Police Department has more men today per capita than Cleveland and Pittsburgh put together, more than both of those cities, aggregating double the population of Boston? And the same comparison applies to other large cities in this country. How can I prove where the cut should come? What can a member of the Committee on Appropriations do, with but fifty hours to examine 4,000 budget items totaling \$58,000,000, concerning 135 department heads? What more can we do than we have done—call attention to places where we consider that economies might be practiced? I cannot quite agree with the statement that the Mayor has been so sincere and unflinching in his purpose. I don't think the Mayor has been sincere in the matter of reducing city expenses. I believe the Mayor has been unfaithful to his pre-election pledge and platform. As for calling the Mayor names, I am not calling him names. I have done the same with him as I have done with every other Mayor under whom I have served, calling attention to this matter or that matter in the interests of the thousands of home owners in my district and in this city, men who are facing the horror of losing their homes, men who in very many cases have lost their homes and who are looking with dread to the future. I am presenting their viewpoint. I wish I could get in on the floor of the Council that list of notices with the yellow slip, sent out to home owners of Boston who were unable to pay their 1933 tax, a few days ago; and on top of those thousands I would like to present the names of the thousands that have not been recently published because when those who did not pay in 1933 also did not pay in 1934, their names are not then again published. They are published for only the one year. In other words, if I did not pay my tax in 1932, and also did not pay it in 1933 and 1934, it was only published in one year's list. So there are those thousands more. I have often wondered here why the members of the Council did not envisage the thousands of notices sent out and signed by John Doherty, notices "Pay these taxes or we will take your homes." No one seems to care much about those people. Their voices are inarticulate, are not heard or considered on the floor of the Council. I wish they had 30 per cent of the representation here that the taxpayer has, that the bond racket man has, that the political snow-removal contractor has, that those interested in the \$800,000 for snow-removal equipment have. A member of the body said, "Name the grafter," and I came in two weeks later with an unprecedented document as a matter of record, and it appears in the records of the Council, following the statement sent in here by the Mayor as to the expense to which it would be necessary for the city to go in purchasing its equipment. The Mayor submitted a request, with the name and kind of machine called for and the price to be paid. I took that request, aggregating an amount of \$800,000, and submitted it to the leading motor experts in New England, and they said, "Norton, his request is all right, but it does not include the 20 per cent reduction to which the city is entitled." So I said, "General Motors, will you give me something in writing?" No, they did not want to get into that mix-up. But, as a result of what ensued in the following ten days, I put in a statement of the General Motors Corporation that under the code they would grant the city a 20 per cent reduction from the prices submitted by the Mayor. I asked then, and I ask now, where was that 20 per cent cut going? If I felt that next year our people would be working, if I felt that four years from now this terrible cataclysm of unemployment will have evaporated, I would not stand where I am and take the position I am taking as strenuously as I do, but I feel convinced that next year, instead of 15 per cent of the children of the junior high school in Hyde Park not getting enough to eat, as this year, there will be 25 per cent. The money that you and I are voting to spend, when we vote for this \$58,000,000, is not our money. Our city is smitten as never before. This is not the time to waste the money of our people. Call me a reformer; call me anything that you will. I have been called about everything that it is possible to call a man. I have got over the days when I minded what anybody called me. There is only one question that bothers me, and that is, "Norton, are you right? Are you saying something that ten years from now you will be sorry for having said?" That is the one thing that bothers Norton, whether or not he is right in what he is saying. I am not attacking personally the Mayor of Boston. I am attacking the system. I am attacking his political action. I am attacking his action as Mayor—his public action, not his personal activities. I have a right to do that. I did it with past Mayors. Why should I stop now?

Coun. AGNEW—Mr. President, if in my remarks I left the impression that the Committee on Appropriations could reduce any department budget, I assume that practically every councilor here well knew that that was not the intent of my

remarks. I do say, however, that while we were sitting in committee meeting if any departmental budget did not meet with the approval of the Committee on Appropriations, a further step could have been taken. One step that is well known is that the City Council may reduce but may not increase expenditures, and it would have been very easy, in my opinion, for the Committee on Appropriations to sit in with the Mayor or the Budget Commissioner looking to the reduction of any department expense that seemed surplusage. I represent a district that is twice as large in tax valuation as any residential ward in Boston. My ward is taxed for approximately \$80,000,000. Naturally, I am interested in the taxpayers and home owners of my district. But I would like to have shown to me, in some conclusive way, where the Mayor of Boston in submitting this budget has made an error or has not sent to the Council a budget that is reduced to a reasonable minimum.

Coun. GREEN—Mr. President, I move the previous question.

The main question was ordered.

Coun. NORTON—Mr. President, I rise to a point of order—whether a motion would be in order at this time to refer the budget back to the Mayor with the request that he cut \$2,000,000 from it?

President FITZGERALD—The gentleman is not in order. The previous question has been ordered.

The budget was passed, yeas 18, nays 3:

Yeas—Coun. Agnew, Brackman, Doherty, Donovan, Dowd, Englert, Finley, Fish, Fitzgerald, Gallagher, Gleason, Green, Kerrigan, McGrath, Murray, Roberts, Selvitella, Tobin—18.
Nays—Coun. Norton, Shattuck, Wilson—3.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for aid to soldiers and sailors and their families in the City of Boston for month of June, 1935.

Report accepted, said order passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. BRACKMAN, for the Committee on Claims, submitted the following:

1. Report on petition (referred May 13) of Henry McFadden, to be reimbursed for execution issued against him on account of acts as operator of motor truck belonging to City of Boston, Sanitary Service, April 20, 1934—recommending the passage of accompanying order, viz.:

Ordered, That the sum of one hundred and fifty dollars be allowed and paid to Henry McFadden, in reimbursement for execution issued against him on account of his acts as operator of a motor truck belonging to the City of Boston, Sanitary Service, said sum to be charged to the Reserve Fund.

2. Report on petition (referred May 13) of Henry McFadden, to be reimbursed for execution issued against him on account of acts as operator of motor truck belonging to City of Boston, Sanitary Service, April 20, 1934—recommending the passage of accompanying order, viz.:

Ordered, That the sum of one hundred dollars be allowed and paid to Henry McFadden, in reimbursement for execution issued against him on account of his acts as operator of a motor truck belonging to the City of Boston, Sanitary Service, said sum to be charged to the Reserve Fund.

Report accepted; said orders passed.

3. Report on petition (referred May 6, 1935) of James P. Jones, to be reimbursed for amount of judgment issued against him on account of his acts as operator of truck belonging to the City of Boston, Fire Department, November 3, 1934—recommending the passage of the accompanying order, viz.:

Ordered, That the sum of two hundred and fifty dollars be allowed and paid to James P. Jones, in reimbursement for amount of judgment issued against him on account of his acts as operator of motor truck belonging to the City of Boston, Fire Department, said sum to be charged to the Reserve Fund.

Report accepted; order passed.

INCREASED CAR SERVICE.

Coun. TOBIN offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to increase the car service from Fields Corner to Andrew square, via Meeting House Hill.

Passed under suspension of the rule.

CONVENTION OF SONS OF ITALY.

Coun. SELVITELLA offered the following:

Resolved, That the City Council of Boston, in meeting assembled, desires to express its gratification and delight to the great order of the Sons of Italy, because of its choice of Boston on October 12 as the scene of its annual convention; and further desires to express to this vigorous, patriotic organization the belief and promise that not only will

the Sons of Italy find pleasure and enjoyment in the attractions and beauties of historic Boston, but that the officials and citizens of this city will exert every effort to make this convention a memorable occasion to the sons and daughters of that great race which has contributed so materially in the discovery and growth of America.

Passed under suspension of the rule.

POLICE BOX, SAVIN HILL BEACH.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor request the Police Commissioner to replace the police box at Savin Hill Beach, which was recently burned during the fire.

Passed under suspension of the rule.

ADVANCE SALE OF TUNNEL TICKETS.

Coun. McGRATH offered the following:

Ordered, That the Public Works Commissioner, through his Honor the Mayor, arrange to sell tickets in advance to automobilists using the East Boston Tunnel in order to prevent the delay of making change at either end of the tunnel during the rush hours.

Coun. McGRATH—Mr. President, last week there was an order issued by the Mayor, through the Public Works Commissioner's office, to prevent trucks during the business hours, when trucks are being used, going through the East Boston Tunnel. We heard a good deal this afternoon in connection with the deficit in the tunnel, when we got the report of the Appropriations Committee from the chairman. I understand that the Mayor was going through the tunnel in his automobile the other day and was delayed for some moments because a truck loaded down with merchandise was on its way to the city. The speedy Mayor of Boston became provoked to think that a business truck should be in the way of his getting to the Mayor's office after being absent for two or three days, and so he immediately ordered that all business vehicles move aside, and that mandate was handed out through the Public Works Commissioner. As a schoolboy I used to read about monarchs in the old countries who had men beheaded when they met with their disfavor, and here was a case of a business vehicle being found inside that tunnel, which was supposed to be used for parking purposes or to walk through in the dark hours of the night after the last car had gone. Behold, there is a business truck inside the tunnel, and so the Mayor has ordered such trucks out. Without elaborating on the matter, I am going to file with the records an editorial that appeared in the *Boston Post* last week; and, as a defender of the Mayor, I say to the men driving business vehicles, "Stand aside when the speedy Mayor of Boston is making his way through the city streets!"

(The editorial submitted by Coun. McGrath, from the *Boston Post*, is as follows:

"DROP THIS FOOLISH IDEA!

"What are our city officials thinking of to forward so preposterous a plan as the closing of the East Boston traffic tunnel to trucks on horse racing days?"

"Boston is a business city. Its very life depends upon the flow of business. For the benefit of the thousands of sports who wish to make fast time to and from the race track the city officials plan to place an enormous handicap on business transportation.

"In the busiest part of the day, for six hours, no truck is to be allowed the use of the traffic tunnel.

"Trucks are the steadiest customers of the tunnel. The larger trucks pay tolls as high as \$1.50. The revenue from trucks is the most remunerative feature of the tunnel traffic.

"At present the use of the tunnel for trucks is imperative for any sort of rapid transport to the north, since the Chelsea Bridge is closed for repairs and will remain closed for three months more. Even if this handicap to truck traffic did not exist, the action of the city authorities is not justified.

"We can get along without sports. But we can't get along without business, and trucking is a vital element in business.

"The very idea of catering to pleasure seekers at the expense of the business life of the city is so manifestly foolish that it is amazing the plan should receive serious consideration, let alone adoption.

"The city officials claim the trucks move so slowly that they impede passenger automobiles. This claim, to any automobilist who realizes how fast present day trucks and buses can move along the road, and who has observed trucks hitting fifty miles an hour or more, seems absurd.

"But, fast or slow, trucks carry the burdens of business and they are far more important to the city than the thousands of pleasure cars on the way to the races.

"The tunnel is struggling against deficits. The surest way to add to the deficit is to serve notice on the regular and best paying customers that the city does not want their business as it interferes with people out for a good time.

"The quicker this plan is dropped the better."

The order was passed under suspension of the rule.

RECESS.

The Council voted at 4.18 p. m., on motion of Coun. SELVITELLA, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 4.24 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Elizabeth Granger McNamee, Elizabeth Peabody Playhouse, June 7; Dorothy M. Oliver, Repertory Theatre, June 14; Mary E. King, Brightheimstone Club, June 14; Adrienne K. Leeman, Peabody Playhouse, June 12; Viola K. Breiding, Current Events Hall, June 3; Rose E. Sidman, Repertory Theatre, June 13; Kathryn I. Bryner, American Legion Hall, Roslindale, June 21; Mrs. Lola M. Daly, Jordan Hall, June 7—recommending that leave be granted on usual conditions.

Report accepted; leave granted on usual conditions.

DESTRUCTION OF OLD WELFARE RECORDS.

Coun. MURRAY offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Executives of the Welfare Department to destroy all welfare records over six years old.

Coun. MURRAY—Mr. President, six years is the length of life determined for records that are admissible in court, and I believe that after that time records of the Welfare Department should be destroyed. One of the newspapers stated that I apologized to one member of the Council for a statement I made in regard to this matter a short time ago. I did not. I believe that there are cases where these records have been improperly used. A member of this Council has stated that a constituent of his had the welfare records involving a member of her family thrown up to her, and felt so badly that she resigned her position in the school. I understand also from a representative of the General Court that records obtained from the Welfare Department have been used in courts throughout the state. I think after six years it is about time to destroy some of these records, not holding them up against the people who, in an emergency such as we are confronted with today, are obliged to accept help, because of the unemployment situation.

Coun. NORTON—Mr. President, that is exactly the reason why I asked the Corporation Counsel whether outside organizations had any right to refer to these records.

Coun. MURRAY—Mr. President, in answer to the councilor I would say that Mr. McMurray said here that people could obtain those records in the Welfare Department.

The order was passed under suspension of the rule.

Coun. TOBIN—Mr. President, I move that the matter be referred to the Committee on Public Welfare.

President FITZGERALD—The gentlemen is too late. The order has been passed.

Coun. TOBIN moved a reconsideration of the passage of the order; lost.

Later in the session Coun. TOBIN said:

Mr. President, I ask unanimous consent to make a statement.

Chairman GALLAGHER—If there is no objection, the gentleman may proceed.

Coun. TOBIN—Mr. Chairman, I wish to make a statement with reference to the order introduced by Councilor Murray and passed by the Council, concerning the proposed destruction of the Welfare Department records after six years, the order upon which reconsideration asked by me was denied. That order asked that all welfare records over six years old be destroyed. Now, Mr. President, welfare records are records of the Welfare Department. The order might very well be interpreted to mean all records of the Welfare Department that were in existence prior to six years ago. It might mean that records to which the city needs to refer in some future years may be destroyed, records of prior transactions which perhaps even up to the present time have not been completed—as, for example, the matter of reimbursement of other cities or of the state. I am heartily in accord with the belief that welfare records should only be consulted by officials of the City of Boston and the State of Massachusetts, and that they are not for the benefit of private charities and organizations. But I think this order as drawn is too drastic and in general is capable of much misunderstanding, and that, if adopted, it would change the policy of the Welfare Department in a material and harmful degree. For that reason, I voted against the order.

HYDE PARK AVENUE TUNNEL.

Coun. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to furnish the City Council with an estimate of

the cost of constructing a tunnel connecting Hyde Park avenue and Washington street, Ward 19, to replace the present toll gate bridge.

Coun. MURRAY—Mr. President, for seven or eight years a continual effort has been made to replace the present toll gate bridge with a tunnel connecting Hyde Park avenue and Washington street, Ward 19. People going across there have to walk a quarter of a mile, going over a high wooden structure, passage over which on winter days is at times almost impossible. I am asking if the Mayor cannot take action through the Commissioner of Public Works to have an estimate made of the cost of constructing such a tunnel, which can perhaps be carried through as a P. W. A. project, to help the people of my district.

Coun. FINLEY—Mr. President, although this proposed improvement is not in my immediate ward, nevertheless I want to say just a word in support of the order that Councilor Murray has offered. I think it would be one of the finest projects and greatest improvements ever made in that section of the city.

The order was passed under suspension of the rule.

SPECIAL NURSES FOR HOSPITAL EMPLOYEES.

Coun. DOHERTY offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to provide a special nurse, without charge, for any hospital employee whose name is placed on the "danger list" as a result of injuries received or illness contracted while in the performance of duty.

Coun. DOHERTY—Mr. President, during the past year four or five employees of the Boston City Hospital have been injured in the course of their duty, infection has set in, and two have died. Only last week an instance was called to my attention where a porter received a cut on his finger and infection set in. He was lying in one of the wards for two days, in a very serious condition, before a special nurse was assigned. Councilor Fish and myself got in touch with the hospital authorities and a special nurse was placed in charge of the case. But unless special action of this sort is taken, it seems, special nurses are not assigned in such cases. I believe where any of the employees of the City Hospital are injured in connection with their duties, especially where they are placed on the danger list, a special nurse should be assigned.

The order was passed under suspension of the rule.

SUPERVISION OF HOSPITAL E. R. A. WORK.

Coun. DOHERTY offered the following:

Ordered, That the City Hospital Trustees be requested, through his Honor the Mayor, to so arrange the E. R. A. work at the City Hospital that it will be supervised by one of the employees of the Hospital Department.

Coun. DOHERTY—Mr. President, I noticed, according to one of the evening papers, that recently, one of the E. R. A. employees was placed at work tearing off the roof of one of the City Hospital buildings, a roof which had been placed on the building not very long ago, and which had been bonded for twenty years. Some time ago I called attention of the City Hospital authorities to the fact—and I had intended to be present here when the trustees came before the Committee on Appropriations—that there should be some employee of the City Hospital present to arrange and direct E. R. A. work at the hospital, and to supervise it. At the present time, their dealings with the E. R. A. men seem to consist entirely of buying materials. I believe these hospital projects at the City Hospital are the only projects of the City of Boston that do not seem to come under the control of some city employee.

Coun. NORTON—Mr. President, I think also that the Council should inquire into this matter of why such employees should be allowed to do work of that sort, tearing up a recently constructed roof and destroying the protection to the city of a twenty-year bond. Here was a case of a brand new administration building, where they ripped up a roof and destroyed the protection to the city of a twenty-year bond, protection for which the city had paid. I believe if there had been a regular employee of the city to supervise that E. R. A. work up there, he would have known of the conditions and that nothing of the kind would have occurred.

The order was passed under suspension of the rule.

UNDERPASS FOR VEHICULAR TRAFFIC.

Coun. DONOVAN offered the following:

Ordered, That the Boston Transit Commission be requested, through his Honor the Mayor, to consider the advisability of utilizing the unused section of Broadway Station as an underpass for vehicular traffic.

Passed under suspension of the rule.

WARD 6 IMPROVEMENTS.

Coun. DONOVAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to plant trees on West Broadway, both sides, as an E. R. A. project.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install two new tennis courts at Marine Park, Ward 6. Severally passed under suspension of the rule.

INCREASED BUS SERVICE.

Coun. KERRIGAN and DONOVAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to increase the bus service on the Bay View line, South Boston.

Passed under suspension of the rule.

ELIMINATION OF PUTTEES, ETC.

Coun. GREEN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to eliminate puttees and other unnecessary harness as part of the equipment of police officers, especially during the summer as a health measure.

Passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. FINLEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Churchill road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Homewood road, Ward 20, as a public highway.

Severally passed under suspension of the rule.

AUTOMATIC LIGHTS, WARD 21.

Coun. AGNEW offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic signal lights at Commonwealth avenue and Allston street, Ward 21.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic signal lights at Commonwealth avenue and Warren street, Ward 21.

Severally passed under suspension of the rule.

RAW FOOD AT CITY HOSPITAL.

Coun. NORTON offered the following:

Ordered, That the Boston Finance Commission be requested to consider the handling of raw food at the Boston City Hospital.

Coun. NORTON—Mr. President, through this order I am asking the Boston Finance Commission to consider the handling of raw food at the Boston City Hospital. If I felt that the patients were really getting the food, I would express nothing but commendation, but the fact seems to be that food is simply going in there and that sick people are being denied their just deserts. Last year there were less mouths to feed there than the previous year, but thousands of pounds more of butter, as well as other articles of food, were purchased. The butter comes in tubs, and a serious question arises as to whether it is all legitimately used. In 1932 the councilor from Roxbury (Coun. Dowd) called attention to the fact that there was an apparent disappearance of food which was sent to the hospital. This is a question that I have been working on for months, this matter of the extraordinarily large purchases of raw food for our City Hospital. As I have said, we are purchasing twice the amount of raw food per sick patient in the City Hospital that is being purchased by other large hospitals throughout the country. Now, Mr. President, I want the patients to get the finest food in Boston, but they never can get it as long as food is going to the hospital and people there may be taking it to their own houses or perhaps selling it.

The order was passed under suspension of the rule.

INCREASED BUS SERVICE.

Coun. KERRIGAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to increase the bus service on the line running from Andrew square, Cambridge road, Dorchester, and return.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

Chairman GALLAGHER called up and read unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments recommended by the Mayor May 27, 1935, of John Duggan, and John J. Wills, to be Wardens of Courts, and John Kelly and Francis P. Leary, to be Wardens of Courts.

The question came on confirmation. Committee, Coun. Agnew and Secretary. A vote number of 15-24 (16 Ayes, 16 Nays) and the appointments were confirmed.

Adjourned, on motion of Coun. MURRAY, at 4.59 p. m., to reconvene on Monday, June 10, 1935, at 2 p. m.

ADDITIONAL DEBT INCURRING POWER, DECEMBER 31, 1934.
(Chapter 366, Acts of 1933, as amended by Chapter 21, Acts of 1934.)

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, JULY 26, 1935.

Last date for filing applications, Friday, July 12, 1935, at 5 p. m.

Salary: \$1,200 per year.

Duties: To determine accurately the social eligibility of patients for admission to the Out-Patient Department. To interview applicants for admission. To evaluate the information obtained. To arrange a plan for the patient, i. e., immediate admission, future appointment, rejection, or reference elsewhere.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the High School of Commerce, Avenue Louis Pasteur, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Monday, July 1, 1935, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Monday, July 8, 1935, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,

(June 15.) Superintendent of Construction.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for doing painting work at the Martin School, Huntington avenue and Wigglesworth street, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m., Monday, July 1, 1935, at said office, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications. This deposit shall be returned to all but the successful bidder, providing that all plans and specifications are returned to this office prior to 12 o'clock noon of Monday, July 8, 1935, otherwise said deposit shall be forfeited.

WM. W. DRUMMEY,

(June 15.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for regrading, repaving, etc., at the Quincy School, Tyler street, City, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, June 21, 1935, at said office, with a certified check for \$750, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of June 28, 1935, said deposit for plans and specifications shall be forfeited. Mutation of plans or the specification will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(June 15.) Superintendent of Construction.

CITIES MAY SHARE VIRGINIA LIQUOR PROFITS.

Virginia cities are likely to have a new source of revenue if the state continues to pile up profits at the present rate. The liquor control act gives them two-thirds of the profits above \$1,675,000 per year after deducting sums for creating a surplus up to \$1,000,000. Profits from the liquor stores, says the *United States Municipal News*, have upset all previous estimates and "have confounded, as well, estimates of the members of the A. B. C. Board themselves who at the outset of the state's experiment said they feared no profits at all would result during the first year of operation."

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING UNIFORMS TO THE PENAL INSTITUTIONS DEPARTMENT, DEER ISLAND.

The Supply Department of the City of Boston invites proposals for furnishing to the Penal Institutions Department, Deer Island, uniforms, as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Delivery to be made as required. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Friday, June 28, 1935, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WARREN W. LOOMIS,

(June 15.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for making alteration in the heating system in the Oliver Wendell Holmes School, School and Archibald streets, Dorchester, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Monday, June 24, 1935, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of June 28, 1935, said deposit for plans and specifications shall be forfeited. Mutation of plans or the specification will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,

(June 15.) Superintendent of Construction.

TAX COLLECTIONS FOR MUNICIPALITIES IMPROVE.

The results of a nation-wide survey of tax collections covering reports from 106 cities throughout the United States, just completed by Frank H. Morse of Lehman Brothers, New York, show that there has been a definite improvement in tax collections in 1934 over 1933.

Questionnaires were sent to the finance offices of the principal cities in each section of the country and 106 replies were received from city officials throughout the country. Of the 106 cities which reported, 82, or 77.3 per cent, showed an improvement in 1934 collections over those of 1933, as against 24 cities, or 22.7 per cent, which reported a decrease in 1934 collections. (From the *American City Magazine*.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING LABOR TO ASSEMBLE 100 B. & F. POST HYDRANTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble 100 B. & F. post hydrants, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Furnishing Labor to Assemble 100 B. & F. Post Hydrants," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, June 21, 1935, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(June 15.) Commissioner of Public Works.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR RECONSTRUCTING AND IMPROVING FERRY PIERS, SOUTH FERRY, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for reconstructing and improving ferry piers, South Ferry, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Reconstructing and Improving Ferry Piers, South Ferry, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, June 20, 1935, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (\$2) dollars for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(June 15.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for regrading, repaving, etc., at the Joshua Bates School, Harrison avenue, City, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, eighth floor, 11 Beacon street, Boston, signed by the bidder and left before 2 o'clock p. m. of Friday, June 21, 1935, at said office with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of plans and specifications, said sum to be refunded to all but the successful bidder. If all unused plans and specifications are not returned prior to noon of June 28, 1935, said deposit for plans and specifications shall be forfeited. Mutilation of plans or the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(June 15.) Superintendent of Construction.

CITY OF BOSTON.

POLICE DEPARTMENT.

P. W. A. DOCKET No. 8200.

Separate sealed proposals will be received at the office of the Police Commissioner of the City of Boston until twelve o'clock noon, daylight saving time, June 26, 1935, (1) for the installation of underground conduit and (2) for the installation of Headquarters Building conduit for the Police Department of the City of Boston, at which time and place they will be publicly opened and read. Specifications and form of proposal will be available to prospective bidders at the office of Jackson & Moreland, engineers, upon the deposit of twenty-five dollars (\$25) for the installation of underground conduit and fifteen dollars (\$15) for the installation of Headquarters Buildings conduit, which deposit will be returned upon surrender of the documents to Jackson & Moreland within one week after the day upon which bids are received. Proposals must be accompanied by a certified check payable to Eugene M. McSweeney, Police Commissioner, in the amount of five per cent (5%) of the total amount of the bid, which certified check or the amount thereof will be returned to the successful bidder upon execution and delivery of the agreement and bond and to each unsuccessful bidder within twenty-one calendar days from the day upon which the proposals are received, in each case upon application to the Property Clerk at Police Headquarters. The project is to be financed and constructed under the terms of the National Industrial Recovery Act and chapter 366 Massachusetts Acts of 1933, and attention is called to the Construction Regulations prescribed by P. W. A. Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project. The employment agency designated by the Government for this project is Massachusetts State Employment Service, 100 Nashua Street, Boston, Mass. The right is reserved to reject any or all bids. No awards can be made without the approval of the State Engineer, P. W. A.

By order of the POLICE COMMISSIONER OF BOSTON.

E. M. MCSWEENEY,
Police Commissioner.

Jackson & Moreland, Engineers,
31 St. James Avenue,
Boston, Mass.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council reduced the City into 26 wards.

The latest redistricting, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 27.

SATURDAY, JUNE 22, 1935.

No. 25

MAYOR MANSFIELD HAS EVOLVED, WITH AID AND COOPERATION OF WORK PROJECTS BOARD AND HEADS OF CITY DEPARTMENTS, A WORKS RELIEF PROGRAM CALLING FOR EXPENDITURE OF \$10,000,000 AND PROVIDING WORK FOR THOUSANDS OF BOSTON CITIZENS NOW UNEMPLOYED AND ON RELIEF—PLANS PROVIDE FOR SMALL AMOUNT OF COSTS OF MATERIALS BUT LARGE OUTLAY FOR LABOR—TO BE SUBMITTED TO WASHINGTON FOR QUICK APPROVAL.

Mayor Mansfield has approved a plan for a works relief program estimated to involve more than \$10,000,000 and to provide jobs for thousands of Boston citizens within a short space of time. The plans were drawn by the Work Projects Board and submitted to Mayor Mansfield. It is planned to submit the entire program to the United States officials as quickly as possible so that work may begin in the very near future.

The following communications received and sent by Mayor Mansfield and the Works Project Board indicate what has been evolved and the possibilities of relief suggested and planned.

Mayor's Approval Voiced.

BOSTON, June 19, 1935.

WORK PROJECTS BOARD, 40 Central Street, Boston, Mass.

GENTLEMEN,—Your letter of June 8 outlining a proposed program for projects has had my very serious attention. Group 1, according to your letter, comprises projects involving heavy construction and high material costs, and ordinarily would be undertaken by contract and financed jointly by the Federal Government and the City of Boston.

Group 2 comprises those projects which would involve a high percentage of labor and a small percentage of material costs and the financing of which would be provided entirely by Federal funds. This second group would amount to about ten million dollars.

I write to say that I thoroughly approve of the proposals suggested by your Group 2, and to suggest that your Board immediately prepare the necessary papers and preliminary data so that the application for such projects may be submitted at once to the Works Progress Administration.

This, of course, is only a small amount of the total sum of Federal money which we expect to spend in Boston but it will give a great many men immediate work and serve as a very substantial part of the entire program.

I have given copies of this letter and the itemized projects as submitted by you to the Press.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor*.

Projects Board Letter.

Copy of letter received by Mayor Mansfield from members of Work Projects Board:

CITY OF BOSTON,
WORK PROJECTS BOARD, June 8, 1935.

HON. FREDERICK W. MANSFIELD, *Mayor*.

DEAR MAYOR MANSFIELD,—For the past several weeks the Work Projects Board has been in contact with the various city departments and with numerous civic organizations, in order to obtain an inventory of needed and useful public works projects. The Board has obtained wholehearted cooperation from the city departments and has assembled a great number of projects, many of which could be carried out under the provisions of the Federal Work Relief Bill.

The projects submitted to your Board may be classified into two major groups, as follows:

GROUP 1.—Public works projects involving heavy construction and comparatively high material costs, including buildings, rapid transit extensions, bridges, etc., which would normally be undertaken by contract and would thus be classified as P. W. A. projects. As such, they would be financed jointly by the Federal Government and the city.

GROUP 2.—Projects which could be carried out by day labor on a work relief basis and which would involve a comparatively high percentage of labor. These projects include many small public works improvements, such as street resurfacing, sewer and water extensions and replacements, park improvements and professional and clerical projects. It is our understanding that these types of projects will be eligible for Federal funds under the Works Progress Administration. As yet this new administration is not ready to receive applications for funds and information relative to its policy with regard to the allotment of funds is not available. There is reason to expect, however, that the Federal Government will furnish funds for both labor and material in the case of projects which are carried out under the Works Progress Administration.

(Continued on page 8-1)

"O Boston, fair City enthroned like a radiant queen,

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, July 15, 1935, at 2 p. m.

A special meeting of the School Committee of the City of Boston will be held in the Administration Building, 15 Beacon street, on Monday, June 24, 1935, at 7.30 o'clock p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of rear property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses

for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the

charges made for such service. Application may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 15, 1935:

Population as of July, 1935, Massachusetts State Census, 820,190; population estimated July, 1935, United States Census Bureau, 798,568; number of deaths (stillbirths excluded): Residents, 166; nonresidents, 43; total, 209.

Death rate per 1,000 of population. All deaths, 13.61; nonresidents deducted, 10.81.

Death rate per 1,000 population:

Last week, 13.61; corresponding week last year, 12.10.

Deaths by age periods, sex, etc.: Under one year, 15; one year to four years, inclusive, 7; sixty years and over, 102. Total deaths: Male, 114; female, 95; deaths in hospitals and institutions, 131; deaths of colored, 6.

MAYOR MANSFIELD CHALLENGES SINCERITY OF FINANCE COMMISSION IN MOVE TO PROBE SNOW-REMOVAL CONTRACTS—POINTS OUT SINCERITY MOTIVES BEHIND MOVE AND QUESTIONS GROUNDS FOR JUSTIFICATION OF ACT—ALSO POINTS OUT LOSS OF PUBLIC CONFIDENCE IN BODY BY ACTIONS.

Upon June 10 the Mayor addressed the following letter to the Finance Commission:

Boston Finance Commission.

GENTLEMEN,—The newspapers have recently stated that the Boston Finance Commission has engaged another investigator for the purpose of investigating snow-removal contracts. Assuming that these stories are true, and in view of the fact that the Boston Finance Commission was established for the purpose of conserving public funds, I write to ask upon what grounds the appointment of an additional investigator is justified. Snow removal and the contracts in regard to it have been investigated by the Boston Finance Commission on several occasions.

The date of your latest report, which appears to be most comprehensive, is March 11, 1935, and was made in response to an order of the City Council. There are other reports of your commission bearing upon the same subject, such as the report of February 18, 1935, upon the necessity of purchasing new snow-removal equipment. There appears to be no reason whatever for spending the taxpayers' money for the appointment of another investigator. But, in addition to that, the investigator appointed appears to be a disappointed office seeker and one who has expressed publicly his enmity to the present administration. I know that you knew this fact when he was appointed by you. These circumstances convince me that the appointment was purely political and that the appointment of the individual in question was prompted by a desire to persecute rather than to investigate. And your commission did not hesitate to ask me to use whatever political influence I possessed to endeavor to save you from political extinction when the bill to accomplish that end was recently before the Legislature.

It is plain to me, and I think to the public, that all of these things, namely, the appointment of an investigator, who is not needed, to investigate a matter already thoroughly investigated and reported upon,—to select as the investigator a person biased against the present administration, and your attempt to induce me to use political influence to keep you alive, all indicate that the Boston Finance Commission is no longer a neutral board having as its single purpose the conservation of the funds of the City of Boston and the prevention of unnecessary expenditures, but that it has become entirely political, which, of course, destroys forever its usefulness to the people of Boston. The people know, now, that you are not above the use and abuse of political influence, and of course all of your activities in the future ought to be, and probably will be, wholly disregarded by the public.

Yours truly,

FREDERICK W. MANSFIELD,
Mayor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules, which were adopted December 4, 1934, and were effective December 17, 1934, for a trial period of six (6) months, are hereby extended for a further trial period of three (3) months from June 17, 1935:

Parking of vehicles is prohibited in the following streets:

- Broadway.
- West side, from Eliot street to Park square.
- Columbus Avenue.
- Southeast side, from Eliot street to Park square.
- Eliot Street.
- North side, from Broadway to Columbus avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Bunker Hill Day celebration, the following temporary rules are effective:

Parking of vehicles is prohibited in the following streets on June 15, June 16 and June 17, 1935:

- Alford Street.
 - Both sides, from Main street to the Malden Bridge.
 - Main Street.
 - Both sides, from Bunker Hill street to the Boston-Somerville line.
- Parking of vehicles is prohibited in the following streets on June 17, 1935:

- Gardner Street.
- Both sides, from Main street to Sever street.
- Mishawum Street.
- Both sides, from Main street to Rutherford avenue.
- Sever Street.
- Both sides, from Gardner street to Cambridge street.
- Thompson Square.
- Union Street.
- Both sides, from Main street to Washington street.
- Washington Street.
- Both sides, from Union street to Rutherford avenue.

Voted, That as urgently required by consideration of public safety and convenience, during a trial period of three (3) months, parking of vehicles is prohibited in the following streets, effective June 20, 1935:

- Bromfield Street.
- Both sides, from Washington street to Tremont street.
- Gridley Street.
- Both sides, from High street to Purchase street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted December 10, 1934, and was effective December 11, 1934, for a trial period of six (6) months, and was extended for a further trial period of thirty (30) days from June 11, 1935.

is hereby rescinded, effective June 19, 1935:

Parking of vehicles is prohibited in the following street:

- Dorchester Avenue.
- Both sides, from Congress street to Dorchester Avenue Bridge over Fort Point Channel.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Harvard Class Day exercises in the Stadium, parking of vehicles is prohibited in North Harvard street, Brighton, both sides, from Western avenue to Soldiers' Field road, on June 19, 1935, from 9 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of three (3) months, the following temporary rules are effective June 19, 1935:

Parking of vehicles is prohibited in the following street during the hours indicated:

- Dorchester Avenue.
- West side, from Congress street to Dorchester Avenue Bridge over Fort Point Channel, twenty-four hours.
- East side, from Congress street to Summer street, twenty-four hours.
- East side, from Summer street to Dorchester Avenue Bridge over Fort Point Channel, 7 a. m. to 6 p. m.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for making alterations in the heating system in the Oliver W. Holmes School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 24, at 2 p. m.

Advertises for proposals for installing two new boilers in the Bowditch School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$250, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, June 24, at 2 p. m.

Advertises for proposals for regreasing and repaving, etc., at the William Eustis School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$800, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, June 28, at 2 p. m.

Advertises for proposals for doing the painting work at the Martin School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, July 1, at 2 p. m.

Advertises for proposals for doing painting work at the Andrew Jackson School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Advertises for proposals for doing painting work at the High School of Commerce. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of

(Continued on page 862.)

WORKS RELIEF PROGRAM.

(Continued from page 857.)

While our Board has given consideration to many possible P. W. A. projects, it is understood that the city is not in a position at the present time to appropriate any very substantial sum for projects which might be undertaken under the P. W. A. For this reason, and until more information is available concerning the policy of the city, we have assembled a list of needed improvements which could be carried out under the new Works Progress Administration.

We submit for your consideration on the accompanying sheets an initial program contemplating an expenditure aggregating \$10,000,000. The projects included in this list will meet certain definite needs of the city, and the Board is convinced that they will be especially advantageous in furnishing a maximum of employment. In most cases it will require several weeks to prepare plans in sufficient detail for starting construction. In the meantime, if the general distribution as suggested is approved, the Board can take whatever steps are necessary in the preparation of preliminary data on specific projects. We will then be in a position to submit applications for funds to the Works Progress Administration as soon as this administration is in a position to receive such applications.

Very truly yours,

WORK PROJECTS BOARD,
by CHARLES E. NICHOLS.
SAMUEL M. ELLSWORTH.
JAMES E. McLAUGHLIN.

Approved:

CHARLES R. GOW,
WILLIAM STANLEY PARKER,
THOMAS F. SULLIVAN,
Advisory Board.

PUBLIC WORKS CONSTRUCTION PROJECTS.

Highway Construction and Resurfacing..... \$5,000,000

Resurfacing of the important streets carrying heavy traffic and which are in serious condition due to the curtailing of reconstruction during recent years. A program has been outlined to include the important main and secondary arteries in all parts of the city. The construction of new streets in certain sections and the construction of sidewalks are included in this estimate. The amount of work scheduled is probably all that could be properly administered by the Public Works Department in one year.

Park Department, Miscellaneous Projects..... 250,000

This estimate includes only the much needed work of developing the existing parks and playgrounds by the construction of a few wading pools for children, field houses, playground rearrangement, protective works and other individually small projects. No major development or single large item is included in this schedule.

Sewer and Drainage Construction..... 3,000,000

There are numerous places in all parts of the city where new sewers and drainage facilities are urgently needed. In a few cases existing sewers are structurally unsafe and must be repaired or replaced. The amount included under this item is but a small fraction of the total amount which could be spent to advantage in extensions and improvements of the sewerage system. For the most part individual projects included in the initial allotment are for relatively small size sewers which can be constructed by day labor.

Water Mains, Extensions and Replacements..... 1,000,000

The water main program contemplates the replacement of certain mains in various parts of the city which are entirely inadequate at the present time. It is also proposed to replace certain very old and unsafe supply mains, and also reinforce the distribution system in accordance with the program already adopted by the Water Division.

Survey of Harbor Piling..... 70,000

As a result of attack on waterfront structures by marine borers, many of these structures are in danger of collapse. The survey contemplates a comprehensive examination in all sections of the harbor, a study of damage already done, and a report of the remedial steps and future precautions necessary to avoid a major calamity and economic waste. The survey would correlate the work already started in connection with Federal, State and railroad properties in the harbor.

Tree Planting and Soil Erosion Project for City-Owned Islands in Boston Harbor..... 70,000

Some work has already been done on the Harbor Islands, both for the purpose of beautification and as an aid in the prevention of soil erosion. The project will involve a comparatively large amount of labor.

PROFESSIONAL AND CLERICAL PROJECTS.

Reclassification of Books, Boston Public Library..... 480,000

It is the intention of the Library Department to reclassify the books in accordance with the system used in the Congressional Library in Washington. This work has been started as an E. R. A. project and it seems advisable that it should be continued, especially as it will provide employment for several hundred clerical workers.

Carried forward..... \$9,870,000

BOSTON'S ATHLETIC AND MUSICAL CARNIVAL ON JULY 9 AT FENWAY PARK ASSURED OF BANNER ATTRACTIONS—BABE RUTH TO BE PRESENT AND NEW YORK'S MAYOR, WITH LEADING CITY OFFICIALS, TO ACCOMPANY BASEBALL TEAM ON TRIP FROM THAT CITY—MAYOR MANSFIELD DEEPLY INTERESTED IN SUCCESS OF EVENT.

Every indication warrants the prediction that the monster Athletic and Musical Carnival at Fenway Park on July 9, being arranged by the Welfare Department under the direction of John C. L. Dowling, Executive Director, will prove a huge success. That it might be assured Mayor Mansfield has issued the following general order to department heads:

To All Department Heads.

In order to secure immediate cooperation of all the departments of the City for the promotion of the Monster Athletic and Musical Carnival at Fenway Park on July 9, a meeting will be held on Friday, June 21, in the City Council Chamber, at 11 A. M. Each department head is requested to designate two members of his department to serve on the general committee that is being formed and to see that these two members are present at Friday's meeting.

Will you kindly see that these orders are followed and that the two men assigned from your department report to Mr. John C. L. Dowling in the City Council Chamber?

In addition to that, the Welfare Department's publicity director has announced that Babe Ruth, idol of baseball, will positively appear at Fenway Park with the New York City Employees Team, which is to meet the Boston City Employees Team on July 9.

Hugh McNulty, who has all details of the athletic end of the carnival in charge, announced that the Babe will fly from Cleveland on the day of the event, will meet Mayor LaGuardia and his party at Fenway Park, and will be the leading feature and attraction at the Park during the carnival, which will begin at one in the afternoon and continue until sundown.

WELFARE DEPARTMENT UNDERTAKES FISH CANNING PROJECT TO AID IN WELFARE RELIEF.

The following is a copy of letter received on June 10 by Mayor Mansfield from John C. L. Dowling, Executive Director, Overseers of the Public Welfare:

BOSTON, MASS., June 18, 1935.
HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—The use of three floors, rent free, at House No. 39, Fish Pier, has been donated by O'Hara Brothers, fish dealers, for the Department of Public Welfare canning project, which is to employ approximately one hundred persons, taking forty women off the Boston city welfare rolls, and, in addition, giving work to an equal number of women enrolled on the E. R. A. It will also

The New York team is one of the fastest semi-professional clubs in the East. The Boston City Employees Team, which is now holding practice every Monday, Wednesday and Friday at 6 p. m., at Franklin Field, is comprised of local college and semi-professional stars employed in the city departments, many of them with records, and all strong players.

The purpose of the field day is to obtain funds for the Department's Medical Needs Fund, which provides food for undernourished school children, clothing, shoes, eyeglasses, medical appliances, etc. The money to provide these necessities has been exhausted, and to carry on this work, the Department is depending upon the success of an athletic and musical carnival. Many public-spirited citizens of Boston are giving their support, including Tom Yawkey, Eddie Collins, Paul Bowser, J. Frank Facey, and leading Boston business houses.

The program will consist of E. R. A. massed bands and choral groups, including some of the finest musicians in the country. There will be a five-mile invitation run, featuring some of the finest runners in New England, including Johnny Kelley, winner of B. A. A. Marathon. Ed Don George, world champ, will wrestle. Tony Shuceo will box. Jack Sharkey will act as referee, Al Schacht as master of ceremonies. Interdepartmental contests will take place between city employees.

A new 1935 Plymouth sedan will be donated to the holder of the lucky ticket.

John C. L. Dowling, Executive Director of the Department of Public Welfare, after a telephone conversation with Stanley Howe, secretary to Mayor LaGuardia of New York City, announced that Mayor LaGuardia will accompany the New York team, which is to fly to this city, with Clarence Chamberlain as pilot. The New York team will be accompanied by the Fire Department band and the chief of the Fire Department, as well as by other city officials.

provide work for six fish butchers and a number of supervisors.

Headquarters are being made ready for occupancy by a group of E. R. A. workmen, who are now making minor repairs, painting, taking down partitions, adding dressing rooms, and increasing sanitary arrangements and locker space in the section of the pier that will be devoted to this project.

The place is well located, near the source of supply. It is equipped with both salt and fresh water, also hot and cold water, adequate ventilation, excellent lighting and an electric hoist. Arrangement is being made for special dressing rooms for the women, where they can attire themselves in the white uniforms that will be an essential part of the equipment furnished by the department.

Under arrangement with Mr. Ratch, Federal Emergency Relief Administrator

for Massachusetts, the City of Boston Welfare Department furnishes the place of business, equipment and power for this project and the Government provides raw materials and labor costs.

The fish canning project, while under the supervision of the Department of Public Welfare, is to be directed by Prof. William R. Cole, of State College at Amherst who is in charge of Federal projects to help cities and towns to set up canning and gardening activities under the E. R. A. Professor Cole has estimated that it will utilize a ton of white fish a week, approximately three hundred fifty pounds of fish a day, in addition to other ingredients that go into the preparation of a high-grade New England fish chowder. A recipe tested by the Amherst canning group, consisting of the ingredients familiar to all New Englanders—fish, potatoes, onions and other ingredients—will be used.

The business will be conducted according to scientific principles and business methods, and a number of leaders in the canning and fish industry have been called in consultation. We have contacted Mr. Fulham, President of the Boston Fish Market Corporation, and others in the industry regarding the requirements and selection of the personnel of those who will hold responsible positions in this project. It is our intention to put out a good brand of chowder, of which the city can be proud. It will not, however, be put on the market in competition with commercial products, but consumed by our own welfare recipients next winter, and distributed in connection with commodities.

We owe a debt of gratitude to O'Hara Brothers, fish dealers, who are providing the space for our project. They have shown a splendid spirit of generous cooperation, and have solved the difficult problem of location.

Yours truly,
JOHN C. L. DOWLING,
Executive Director.

REVISION OF ASSESSMENTS.

The Mayor has approved the following orders of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works in Oak avenue, from Cass street to 500 feet southwest, West Roxbury district, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, Order, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1934, be, and the same is, hereby abated.

William A. and Anna L. Sullivan, lot 4, Plan 1933-2, assessed July 5, 1933, \$20.32.

In the matter of the application for revision of assessment levied October 24, 1922, on account of the construction of sewerage works in Larch street, Brighton district, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application, Order, That the amounts hereinafter specified, being the annual apportionments of said assessment for the years 1932 be, and the same are, hereby abated.

Boston Cenicale Society, lot 35, Plan 1920-24, \$5.58.

Boston Cenicale Society, lot 36, Plan 1920-24, \$2.22.

WORKS RELIEF PROGRAM.

(Continued from page 860.)

Brought forward.....	\$9,870,000
Engineering Study of Sewerage System and Ground Water Levels in Connection with Future Construction Program.....	100,000
There has been a long recognized demand for a study of the sewerage system, particularly with reference to the discharge of sewage and storm water at the overflows along the waterfront. The project contemplated here will provide for an inspection of the main sewers and an engineering study to determine the adequacy of the sewerage system in general.	
Survey of Utilization of Recreational Facilities.....	30,000
This is a "white collar" project, to locate, inventory and classify all existing facilities in the city maintained by the various departments of the city, by metropolitan bodies and by independently endowed or privately supported groups. It would include a survey of the extent to which present facilities are utilized, the possibility of further use by coordination of the different agencies controlling them, and a report covering a plan of coordination and the need for immediate and future additional facilities. This survey might be made under the supervision of the City Planning Board, but should be independent of other existing city departments.	
Total.....	<u>\$10,000,000</u>

PROPOSALS ADVERTISED.

(Continued from page 860.)

\$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, July 3, at 12 m.

LAND-TAKING IN WEST ROXBURY AND HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Moody street, West Roxbury and Hyde Park districts, as a highway, from Cummins Highway to Roanoke road, with the name of Annafran street or some other distinctive name, bounded and described as follows:

A highway named Annafran street is hereby laid out, from Cummins Highway to Roanoke road, and ordered constructed, the cost thereof to be charged to Federal funds allocated under the Federal Emergency Relief Administration program for Massachusetts.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Grazia Giacobbe *et al.*, bounded: Northwesterly by Moody street, eighteen and 14-100 feet; easterly by the easterly line of Annafran street as established under this order, twenty-one and 34-100 feet on a curve of ten feet radius; and southerly by Noah street, eighteen and 14-100 feet, containing seventy-five square feet, more or less.

The land, owners unknown, being the private way known as Moody street, from Cummins Highway to Roanoke road.

Said highway as hereby laid out is bounded: Northeasterly by Cummins Highway, forty-two and 60-100 feet; southeasterly by the southeasterly line of said Annafran street as hereby laid out, eleven hundred seventy-nine and 86-100 feet; easterly by the easterly line of said Annafran street as hereby laid out, twenty-one and 34-100 feet on a curve of ten feet radius; southerly by Noah street, eighteen and 14-100 feet; southwesterly by Roanoke road, forty-one and 53-100 feet; and northwesterly by the northwesterly line of said Annafran street as hereby laid out, twelve hundred one and 54-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Annafran street (formerly Moody street), West Roxbury and Hyde Park districts, under the order of the Board of June 10, 1935, and awards no damages therefor.

Grazia Giacobbe *et al.*, 75 square feet nothing.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 20:

AUDITING DEPARTMENT.

John F. McGrail has been reinstated as a clerk at \$2,100 a year, with transfer to yard clerk in the Paving Division of the Public Works Department.

HOSPITAL DEPARTMENT.

Dr. James W. Manary has been made Acting Superintendent in the absence of Dr. John J. Dowling, Superintendent, for three months.

Permission has been given to change the rating of the following temporary laundresses who have been employed since 1930 to that of permanent laundresses at their present salary:

Main Hospital.

Elizabeth Banker, Margaret Canny, Catherine Coleman, Margaret Cullinane, Mary Dooley, Anna Durnin, Mary B. Fyfe, Mary Favreau, Catherine McCarthy, Catherine McDermott, Susan McKinnon, Mary O'Brien, Martha White.

South Department.

Mary Wiltshire.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, June 13:

Temporary.—Jennie Corchemny, floor nurse, \$1,200 a year; Phillip Fay, supervisor, \$32 a week; James Meehan, porter, \$17.50 a week; Carolyn Collier, special nurse, \$4.50 a day; Daniel McLaughlin, porter, \$17.50 a week; Esther Pennington, Douglas Spencer, Katherine O'Donnell, Mary Ellis, special nurses, \$4.50 a day.

The following changes have occurred:

John Sullivan, temporary porter at \$17.50 a week at Main Department to East Boston Relief Station; Anna Croke, stenographer at \$1,825 to \$2,000 a year; Joseph Claffey, sculleryman at \$17.50 to kitchenman at \$21 a week; Michael Coughlin, temporary, kitchenman at \$17.50 to permanent kitchenman at \$20.50 a week; Helen Burton, head nurse at \$1,080 to \$1,200 a year; Nora Grady, advertised as increased from \$1,560 to \$1,680 a year is void; Dorothy Houdelette, floor nurse, from \$1,560 to \$1,680 a year.

South Department.

John Lockery, Kenneth Sheldon, temporary kitchenmen, \$17.50 a week.

Haymarket Square Relief Station.

Howard Pierce, ambulance driver, \$34.50 a week; Verna Helliwell, head nurse at \$1,200 to \$1,080 a year.

East Boston Relief Station.

Dr. Charles Boyajian, temporary assistant resident surgeon, \$2,000 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, June 13:

Mary Brennan, nurse, \$1,020 a year; Charles Corkum, choreman (patient) (temporary), \$240 a year; Glenn Ladd, Frank Brown, Catherine Fowler, maids (patients) (temporary), \$240 a year; George Hodge, Martin Malloy, male nurses (patients) (temporary), \$480 a year.

The following persons have ceased to be employed:

Mary Brennan, nurse (temporary), \$1,020 a year; Ethel Downey, nurse (temporary), \$1,020 a year; Louis Hurwitz, maid (patient) (temporary), \$240 a year; Thomas Kennedy, male nurse (patient) (temporary), \$480 a year.

INSTITUTIONS DEPARTMENT.

Jeanie K. Sherman and Ruth Thurmond have been admitted to the Long Island Hospital as student observers in the Medical Social Service Department, under the direction of Miss Toland, without pay, but will be allowed lunches and perhaps some suppers while they are there.

The following changes have been made for the week ending Thursday, June 6:

Long Island Hospital.

Appointments: Margaret Conley, institution employee, waitress, \$316 a year, temporary; Doris E. Crain, staff nurse, \$960 a year, temporary; Timothy J. Caulfield, institution employee, watchman, \$600 a year, temporary; James A. Waldron, institution employee, watchman, \$600 a year, temporary; Mary M. Cloutier, staff nurse, \$960 a year, temporary; Lucy McLaughlin, staff nurse, \$960 a year, temporary; Pearl H. Kapala, staff nurse, \$960 a year, temporary; George L. Richmond, institution employee, porter, \$526 a year, temporary; Thomas W. Hadden, institution employee, porter, \$526 a year, temporary.

Transfer: Paul J. Lombardi, institution employee, attendant, \$600 a year, transferred from porter, temporary, \$526 a year.

Employment Terminated: Pearl H. Kapala, staff nurse, temporary, \$960 a year; Susanne Carion, assistant dietitian, temporary, \$1,200 a year.

Resignations: Hoy Newman, M. D., resident physician, \$3,000 a year; John L. Maple, M. D., interne, \$600 a year; James F. McGregor, institution employee, attendant, \$600 a year, voluntary; Harry Thibodeau, institution employee, helper in kitchen, \$526 a year, voluntary; George Newjeckian, institution employee, cook, temporary, \$600 a year; George L. Beckner, M. D., assistant resident physician, \$2,500 a year.

Steamers "Hibbard" and "O'Meara."

Appointments: John Columbo, George H. Reynolds, deckhands, temporary, \$1,300 a year.

Employment Terminated: John Columbo, deckhand, temporary, \$1,300 a year.

The following changes have been made for the week ending Thursday, June 13:

Long Island Hospital.

Appointments: Mary J. Higginbottom, institution employee, laundress, \$600 a year, on account of transfer of Helen Conway; Joseph Lupoli, institution employee, helper in bakery, \$600 a year, on account vacation period; Richard E. Nulick, institution employee, cook, \$600 a year, to succeed George Newjeckian; Hugh D. Redick, institution employee, helper in carpenter shop, \$600 a year, temporary.

Employment Terminated: Pearl H. Kapala, Lucy McLaughlin, Mary M. Cloutier, staff nurses, temporary, \$960 a year.

Transfers: Edward Carpenter, institution employee, cook, temporary, \$600 a year, transferred from watchman at \$600 a year; Florence B. Tero, head nurse, temporary, \$1,200 a year, trans-

ferred from staff nurse at \$960 a year; Patrick O'Connell, institution employee, squad leader, temporary, \$600 a year, transferred from help laundry, at \$600 a year; Eva Zlabis, institution employee, waitress, \$316 a year, transferred from help serving room, \$526 a year; Helen Conway, institution employee, help serving room, \$720 a year, transferred from laundress at \$720 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the provisional temporary appointment of Gladys K. Murray as assistant to social worker, for a period of three months beginning June 19, at \$1,000 a year:

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, from June 13 to June 20, inclusive, at \$1,000 a year:

Frances Boussard, Mary Breen, Jeanette Burke, Marie Curran, Helen Clancy, Katherine Connolly, Walter Dennis, Thomas Doyle, Mary Dowd, Mary Crossen, Edna Driscoll, Mary R. Feeney, Anna E. Foley, Edith Fontaine, Geraldine Fitzgerald, Helen W. Ford, Agatha Francis, Angeline Georgione, Arthur Gold, Allan W. Grant, Della Hatton, Mary R. Holmes, Stephen Hill, Elenore T. Hurley, Esther N. Jackson, Muriel A. Jordan, Katherine H. Keane, Mary J. Kennedy, Amelia Killion, Katherine Krohn, Margaret Lamb, David F. Leahy, Helen F. Lenehan, Harriet Mainzer, James Manion, Gertrude Mansfield, Florence Martineau, Frederick Mattern, John A. Molineaux, Florence M. Muldoon, Catherine F. Mullen, Katherine O. McAdams, Marion E. McAuley, Sarah McCaffrey, Dorothy R. Macdonald, Kathryn McGrath, Mary L. Macdonald, James J. McKiernan, Florence Norton, Elenore J. Nowell, Anna G. O'Hare, Margaret M. O'Reilly, John C. Pigott, John E. Powers, Elizabeth Ratigan, Claire T. Reavey, Joseph Reardon, Gladys M. Shepard, Mary R. Smith, Flora G. Sullivan, Katherine V. Sullivan, Mary E. Sullivan, Mary J. Sullivan, Mary Sutton, Katherine T. Toomey, Mary T. Townsend, Grace L. Rogers, Margaret M. Warren, William Walsh, Albert Beck, Katherine E. Gordon, John J. Piscitelli, Austin J. McCarthy, Walter F. Sullivan, Marie J. Brooks, Mary Hurley, Helen J. Dooley, Margaret Riley, Edmund J. McCarthy, Henry G. Mullooney, Joseph W. Murphy, Joseph O'Neil, Joseph W. Scally, Bartholomew M. Sullivan, Charles Weinberg, Harold Aronson, Doris L. Burke, Matthew Cooney, Eleanor M. Crosby, Joseph I. Feldman, Alice B. Hart, Annie E. Immick, Coleman Joyce, Ellen A. Keany, Mary King, Rita M. Maroney, Stephen J. McMahon, Hugh W. McNulty, Leo J. Pitts, Thomas Ryan, Irving Seigel, Samuel Steinman, Philip Parker.

PARK DEPARTMENT.

Approval has been given for the temporary appointment, for a period of thirty days at \$20 a week, of the following temporary stenographers: Miss V. Sullivan, M. Phyllis Freeman.

Approval has been given for the temporary employment, for a period of three months, of the following matrons at \$22 a week, effective from June 14 and June 15:

Kathryn R. Alford, Theresa F. Barry, Mary L. Beck, Catherine M. Brown, Margaret M. Broderick, Mary E. Burton,

Julia A. Callahan, Nora Carson, Catherine Connelly, Grace Connors, Alice E. Cosgrove, Elizabeth J. Curtis, Catherine R. Daly, Mary T. Daly, Nora Dolan, Bridget A. Donlan, Theresa B. Donovan, Ellen Duggan, Catherine E. Ford, Helen E. Gleason, May J. Gormley, Annie Harrington, Sabina Heecks, Rose L. Hennigan, Margaret M. Hurrie, Helen Keedy, Ellen J. Kelliher, Julia A. Kennedy, Mary E. Leo, Mary T. Maguire, Bridget M. Mitchell, Mary Mahoney, Mary E. Moriarty, Annie E. Murray, Delia McDonald, Anna B. McEachern, Annie G. McLaughlin, Ellen M. McLuckie, Mary A. McMahan, Catherine A. McManus, Winifred McManus, Isabel H. McWilliams, Lillian J. MacMillan, Delia M. Nestor, Elizabeth V. Norton, Catherine W. O'Connell, Catherine G. Powell, Mary Roberts, Catherine A. Shea, Anna M. Shead, Mary T. Sullivan, Mary A. Wheeler.

Approval has been given for the temporary employment, for a period of three months, of the following lifeguards at \$5 a day:

John C. Ballem, Myles P. Boyle, Patrick J. Costello, Thomas F. Coyne, Matthew L. Crehan, James A. Cullen, James F. Daly, Benjamin J. Donahue, Joseph T. Donovan, Robert N. Donovan, John B. Donnelly, John J. Doran, Adolph H. Gruhn, Michael Handley, John F. Hanly, Jr., Edward B. Jakmauh, Frank G. Jones, Andrew G. Lofgren, Cornelius J. Mahoney, John S. McDonough, Thomas F. McKenna, John E. McLaughlin, Thomas F. Meagher, John J. Mur-nane, Albert Palombo, Lewis B. Peluso, Samuel F. Prescott, Edward J. Rogers, John A. Rooney, John T. Sheehan.

Approval has been given for the temporary employment, for a period of three months, of the following custodians at \$30 a week, effective from Saturday, June 15:

Edward J. DeCosta, Edward P. Donegan, Theodore J. Galvin, James E. er, Alphonse G. Sybertz, George H. Thompson.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made for the week ending Thursday, June 13:

House of Correction.

Orris E. Bennett, officer, \$1,600 a year and maintenance, temporary.

Ignatius H. Goode, officer, \$1,600 a year and maintenance, temporary.

Herbert V. Howard, officer, \$1,600 a year and maintenance, temporary.

Francis Masuret, officer, \$1,600 a year and maintenance, temporary.

George Schwartz, physician, \$2,500 a year and maintenance, temporary.

Margaret Dolan, matron and cook, \$1,300 a year and maintenance, temporary.

The following appointment has been made for the week ending Thursday, June 20:

Steamer "Michael J. Perkins."

Timothy V. Keating, marine-fireman, \$41.50 a week, temporary.

PUBLIC BUILDINGS DEPARTMENT.

Mary E. McWhinney has been reinstated as cleaner in the Public Buildings Department at \$18 a week.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to appoint the following as temporary assistant draw-tenders at \$1,700 a year, from June 11 to

about September 22, to fill vacancies during the vacation period: Peter J. Herr, Edward K. Cotter.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to transfer Thomas F. McCall, clerk, from the Overseers of Public Welfare, as clerk, at \$1,100 a year, to fill a vacancy in the Paving Service, caused by the resignation of Paul McKinnon, effective June 28.

Approval has been given to transfer John J. Pierce from the Park Department to District 5, Paving Service, as laborer at \$5 a day, to fill vacancy caused by the retirement of John J. Gavin, effective June 21.

Approval has been given to transfer John Huber from the Boston Sanatorium to District 7, Paving Service, as laborer at \$5 a day, to fill vacancy caused by the retirement of Patrick J. Keefe, effective June 21.

Approval has been given to transfer Michael F. Greene from the Boston City Hospital Department to District 6, Paving Service, as laborer at \$5 a day, to fill vacancy caused by the retirement of Patrick J. Cain, effective June 21.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

James E. Crowley, foreman of District 12, Sanitary Division, ordered by the Boston Retirement Board to retire May 31 has been continued in employment for an additional period of thirty days from May 31, approved as necessary to clean up odds and ends of his work and also to instruct his successor in the work of his district, at \$2,500 a year.

Approval has been given to transfer John P. Craven from the Boston City Hospital Department to the Street Cleaning Service, as laborer at \$5 a day, to fill a vacancy, effective June 21.

The Mayor has approved the following step-rate increases for the several departments:

PENAL INSTITUTIONS DEPARTMENT.

Penal Institutions Department.

For the week ending Thursday, June 13:

House of Correction.

Andrew Para, engineer, as fireman, 1 day, \$6.36.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track construction by the Boston Elevated Railway, estimated to be two (2) weeks, Harvard avenue, Brighton, is a one-way street, from Farrington avenue to Cambridge street, and parking of vehicles is prohibited in both sides, effective June 19, 1935.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted December 19, 1934, and was effective December 20, 1934, for a trial period of six (6) months, is hereby extended for a further trial period of three (3) months from June 20, 1935:

Parking of vehicles is prohibited in the following streets:

Kilsyth Road, Brighton.

North side, from Colliston road to Lanark road.

Strathmore Road, Brighton.

East side, from Englewood avenue to the Boston-Brookline line.

TO ABIDE BY CODE PROVISIONS.

Mayor Mansfield, on June 10, received a letter from Mr. Eugene S. Newbold, President, Welsbach Street Illuminating Company, of Philadelphia, reading in part:

"It is the unanimous decision of the executives of this company that notwithstanding the abolition of such codes, we will continue to adhere to the provisions set forth therein."

This action was taken following the recent decision of the United States Supreme Court with reference to codes under the N. R. A.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, JULY 26, 1935.

Last date for filing applications, Friday, July 12, 1935, at 5 p. m.

Salary: \$1,200 per year.

Duties: To determine accurately the social eligibility of patients for admission to the Out-Patient Department. To interview applicants for admission. To

evaluate the information obtained. To arrange a plan for the patient, i. e., immediate admission, future appointment, rejection, or reference elsewhere.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added 24,312 acres of land to the original land of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

BOSTON INCORPORATED AS A CITY, 1822.

The act of incorporation was passed by the Legislature on February 23, 1822. On March 4 following, the voters of Boston accepted said act, chapter 110, 1821-22, as its first city charter by a majority of 916 in a total vote of 4,678. The vote was 2,797 yeas, 1,881 nays. Previous attempts to incorporate as a city had been made in 1650, 1659, 1667, 1708, 1744, 1762, 1784, 1791, 1804 and 1815. The charter was revised in 1854, 1885 and 1909. Amendments to the 1909 charter were enacted in 1910, 1912, 1914, 1918, 1919, 1921, 1922 and lastly in 1924 (see "Municipal Register" for 1928, pages 19-43).

POPULATION OF MASSACHUSETTS, 1930.

Total population, 4,249,614 (2,071,672 males and 2,177,942 females; total white, 4,192,926 (2,042,213 males and 2,150,713 females); total native white, 3,138,290 (1,532,751 males and 1,605,539 females); native white of native parentage, 1,429,784 (702,983 males and 726,801 females); native white of foreign or mixed parentage, 1,708,506 (829,768 males and 878,738 females); 1,202,191 (584,705 males and 617,486 females) of them being of foreign parentage; foreign-born white, 1,054,636 (509,462 males and 545,174 females); Negro, 52,365 (26,097 males and 26,268 females); Indian, 874 (458 males and 416 females); Chinese, 2,973 (2,530 males and 443 females); Japanese, 201 (151 males and 50 females); Mexican, 66 (43 males and 23 females); all other races, 209 (180 males and 29 females).

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

POPULATION OF UNITED STATES, 1930.

Total inhabitants of continental United States, 122,775,046, or 62,137,080 males and 60,637,966 females. Total native white, 95,497,800 or 48,010,145 males and 47,487,655 females; native white of native parentage 70,136,614 or 35,460,001 males and 34,676,613 females; native whites of foreign parentage, 16,999,221 (8,438,676 males and 8,560,545 females); native whites of mixed parentage, 8,361,965 (4,111,468 males and 4,250,497 females); foreign-born whites, 13,366,407, or 7,153,709 males and 6,212,698 females; total foreign white stock, 38,727,593, or 19,703,853 males and 19,023,740 females; Negroes, 11,891,143, or 5,855,669 males and 6,035,474 females; Mexicans, 1,422,533, or 758,674 males and 663,859 females; Indians, 332,397, or 170,350 males and 162,047 females; Japanese, 138,834, or 81,771 males and 57,063 females; Chinese, 74,954, or 59,802 males and 15,152 females; all others, 50,978, or 46,960 males and 4,018 females.
